1 – DESCRIPTION OF PLAN

GENERAL

The Securus Technologies, Inc. 401(k) Savings Plan (the "Plan") is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 1998 and restated September 23, 2015, available to qualifying employees of Securus Technologies, Inc. (the "Company", "Securus", or "Plan Administrator"). Fidelity Management Trust Company, ("Fidelity" or "Trustee"), in conjunction with Fidelity Workplace Services, LLC, serves as the Trustee and record-keeper of the Plan, respectively. The following descriptions provide only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees of Securus Technologies, Inc. and certain affiliates become eligible for participation at the age of twenty-one, as defined by the Plan document. Participants are automatically enrolled in the Plan at a rate of 3%. Employees are eligible for enrollment in the Plan after 30 days of employment or after meeting the age requirement. Enrollment may occur sooner if administratively feasible. Deferral elections may be modified at any time and will be effective as soon as administratively feasible in payroll. Subject to certain limitations on annual additions, each participant's account is credited with employee salary deferrals, Company matching and discretionary contributions, an allocation of Plan earnings, and charged with administrative expenses related to loan and distribution fees if requested by participants. The allocations are based on participant account balances, as defined.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her pretax compensation (including bonuses or payment for any extraordinary services) from 1% to 60%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,500 for 2018). The Plan allows for after tax, Roth 401(k) deferrals. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2018). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are also permitted by the Plan.

The Plan also allows for discretionary matching and profit sharing contributions in amounts to be determined by the Company. For the year ended December 31, 2018, the Company elected to contribute a matching contribution in the amount of 50% of participant elective deferrals up to 6% of a participant's annual compensation. There were no profit sharing contributions for the year ended December 31, 2018.

INVESTMENT OPTIONS

The Plan provides for participants to direct both their contributions and Company contributions into a variety of mutual funds of registered investment companies, a guaranteed income fund, and a self-directed brokerage account. The self-directed brokerage account allows participants to invest in a wide array of mutual funds, investments in units of publicly traded entities, external publicly traded investment funds, common stocks, and cash and cash equivalents offered by Fidelity Management Trust Company. Participants should refer to the Plan website for additional fund information.

1 – DESCRIPTION OF PLAN, CONTINUED

BENEFITS PAID TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount or installment payments equal to 100% of the participant's vested account balance as of the valuation date of such event. In addition, distributions may be made based on financial hardship. Account balances of $1,000 or less at the time of the distribution will be "cashed out" as an involuntary lump sum payment. Account balances exceeding $1,000 may delay distribution.

VESTING

Participants are immediately vested in rollover contributions, qualified matching contributions, qualified nonelective contributions, deferral contributions and any earnings thereon. Vesting in the Company's matching contributions plus actual earnings, thereon, is based on years of continuous service. The participant is vested 25% per year, beginning after one year of qualified service and is 100% vested after four years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts may be used to pay administrative expenses or reduce Company contributions. At December 31, 2018 and 2017, the amount of forfeitures available were $48,692 and $6,679, respectively. Those amounts are reported as a component of net assets available for benefits. During the year ended December 31, 2018, $101,540 of forfeitures were used to reduce Company contributions.

REVENUE SHARING ARRANGEMENT

A Plan account is maintained to hold revenue sharing funds the Plan receives from the Trustee pursuant to an agreement between the Trustee and the Plan. These revenue sharing funds are available to be allocated to participant accounts on a pro rata basis or to pay reasonable Plan expenses. At December 31, 2018 and 2017, the amount of revenue sharing funds available were $299,612 and $191,338, respectively. Those amounts are reported as a component of Net Assets Available for Benefits.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined. The borrowings are secured by the balance in the participant's account and bear interest at a rate determined reasonable by the Plan Administrator. Note terms are generally limited to a maximum of five years or to a maximum of 10 years if the note is used to acquire or build the principal residence of the participant. Participants may have up to one note outstanding at a time. Notes receivable from participants are stated at original note amounts less principal repayments received to date. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2018, bear interest at a rate of 4.25% to 8% and mature from February 2019 through October 2039. Notes receivable from participants as of December 31, 2017, bear interest at a rate of 4.25% to 8% and mature from January 2018 through October 2039.

1 – DESCRIPTION OF PLAN, CONTINUED

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' account shall become 100% vested.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or loan policy of the Plan.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see "Note 3 – Fair Value Measurements"). Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan (see "Note 5 – Guaranteed Income Fund"). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts are allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, "Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement". ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, "Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements", which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

Self-directed brokerage account: Valued at the NAV or quoted market prices of the underlying unit of investment held by the brokerage account at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 58,661,338	$ -	$ -	$ 58,661,338
Self-directed brokerage account	1,012,477	-	-	1,012,477
Total investments, at fair value	$ 59,673,815	$ -	$ -	$ 59,673,815

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

5 – GUARANTEED INCOME FUND

The Prudential Guaranteed Income Fund ("GIF") is a fully benefit-responsive group annuity contract issued by Prudential Retirement Insurance and Annuity Company ("Prudential"). Funds in the GIF represent investments in the general assets of Prudential, which consist predominately of fixed income investments (public bonds, commercial mortgages, private placement bonds) and are high quality. Payment of principal and interest is guaranteed by Prudential, subject to a market value adjustment if the contract is terminated by the Plan. The GIF is credited with contributions and interest earnings and is charged for participant withdrawals and administrative expenses. The interest crediting rate for the GIF is set by Prudential, based on historical contributions and withdrawals, current market conditions, the GIF investment portfolio turnover and estimated contributions and withdrawals for the upcoming six months. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The rate is adjusted semi-annually but cannot be less than an annualized rate of 1.50%. Participants may ordinarily direct the withdrawal or transfer all of or a portion of their investment at contract value. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market data (ex: swap curve rate).

5 – GUARANTEED INCOME FUND, CONTINUED

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
- Premature termination of the contract
- Plan terminations or mergers
- Changes to the Plan's prohibition or competing investment options
- Bankruptcy of the Plan sponsor or other Plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contact
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer
- The Plan is terminated
- The Plan is no longer deemed to be a "qualified plan" under Section 401 of the IRC or other section of the IRC allowing similar tax treatment.

6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include shares of mutual funds of registered investment companies and a self-directed brokerage account. Fidelity is the Trustee, as defined by the Plan, and, therefore; these investments qualify as party-in-interest transactions. Fees paid by the Plan for various administrative expenses, including investment management services, amounted to $37,677, net of revenue credits received from Fidelity, for the year ended December 31, 2018.

7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds of registered investment companies, a self-directed brokerage accounts including common stocks and cash accounts, and a guaranteed income fund. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8 – TAX STATUS OF THE PLAN

The Plan is based on a Volume Submitter Plan developed by Fidelity which received its most recent favorable opinion letter dated March 31, 2014, from the Internal Revenue Service ("IRS") stating that the Volume Submitter Plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2015.

9 – EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan initially failed the discrimination test for the years ended December 31, 2018 and 2017. As a result, excess contributions payable amounting to $21,164 and $89,201, respectively, are recorded as a liability in the accompanying Statements of Net Assets Available for Benefits and as a reduction to contributions in the related Statement of Changes in Net Assets available for benefits.

10 – RECONCILIATION TO THE 2018 FORM 5500, SCHEDULE H

In accordance with FASB ASC 855, "*Subsequent Events*", the Plan has evaluated events or transactions occurring after December 31, 2018, the Statements of Net Assets Available for Benefits date, through October 15, 2019, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact our financial statements for the year ended December 31, 2018 other than those listed below:
