Notes to Financial Statements
December 31, 2018 and 2017

NOTE 1 - DESCRIPTION OF PLAN

The following description of the LA Koreana, Inc. 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for more detailed information of the Plan's provisions.

General - The Plan is a defined contribution plan. The Plan covers all non-collectively bargained employees of LA Koreana, Inc. (the Company) who are at least 21 years of age and have three months of consecutive service. Collectively bargained employees of YHB QK Hotel, LLC who are at least 21 years of age are also covered by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 1997.

Contributions - Participants' contributions are made to the Plan by means of salary deferral by which the participant is entitled to defer the lesser 100 percent of their compensation or a fixed amount determined annually by the Internal Revenue Service. The Company may also voluntarily match participant contributions up to 100 percent. In addition, the Company, at its option, may make discretionary profit sharing contributions. For the years ended December 31, 2018 and 2017, matching contributions of $46,141 and $40,538, respectively were allocated to the Plan. For the years ended December 31, 2018 and 2017, no discretionary profit sharing contributions were allocated to the Plan.

Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's matching contributions, and an allocation of (a) the Company's discretionary profit sharing contribution and (b) Plan earnings and losses. Allocations of profit sharing contributions and forfeitures are based on participant wages, as defined. Allocations of plan earnings are based on participant balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in their account.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Loans to Participants fund. Loans must be repaid within five years, except in limited circumstances, such as the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits - Upon reaching the retirement age of 65 or upon termination of service, a participant may elect to receive a lump-sum payment equal to the vested value of his or her account.

Forfeitures - Participants terminating employment with the Company will forfeit any nonvested employer matching and profit sharing contributions. The forfeited non-vested contributions may be used to offset employer contributions, pay for administrative expenses, or be allocated to eligible plan participants. For the years ended December 31, 2018 and 2017, forfeitures of $45,290 and $41,539, respectively, were available for allocation to plan participants' future use. During the period ended December 31, 2018 and 2017, no forfeitures were used by the plan.

Investments - Each participant directs the allocation of his or her contribution, and employer matching and discretionary profit sharing contributions to one or more of 26 investment options. Purchases and sales of securities are recorded on a trade date basis.

Administrative Expenses – The Plan is responsible for payment of trustee expenses and administrative fees that are not paid for directly by the Company. Transaction charges (from loan and benefit payment transactions) are paid by the Plan by reducing the balance of those participants initiating the transactions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The financial statements have been prepared in compliance with the Department of Labor Rules and Regulations for reporting and disclosure under ERISA.

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investments recorded at fair value consist solely of pooled separate accounts (PSA) valued at net asset value (NAV) as a practical expedient. Accordingly, these investments are excluded from the fair value hierarchy disclosures.

PSA are valued at NAV which is based on the fair value of the underlying investments of the PSA, less any liabilities. The underlying investments of the PSA are mainly equity and fixed income securities and short-term investments. The investment strategies of the Plan's PSA vary generally based on the investment objectives of the asset class of which they are a part. Such investment strategies include investments in fixed income securities and investments in equity securities in domestic and international markets for growth and value objectives as well as to replicate market indexes and to invest in emerging markets. The Plan had no unfunded commitments related to PSA. The redemption of PSA is subject to the preference of individual Plan participants and contains no restrictions on the timing of redemption.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Subsequent Events - The Plan evaluated subsequent events through October 14, 2019, the date these financial statements were issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017.

- Net (depreciation) appreciation of investments and interest income on notes receivable reflected on the accompanying Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2018 and 2017.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment contract with Voya Retirement Insurance and Annuity Company. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The investment contract held by the Plan is summarized as follows:

	2018	2017
Unallocated contracts	$ 216,455	$ 130,619

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

NOTE 5 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, so that each participant receives 100 percent of his or her account balance as of the date of termination.

NOTE 6 - TAX STATUS

The Plan document is a volume submitter profit sharing plan that received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designated and being operated in compliance with the applicable requirement of the IRC.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Voya Retirement Insurance and Annuity Company or its affiliates. Voya Retirement Insurance and Annuity Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

The Plan makes payments to parties-in-interest who provide services to the Plan. The Company, which qualifies as a party-in-interest, absorbs certain administrative expenses of the Plan. Such transactions qualify for a statutory exemption.
