EMPLOYEES' SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 1 **Description of Plan**

The following description of the McAlpin Industries, Inc. Employees' Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of McAlpin Industries, Inc. (the Company). Employees are immediately eligible for Participation in the Plan upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for oversight of the Plan and determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Each participant may contribute up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan includes an auto-enrollment provision whereby all newly hired employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and the Plan provides for annual 1% deferral increases up to a maximum deferral of 15% of compensation.

The Company matches 35% of the first 5% of compensation that a participant contributes to the Plan. Additional annual profit sharing amounts may be contributed at the discretion of the Company's Board of Directors. Participants direct the investment of all employee and employer contributions into various investment options offered by the Plan. Automatically enrolled participants have their deferred contributions, matching contributions, and profit sharing contributions, if any, invested in a designated funds until the investment election is modified by the participant. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution (if any), and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 1 **Description of Plan - Continued**

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in employer discretionary profit sharing and match contributions are based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable From Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (i) 50% of the vested account balance or (ii) $50,000.

The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent, ranging from 4.25% to 6.25% at December 31, 2018 and have maturity dates between 2019 and 2023. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
On termination of service due to death, disability, hardship, retirement, termination or other reason, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account balance.

Forfeited Accounts
At December 31, 2018 and 2017, forfeited non-vested accounts totaled $26,690 and $42, respectively. These accounts may be used to reduce future employer contributions or pay Plan expenses. In 2018, $2,423 was used to reduce employer contributions and $-0- was used to pay Plan expenses. In 2017, $7,166 was used to reduce employer contributions and $-0- was used to pay Plan expenses.

Note 2 **Summary of Accounting Policies**

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 **Significant Accounting Policies - Continued**

Investment Valuation and Income Recognition
Investments are reported at fair value except for stable value fund investments which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and trustee. See Note 4 for a discussion of fair value measurements.

The stable value fund is a common/collective trust fund that invests in high quality guaranteed investment contracts and similar contracts issued by insurance companies, banks, and financial institutions. These investment contracts are required to be reported at contract value as contract value is the relevant measure of fully benefit-responsive investment contracts since that is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes Receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Administrative expenses are paid for by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 2 **Significant Accounting Policies - Continued**

Subsequent Events
The Plan has evaluated subsequent events for potential recognition and disclosure through October 9, 2019, the date the financial statements were available to be issued.

Note 3 **Certified Information**
The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Newport Trust Company, the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. We have been informed by the Plan Administrator that Newport Trust Company, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, and the related investment income (loss) and interest income on notes receivable from participants reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2018. Additionally Newport Trust Company has certified the information in the schedule of assets (held at end of year) as of December 31, 2018.

Note 4 **Fair Value Measurements**
The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Note 4 **Fair Value Measurements - Continued**

Level 2 — Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 4 **Fair Value Measurements - Continued**

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual Funds	**$ 9,529,749**	**$ -**	**$ -**	**$ 9,529,749**

	Assets at Fair Value as of December 31, 2017			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual Funds	$ 10,464,569	$ -	$ -	$10,464,569

Note 5 **Fully Benefit-Responsive Investment Contracts**

As described in Note 2, the Plan offers an investment in a stable value fund. The stable value fund invests in high quality investment contracts issued by insurance companies and similar contracts. The contract issuer is obligated to repay principal and a specified interest rate that is guaranteed to the Plan. The contract meets the fully benefit-responsible investment criteria and therefore is reported at contract value.

There are certain events which can limit the Plan's ability to transact at contract value. At this time, the occurrence of such limitations is not probable.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts independent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic regulatory developments.

Note 6 **Related Party Transactions and Party-In-Interest Transactions**

Participant notes receivable and related transactions qualify as party-in-interest transactions. Total participant notes receivable were $229,897 and $246,461 as of December 31, 2018 and 2017, respectively.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 7 **Tax Status**

The Plan adopted a volume submitter plan. The volume submitter plan has received an opinion letter from the Internal Revenue Service, dated March 31, 2014, as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by the Plan. Although the plan document has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain tax positions taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Note 8 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balance.

Note 9 **Risk and Uncertainties**

The Plan provides for investments which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the levels of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
