Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Parkview Health System, Inc. 403(b) Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by The Lincoln National Life Insurance Company, Lincoln Financial Group Trust Company, Inc., and Fidelity Management Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodians holds the Plan's investment assets and notes receivable from participants and execute transactions related to these assets. The Plan Administrator has obtained certifications from the custodians as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan Administrator by Lincoln Financial Group Trust Company, Inc. is complete and accurate to the best of their knowledge and for The Lincoln National Life Insurance Company and Fidelity Management Trust Company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

Parkview Health System, Inc. 403(b) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note 1: Description of the Plan

The following description of the Parkview Health System, Inc. 403(b) Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan covering all employees of Parkview Health System, Inc. and subsidiaries (Corporation) who have met the eligibility requirements as defined in the Plan Document. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company, The Lincoln National Life Insurance Company and Lincoln Financial Group Trust Company, Inc. serve as Plan custodians.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Corporation make annual contributions of up to 100 percent of eligible compensation. Participants may also contribute amounts representing distributions from other qualified plans. In addition, participants who are age 50 by the end of the Plan year are permitted to make "catch-up" contributions in accordance with Section 414(v).

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon.

Payment of Benefits

Upon termination of service, an employee may elect to receive either a lump-sum amount equal to the value of their account, payments in substantially equal amounts for a period elected by the participant or a joint and survivor annuity. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

Parkview Health System, Inc. 403(b) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is equal to 1 percent over the prime rate listed in the Wall Street Journal at the time the loan is made.

Plan Termination

Although it has not expressed an intention to do so, the Corporation has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Quoted market prices, if available, are used to value investments. Mutual and money market funds are valued at the net asset value (NAV) market price of shares held by the Plan at year-end.

Parkview Health System, Inc. 403(b) Plan

Notes to Financial Statements

December 31, 2018 and 2017

The fair value of guaranteed investment contracts (excluding fully benefit-responsive investment contracts) are calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Participants purchase accumulation units in the variable annuity accounts and their value is calculated daily to determine the net asset value (NAV). Variable annuity accounts are recorded at their NAV as provided by the issuer which is based upon the underlying value of the assets.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investment Contract With Insurance Company

In 2005, the Plan entered into a fully benefit-responsive investment contract with The Lincoln National Life Insurance Company (Lincoln). Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Lincoln Financial Group Stable Value Account because the account contract is fully benefit-responsive. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit Lincoln to terminate the agreement prior to the scheduled maturity date.

The guaranteed investment contract is a traditional investment contract.

Parkview Health System, Inc. 403(b) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Plan Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan has not requested or obtained a determination letter, as the Internal Revenue Service does not generally provide for individual 403(b) plans. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, not subject to tax.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses are paid by the Corporation or the Plan, at the Corporation's discretion.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Change in Accounting Principle

In 2018, the Plan changed its accounting policy on plan accounting disclosures by adopting certain provisions of ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. The accounting policy change provided for in ASU 2018-13 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively to all periods presented.

Subsequent Events

Subsequent events have been evaluated through October 10, 2019, which is the date the financial statements were available to be issued.

Notes to Financial Statements

December 31, 2018 and 2017

Note 3: Certification by Plan Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2018 and 2017
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2018

The Plan's independent auditors did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are managed by the Lincoln Financial Group Trust Company, LLC, The Lincoln National Life Insurance Company (collectively, Lincoln) and Fidelity Management Trust Company, which all serve as custodians of the Plan. Lincoln is a third-party service provider of the Plan. The Plan paid \$40,675 and \$41,011 of recordkeeping fees to Lincoln during 2018 and 2017, respectively. The Plan paid \$2,601 and \$2,799 of recordkeeping and management fees to Fidelity Management Trust Company in 2018 and 2017, respectively. The Corporation provides certain administrative services at no cost to the Plan. The Plan also pays Plan advisory fees and audit fees from revenue sharing agreements allocations. Revenue sharing proceeds are included with interest and dividends.

Note 5: Reconciliation of Financial Statements to Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements are primarily attributable to classification differences.

Note 6: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2018 and 2017:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

	<u>\$ 332,109,245</u>	<u>\$ 319,027,403</u>	<u>\$ -</u>	<u>\$ 6,797,268</u>

(A) In accordance with Subtopic 820-10, the variable annuity accounts are valued at NAV as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. The variable annuity accounts do not have a finite life, unfunded commitments or significant restrictions or redemptions

(B) Not fully benefit-responsive

Parkview Health System, Inc. 403(b) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2018 and 2017. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no investments classified as Level 2.

Mutual Funds and Individually Directed Accounts

The fair values of mutual fund investments and individually directed accounts are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Variable Annuity Contract

The Plan invests in sub-accounts of Lincoln Life Variable Annuity Account Q, a registered unit investment trust of Lincoln. Each of the fair value of the variable annuity sub-accounts holds a single mutual fund investment, which is generally identified in the name of the sub-account. The fair values of the Plan's investments in sub-accounts of the variable annuity account are based on the net asset values as reported by the manager of the sub-accounts and as supported by recent transaction prices. Each sub-account provides for daily redemptions by the Plan participants with no advance notice requirements and has redemption prices that are determined by the sub-account's net asset value per unit.

Traditional Guaranteed Investment Contract

The Plan holds a traditional guaranteed investment contract that is not fully benefit-responsive, and accordingly, it is measured at fair value. Fair value is estimated on an annual basis for financial statement reporting purposes only, as participant transactions are typically executed at contract value. The fair value of the contract has been determined to approximate contract value based upon its lack of contractual maturities, the frequency of the resetting of contractual interest rates to market rates, participant transactions typically being executed at contract value and the credit quality of the issuer (Level 3 inputs). Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

Notes to Financial Statements

December 31, 2018 and 2017

Level 3 Activity

Activity, transfers into and out of Level 3 and the reasons for those transfers are as follows:

	Traditional Guaranteed Investment Contract	Reason for Transfer
December 31, 2018		
Purchases	\$ -	
Issues/sales	(445,479)	
Transfers into Level 3	-	
Transfers out of Level 3	-	
December 31, 2017		
Purchases	44,180	
Issues/sales	(445,479)	
Transfers into Level 3	6,989,290	Transferred into level 3 as of the beginning of the earliest period presented based on the lack of observable inputs in the current year about the investment.
Transfers out of Level 3	-	

Unobservable (Level 3) Inputs

The following tables present quantitative information about unobservable inputs used in recurring Level 3 fair value measurements:

	Fair Value at December 31, 2018	Valuation Technique	Unobservable Inputs	Range (Weighted- Average)
Investment contracts with insurance companies	\$ 6,583,981	Discounted cash flow	Contractual interest rate	1.75-3.50%
	Fair Value at December 31, 2017	Valuation Technique	Unobservable Inputs	Range (Weighted- Average)
Investment contracts with insurance companies	\$ 6,797,268	Discounted cash flow	Contractual interest rate	1.75-3.50%

Uncertainty of Fair Value Measurements

Investment Contract With Insurance Company

The significant unobservable input used in the fair value measurement of the Plan's investment contract with an insurance company is the interest rate of the investment contract. Changes in the contractual interest rate would result in a significant change in fair value to the extent the change deviates from changes in market interest rates. Generally, an increase (decrease) in the difference between the contractual interest rate and the market interest rate is accompanied by a directionally opposed change in the fair value.
