INDEPENDENT AUDITORS' REPORT

To the Administrators / Trustees of the
20/20 COMMUNICATIONS, INC. 401(K) RETIREMENT PLAN

We were engaged to audit the accompanying financial statements of **20/20 COMMUNICATIONS, INC. 401(K) RETIREMENT PLAN** (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the custodian of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule as listed in the accompanying table of contents, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The 20/20 Communications, Inc. (Sponsor) 401(k) Retirement Plan (the Plan) was formed in 2009 as a savings/retirement plan for qualified employees of the Sponsor.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering employees of the Sponsor who are age twenty-one and older and having six months of service. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2018, due to customer program changes, the Sponsor was required to restructure and eliminate a portion their company. These changes caused a higher turnover rate which in turn caused a partial plan termination. The sponsor worked with their administrator to make all affected terminated employees whole and will make a corrective distribution of $138,793 subsequent to year-end.

Contributions – Participants may contribute a portion of pre-tax annual compensation, subject to limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective April 1, 2012 the Plan was modified to adopt automatic deferral provisions. The automatic deferral provisions provide that unless participants make an alternative salary deferral election, the employer will automatically withhold a portion (of up to 3%) of the participant's compensation each pay period and contribute that amount to the Plan. Participants may at any time complete a salary deferral agreement to select an alternative deferral amount, or to elect not to defer under the Plan. The automatic deferral provision was discontinued in 2017.

Employees who have met the age and length-of-service requirements may be entitled to discretionary employer matching contributions. The amount of such matching contributions is determined annually by the trustees of the plan. A match of 33% of contributions up to 10% of eligible earnings was made in 2018. No other discretionary contributions were made in 2018 or 2017.

Participants' Accounts – Each participant's account is credited with the participant's contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting – Participants are immediately 100% vested in all participant contributions plus actual earnings thereon. Employer matching contributions are 100% vested after three years of service.

Investment Options – Participants direct the investment of their contributions into selected investment products offered by the Plan custodian. The investment options include money market accounts, bond accounts, fixed income accounts, and various income, growth value, blend, and international mutual fund accounts.

Payment of Benefits – Benefits are payable to participants or designated beneficiaries upon retirement, death, disability, or termination of employment.

Participant Loans – Starting in 2016, the Plan allows loans to participants from their fund accounts up to a maximum equal to the lesser of 50 percent of a participant's vested account balance or $50,000, subject to the approval of a loan application. Loans are secured by the participant's Plan benefit and a promissory note. The interest rate is based on rates available for similar loans from commercial lending institutions as determined by the Plan Administrator.

Forfeitures – If a participant terminates employment before being fully vested, then the non-vested portion of a participant's account is allocated to pay: 1) any administrative expenses of the Plan; 2) any remaining forfeiture attributable to amounts other than employer matching contributions is used to reduce any employer contribution; and 3) any remaining forfeitures attributable to matching contributions is used to reduce any employer contribution.

Plan Termination – Although it has not expressed any intent to do so, the Sponsor has the right, under terms of the Plan, to terminate the Plan subject to the provisions of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting.

Use of Estimates in the Preparation of Financial Statements – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments are stated at contract value, which management believes is an appropriate approximation of fair value. Interest income is recorded as earned on the accrual basis.

During the year ended December 31, 2018, the Plan's investments, including net gains and losses on investments sold during the year, decreased in fair value by $303,351. All investments are participant directed.

Plan Administration Costs – The Plan's expenses are paid by either the Plan or the Sponsor as provided by the Plan document. Expenses that are paid directly by the Sponsor are excluded from these statements. Expenses paid by the Plan are charged directly against participant individual accounts as incurred.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through October 10, 2019, which is the date that the financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE PLAN CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by the Plan's custodian.

The Plan custodian has certified its statement of accounts as of December 31, 2018 and 2017, and for the year ended December 31, 2018. The statement of accounts includes beginning and ending balances of investments held, and detail of transactions during the period, including investment earnings and interest income on notes receivable from participants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value accounting guidance establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plans have the ability to access.

Level 2 Inputs to the valuation methodology other than quoted prices included in Level 1 are observable for the asset or liability, each directly or indirectly, and include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above could produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes these valuation methods are appropriate, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered investment company funds - Valued at the daily closing price as reported by the fund. Registered investment company funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment company funds held by the Plan are deemed to be actively traded.

Common and collective trusts (CCTs) - Investments in CCTs are valued at the net asset value (NAV) of units of a bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. The unit value of each of these funds is determined on a daily basis. Units are issued and redeemed at their unit value. Net investment income and realized and unrealized gains and losses on investments are not distributed to participants but are reflected in the unit value. Were the Plan to initiate a full redemption of a CCT, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The fair value measurements for the Plan's investments as of December 31, 2018 and 2017 are as follows:

		Type of Fair-Value Measurement		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2018				
Common collective funds	$2,049,991	$ -	$2,049,991	$ -
Registered investment company funds	1,919,812	1,919,812	-	-
Investments at fair value	**$3,969,803**	**$1,919,812**	**$2,049,991**	**$ -**
December 31, 2017				
Common collective trusts	$1,872,845	$ -	$1,872,845	$ -
Registered investment company funds	1,988,507	1,988,507	-	-
Investments at fair value	**$3,861,352**	**$1,988,507**	**$1,872,845**	**$ -**

NOTE 5 - INCOME TAX STATUS

The Plan obtained a tax determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The plan administrator believes it no longer subject to income tax examinations for years prior to 2015.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - RELATED PARTY AND PARTY IN-INTEREST TRANSACTIONS

As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

NOTE 8 - RECONCILIATION OF FORM 5500 TO FINANCIAL STATEMENTS

The following is a reconciliation of net assets available for benefits as reflected per the financial statements at December 31, 2018 and 2017, to Form 5500:

INDEPENDENT AUDITORS' REPORT

To the Administrators / Trustees of the
20/20 COMMUNICATIONS, INC. 401(K) RETIREMENT PLAN

We were engaged to audit the accompanying financial statements of **20/20 COMMUNICATIONS, INC. 401(K) RETIREMENT PLAN** (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the custodian of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule as listed in the accompanying table of contents, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The 20/20 Communications, Inc. (Sponsor) 401(k) Retirement Plan (the Plan) was formed in 2009 as a savings/retirement plan for qualified employees of the Sponsor.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering employees of the Sponsor who are age twenty-one and older and having six months of service. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2018, due to customer program changes, the Sponsor was required to restructure and eliminate a portion their company. These changes caused a higher turnover rate which in turn caused a partial plan termination. The sponsor worked with their administrator to make all affected terminated employees whole and will make a corrective distribution of $138,793 subsequent to year-end.

Contributions – Participants may contribute a portion of pre-tax annual compensation, subject to limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective April 1, 2012 the Plan was modified to adopt automatic deferral provisions. The automatic deferral provisions provide that unless participants make an alternative salary deferral election, the employer will automatically withhold a portion (of up to 3%) of the participant's compensation each pay period and contribute that amount to the Plan. Participants may at any time complete a salary deferral agreement to select an alternative deferral amount, or to elect not to defer under the Plan. The automatic deferral provision was discontinued in 2017.

Employees who have met the age and length-of-service requirements may be entitled to discretionary employer matching contributions. The amount of such matching contributions is determined annually by the trustees of the plan. A match of 33% of contributions up to 10% of eligible earnings was made in 2018. No other discretionary contributions were made in 2018 or 2017.

Participants' Accounts – Each participant's account is credited with the participant's contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting – Participants are immediately 100% vested in all participant contributions plus actual earnings thereon. Employer matching contributions are 100% vested after three years of service.

Investment Options – Participants direct the investment of their contributions into selected investment products offered by the Plan custodian. The investment options include money market accounts, bond accounts, fixed income accounts, and various income, growth value, blend, and international mutual fund accounts.

Payment of Benefits – Benefits are payable to participants or designated beneficiaries upon retirement, death, disability, or termination of employment.

Participant Loans – Starting in 2016, the Plan allows loans to participants from their fund accounts up to a maximum equal to the lesser of 50 percent of a participant's vested account balance or $50,000, subject to the approval of a loan application. Loans are secured by the participant's Plan benefit and a promissory note. The interest rate is based on rates available for similar loans from commercial lending institutions as determined by the Plan Administrator.

Forfeitures – If a participant terminates employment before being fully vested, then the non-vested portion of a participant's account is allocated to pay: 1) any administrative expenses of the Plan; 2) any remaining forfeiture attributable to amounts other than employer matching contributions is used to reduce any employer contribution; and 3) any remaining forfeitures attributable to matching contributions is used to reduce any employer contribution.

Plan Termination – Although it has not expressed any intent to do so, the Sponsor has the right, under terms of the Plan, to terminate the Plan subject to the provisions of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting.

Use of Estimates in the Preparation of Financial Statements – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments are stated at contract value, which management believes is an appropriate approximation of fair value. Interest income is recorded as earned on the accrual basis.

During the year ended December 31, 2018, the Plan's investments, including net gains and losses on investments sold during the year, decreased in fair value by $303,351. All investments are participant directed.

Plan Administration Costs – The Plan's expenses are paid by either the Plan or the Sponsor as provided by the Plan document. Expenses that are paid directly by the Sponsor are excluded from these statements. Expenses paid by the Plan are charged directly against participant individual accounts as incurred.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through October 10, 2019, which is the date that the financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE PLAN CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by the Plan's custodian.

The Plan custodian has certified its statement of accounts as of December 31, 2018 and 2017, and for the year ended December 31, 2018. The statement of accounts includes beginning and ending balances of investments held, and detail of transactions during the period, including investment earnings and interest income on notes receivable from participants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value accounting guidance establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plans have the ability to access.

Level 2 Inputs to the valuation methodology other than quoted prices included in Level 1 are observable for the asset or liability, each directly or indirectly, and include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above could produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes these valuation methods are appropriate, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered investment company funds - Valued at the daily closing price as reported by the fund. Registered investment company funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment company funds held by the Plan are deemed to be actively traded.

Common and collective trusts (CCTs) - Investments in CCTs are valued at the net asset value (NAV) of units of a bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. The unit value of each of these funds is determined on a daily basis. Units are issued and redeemed at their unit value. Net investment income and realized and unrealized gains and losses on investments are not distributed to participants but are reflected in the unit value. Were the Plan to initiate a full redemption of a CCT, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The fair value measurements for the Plan's investments as of December 31, 2018 and 2017 are as follows:

		Type of Fair-Value Measurement		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2018				
Common collective funds	$2,049,991	$ -	$2,049,991	$ -
Registered investment company funds	1,919,812	1,919,812	-	-

December 31, 2017				
Common collective trusts	$1,872,845	$ -	$1,872,845	$ -
Registered investment company funds	1,988,507	1,988,507	-	-
Investments at fair value	**$3,861,352**	**$1,988,507**	**$1,872,845**	**$ -**

NOTE 5 - INCOME TAX STATUS

The Plan obtained a tax determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The plan administrator believes it no longer subject to income tax examinations for years prior to 2015.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - RELATED PARTY AND PARTY IN-INTEREST TRANSACTIONS

As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

INDEPENDENT AUDITORS' REPORT

To the Administrators / Trustees of the
20/20 COMMUNICATIONS, INC. 401(K) RETIREMENT PLAN

We were engaged to audit the accompanying financial statements of **20/20 COMMUNICATIONS, INC. 401(K) RETIREMENT PLAN** (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the custodian of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule as listed in the accompanying table of contents, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The 20/20 Communications, Inc. (Sponsor) 401(k) Retirement Plan (the Plan) was formed in 2009 as a savings/retirement plan for qualified employees of the Sponsor.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering employees of the Sponsor who are age twenty-one and older and having six months of service. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2018, due to customer program changes, the Sponsor was required to restructure and eliminate a portion their company. These changes caused a higher turnover rate which in turn caused a partial plan termination. The sponsor worked with their administrator to make all affected terminated employees whole and will make a corrective distribution of $138,793 subsequent to year-end.

Contributions – Participants may contribute a portion of pre-tax annual compensation, subject to limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective April 1, 2012 the Plan was modified to adopt automatic deferral provisions. The automatic deferral provisions provide that unless participants make an alternative salary deferral election, the employer will automatically withhold a portion (of up to 3%) of the participant's compensation each pay period and contribute that amount to the Plan. Participants may at any time complete a salary deferral agreement to select an alternative deferral amount, or to elect not to defer under the Plan. The automatic deferral provision was discontinued in 2017.

Employees who have met the age and length-of-service requirements may be entitled to discretionary employer matching contributions. The amount of such matching contributions is determined annually by the trustees of the plan. A match of 33% of contributions up to 10% of eligible earnings was made in 2018. No other discretionary contributions were made in 2018 or 2017.

Participants' Accounts – Each participant's account is credited with the participant's contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting – Participants are immediately 100% vested in all participant contributions plus actual earnings thereon. Employer matching contributions are 100% vested after three years of service.

Investment Options – Participants direct the investment of their contributions into selected investment products offered by the Plan custodian. The investment options include money market accounts, bond accounts, fixed income accounts, and various income, growth value, blend, and international mutual fund accounts.

Payment of Benefits – Benefits are payable to participants or designated beneficiaries upon retirement, death, disability, or termination of employment.

Participant Loans – Starting in 2016, the Plan allows loans to participants from their fund accounts up to a maximum equal to the lesser of 50 percent of a participant's vested account balance or $50,000, subject to the approval of a loan application. Loans are secured by the participant's Plan benefit and a promissory note. The interest rate is based on rates available for similar loans from commercial lending institutions as determined by the Plan Administrator.

Forfeitures – If a participant terminates employment before being fully vested, then the non-vested portion of a participant's account is allocated to pay: 1) any administrative expenses of the Plan; 2) any remaining forfeiture attributable to amounts other than employer matching contributions is used to reduce any employer contribution; and 3) any remaining forfeitures attributable to matching contributions is used to reduce any employer contribution.

Plan Termination – Although it has not expressed any intent to do so, the Sponsor has the right, under terms of the Plan, to terminate the Plan subject to the provisions of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting.

Use of Estimates in the Preparation of Financial Statements – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments are stated at contract value, which management believes is an appropriate approximation of fair value. Interest income is recorded as earned on the accrual basis.

During the year ended December 31, 2018, the Plan's investments, including net gains and losses on investments sold during the year, decreased in fair value by $303,351. All investments are participant directed.

Plan Administration Costs – The Plan's expenses are paid by either the Plan or the Sponsor as provided by the Plan document. Expenses that are paid directly by the Sponsor are excluded from these statements. Expenses paid by the Plan are charged directly against participant individual accounts as incurred.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through October 10, 2019, which is the date that the financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE PLAN CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by the Plan's custodian.

The Plan custodian has certified its statement of accounts as of December 31, 2018 and 2017, and for the year ended December 31, 2018. The statement of accounts includes beginning and ending balances of investments held, and detail of transactions during the period, including investment earnings and interest income on notes receivable from participants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value accounting guidance establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plans have the ability to access.

Level 2 Inputs to the valuation methodology other than quoted prices included in Level 1 are observable for the asset or liability, each directly or indirectly, and include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above could produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes these valuation methods are appropriate, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered investment company funds - Valued at the daily closing price as reported by the fund. Registered investment company funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment company funds held by the Plan are deemed to be actively traded.

Common and collective trusts (CCTs) - Investments in CCTs are valued at the net asset value (NAV) of units of a bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. The unit value of each of these funds is determined on a daily basis. Units are issued and redeemed at their unit value. Net investment income and realized and unrealized gains and losses on investments are not distributed to participants but are reflected in the unit value. Were the Plan to initiate a full redemption of a CCT, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The fair value measurements for the Plan's investments as of December 31, 2018 and 2017 are as follows:

		Type of Fair-Value Measurement		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2018				
Common collective funds	$2,049,991	$ -	$2,049,991	$ -
Registered investment company funds	1,919,812	1,919,812	-	-
Investments at fair value	**$3,969,803**	**$1,919,812**	**$2,049,991**	**$ -**
December 31, 2017				
Common collective trusts	$1,872,845	$ -	$1,872,845	$ -
Registered investment company funds	1,988,507	1,988,507	-	-
Investments at fair value	**$3,861,352**	**$1,988,507**	**$1,872,845**	**$ -**

NOTE 5 - INCOME TAX STATUS

The Plan obtained a tax determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The plan administrator believes it no longer subject to income tax examinations for years prior to 2015.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - RELATED PARTY AND PARTY IN-INTEREST TRANSACTIONS

As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

NOTE 8 - RECONCILIATION OF FORM 5500 TO FINANCIAL STATEMENTS

The following is a reconciliation of net assets available for benefits as reflected per the financial statements at December 31, 2018 and 2017, to Form 5500:
