Pacific Sunwear of California, LLC Employee Savings Plan
Notes to Financial Statements
December 31, 2018 and 2017

Note 1. Plan Description and Related Information

The following description of the Pacific Sunwear of California, LLC Employee Savings Plan (the “Plan”), (formerly known as Pacific Sunwear of California, Inc. Employee Savings Plan) is provided for general information purposes only. Employees should refer to the Plan document for more complete information.

General

The Plan was adopted on April 1, 1992 to qualify as a defined contribution retirement plan for Pacific Sunwear of California, LLC.’s (the “Company” or “Employer”) eligible employees. The Plan had a pre-tax salary reduction provision as defined under Section 401(k) and an employer matching contribution under Section 401(m) of the Internal Revenue Code (the “IRC”). Effective December 3, 2012, the Plan was amended to permit Roth elective deferrals as defined under Section 402(a) of the IRC. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

In June, 2018, the Company (Pacific Sunwear of California, LLC) combined with another affiliated company and formed a new operation company ("PSEB Group"). Effective December 31, 2018, the Plan merged into another qualified plan sponsored by PSEB Group. Effective with the merger, all of the Plan assets were transferred to the other qualified plan and the Pacific Sunwear of California, LLC Employee Savings Plan ceased operations.

Participant Eligibility

Each of the Company’s employees was eligible to participate in the Plan on the first day of each month if the employee satisfied the age requirement of 21.

Contributions

Pursuant to the terms of the Plan, participants could specify a percentage of their compensation to be deferred and contributed to the Plan. The percentage deferred ranged from 1% up to 60% of their compensation, subject to the limitations as defined by the IRC, each year on a pre-tax basis by salary reduction. Participants also had the option to designate all or any portion of their contributions to be withheld on an after-tax basis as Roth Elective deferral contributions.

The Company could make a matching and/or discretionary contribution in addition to employer safe-harbor matching contributions. For the year ended December 31, 2018, the Company made safe-harbor matching contributions of 100% of the first 3% of a participant’s elective deferrals and additional matching contributions of 50% of the next 2% of the participant’s elective deferrals. The Company could also make annual discretionary profit sharing contributions in an amount to be determined at each Plan year end by the Board of Directors. No discretionary profit sharing contributions were made for the year ended December 31, 2018.

Note 1. Plan Description and Related Information (continued)

Participants directed the investments of their contributions and the Company contributions, if any, into various investment options offered by the Plan.

Participant Accounts

Each participant's account was credited with the participant's voluntary contributions in one or more of the investment funds offered by the Plan and an allocation of (a) the Company's contribution and (b) the Plan earnings. Allocations were based on participant earnings or account balances.

Notes Receivable from Participants

Participants could borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participants' account and were repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period could be extended. Principal and interest was paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants were written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classified participant loans as notes receivable from participants in the statements of net assets available for benefits and measured them at their unpaid principal balance plus any accrued interest.

Vesting

Participants were vested immediately in their deferred contributions and safe harbor Company matching contributions. Participants became fully vested in Company contributions (other than safe harbor matching contributions) following completion of five years of service, attainment of the normal retirement age of 65, or termination of the Plan. The years of service vesting schedule was as follows:

<u>Years of Vesting Service</u>	<u>Percent Vested</u>
Less than two years	0%
At least two years, but less than three years	25%
At least three years, but less than four years	50%
At least four years, but less than five years	75%
Five years or more	100%

Note 1. Plan Description and Related Information (continued)

Forfeited Accounts

Amounts forfeited from terminating participants' non-vested portion of their Company contributions and earnings on such contributions could be used to pay administrative expenses under the Plan or to reduce the Company contributions. The unallocated forfeiture balance was approximately \$880 as of December 31, 2017. During the year ended December 31, 2018, no forfeitures were used to pay the Plan's administrative expenses and no forfeitures were used to reduce Company contributions. As of December 31, 2018, approximately \$890 in unallocated forfeitures were included in the transfer to another qualified Plan.

Payment of Benefits

Participants could withdraw all or a portion of their contributions for reasons of retirement, death, complete and total disability, financial hardship (as defined) or termination of their employment with the Company. Participants could elect to receive withdrawals in a lump sum or a fixed number of periodic installments over several years. Any withdrawals by participants prior to leaving the Company and prior to normal retirement age of 65 were subject to ordinary income taxes and federal and state excise taxes.

Plan Administrative Expenses

The Company provided for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to the administration of notes receivable from participants and distributions were charged directly to participants' accounts and were included in administrative fees. In addition, certain Plan record-keeping fees that were not paid from forfeitures were charged directly to participant accounts. Investment related expenses were included in net appreciation (depreciation) of fair value of investments.

Contribution Funding

The Company funded its participant contributions and Company matching contributions on a basis consistent with payroll dates. Discretionary profit sharing contributions, if any, were funded annually.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements for the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Except for the unutilized forfeitures mentioned in Note 1, the Plan's net assets were entirely allocated to individual participant accounts.

Note 2. Summary of Significant Accounting Policies (continued)

Valuation of Investments

All investments were carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date and interest is accrued as earned.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Non-Distributed Benefits

The Plan did not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognized such benefits as a deduction from net assets in the period in which such benefits were paid.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2018, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available to be issued.

Note 3. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements:

Note 3. Information Certified by the Trustee (continued)

a) Investments

	December 31,

Money market fund	\$ <u>-</u>	\$ <u>1,620,247</u>
Mutual funds	\$ <u>-</u>	\$ <u>37,203,924</u>
b) Notes receivable from participants	\$ <u>-</u>	\$ <u>591,376</u>

c) Investment income (loss) and other additions

	Year Ended December 31, 2018
Interest and dividend income	\$ <u>2,075,104</u>
Interest income from notes receivable from participants	\$ <u>32,133</u>
Net depreciation in fair value of investments	\$ <u>(3,642,276)</u>

Note 4. Fair Value Measurements

Fair value measurements were based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy were described as follows:

Level 1 – Inputs to the valuation methodology were unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that were observable for the asset or liability;
- Inputs that were derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology were unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017:

Money market fund: This investment is valued at the closing quoted market price reported on the active market on which the public investment securities were traded.

Mutual funds: These investments were valued at the closing quoted market price reported on the active market on which the public investment securities were traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following were the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2017:

<u>December 31, 2017</u>	<u>Fair Value Measurements Using Input Type</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 1,620,247	\$ ---	\$ ---	\$ 1,620,247
Mutual funds	<u>37,203,924</u>	<u>---</u>	<u>---</u>	<u>37,203,924</u>
Total investments measured at fair value	<u>\$ 38,824,171</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 38,824,171</u>

Note 5. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities could occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 6. Tax Status

The Plan adopted a volume submitter plan document sponsored by Fidelity. Fidelity received an advisory letter from the Internal Revenue Service dated March 31, 2014, which states that the plan document satisfies the applicable provisions of the Internal Revenue Code. The Plan has been amended and restated since receiving the advisory letter. However, the plan sponsor and Fidelity believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there were currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 7. Related Party and Party-In-Interest Transactions

Certain Plan investments were shares of mutual funds and a money market fund managed by an affiliate of Fidelity. Fidelity was the trustee as defined by the Plan.

Fees incurred by the Plan for investment management services were included in net appreciation (depreciation) in fair value of investments. These fees were paid to the investment fund manager and may include certain revenue sharing fees that were paid to Fidelity, its affiliates, other investment custodians and investment advisors. Additionally, as noted in Note 2, certain administrative expenses related to participant initiated transactions and Plan record-keeping fees were paid directly to Fidelity.

The Plan also allowed for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there were statutory exemptions.

Note 8. Transfer to Another Qualified Plan

As mentioned in Note 1, effective December 31, 2018, the Plan was merged into PSEB LLC 401(k) Savings Plan another qualified ERISA Plan. Total Plan assets of \$36,951,952 were transferred into the PSEB LLC 401(k) Savings Plan effective December 31, 2018. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:
