401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements December 31, 2018 and 2017

Plan Description

The following description of the Midwest Acoust-A-Fiber, Inc. (the Company) 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established effective January 1, 1992, for the exclusive benefit of all employees of the Company who have completed three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

All administrative fees are paid by the Plan, unless paid by the Company. The Company pays substantially all professional fees related to the Plan.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Rollover contributions are not eligible for the employer match. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offered 30 and 32 pooled separate accounts in 2018 and 2017, respectively, and one guaranteed investment contract investment option in both 2018 and 2017 for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in a goal manager portfolio model until changed by the participant.

The Company, at its discretion, may match participant contributions at a rate to be determined annually by management. During 2018 and 2017, the Company's matching contribution was equal to 25% of the first 8% of the participants' eligible compensation contributed to the Plan.

The Company, at its discretion, may also make safe harbor matching contributions and profit sharing contributions determined annually by management. No such safe harbor matching contributions or profit sharing contributions were made in 2018 or 2017. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and, if applicable, charged with an allocation of administrative expenses. Allocations are based on participant account balances or number of participants in the Plan, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions and employer safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions portion of their accounts, plus actual earnings, is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Earlier vesting may occur upon: (1) participant attainment of age 65, (2) death or (3) total disability. Under the plan document, forfeitures of employer contributions resulting from termination are used to reduce future employer matching contributions or pay administrative expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Participants may only have one outstanding note at any time. Notes receivable terms shall not exceed five years, except for the purchase of a principal residence, in which case notes receivable terms are to be determined by the Company. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. The interest rate ranged from 4.25% to 6.25% for all notes receivable outstanding at December 31, 2018 and 2017. Interest income is recorded on the accrual basis. Principal and interest are paid ratably through the participants' weekly or bi-weekly payroll deductions.

Payment of Benefits

Participant contributions may not be withdrawn from the Plan prior to termination of the participant's employment with the Company, unless the participant has either attained age 59 ½ or is able to demonstrate financial hardship, as defined in the plan document. Upon termination of service due to death, disability, termination of employment or retirement, a participant's vested account balance shall be distributed as a lump sum amount or in periodic payments, subject to certain provisions.

Forfeitures

At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$5,971 and \$2,719, respectively. These accounts will be used to offset employer contributions or pay Plan expenses. For the year ended December 31, 2018, forfeitures were used to reduce administrative expenses paid by \$5,614. For the year ended December 31 2017, employer contributions were reduced by \$15,286.

Administrative Costs

The Plan routinely incurs expenses for the services of the custodian, third party administrator, and other advisors. These expenses are paid from the assets of the Plan.

Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions

Participant contributions are recognized when due through salary withholding. Employer matching contributions are recognized at the time the related participant contributions are recognized.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Net appreciation and depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements December 31, 2018 and 2017

Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded as soon as the participant's account is distributable.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain amounts in the 2017 financial statements have been reclassified to conform with the 2018 presentation.

Information Prepared and Certified by the Custodian (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the following information included in the accompanying financial statements and supplemental schedule was obtained from data that was prepared and certified as complete and accurate by Nationwide Financial Services, Inc., including its subsidiary Nationwide Trust Company, FSB, a division of Nationwide Bank (collectively, "Nationwide"), the custodian of the Plan.

Information Prepared and Certified by the Custodian (Unaudited) (continued)

The custodian also certified the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2018	2017

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.

Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

Level 3 Inputs are significant unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: Valued at fair value of the underlying investments reported by Nationwide.

Guaranteed Investment Contract: Valued at fair value by Nationwide by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Group Investment Contract with Insurance Company

The Plan entered into a guaranteed investment contract with Nationwide. Nationwide maintains the contributions in an unallocated fund to which it added interest at a rate of 3.75% for both 2018 and 2017. The interest rate is reset annually. The contract does not have a maturity date and continues in force until all assets have been distributed or no further payments are due. A contract holder may request a lump sum distribution or an installment payout. The contract restricts the amount of participant-directed exchanges.

Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by Nationwide. Nationwide is the investment custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Moskal Gross Orchosky, Inc. is the record keeper for the Plan and MGO Investment Advisors, Inc. is the investment advisor to the Plan and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to the above entities for administrative expenses amounted to \$24,482 and \$8,090 for the years ended December 31, 2018 and 2017, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Tax Status

The Plan has adopted a prototype plan document, which obtained its latest prototype opinion letter on March 31, 2008, in which the Internal Revenue Service (IRS) stated that the prototype plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Company is relying on the prototype plan's IRS opinion letter and does not intend to obtain a separate determination letter for the Plan. The Plan has been amended since adopting the prototype plan document. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2018 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.

401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2018 and 2017

Plan Description

The following description of the Midwest Acoust-A-Fiber, Inc. (the Company) 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established effective January 1, 1992, for the exclusive benefit of all employees of the Company who have completed three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

All administrative fees are paid by the Plan, unless paid by the Company. The Company pays substantially all professional fees related to the Plan.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Rollover contributions are not eligible for the employer match. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offered 30 and 32 pooled separate accounts in 2018 and 2017, respectively, and one guaranteed investment contract investment option in both 2018 and 2017 for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in a goal manager portfolio model until changed by the participant.

The Company, at its discretion, may match participant contributions at a rate to be determined annually by management. During 2018 and 2017, the Company's matching contribution was equal to 25% of the first 8% of the participants' eligible compensation contributed to the Plan.

The Company, at its discretion, may also make safe harbor matching contributions and profit sharing contributions determined annually by management. No such safe harbor matching contributions or profit sharing contributions were made in 2018 or 2017. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and, if applicable, charged with an allocation of administrative expenses. Allocations are based on participant account balances or number of participants in the Plan, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions and employer safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions portion of their accounts, plus actual earnings, is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Earlier vesting may occur upon: (1) participant attainment of age 65, (2) death or (3) total disability. Under the plan document, forfeitures of employer contributions resulting from termination are used to reduce future employer matching contributions or pay administrative expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Participants may only have one outstanding note at any time. Notes receivable terms shall not exceed five years, except for the purchase of a principal residence, in which case notes receivable terms are to be determined by the Company. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. The interest rate ranged from 4.25% to 6.25% for all notes receivable outstanding at December 31, 2018 and 2017. Interest income is recorded on the accrual basis. Principal and interest are paid ratably through the participants' weekly or bi-weekly payroll deductions.

Payment of Benefits

Participant contributions may not be withdrawn from the Plan prior to termination of the participant's employment with the Company, unless the participant has either attained age 59 ½ or is able to demonstrate financial hardship, as defined in the plan document. Upon termination of service due to death, disability, termination of employment or retirement, a participant's vested account balance shall be distributed as a lump sum amount or in periodic payments, subject to certain provisions.

Plan Description (continued)

Forfeitures

At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$5,971 and \$2,719, respectively. These accounts will be used to offset employer contributions or pay Plan expenses. For the year ended December 31, 2018, forfeitures were used to reduce administrative expenses paid by \$5,614. For the year ended December 31 2017, employer contributions were reduced by \$15,286.

Administrative Costs

The Plan routinely incurs expenses for the services of the custodian, third party administrator, and other advisors. These expenses are paid from the assets of the Plan.

Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions

Participant contributions are recognized when due through salary withholding. Employer matching contributions are recognized at the time the related participant contributions are recognized.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Net appreciation and depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded as soon as the participant's account is distributable.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain amounts in the 2017 financial statements have been reclassified to conform with the 2018 presentation.

Information Prepared and Certified by the Custodian (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the following information included in the accompanying financial statements and supplemental schedule was obtained from data that was prepared and certified as complete and accurate by Nationwide Financial Services, Inc., including its subsidiary Nationwide Trust Company, FSB, a division of Nationwide Bank (collectively, "Nationwide"), the custodian of the Plan.

	2018	2017
Pooled separate accounts	\$ 1,658,932	\$ 1,910,818

Information Prepared and Certified by the Custodian (Unaudited) (continued)

The custodian also certified the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2018	2017
Net (depreciation) appreciation in fair value of investments	\$(91,991)	\$ 245,611
Interest income on notes receivable from participants	1,853	1,555

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.

Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

Level 3 Inputs are significant unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: Valued at fair value of the underlying investments reported by Nationwide.

Guaranteed Investment Contract: Valued at fair value by Nationwide by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

MIDWEST ACOUST-A-FIBER, INC. 401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements
December 31, 2018 and 2017

Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 1,658,932	\$ -	\$ 1,658,932
Guaranteed investment contract	-	-	347,148	347,148
Total assets at fair value	\$ -	\$ 1,658,932	\$ 347,148	\$ 2,006,080

Group Investment Contract with Insurance Company

The Plan entered into a guaranteed investment contract with Nationwide. Nationwide maintains the contributions in an unallocated fund to which it added interest at a rate of 3.75% for both 2018 and 2017. The interest rate is reset annually. The contract does not have a maturity date and continues in force until all assets have been distributed or no further payments are due. A contract holder may request a lump sum distribution or an installment payout. The contract restricts the amount of participant-directed exchanges.

Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by Nationwide. Nationwide is the investment custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Moskal Gross Orchosky, Inc. is the record keeper for the Plan and MGO Investment Advisors, Inc. is the investment advisor to the Plan and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to the above entities for administrative expenses amounted to \$24,482 and \$8,090 for the years ended December 31, 2018 and 2017, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Tax Status

The Plan has adopted a prototype plan document, which obtained its latest prototype opinion letter on March 31, 2008, in which the Internal Revenue Service (IRS) stated that the prototype plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Company is relying on the prototype plan's IRS opinion letter and does not intend to obtain a separate determination letter for the Plan. The Plan has been amended since adopting the prototype plan document. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2018 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.

401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements December 31, 2018 and 2017

Plan Description

The following description of the Midwest Acoust-A-Fiber, Inc. (the Company) 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established effective January 1, 1992, for the exclusive benefit of all employees of the Company who have completed three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

All administrative fees are paid by the Plan, unless paid by the Company. The Company pays substantially all professional fees related to the Plan.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Rollover contributions are not eligible for the employer match. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offered 30 and 32 pooled separate accounts in 2018 and 2017, respectively, and one guaranteed investment contract investment option in both 2018 and 2017 for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in a goal manager portfolio model until changed by the participant.

The Company, at its discretion, may match participant contributions at a rate to be determined annually by management. During 2018 and 2017, the Company's matching contribution was equal to 25% of the first 8% of the participants' eligible compensation contributed to the Plan.

The Company, at its discretion, may also make safe harbor matching contributions and profit sharing contributions determined annually by management. No such safe harbor matching contributions or profit sharing contributions were made in 2018 or 2017. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and, if applicable, charged with an allocation of administrative expenses. Allocations are based on participant account balances or number of participants in the Plan, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions and employer safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions portion of their accounts, plus actual earnings, is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Earlier vesting may occur upon: (1) participant attainment of age 65, (2) death or (3) total disability. Under the plan document, forfeitures of employer contributions resulting from termination are used to reduce future employer matching contributions or pay administrative expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Participants may only have one outstanding note at any time. Notes receivable terms shall not exceed five years, except for the purchase of a principal residence, in which case notes receivable terms are to be determined by the Company. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. The interest rate ranged from 4.25% to 6.25% for all notes receivable outstanding at December 31, 2018 and 2017. Interest income is recorded on the accrual basis. Principal and interest are paid ratably through the participants' weekly or bi-weekly payroll deductions.

Payment of Benefits

Participant contributions may not be withdrawn from the Plan prior to termination of the participant's employment with the Company, unless the participant has either attained age 59 ½ or is able to demonstrate financial hardship, as defined in the plan document. Upon termination of service due to death, disability, termination of employment or retirement, a participant's vested account balance shall be distributed as a lump sum amount or in periodic payments, subject to certain provisions.

Plan Description (continued)

Forfeitures

At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$5,971 and \$2,719, respectively. These accounts will be used to offset employer contributions or pay Plan expenses. For the year ended December 31, 2018, forfeitures were used to reduce administrative expenses paid by \$5,614. For the year ended December 31 2017, employer contributions were reduced by \$15,286.

Administrative Costs

The Plan routinely incurs expenses for the services of the custodian, third party administrator, and other advisors. These expenses are paid from the assets of the Plan.

Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions

Participant contributions are recognized when due through salary withholding. Employer matching contributions are recognized at the time the related participant contributions are recognized.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Net appreciation and depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded as soon as the participant's account is distributable.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain amounts in the 2017 financial statements have been reclassified to conform with the 2018 presentation.

Information Prepared and Certified by the Custodian (Unaudited)

	2018	2017

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.

Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

Level 3 Inputs are significant unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: Valued at fair value of the underlying investments reported by Nationwide.

Guaranteed Investment Contract: Valued at fair value by Nationwide by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2018

Pooled separate accounts	\$ -	\$ 1,658,932	\$ -	\$ 1,658,932

Group Investment Contract with Insurance Company

The Plan entered into a guaranteed investment contract with Nationwide. Nationwide maintains the contributions in an unallocated fund to which it added interest at a rate of 3.75% for both 2018 and 2017. The interest rate is reset annually. The contract does not have a maturity date and continues in force until all assets have been distributed or no further payments are due. A contract holder may request a lump sum distribution or an installment payout. The contract restricts the amount of participant-directed exchanges.

Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by Nationwide. Nationwide is the investment custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Moskal Gross Orchosky, Inc. is the record keeper for the Plan and MGO Investment Advisors, Inc. is the investment advisor to the Plan and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to the above entities for administrative expenses amounted to \$24,482 and \$8,090 for the years ended December 31, 2018 and 2017, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Tax Status

The Plan has adopted a prototype plan document, which obtained its latest prototype opinion letter on March 31, 2008, in which the Internal Revenue Service (IRS) stated that the prototype plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Company is relying on the prototype plan's IRS opinion letter and does not intend to obtain a separate determination letter for the Plan. The Plan has been amended since adopting the prototype plan document. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2018 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
