Carleton Technologies Inc. Employees' Retirement Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Carleton Technologies Inc. Employees' Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established on January 1, 2004, and is sponsored by Carleton Technologies Inc. (the "Plan Sponsor"). The Plan was restated as of January 1, 2012. The Plan covers substantially all employees of the Plan Sponsor who began employment after January 1, 2004, and have completed one month of service and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective June 14, 2012, the Plan was amended to provide that no employee of Cobham Management Services Inc. ("CMSI") is eligible to become a participant after June 14, 2012, and the participation of an employee of CMSI hired on or after January 1, 2011 will be frozen effective June 30, 2012.

Contributions – The Plan is funded with Plan Sponsor contributions and are invested in the Trust Fund in accordance with the provisions of this Plan and the Trust Agreement. Plan Sponsor contributions are calculated based on a participant's years of service and also the age of the participant. Rollover contributions are accepted with the prior approval of the Plan Sponsor.

During each applicable Plan year, the Plan Sponsor will contribute to each qualified participant an amount determined using the following schedule:

Years of Service Completed by January 1 of a Plan Year	***Rate of Contribution of Covered Compensation***
0-4	0.50%
5-9	1.25%
10-14	2.00%
15-19	2.75%
20-24	3.50%
25-29	4.25%
30+	5.00%

The Plan Sponsor will also contribute to accounts of eligible participants, an amount based on the participant's age as of January 1 of the applicable Plan year. The percentage is increased for each year of age of the participant, starting at .03% of a participant's covered compensation at age 21, up to a maximum amount of 6.5% of covered compensation at age 65 and older.

1. Description of Plan (continued)

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by Plan Sponsor contributions and the participant's share of Plan earnings. Participant accounts are decreased by benefits paid to participants and the participant's share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants vest in Plan Sponsor contributions at 25% for each year of service and become fully vested after four years of service. Participants also become fully vested at age 65 or upon disability or death. Forfeited non-vested benefits are used to reduce future Plan Sponsor contributions. Total forfeitures available as of December 31, 2018 and 2017 were $72,236 and $46,108, respectively.

Payment of Benefits – Plan assets allocated to a participant's account will be distributed upon termination of employment or death. A participant may not withdraw any part of the balance during the participant's employment with the Plan Sponsor or an affiliated employer. Minimum distributions will begin on the participant's date of retirement. Distributions will be calculated based on the participant's account balance and the distribution period set forth in the Uniform Lifetime Table set forth in Section 1.401 (a)(9)-9 of the Treasury Department regulations.

Loans to Participants – In accordance with Plan provisions, no loan may be made to a participant from the participant's account.

Tax Status – The Plan was restated as of January 1, 2012. The Plan obtained its latest determination letter on July 9, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). The Plan has been amended subsequent to the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Plan Termination – Although it has not expressed an intent to do so, the Plan Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in Plan Sponsor contributions and associated earnings.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on an ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Investment Risks and Uncertainties – The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Benefit Payments – Benefits are recorded when paid.

Administrative Expenses – All accounting and administrative expenses related to the administration, operation and maintenance of the Plan, including, without limitation, any expense relating to the preservation of the qualification of the Plan under Section 401(a) of the Code, may be paid from the Plan assets. At the discretion of the Plan Sponsor, any such expenses, disbursements, or charges, may be paid by the Plan Sponsor. During the years ended December 31, 2018 and 2017, the Plan Sponsor paid substantially all expenses related to the Plan. Expenses relating to investment activity are paid by the Plan.

Party-in-Interest Transactions – Certain Plan investments are cash reserves held by Fidelity. Fidelity is the Trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Subsequent Events – The Plan has evaluated subsequent events through October 10, 2019 for recognition or disclosure, the date the accompanying financial statements were available to be issued. Effective August 12, 2019 the Plan Sponsor's name is Cobham Mission Systems – Orchard Park.

3. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Personal Trust Company ("Fidelity" or the "Trustee") has certified that the following data included in the accompanying financial statements and supplementary information is complete and accurate:

	2018	2017
Interest bearing cash	$ 78,651	$ 107,146
Mutual funds	6,682,611	6,369,715
	$ 6,761,262	$ 6,476,861

The Trustee has also certified interest and dividend income totaling $216,581 and $164,024 and net appreciation (depreciation) in fair value of investments of ($632,336) and $601,421 for the years ended December 31, 2018 and 2017, respectively.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;

4. Fair Value Measurements (continued)

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Interest-bearing cash – Stated at cost, which approximates fair value.

Mutual Funds – Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018 and 2017:

	2018	2017
Level 1		
Interest-bearing cash	$ 78,651	$ 107,146
Mutual funds	6,682,611	6,369,715
