Hanover, Pennsylvania

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Ox Paper Tube & Core 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering substantially all employees of Ox Paper Tube & Core, Inc., Ox Paper Tube Massachusetts, LLC, Paco Winders Manufacturing, LLC, Carolina Paper Tubes, Inc. and Armorboard Products, LLC (effective January 1, 2018) (collectively the "Company") who have completed three consecutive months of service. Effective January 1, 2019, The Carthage Specialty Paperboard Salaries Employees Savings Plan, Ox Paperboard Illinois, LLC Employees Savings Trust and Ox Paperboard Company Employees Savings Trust were merged into the Plan and as a result, employees of Carthage Specialty Paperboard, Inc., Ox Paperboard Illinois, LLC and Ox Paperboard LLC have become eligible to contribute to the Plan. Effective March 1, 2019, the Carthage Specialty Paperboard Local 276 Savings Plan was merged into the Plan and as a result, union employees of Carthage Specialty Paperboard, Inc. became eligible to contribute to the Plan. During 2018, some employees from the Ox Paperboard Michigan Employees Savings Trust were transferred into the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CONTRIBUTIONS

Each year, participants may contribute up to the maximum allowed under the Internal Revenue Code ("IRC") of pretax compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute rollover funds from another qualified plan. In addition, the Company contributes a safe-harbor matching contribution equal to 100% of the first 4% of eligible compensation that a participant contributes to the Plan. The Company also has the option to make a discretionary profit sharing contribution or a discretionary employer matching contribution. No additional employer contributions were made for the year ended December 31, 2018. Participants direct the investment of their contributions into various investment options offered by the Plan.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, Company contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions, safe-harbor contributions and actual earnings thereon. Vesting in the discretionary Company contributions portion of participants accounts are based on years of service. A participant is 100% vested after six years of credited service.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

PAYMENT OF BENEFITS

Upon separation of service for any reason, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, as partial withdrawals or in substantially equal installments. Withdrawals may also be made when a participant attains age 59 1/2 or demonstrates financial hardship.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The investments of the Plan are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

OPERATING EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Other fees related to the administration of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3 - INVESTMENTS (UNAUDITED)

Matrix Trust Company (the "Custodian") held the Plan's investments and executed transactions. In accordance with the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has obtained certifications from the Custodian with respect to the completeness and accuracy of the investment information and related income prepared and provided by the Custodian. This investment information and related income, which is included in the accompanying financial statements and supplementary schedules, is based on information provided by the Custodian and has not been audited by the independent auditors of the Plan.

NOTE 4 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Notes receivable from participants are considered party-in-interest transactions. The Plan offers the CUNA Mutual Guaranteed Account as an investment option. Investments in this investment option are considered party-in-interest transactions as CUNA Mutual Insurance Society ("CUNA") is the recordkeeper for the Plan. CUNA and Matrix received administrative fees and Lakeside Wealth Management Group received advisory fees from the Plan. These transactions qualify as party-in-interest transactions. The Plan is not charged for administrative services performed on its behalf by employees of the Company. Some fees paid by the Plan for the investment management services are included in net depreciation in fair value of investments.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

NOTE 6 - TAX STATUS

The Plan uses a volume submitter document sponsored by CUNA. CUNA received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, no uncertain positions are taken or are expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 7 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a benefit-responsive fixed interest investment option offered by CUNA Mutual. The fixed option is guaranteed by CUNA Mutual Financial Group Life Insurance Company ("CMFG"). It is invested primarily in corporate bonds, mortgage-backed securities, collateralized mortgage obligations, high quality commercial mortgage loans, municipal bonds and other high-grade fixed income securities. The objective is to provide guaranteed protection of principal with a set rate of return. The fund seeks a high level of current income consistent with preservation of capital. The account is credited with interest based on rates set by CUNA Mutual. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fixed option issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer, but may not be less than 1.5%. Such interest rates are reviewed on an annual basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, as amended. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The fixed interest investment option cannot be terminated by the insurance company unless certain circumstances are met or upon written consent of the Company.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- *Mutual Funds*. Valued at the published daily net asset value (NAV) of shares held by the Plan. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
