Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note D, which was certified by Capital Bank and Trust Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's assets and executes transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2018 and 2017, and for the years then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Note A - Description of the Plan

The following description of West Point Underwriters 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of West Point Underwriters, LLC and its participating employers (collectively, the Sponsor). The Plan was created January 1, 2008 and has been amended several times since that date.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Custodian

Plan investments are held by Capital Bank and Trust Company.

Contributions

Each year, participants may elect to defer a percentage of their pretax annual compensation, up to statutory annual limits. Roth elective deferrals are also permitted. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Sponsor matches 100% of the participant's contributions that are not in excess of 3% of the participant's compensation plus 50% of the amount of the participant's contributions that exceed 3% of the participant's compensation but that do not exceed 5% of their compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, Sponsor contributions, and Plan earnings. Allocations of earnings are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures of nonvested Sponsor contributions can be used to reduce administrative expenses of the Plan, reduce future Sponsor contributions, or restore forfeitures. There were no unallocated forfeitures at December 31, 2018 or 2017.

Vesting

Participants are immediately vested in their voluntary contributions, catch up contributions, employee rollovers, Sponsor nondiscretionary safe harbor contributions and actual earnings thereon. Participants are also fully vested upon retirement, death, total and permanent disability, and termination of the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 minus the highest outstanding balance of loans in the past 12 months or 50% of the present value of the vested account balance. Loans are secured by the balance in the participant's account and must be repaid within five years, unless it is for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, death, disability, or termination of services, participants are paid their benefits in a lump sum if the account is $5,000 or less. Participants with accounts that are more than $5,000 may elect to receive their benefits in a lump-sum amount equal to the value of their account, or leave all or part of the account in the Plan and defer receipt of the benefits.

Note B - Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared under the accrual method of accounting, except for benefits paid to participants, which are recorded when paid.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

Certain expenses of maintaining the Plan that are not paid through forfeitures are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of distributions are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events

The plan administrator has evaluated all events subsequent to December 31, 2018 and through October 14, 2019, which is the date these financial statements were available to be issued. The plan administrator determined that there are no subsequent events that require adjustment or disclosure in these financial statements.

Note C - Fair Value Measurements

Accounting standards provide a framework for fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

– Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
– Level 2 - Inputs to the valuation methodology include indirect observable inputs including prices for similar assets and market corroborated inputs. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
– Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Shares of registered investment companies - Valuation of shares of registered investment companies is based on the reported net asset value of each fund, which is based on the quoted market price or fair value of each fund's underlying investments

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Total	Level 1	Level 2	Level 3
2017				
Shares of registered investment companies	$ 4,672,006	$ 4,672,006	$ -	$ -
2017				
Shares of registered investment companies	$ 5,024,281	$ 5,024,281	$ -	$ -

Note D - Information Prepared and Certified by the Custodian

The Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Financial information included in the accompanying financial statements and supplemental schedule relating to investment assets, transactions, and income was obtained from data that has been prepared and certified as complete and accurate by the custodian.

Accordingly, Capital Bank and Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	2018	2017
As of December 31,		
Investments at fair value	**$ 4,672,006**	$ 5,024,281
Notes receivable from participants	**218,025**	183,025
Year ended December 31,		
Net (depreciation) appreciation in fair value of investments	**$ (512,755)**	$ 575,160
Dividends	**238,248**	164,853
Interest on notes receivable from participants	**9,742**	7,457

Note E - Tax Status

According to Internal Revenue Service (IRS) Revenue Procedure 2011-49, sponsors that adopt approved volume submitter plans and meet certain additional guidelines can rely on the volume submitter plan's advisory letter rather than file for a new letter. The Sponsor has elected to rely on the volume submitter plan advisory letter, dated March 31, 2014, in which the IRS stated that the Plan, as then designed was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan document has not been amended since receiving the advisory letter.

Note F - Related Party Transactions

Fees paid during 2018 and 2017 by the Sponsor to the custodian and other service providers for professional and custodial services were based on customary rates for their services. Certain investments throughout the years were in investments managed by the custodian. While these transactions qualify as party-in-interest activity, they are expressly exempt from the prohibited transaction rules (ERISA, Title I, Section 408(b)).

Note G - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.
