PENGATE RETIREMENT SAVINGS & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Pengate Retirement Savings & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Pengate Handling Systems, Inc. and Pengate Handling Systems of New York, Inc. (the Company), except union and non-resident alien employees, who have completed three consecutive months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Retirement Savings & Profit Sharing Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Stockholders.

Contributions

Each year participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). During 2018 and 2017, participants rolled over \$28,352 and \$41,619.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary matching contributions to match employee contributions to the Plan in amounts determined by the Company. The Company contributed 50% of the employee deferrals, not exceeding the first 5% of employee compensation during 2018 and 2017. Additional discretionary nonelective employer contributions may be contributed as directed by the Company. No discretionary nonelective employer (profit sharing) contribution was made during 2018 and 2017. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Plan document permits participants to make Roth elective deferrals. Roth elective deferrals are (1) designated irrevocably by the participant at the time of the deferred election as Roth elective deferrals, and (2) are treated by the employer as includible in the participant's income at the time the participant would have received the amount in cash had the participant not made a deferred election. Roth elective deferrals may not be reclassified as any other type of contribution. Roth elective deferrals shall be treated in the same manner as a pre-tax elective deferral under the terms of the Plan. Employees shall have the effective opportunity to make (or change) an election to make Roth elective deferrals in the same manner as pre-tax elective deferrals. For purposes of interpreting the Plan and the elections made under the adoption agreement, the term elective deferral shall mean both pre-tax elective deferrals and Roth elective deferrals.

(continued)

PENGATE RETIREMENT SAVINGS & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

The Plan automatically enrolls eligible employees into the Plan, with a deferral percentage of 1%, unless an eligible employee affirmatively elects otherwise. Automatically enrolled participant contributions are invested in a target date retirement fund that most closely aligns with the participants projected retirement date until changed by the participant. Participant deferral percentages will be increased annually by 1% unless the participant affirmatively elects otherwise. Automatic increases for participants who are automatically enrolled and make no deferral elections will not exceed 5%. The participants may elect to change their elections at any time after enrollment.

Participant Accounts

Fidelity Management Trust Company (Fidelity) holds the funds for the Plan and maintains an individual account for each participant. Contributions made on a participant's behalf under the Plan are directly allocated to that participant's account and are invested, based on the individual's direction, in mutual funds or participant directed brokerage accounts.

Each participant's account is credited with the participant's contribution and the Company's matching contribution as well as allocations of (a) Company profit sharing contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan document. Transaction based fees associated with optional Plan services are charged directly to the respective participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, is based on years of continuous service as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage for Company Contributions</u>
Less than 2	0%
At least 2 but less than 3	20%
At least 3 but less than 4	40%
At least 4 but less than 5	60%
At least 5 but less than 6	80%
6 or more	100%

Regardless of the vesting schedule, a participant becomes fully vested if, while employed by the Company, the participant 1) reaches early retirement age, 2) dies, or 3) becomes disabled.

NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The notes receivable are secured by the vested balance in the participant's account and bear interest at rates that range from 4.25% to 5.99%, which are commensurate with local prevailing market rates as determined by the Plan Administrator. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to rollover their entire vested interest, receive a lump-sum distribution of their vested account balance, or receive single sum distributions of a portion of their vested account balance. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may receive the value of his or her rollover account while employed. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. In-service distributions of all or a portion of the participants vested account are allowed for participants that have reached the age of 59 ½.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$31 and \$230. These accounts will be used to reduce Plan administrative expenses or future Company contributions. In 2018 and 2017, Company contributions were reduced by \$11,322 and \$13,684 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

PENGATE RETIREMENT SAVINGS & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Savings & Profit Sharing Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and the Trustee, Fidelity. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments, the Plan Administrator deems the participant loan to be in default, and a distributable event has occurred, the participant notes receivable balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15 of the following year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued. See Note 8.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end investments that are registered with the Securities and Exchange Commission. These investments are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

PENGATE RETIREMENT SAVINGS & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

5. PARTY-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the Trustee, Custodian, and Third Party Administrator, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan's operations. Fees paid directly to Fidelity amounted to \$2,150 and \$2,175 during 2018 and 2017. The Plan issues notes receivables to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers of the Company. No such officer or employee receives compensation from the Plan.

6. TAX STATUS

The Plan adopted a volume submitter profit-sharing plan with a cash or deferral arrangement, which received an opinion letter dated March 31, 2014, from the IRS indicating this prototype plan was an acceptable plan under Section 401 of the Internal Revenue Code (IRC) for use of employers for the benefits of their employees. An employer who adopts this plan will be considered to have a plan qualified under Code Section 401 (a), providing all the terms of the Plan are followed and the eligibility requirements and contribution or benefit provisions are not more favorable to officers, owners, or highly compensated employees than for other employees. The Plan does not have its own determination letter. Although the Plan has been amended the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Due to the change in ownership, the Pengate Retirement Savings & Profit Sharing Plan will merge into the Raymond Corporation Consolidated Dealers Savings Plan. Effective October 1, 2019, the Plan's funds and all participant accounts will transfer into the Raymond Corporation Consolidated Dealers Savings Plan.
