Notes to Financial Statements

December 31, 2018 and 2017

Note 1: Description of the Plan

The following description of the Pon North America Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions, which is available from Plan management.

General

The Plan is a defined contribution plan covering all eligible employees of Pon North America, Inc. and adopting controlled group members, as defined in the Plan Document (collectively, the Company), who have at least three months of service. The adopting controlled group members include W&O Supply, Inc.; Equipment Depot Kentucky, Inc.; Valve Automation and Control of San Diego; Pon Material Handling NA, Inc.; A-T Controls, Inc.; AVC-Paltex Corporation; PVI Holdings, Inc.; Setpoint Integrated Solutions, Inc. (formerly known as DMC Carter Chambers, Inc.); Pon North America, Inc.; Equipment Depot Pennsylvania, Inc.; Equipment Depot Ohio, Inc.; Equipment Depot, Ltd.; Equipment Depot of Illinois, Inc.; FOCUS Bicycles USA, Inc., The Hiller Companies, Inc., Louisiana Valve Source, LLC, and Engine Monitor, Inc.

Effective April 1, 2017, the American Fire Equipment Sales and Services, Inc. 401(k) Plan merged into the Plan and as a result, assets amounting to \$3,604,243 were transferred into the Plan.

Effective November 1, 2017, the Advanced Safety Systems, Inc. Profit Sharing Plan merged into the Plan and as a result, assets amounting to \$1,048,622 were transferred into the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants automatically have 3 percent of their annual compensation contributed as a pretax contribution each payroll period, unless they elect not to contribute or to contribute an alternate amount. The Plan also allows Roth elective deferrals, wherein participants can designate a portion of their elective deferral contributions as after-tax Roth elective deferral contributions. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes 50 percent of the first 6 percent of base compensation that a participant contributes to the Plan. The Company does not match employee catch-up contributions. Additional discretionary contributions may be allocated to participants active on the last day of the plan year and with at least 1,000 hours of service during the previous 12 months. During 2018, none of the adopting controlled group members elected to contribute discretionary contributions, on behalf of their participants, to the Plan. Contributions are subject to certain limitations.

Notes to Financial Statements

December 31, 2018 and 2017

Plan fees

All participants will pay the same annual fee of \$81 for administrative plan expenses, regardless of individual investment elections or account balances. This fee will be deducted from participants' accounts on a quarterly basis, which will be shown clearly on each quarterly statement.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by Plan management. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon separation of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump-sum amount or installments equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

The non-vested balance in a participant's account is forfeited upon termination of service. Forfeitures may be used to pay Plan expenses and/or to reduce future Company contributions. At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$429,766 and \$332,538, respectively. During 2018, Company contributions were reduced by \$184,353 from forfeited non-vested accounts.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year, and expenses related to the Plan's investment portfolio.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits paid directly to participants are recorded when paid.

Plan Management's Review of Subsequent Events

In preparing the accompanying financial statements, Plan management has reviewed all known events that have occurred after December 31, 2018, and through October 14, 2019, which is the date the financial statements were available to be issued, for inclusion in the financial statements and footnotes.

Note 3: Investments and Investment Income

Information related to investments as of December 31, 2018 and 2017 and related investment gain or loss for the year ended December 31, 2018 were certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Custodian), as permitted by 29 CFR 2520.103-8 of the Department of Labor rules under ERISA.

Note 4: Fair Value Measurements

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

DEFINED CONTRIBUTION PLAN**

Notes to Financial Statements

December 31, 2018 and 2017

Registered Investment Company or Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective Trust Fund: The Principal Stable Value Z Fund (SVF), held in a collective trust fund, invests in conventional and synthetic guaranteed investment contracts issued by life insurance companies, banks and other financial institutions with excess cash invested in cash equivalents. The objective of the SVF is to provide preservation of capital and relatively stable returns regardless of the volatility of the financial markets. Investments in the SVF are reported at fair value, as determined by the issuer or the manager of the fund, based on the fair value of the underlying investments, using NAV as a practical expedient. NAV is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments.

Pooled Separate Accounts: Pooled separate accounts (PSAs) are privately managed through investment companies and are not publicly quoted. PSAs are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company. Investments in PSAs are reported at fair value, as determined by the issuer or the manager of the fund, based on the fair value of the underlying investments, using NAV as a practical expedient. NAV is based on the value of the underlying investment assets held through sub-accounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The Plan has concluded that the NAVs reported by the investment companies approximate the fair value of the investments. There are currently no unfunded commitments or redemption restrictions on these investments other than the 30-day restriction on completing fund transfers.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

Note 5: NAV per Share

The following table sets forth a summary of the Plan's investments with a reported NAV as of December 31, 2018 and 2017:

	<u>2018</u>	<u>2017</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Other Redemption Restrictions</u>	<u>Redemption Notice Period</u>
Common/collective trust fund	\$15,385,660	\$12,958,898	None	Daily	None	None
Pooled separate accounts	\$58,728,876	\$63,158,092	None	Daily	Restrictions on completing fund transfers for 30 days	None

Note 6: Party-In-Interest Transactions

Certain plan investments are managed by Principal Trust Company, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the assets reported in the statement of net assets available for benefits.

**PON NORTH AMERICA INC.
DEFINED CONTRIBUTION PLAN**

Notes to Financial Statements

December 31, 2018 and 2017

Note 8: Plan Tax Status

Effective October 1, 2012, the Plan adopted a non-standardized prototype defined contribution profit sharing plan with Internal Revenue Code Section 401(k) Cash or Deferred Arrangement (CODA) which received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008. The Plan was originally effective January 1, 2001. The Plan has been amended since the date of the last amendment covered by the above-mentioned determination letter. However, Plan management believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

US GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9: Delinquent Participants Contributions

During the year 2018, the Company determined that, in a few instances, employee deferrals aggregating \$92,504, had not been remitted to the Plan in a timely manner, in accordance with Department of Labor (DOL) regulations. Although these remittances were made, they fell outside the normal processing time the Company allows. The Company is in the process of calculating the lost earnings and will deposit these funds into the Plan in 2019. The funds will be allocated to impacted participant accounts.

Note 10: Subsequent Event

Effective January 1, 2019, the Systems Management Group Llc 401(k) Profit Sharing Plan and Trust was merged into the Plan.

Effective July 1, 2019, the Equipment Depot locations were sold. Plan assets under the Equipment Depot locations were transferred out of the Plan accordingly.
