1. Description of the Plan

The following description of the Wilson Creek Winery 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan and trust established as of January 1, 2005 to provide retirement benefits for eligible employees of Wilson Creek Winery (the "Company"). The Plan covers all eligible employees of the Company who have attained age 21 and have completed one year of service and at least 1,000 hours during a 12-month period from hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Transamerica Life Insurance Company is the asset custodian of the Plan's investment assets (Note 4).

Contributions

Each year, participants may contribute up to the maximum allowed by law of pre-tax annual compensation, as defined in the Plan agreement. For 2018, the contribution limit was $18,500. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions up to $6,000 in 2018. Participants may not begin making salary deferrals under the Plan until election is made designating an amount to be deferred. The deferral election must be a minimum of at least 1% of eligible compensation. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans. There were no rollover contributions made during the year ended December 31, 2018.

The Company may elect to make a discretionary matching contribution and/or a discretionary profit sharing contribution, subject to certain statutory limits. During the year ended December 31, 2018, the Company elected to contribute an amount equal to 100% of employee contributions up to 2% of eligible compensation, while no additional discretionary profit sharing contribution was made. All employer contributions are invested in the same manner that the participant directs his or her investments.

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company discretionary matching contributions, and allocations of the Company discretionary profit sharing contributions, if any, and the earnings or losses those contributions may accumulate based on the investments the participant has selected. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. The portion of the participant's account attributable to the Company's discretionary matching contributions, plus earnings, becomes 20% vested every year following a full year of service, as defined, and continues to vest at the rate of 20% for each successive year of service until 100% vested after five (5) years of service. The portion of the participant's account attributable to the Company's discretionary profit sharing contributions, plus earnings, becomes 20% vested after two years of service, as defined, and continues to vest at the rate of 20% for each successive year of service until 100% vested after six (6) years of service. Participants who reach normal retirement age while still employed with the Company will automatically become 100% vested in all employer contributions made. Additionally, in the event that a participant dies or becomes disabled during their period of employment, and/or if the Plan is terminated, participants will automatically become 100% vested in all employer contributions.

Forfeitures

If in the event participant benefits are forfeited, forfeited amounts may be used to pay any Plan expenses or to reduce Company contributions. Cumulative forfeitures were $2,620 and $4,214 as of December 31, 2018 and 2017, respectively. $2,145 of forfeitures were used to reduce Company contributions in 2018.

Investment Options

Participants may direct their salary deferral contributions to selected investments as made available and determined by the Plan administrator. If the participants do not direct the investment of their applicable Plan accounts, then their accounts will be invested in accordance with the default investment alternatives established under the Plan. The Plan currently offers 33 investment options for participants.

1. Description of the Plan (continued)

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as deemed distributions. Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance. Per the Plan document, participants are limited to a maximum two loans outstanding at any time, with a minimum loan amount of $1,000. Notes receivable from participants bear a reasonable rate of interest based on prime rate plus 1%, which is fixed for the duration of the loan. The loans are secured by the participant's vested account balance. The loan must be repaid within five years, unless the loan is used to purchase principal residence then payback period may exceed five years. The interest rate on participant loans was between 4.25% and 5% at December 31, 2018 and 2017.

Payment of Benefits

On termination of service due to death, disability, termination or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, payment in the form of annuitized series of payments, or a rollover of the account balance into another qualified account. However, if the participant's vested account balance is $5,000 or less, and the participant does not consent to distribution of his or her vested account balance, the participant's vested benefit will automatically be rolled over into an IRA selected by the plan administrator. If participant's total vested account balance exceeds $5,000, no distribution will be made from the Plan without participant's consent. Participants may withdraw any part of their vested account upon attaining age 59 ½. The Plan permits hardship withdrawals in certain circumstances. Following a hardship withdrawal, a participant must wait six months before making additional contributions to the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Basis of Accounting

The financial statements of the Plan are prepared based upon the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

See accompanying independent auditors' report.

2. Summary of Significant Accounting Policies

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the asset custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation)/appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their account balances.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company.

3. Fair Value Measurements for Mutual Funds

Certain Plan investments are reported at fair value in the accompanying statements of net assets available for benefits. Generally accepted accounting principles establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

3. Fair Value Measurements for Mutual Funds (continued)

Level 1 Fair Value Measurements - Fair values are based on publicly quoted prices in active markets for identical assets. The fair value of investments in registered investment companies is based on the publicly quoted net asset value ("NAV") of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements - Fair values are based on observable inputs other than publicly quoted prices in active markets for identical or similar assets.

Level 3 Fair Value Measurements - Fair values are based on unobservable inputs used for valuing the assets.

The Plan's investments in mutual funds are stated at fair value. Shares of mutual funds are valued daily at quoted market prices, which represent the NAV of the shares held by the Plan at year end.

Management fees and operating expenses are charged to the Plan for investments in the mutual funds and are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Fair value measurements as of December 31, 2018:

	December 31, 2018			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Cash and money markets	$ 2,625	$ -	$ -	$ 2,625
Mutual funds	1,096,828	-	-	1,096,828
Total investments at fair value	$1,099,453	$ -	$ -	$1,099,453

Fair value measurements as of December 31, 2017:

	December 31, 2017 (unaudited)			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Cash and money markets	$ 4,220	$ -	$ -	$ 4,220
Mutual funds	1,014,577	-	-	1,014,577
Total investments at fair value	$1,018,797	$ -	$ -	$1,018,797

4. Investments and Information Certified by Asset Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 of the U.S. DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by Transamerica Life Insurance Company, except for comparing such information certified by the asset custodian to information included in the Plan's financial statements and supplemental schedules. The following unaudited information regarding the Plan is included in the financial statements and supplementary information as of December 31, 2018 and for the year ended December 31, 2018, and was obtained from data that has been prepared and certified as complete and accurate by the asset custodian: (1) the total value of investments as of December 31, 2018, as indicated on the statements of net assets available for benefits; (2) all investment information, as indicated in the statement of changes in net assets available for benefits; and (3) all information on the supplementary schedule of assets held for investment purposes.

5. Federal Income Tax Status

The Plan is operated under the terms of a standardized prototype plan. The prototype plan received a determination letter from the Internal Revenue Service ("IRS") dated March 31, 2014, indicating that the plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The prototype plan has been amended since receipt of the determination letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for an uncertain position if it is not more likely than not that the position would be sustained upon examination by the IRS.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Parties-In-Interest

Certain expenses of the Plan are paid for by the Company. The Company is the sponsor of the Plan and, therefore, these transactions qualify as exempt party-in-interest. The most significant of these costs paid by the Company are the salaries for the employees responsible for Plan administration and fees paid to a third party administrator. The Plan issues notes receivables to participants, which are secured by the balances in the participants' accounts. These transactions qualify as exempt party-in-interest transactions.

7. Prohibited Transactions

Untimely Remittance of Employee Contributions

During the year ended December 31, 2018, employee contributions and loan repayments totaling $58,930 were not remitted timely by the Company as required by the DOL's rules and regulations. These delinquent contributions are considered nonexempt prohibited transactions under the regulations of the DOL. The estimated lost earnings were approximately $323 for the year ended December 31, 2018. The Plan and/or the Plan sponsor may be subject to various fines, penalties and interest. The Company intends to take the appropriate corrective steps to remit to the Plan the lost earnings.

8. Subsequent Events
