To Tammy Whitaker, Plan Administrator
The Greentree Group, Inc. Profit Sharing Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of The Greentree Group, Inc. Profit Sharing Plan (the "Plan") as of and for the year ended December 31, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered The Greentree Group, Inc. Profit Sharing Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note 7 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This communication is intended solely for the information and use of management, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

To Tammy Whitaker, Plan Administrator
The Greentree Group, Inc. Profit Sharing Plan

We have conducted a DOL limited-scope audit of the financial statements of The Greentree Group, Inc. Profit Sharing Plan for the year ended December 31, 2018 and have issued our report thereon dated October 11, 2019. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, you instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by The Greentree Group, Inc. Profit Sharing Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2018. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Your estimate of the fair value of the Plan's investments in mutual funds is based on the unadjusted quoted prices in active markets for identical assets. We relied on the Plan trustee's certification that these values are complete and accurate.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Plan Administrator of The Greentree Group, Inc. Profit Sharing Plan and is not intended to be, and should not be, used by anyone other than this specified party.

INDEPENDENT AUDITORS' REPORT

**To the Plan Administrator and Plan Participants
The Greentree Group, Inc. Profit Sharing Plan
Beavercreek, Ohio**

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Greentree Group, Inc. Profit Sharing Plan (the "Plan") which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describe the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule presented on page 12 as of December 31, 2018 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following description of The Greentree Group, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan which covers all employees of The Greentree Group, Inc. (the Company). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Company may make matching contributions equal to a discretionary percentage of participant deferrals on a uniform basis for all participants. The Company may also make discretionary nonelective contributions which are allocated to participants based upon a formula integrated with the Social Security Taxable Wage Base. Other qualified nonelective contributions may be allocated to employees as designated by the Company to help the Plan pass non-discrimination tests. In 2018 and 2017 the Company provided an annual match of 50% of the participant's elective deferrals up to the first 4% of the participant's elected salary deferral.

Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan.

Participant Accounts – Each participant's account is credited with the participant's contribution, the Company contribution, actual earnings, and charged with actual loan origination and loan processing costs and a pro-rata portion of administrative costs. Each participant is entitled only to the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their elective deferrals to their accounts and the earnings thereon. Amounts attributable to employer contributions become vested as follows:

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive installment payments under a systematic withdrawal plan, a lump-sum payment, direct rollover into a qualified retirement plan or a combination of a lump-sum payment and a direct rollover distribution. In-service distributions are available to Plan participants for financial hardship or upon reaching the age of 59 ½.

Forfeitures – Forfeitures represent the non-vested portion of the Company contributions plus earnings thereon, which are not distributed to participants who terminate employment before they are 100% vested. At December 31, 2018 and 2017, no forfeited non-vested balances were available to reduce future employer contributions and plan expenses. Forfeitures of \$16,687 and \$18,531 were used to reduce employer contributions in 2018 and 2017, respectively.

Plan Amendment – Effective January 2, 2017, the Plan was amended to increase the allowable deferral contribution from 25% to 75% of compensation.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements and supplemental schedule were prepared on the modified cash basis of accounting, recognizing income and related assets when received rather than when earned and the expenses when paid rather than when the obligation is incurred. Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Investments are recorded at fair market value, and net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Because this method differs from the accrual method of accounting, these statements are not intended to be presented in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with the modified cash basis of accounting requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported increases and decreases to the Plan's net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (continued)

Investment valuation and income recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances. Interest income is recorded on the cash basis at the note rate. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Administrative Costs – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are excluded from Plan administrative costs. Investment related expenses are included in net appreciation of the fair value of investments. In 2018 and 2017, respectively, \$25,595 and \$15,167 was paid by the Plan for investment advisor and recordkeeping fees. These costs were allocated to the participants' accounts.

Subsequent Events – Subsequent events were evaluated through October 11, 2019, which is the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

THE GREENTREE GROUP, INC. PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2018 AND 2017

Note 3. Fair Value Measurements (continued)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds – Level 1 investments valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Plan assets measured at fair value on a recurring basis as of December 31, 2018 are as follows:

	<u>Level 1</u>
Mutual Funds	<u>\$ 6,782,424</u>

Plan assets measured at fair value on a recurring basis as of December 31, 2017 are as follows:

	<u>Level 1</u>
Mutual Funds	<u>\$ 7,350,012</u>

Note 3. Fair Value Measurements (continued)

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year), depreciated in value by \$708,907 in 2018 and appreciated in value by \$607,541 in 2017.

Note 4. Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets will be distributed to the participants and beneficiaries based on their account balances.

Note 5. Income Tax Status

The Plan is based on a prototype plan which has received a favorable opinion letter dated March 31, 2014 from the Internal Revenue Service that the prototype plan is designed to qualify as being exempt from Federal Income Taxes. The plan administrator has not separately applied for a determination letter from the Internal Revenue Service.

The Plan's previously filed Annual Return/Report of Employee Benefit Plan (Form 5500) for the years 2015, 2016 and 2017 remain subject to examination by a taxing authority. The Plan's Form 5500 for the year 2018 has not yet been filed and remains subject to examination by a taxing authority.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7. Unaudited Information Certified by the Plan's Trustee

The Statements of Net Assets Available for Benefits (Modified Cash Basis) for December 31, 2018 and 2017, the investment activities included on the Statement of Changes in Net Assets Available for Benefits (Modified Cash Basis) for the year ended December 31, 2018, and the accompanying supplemental Schedule of Assets (Held at End of Year) (Modified Cash Basis) were prepared from information certified by the Trustee of the Plan in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

Note 8. Related Party Transactions and Party-in-interest Transactions

Certain Plan assets are invested in mutual funds that are managed by Fidelity Management & Research Company. Fidelity Management Trust Company, a related party, is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 9. Reconciliation of Financial Statements to Form 5500

Net assets available for benefits per the financial statements at December 31, 2018 and 2017 of \$6,894,352 and \$7,464,999, respectively, agree to net assets reported on Form 5500.

Benefits paid to participants per the financial statements at December 31, 2018 and 2017 of \$1,180,501 and \$909,782, respectively, agree to benefits reported on Form 5500. As of December 31, 2018 and 2017 no amounts were allocated to withdrawing participants and recorded on the Form 5500 for benefit claims that were processed and approved for payment but not yet paid as of that date.
