NOTE 1. DESCRIPTION OF PLAN

The following is a brief description of the Maximus 909 Operations, LLC 401(k) Profit Sharing Plan (the Plan) provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) profit sharing plan covering all eligible non-union employees of Briody Health Care Facility, LLC and affiliated employer Pinegrove Estates, LLC (collectively, the Company). Employees become eligible to participate in the Plan after attaining age twenty one and completing six months of service. Employees may enter the Plan on January 1 and July 1, after eligibility requirements are met. The investments of the Plan are maintained in shares of registered investment companies (mutual funds) and money market fund held by AdvisorTrust, Inc. (the Trustee). The Plan is administered by Professional Capital Services, LLC (the Plan Administrator) (the Record-keeper). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions: Participants may authorize an elective deferred contribution rate, not to exceed the maximum annual limitations as provided by the Internal Revenue Code. In addition, participants may contribute employee after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of all contributions into various investment options and a self-directed brokerage account offered by the Plan. Participants may change their investment allocation on a daily basis.

Employer Contributions: The Company makes a discretionary matching contribution which is allocated to the participants at 25% of the participant's first 4% of contributions. The matching contribution for the year ended December 31, 2018 was $19,620 ($20,182 - 2017). The Plan allows the Company to make a discretionary profit sharing and discretionary tier I contribution. To be eligible for the discretionary contributions, the participant shall have completed six months of service, attained age 21, and must be employed on the last day of the Plan year. The discretionary profit sharing and discretionary tier I contributions will be allocated among participants eligible to share in the contribution for the Plan year. For the years ended December 31, 2018 and 2017, the Company did not make such contributions.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately fully vested in participant contributions and employer discretionary matching contributions. Participants become fully vested in elective employer profit sharing and discretionary tier I contributions in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 2	0
2	20
3	40
4	60
5	80
6	100

Notes Receivable from Participants: Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum, equal to the lesser of $50,000 or 50% of their account balance. The notes receivable are secured by the vested balance in the participant's account and bear interest at a rate of prime plus two percent. Principal and interest is paid ratably through monthly payroll deductions.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Forfeitures: Forfeitures of employer contributions that are not vested in participants' account balances because of participant termination are used to reduce qualified administrative expenses of the Plan and future employer contributions. Forfeitures amounted to $832 during the year ended December 31, 2018 ($1,924 - 2017). There were no forfeitures remaining in the Plan at December 31, 2018 or 2017. During the year ended December 31, 2018, $832 of forfeitures were used to offset employer contributions ($1,924 - 2017).

Payment of Benefits: Distributions are permitted upon death, disability, hardship, in-service, or retirement. A participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The normal retirement date a participant becomes eligible is when a participant reaches age 65. Distributions in excess of $1,000 require written consent from the participant before distribution may be made. Upon death of a participant, their estate or beneficiary will be entitled to a single lump-sum distribution of 100% of the vested account balance. The spouse or beneficiary of a deceased participant may make certain legally-defined elections to defer distribution of the vested account balance.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Committee determines the Plan's valuation policies utilizing information provided by the investment adviser, custodian and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in fair value of investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

Payment of Benefits: Benefits are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation in fair value of investments.

Subsequent Events: These financial statements have not been updated for subsequent events occurring after October 14, 2019, which is the date these financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Shares of registered investment companies: Shares of registered investment companies are valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Money market fund: Valued at cost plus accrued interest, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

NOTE 4. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies managed by AdvisorTrust, Inc. AdvisorTrust Inc. is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the plan for the investment management services are included in net (depreciation) appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments of $35,073 and $16,897 to Professional Capital Services, LLC for the years ended December 31, 2018 and 2017, respectively, which was not covered by revenue sharing. Interest earned on notes receivable from participants amounted to $4,561 for the year ended December 31, 2018 ($2,278 - 2017).

NOTE 5. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets has been derived from information provided by AdvisorTrust, Inc. as of and for the year ended December 31, 2018 and as of December 31, 2017 and for the period April 17, 2017 through December 31, 2017 and John Hancock Trust Co. LLC for the period January 1, 2017 through April 17, 2017 and has been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements and supplemental schedule and is based solely on their certification and has not been audited by independent accountants.

Money market fund	**$ 39,232**	$ 46,162
Receivables:

Interest and dividend income	**$ 76,775**	$ 66,443

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7. TAX STATUS

Effective March 1, 2017, the Plan adopted a volume submitter plan sponsored by Professional Capital Services, LLC. The volume submitter plan has received an opinion letter, dated November 30, 2014, from the Internal Revenue Service (IRS) as to the Plan's qualified status. The volume submitter plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS and is currently undergoing an audit of the Plan year ending December 31, 2014. The audit has not yet concluded as of the date the financial statements were available to be issued.
