Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Rocky Mountain Natural Meats 401(k) Profit Sharing Plan & Trust, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company, the insurance company for the Plan, and Great-West Trust Company, LLC, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the insurance company and the trustee hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the insurance company and the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, and for the period from February 9, 2017 to December 31, 2017, that the information provided to the plan administrator by the insurance company and the trustee is complete and accurate.

Note 1: Description of the Plan

General

The following description of Rocky Mountain Natural Meats 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description,* which are available from the plan administrator, for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by Rocky Mountain Natural Meats LLC (the Company) for the benefit of its employees who have at least three months of service and are age 21 or older. Related employers who also participate in the Plan include Rocky Mountain Natural Meats, Inc. and Brush Meat Processors LLC. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Company is the plan administrator. Effective February 6, 2017, the Plan was amended and restated to appoint Great-West Trust Company, LLC (Great-West Trust) as the nondiscretionary trustee of the Plan and to remove the Company's Chief Financial Officer as a trustee. In connection therewith, the Plan's record keeper was changed from Paychex Retirement Services (Paychex) to Great-West Life & Annuity Insurance Company (Great-West Life). Great-West Life is the insurance company for the Plan and is also the issuer of the guaranteed investment contract.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 75% of eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company makes safe-harbor matching contributions of 100% of employees' salary deferral amounts on the first 4% of employees' compensation contributions. Company profit-sharing contributions are discretionary as determined by the Company's Board of Directors. In order to share in an allocation of Company profit-sharing contributions, a participant must complete 500 hours of service during the plan year; however, this requirement is waived if the participant is employed on the last day of the plan year. There was no profit-sharing contributions for 2018 or 2017. Contributions are subject to certain limitations.

Participant Investment Account Options

Each participant has the option of directing his or her contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. However, the Company has not elected to utilize this feature.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions, and plan earnings, and is charged with an allocation of investment and administrative expenses. An individual participant's account is charged a fee for certain participant-initiated transactions, such as the ongoing maintenance of notes receivable from participants. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon, and the Company's safe-harbor matching contributions. Vesting in the Company's profit-sharing contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after four years of continuous service. The non-vested balance is forfeited upon termination of service.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account balance or installment payments. For terminated participants with an account balance equal to or less than $5,000, the participant's benefit will be paid in a lump-sum amount equal to the value of his or her account. If a terminated participant's account balance is equal to or less than $5,000, but greater than $1,000, and the participant does not elect to receive a payment or to rollover the lump-sum distribution, the participant's distribution will be paid to a traditional individual retirement account.

Forfeited Accounts

At December 31, 2018 and 2017, there were $6,112 and $0 unallocated non-vested accounts, respectively. Also, in 2018 and 2017, no forfeitures were used to pay plan expenses or to reduce employer contributions.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are secured by the balance in the participant's account and are repayable over a period not to exceed 54 months, except for the purchase of a primary residence, through payroll withholdings. Interest on the loans is based on local prevailing rates as determined by the plan administrator.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold and held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Tax Status

Effective February 6, 2017, the Plan operates under a nonstandardized adoption agreement in connection with a prototype 401(k) plan and trust document sponsored by Great-West Trust. Prior to February 6, 2017, the Plan operated under a nonstandardized adoption agreement in connection with a prototype 401(k) plan and trust document sponsored by Paychex. These prototype plan documents have been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Insurance Company and Trustee

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life, the insurance company for the Plan, and Great-West Trust, the trustee of the Plan, have certified the following information included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2018 and 2017
- Investment income (loss) and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2018, and for the period from February 9, 2017 to December 31, 2017
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year-end) as of December 31, 2018

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Great-West Life is the issuer of the Plan's guaranteed investment contract, which is part of the general account of Great-West Life. Great-West Life is the insurance company for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Individually nonmaterial expenses, including record keeping fees, paid to parties-in-interest aggregated $2,264 and $470 for 2018 and 2017, respectively.

Additionally, the Plan incurs expenses related to general administration, and for certain accounting and auditing fees relating to the Plan. The Company pays directly these expenses and performs certain administrative functions at no cost to the Plan.

Note 5: Plan Amendments and Restatements

Effective February 6, 2017, the Plan was amended and restated to appoint Great-West Trust as the trustee of the Plan and to remove the Company's Chief Financial Officer as a trustee. In connection therewith, the Plan's record keeper was changed from Paychex to Great-West Life. There were no significant changes to plan provisions or operations as a result of the amendment and restatement.

Note 6: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2018 and 2017:

	2018			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobserv-able Inputs (Level 3)
Mutual funds	$ 3,043,740	$ 3,043,740	$ -	$ -
Investments at fair value	$ 3,043,740	$ 3,043,740	$ -	$ -

	2017			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobserv-able Inputs (Level 3)
Mutual funds	$ 3,328,082	$ 3,328,082	$ -	$ -
Investments at fair value	$ 3,328,082	$ 3,328,082	$ -	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the valuation techniques during the year ended December 31, 2018. The Plan had no liabilities measured at fair value on a recurring basis. Additionally, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy, and include mutual funds. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan has no securities classified as Level 2 or Level 3.

Note 7: Investment Contract with Insurance Company

In 2017, the Plan entered into a fully benefit-responsive traditional investment contract with Great-West Life with a contract value of $342,559 and $537,282 at December 31, 2018 and 2017, respectively. Great-West Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Great-West Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 8: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017, to Form 5500:

	2018	2017
Net assets available for benefits per the financial statements	$ 3,499,574	$ 4,010,197
Less: Contributions receivable at end of year	(10,257)	(6,202)
Net assets available for benefits per Form 5500	$ 3,489,317	$ 4,003,995

The following is a reconciliation of contributions per the financial statements for the years ended December 31, 2018 and 2017, to Form 5500:

	2018	2017
Contributions per the financial statements	$ 701,238	$ 540,109
Add: Contributions receivable at prior year-end	6,202	-
Less: Contributions receivable at end of year	(10,257)	(6,202)
Total contributions per Form 5500	$ 697,183	$ 533,907

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of $1,202 were not remitted within the required time period for the year ended December 31, 2017.

Note 11: Subsequent Events

Subsequent events have been evaluated through October 10, 2019, which is the date the financial statements were available to be issued.
