Novaria Holdings 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Novaria Holdings 401(k) Plan (the Plan) provides only general information. Participants should refer to the *Plan document*, which is available from Plan management, for a more complete description of the Plan's provisions.

General

Effective September 1, 2012, Fitz Aerospace, Inc. adopted a defined contribution plan. Effective October 4, 2014, the Plan was restated to include Weatherford Aerospace, LLC and Novaria Group, LLC (Novaria) as participating employers in the Plan. In conjunction with the restatement, the Plan was renamed Novaria Holdings 401(k) Plan. Effective January 1, 2015, the Plan was restated to include JHI Acquire Co., LLC dba John Hassall LLC (John Hassall LLC) as a participating employer in the Plan. Effective August 26, 2015, the Plan was amended to include V & M Aerospace, LLC as a participating employer in the Plan. Effective January 11, 2016, the Plan was amended to include Ferco Aerospace Group LLC, FercoTech, LLC, L&E Engineering, LLC, GGF Acquire Co., LLC, and ESNA Arkansas as participating employers in the Plan. Effective June 17, 2019, the Plan was amended to include Acra Acquire Co. and Novaria Management LLC, as participating employers in the Plan. Collectively, the participating employers are referred to as the plan sponsors.

Effective January 1, 2017, the Plan changed the Trustee and custodian of plan assets from Sentry Life Insurance Company (Sentry) to Fidelity Management Trust Company (Fidelity) at the discretion of Plan management, and was amended to include Space-Lok, Inc. and EHL Aerospace, LLC as participating employers, and transferred balances from the Space Lok 401(k) Profit Sharing Plan into the Plan.

The Plan covers all employees who have at least 90 days of service, and are at least age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may defer up to 100% of pretax annual compensation, as defined, up to specified limits allowed by law. Participants who have attained the age 50 before the end of the year are eligible to make catch-up contributions. Participants may also designate some of their contributions as after tax contributions to a Roth 401(k) option. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The plan sponsors make safe harbor matching contributions of up to 4% of any contributing participant's compensation. This contribution is intended to satisfy a safe harbor contribution formula permitted by Internal Revenue Service (IRS) regulations. By making the safe harbor matching contribution, the Plan will automatically satisfy the nondiscrimination requirements that otherwise would apply to 401(k) contributions made to the Plan. The plan sponsors may make additional discretionary profit sharing contributions to the Plan. No discretionary profit sharing contributions were made during 2017 or 2018. Participants direct the investment of their contributions and any plan sponsor contributions into various investment options offered by the Plan.

Novaria Holdings 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and the plan sponsors' matching contributions, as well as allocations of the plan sponsors' profit sharing contributions, if any, and Plan earnings. Participant accounts are charged an allocation of administrative expenses. Allocations are based on the participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions and allocated earnings thereon. Participants are fully vested in profit sharing contributions and allocated earnings thereon with six years of credited service (20% per year of service starting after the first year). Additionally, a participant becomes 100% vested upon death, disability, or attainment of normal retirement.

Notes Receivable from Participants

Participant loans are not allowed by the Plan. However, loans transferred from previous plans are permitted. Loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by Plan management. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon separation of service due to retirement, death, disability or termination of employment, a participant (or the participant's beneficiary, if applicable) may elect to receive a lump sum distribution, or an annuity provided their vested account balance exceeds \$5,000.

Forfeited Accounts

Forfeited nonvested accounts are used to pay Plan expenses or reduce employer safe harbor contributions. As of December 31, 2018 and 2017, there were \$50,737 and \$11,790 in forfeited nonvested accounts. Employer contributions were not reduced by forfeited nonvested accounts during the years ended December 31, 2018 and 2017.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Novaria Holdings 401(k) Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements. The ASU modifies the disclosure requirements on fair value measurements in Accounting Standards Codification Topic 820. The ASU is effective for all reporting periods beginning after December 15, 2019, with early adoption permitted. An entity may elect to early adopt any removed or modified disclosures upon issuance of this Update and delay the adoption of the additional disclosures until the effective date. The Company has elected to early adopt this ASU; however, it did not have a material effect on the Plan's financial statements.

Plan Management's Review of Subsequent Events

The Plan evaluated subsequent events through October 14, 2019, the date these financial statements were available to be issued.

Note 3. Certified Investments

All investment information disclosed in the accompanying financial statements and supplementary information, including investments held and notes receivable from participants at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained or derived from information provided to Plan management and certified as complete and accurate by the trustees of the Plan. Sentry Life Insurance Company held the Plan's investment assets and executed investment transactions from January 1, 2017 to January 12, 2017 and Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2018 and 2017, and for the year ended December 31, 2018 and for the period January 12, 2017 to December 31, 2017.

Note 4. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of securities that are valued on the basis of readily determinable market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017.

	2018	2017
Investments value at Level 1		
Mutual funds	\$ 22,190,950	\$ 22,749,234
Self-directed brokerage account	95,707	\$ 54,092
Investments at fair value	<u>\$ 22,286,657</u>	<u>\$ 22,803,326</u>

Note 5. Transfers from Other Plans

As discussed in Note 1, effective January 11, 2016, the Plan was amended to include Ferco Aerospace Group, LLC, FercoTech, LLC, L&E Engineering, LLC and GGF Acquire Co., LLC as participating employers in the Plan, and effective January 1, 2017, the Plan was amended to include Space-Lok, Inc. as a participating employer. Participants in qualified retirement plans sponsored by these employers were provided the option to have their account balance rolled into the Plan. Accordingly, during the years ended December 31, 2018 and 2017, the Plan received \$0 and \$4,836,741, respectively, in transfers from qualified retirement plans associated with those entities.

Note 6. Related Party and Party in Interest Transactions

Certain Plan investments are shares of mutual funds, pooled separate accounts, and investment contracts provided through Sentry and Fidelity. For the period January 1, 2017 through January 12, 2017, Sentry was the record keeper and Trustee. Effective January 12, 2017, Fidelity is the record keeper and trustee. Therefore, these transactions qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

Note 8. Tax Status

Effective January 1, 2017, the Plan adopted a nonstandardized prototype defined contribution profit sharing plan with Internal Revenue Code Section 401(k) Cash or Deferred Arrangement (CODA) which received a favorable opinion letter from the IRS dated March 31, 2014. The Plan has been amended since the date of the last amendment covered by the above mentioned determination letter. However, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
