Notes to Financial Statements

Note 1. Description of Plan

The following description of the Anixter Inc. Employee Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, established January 1, 1994, is a defined-contribution plan covering all non-union domestic employees of Anixter Inc. (the “Employer”), including part time employees. Employees who are covered under a collective bargaining agreement are not eligible to participate in the Plan unless the agreement specifically provides for participation. Participants are eligible to enroll in the Plan on their date of hire. Participants who do not opt out during the 60 day period beginning on their date of hire are automatically enrolled in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

All non-union employees hired after June 1, 2004 and before July 1, 2015, earn a benefit under a Personal Retirement Account (cash account balance); see Note 9 for more information.

In September 2014, Anixter Inc. acquired 100% of the outstanding capital stock of Tri-Northern Acquisition Holdings, Inc. (“Tri-Ed”). The Company authorized and approved Tri-Ed employees to participate in the Plan as of July 1, 2015. In August 2015, the Tri-Ed Distribution 401(k) Plan was merged into the Plan.

In the second quarter of 2017, Anixter Inc. amended the Plan where the Employer shall make a Personal Retirement Contribution to the Plan on behalf of each active participant who is first hired or rehired on or after July 1, 2015 or is employed by an Employer that is not a participating employer in the Anixter Inc. Pension Plan. The amount of each active participant’s Personal Retirement Contribution shall be an amount determined by multiplying the Participant’s salary for the Plan year by either; (1) two percent if such Participant’s years of Service as of August 1 of the Plan year is fewer than five, or (2) two and one-half percent if such participant’s years of service as of August 1 of the Plan year is five or greater. This Personal Retirement Contribution is in lieu of employees being eligible for the Anixter Inc. Pension Plan.

Anixter Inc. Employee Savings Plan

Contributions

Non-highly-compensated participants, as defined in the Plan agreement, may elect to contribute up to 50% of pre-tax compensation, up to limits established by the Internal Revenue Service (IRS). Highly-compensated participants may contribute up to 11% of pre-tax compensation, as defined by the Plan, limited to IRS maximum amounts. Subject to IRS limitations, the Employer will make a matching contribution equal to 50% of the before-tax contributions made by the participant, on behalf of a participant that does not exceed 5% of a participant's compensation. See Note 9 for more information on additional Employer contributions through the Personal Retirement Account.

The Plan permits catch-up contributions for participants aged 50 (or who are projected to be age 50 or older by the end of the calendar year) and who are making deferral contributions in the Plan, up to the IRS limit. Also, participants may contribute into the Plan amounts representing distributions from other qualified defined benefit or contribution plans in the form of rollover contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer's contributions and Plan earnings and losses. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Employer contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts, plus actual earnings thereon, is based on two years of continuous service. Participants are 100% vested after two years of credited service or upon death, disability, or attaining age 65 while still an employee.

Investment Options

Upon enrollment in the Plan, a participant may direct Employer and participant contributions, in 1% increments, in one or a combination of the investment options offered by the Plan. Participants may change their investment options daily, subject to restrictions imposed by the trustee or its affiliated funds, related to excessive trading.

Anixter Inc. Employee Savings Plan
Notes to Financial Statements (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates, as determined by the record-keeper; the interest rate ranges from 3.25% to 9%. Principal and interest are paid ratably through regular payroll deductions. Loan repayment periods range from one to five years, in whole-year increments, and maturing in 2019 through 2023.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant or beneficiary may receive a lump-sum amount equal to the vested value of their account.

Forfeited Accounts

Forfeitures by non-vested participants are used generally to reduce future employer contributions. The forfeited non-vested accounts for plan years 2018 and 2017 totaled \$521,166 and \$411,534, respectively. Forfeitures used to offset employer contributions reduced the balance at December 31, 2018 and 2017 to \$0.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the valuation policies utilizing information provided by the trustee and investment adviser. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Participant loans receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Payment of Benefits

Benefits are recorded when paid.

Anixter Inc. Employee Savings Plan
Notes to Financial Statements (continued)

Administrative Expenses

The Employer pays substantially all administrative expenses and these amounts are excluded from the financial statements. Investment related expenses, such as management fees and operating expenses are charged to the Plan's investments. Consequently, these expenses are reflected as a reduction of investment returns.

Recently Issued and Adopted Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued the Accounting Standards Update (“ASU”) No. 2018-13, “Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement.” This ASU removes the requirements to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of level transfers, and the valuation processes for Level 3 fair value measurements. This ASU requires entities that calculate NAV to disclose the timing of liquidation of an investee’s assets and the date when redemption restrictions might lapse, only if the timing was communicated to the entity or publicly announced, and disclose information on measurement uncertainty as of the reporting date. In addition, this ASU will require entities to present the changes in unrealized gains and losses for recurring Level 3 fair value measurements, as well as the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, based on materiality. The amendments in this ASU are effective for fiscal years beginning after December 15, 2019. All amendments, with the exception of the disclosures on changes in unrealized gains and losses, Level 3 unobservable inputs and measurement uncertainty information, will be applied retrospectively. Early adoption is permitted. The Plan sponsor is currently evaluating the impact that this ASU will have on the presentation of the Plan’s fair value measurement disclosures.

Note 3. Fair Value Measurements

The Plan follows the guidance issued under the Fair Value Measurements and Disclosures topic of the FASB ASC, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the guidance are described as follows:

- Level 1 - inputs to the valuation are unadjusted quoted prices in active markets for identical assets or liabilities for which the Plan has the ability to access as of the reporting date.
- Level 2 - valuation inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - valuation inputs are unobservable inputs, such as internally-developed pricing models for the asset due to little or no market activity for the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds (registered investment company securities) are valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are primarily open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and have been categorized as Level 1.

Note 4. Information Certified by the Trustee

The Plan administrator has elected the method of reporting permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the Plan administrator has obtained a certification from the trustee that the following data included in the accompanying financial statements and schedules are complete and accurate:

- Investments, as shown in the statements of net assets available for Plan benefits as of December 31, 2018 and 2017.
- Notes receivable from participants, as shown in the statements of net assets available for Plan benefits as of December 31, 2018 and 2017.
- Investment income/(loss), as shown in the statements of changes in net assets available for Plan benefits for the years ended December 31, 2018 and 2017.
- The schedule of assets held at end of year as of December 31, 2018.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and schedules.

Note 5. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian, record-keeper, and trustee as defined by the Plan. Also, the Plan assets also include notes receivable from participants. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA.

Notes to Financial Statements (continued)

Note 6. Plan Termination

Although they have not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan has received a determination letter from the IRS dated March 13, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits and the changes in assets available for benefits per the financial statements and the Form 5500.

	Year ended December 31, 2018
Assets available for benefits per the financial statements	\$ 440,656,685
Deemed distributions at end of year*	(276,541)
Net Assets available for benefits per the Form 5500	<u>\$ 440,380,144</u>
	Year ended December 31, 2018
Changes in assets available for benefits per the financial statements	\$ (18,765,472)
Deemed distributions at beginning of year*	208,442
Deemed distributions at end of year*	(276,541)
Changes in net assets available for benefits per the Form 5500	<u>\$ (18,833,571)</u>

* Deemed distributions represent a portion of participant loans in default or non-payment status as of year end. This amount is included in the current value of the participant loans reported in the Statement of Net Assets Available for Benefits, but excluded from the current value reported on the Form 5500.

Note 9. Personal Retirement Accounts

All non-union employees who earn a benefit under a Personal Retirement Account (cash balance account) in the Anixter Inc. Pension Plan receive a separate contribution to the Plan in a Personal Retirement Enhancement Account, regardless of whether the employee elects to make 401(k) deferrals to the Plan. Anixter makes such contribution to the Enhancement Account in January of each year for participants who are still employed, based on the balance in the employee's Personal Retirement Account in the Pension Plan at the beginning of the prior year. The contribution is based on the 10-year Treasury securities rate as of the last business day of December before the Personal Retirement Account is valued. The Enhancement Account contribution is invested consistent with the participants' investment elections in the Plan.

Anixter Inc. Employee Savings Plan
Notes to Financial Statements (continued)

For non-Plan participants, the Enhancement Account contribution is invested in the Fidelity Freedom Fund consistent with the projected year of retirement at age 65. As with other accounts, participants may change these investment elections at any time.

Note 10. Risk and Uncertainties

The Plan invests in various mutual fund securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Assets Available for Benefits.

Note 11. Subsequent Events

The Employer has evaluated these annual financial statements for disclosure of subsequent events through October 4, 2019, the date on which the financial statements were available to be issued, and has identified no material subsequent events.
