Notes to Financial Statements
December 31, 2018

Note 1 - Description of Plan

The following description of the Sonray Solar Group 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a salary deferral arrangement established under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan was originally established by Sonray Solar, Inc. (the Company) on January 1, 2013 to provide retirement, death, and disability benefits for eligible employees (participants). The Plan was subsequently restated effective January 1, 2017 to include employees of Sonoran Roofing, Inc. and Sonray Door and Trim.

All full-time employees over the age of 21 who have completed one year of service with the Company or any affiliate who has adopted the Plan, are eligible at the first entry date after satisfying the requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and certain provisions of the Internal Revenue Code. An individual trustee oversees the governance of the Plan.

Administration

The Plan is administered by Sonray Solar, Inc., the Plan sponsor. A portion of the administrative and custodial activities involved with the operation of the Plan have been outsourced to Atteberry/Searle, Incorporated and American Life Insurance Company. Certain Plan transactions involving these entities qualify as parties-in-interest under the IRC and are exempt from prohibited transaction rules of ERISA.

Participant Accounts

Each participant's account is credited with the employee's contributions, the Company's safe-harbor matching contributions, and allocations of the Company's discretionary contributions (if any). Earnings or losses are determined by each participant's selection of investments. Plan expenses are allocated based upon each Participant's account balance, as defined in the Plan. Participant expenses are charged directly to the account incurring the cost based on each participant's activity. The benefit to which a participant is entitled is limited to the vested balance of their account.

Investment Options

The Plan allows participants, upon enrollment, to direct all contributions in percentage increments in any investment options provided by the Plan as listed in the supplemental schedule. Participants may change their investment options daily.

Note 1 - Description of Plan (continued)

Contributions

Participants may make tax-deferred contributions to the Plan in accordance with limitations set by IRC provisions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. If the participant does not direct the investment, their account will be invested in accordance with default investment alternatives.

Each year the Company's Board of Directors may elect to make (1) a matching safe harbor contribution equal to 100% of the participant's salary deferrals up to 3% of their compensation plus 50% of the participant's salary deferrals between 3% and 5% of their compensation, (2) a matching contribution equal to a discretionary percentage of each participant's elective deferral, and (3) a discretionary profit sharing contribution, which is allocated to participant accounts. The Company is required to make contributions to the plan for eligible participants based on their classifications as prevailing wage employees, when applicable.

Payments of Benefits

When participants leave the employer, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals and employer safe harbor contribution accounts plus their earnings thereon and the vested portion of their employer discretionary contribution account.

Participants with vested account balances less than $1,000 will receive a distribution in cash. Participants with vested account balances greater than $1,000 and less than $5,000, not otherwise directed by the participant upon termination, will be rolled over into an Individual Retirement Account selected by the Plan Administrator. Participants with vested account balances greater than $5,000 may elect to receive the value of their accumulated Plan benefits as a lump-sum distribution in cash or a rollover to an Individual Retirement Account or another qualified plan. The account will remain in the Plan until the participant consents to a distribution.

A participant may request in-service distributions of their vested balance once they reach 59-1/2 years of age or qualify for financial hardship according to IRC provisions. A participant's distribution must not occur later than April 1 following the calendar year in which the participant reaches 70-1/2. In the event that a participant dies before retirement, the beneficiary will receive the value of the participant's account in a lump-sum distribution.

SONRAY SOLAR GROUP 401(k) PROFIT SHARING PLAN
Notes to Financial Statements
December 31, 2018

Note 1 - Description of Plan (concluded)

Vesting
Participants are immediately 100% vested in their salary deferral contributions and any prevailing wage or safe-harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeitures
Forfeitures represent the non-vested portion of a terminated participant's account balance. The non-vested portion of a terminated participant's account balance is forfeited on the earlier of the date of (1) the distribution of the vested portion to the participant or (2) after the terminated participant has incurred five consecutive one-year breaks in service. . If the participant returns to service before incurring five consecutive one-year breaks in service, the unvested balance will be restored. Forfeitures remain in the Plan and can be used as additional employer contributions or for payment of plan expenses. At December 31, 2018, there were no forfeited non-vested accounts in the Plan.

Participant Loans
Loans are not permitted under the provisions of the Plan.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions. The Company may elect to have all assets transferred to another qualified plan in which all participants who would have otherwise received a distribution will have a nonforfeitable interest.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation
The accompanying financial statements have been prepared on the accrual basis of accounting and present the assets available for plan benefits and changes in those assets in accordance with accounting principles generally accepted in the United States of America.

Note 2 - Summary of Significant Accounting Policies

Trust Fund

Under the terms of the trust agreement between American United Life Insurance Company (the Custodian) and the Company, the Custodian administers a trust fund on behalf of the Plan. Participants may elect to have a portion of their account balances invested in a group fixed annuity contract, which is comprised of a diversified portfolio of predominately fixed-income investments, and a variety of interests in pooled separate accounts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair market value, except for fully benefit-responsive investment contracts, which are reported at contract value because it is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for disclosure of fair value measurements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on their ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Unaudited Information Certified by the Plan Custodian

The December 31, 2018 and 2017 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018, and the accompanying notes and supplemental schedule to the financial statements were prepared from information supplied by the plan administrator and certified as complete and accurate by American United Life Insurance Co., the Plan Custodian, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $4,692,434 and $4,057,056 at December 31, 2018 and 2017, respectively, and related investment income (loss) of $(227,519) for the year ended December 31, 2018.

Note 2 - Summary of Significant Accounting Policies (continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as accounts payable, with a corresponding reduction to contributions. There were no excess contributions for the years ended December 31, 2018 and 2017.

Payment of Benefits

Benefits are recorded when paid. Benefit claims payable represent distributions made on or near December 31st, which have not been transferred from the investment account to the terminated participant. At December 31, 2018, there are no participants that had made an election to withdraw from participating in the Plan. However, net assets available for benefits include approximately $670,000 allocated to the accounts of terminated employees who have not yet made an election to withdraw from the Plan. The vested portion of these accounts will be payable when the participant elects to withdraw from the Plan, the sponsor elects to distribute the participant's account balance from the Plan, or at termination of the Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Specific fees for the administration of participant distributions and other services are included in administrative expense and charged directly to the participant's account.

Subsequent Events

The Plan Sponsor has evaluated subsequent events through October 11, 2019, which is the date the financial statements were available to be issued.

Note 3 - Investments

Fair Value Measurements

Generally Accepted Accounting Principles establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). An investment's level within the fair value hierarchy is based on the pricing transparency of the investment and does not necessarily correspond to the Plan's perceived risk of that investment.

Note 3 - Investments (continued)

The three levels of the fair value hierarchy are:

- Level 1 uses quoted prices in active markets that are accessible at the measurement date of identical assets or liabilities.
- Level 2 uses non active quoted prices for similar assets and liabilities that can be corroborated with market data.
- Level 3 uses unobservable pricing inputs with little or no market activity and reflects management's own assumptions to determine fair value.

Following is a description of the valuation methodology used for assets:

Pooled separate accounts are valued at the net asset value (NAV) based on units of the pooled separate accounts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and is generally based on the fair value of the underlying investments held by the fund less its liabilities. The investments have no unfunded commitments and can be redeemed daily

Group fixed annuity contract – fair value is the amount plan participants would receive currently if they were to withdraw or transfer funds from the Plan prior to their maturity for an event other than death, disability, termination, or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates (Level 3 inputs).

The following table reports Plan investments by level within the fair value hierarchy for the year ended December 31, 2018:

	Level 1	Level 2	Level 3	Total
Group fixed annuity contract	$ -	$ -	$ 33,344	$ 33,344
Measured at net asset value:				
Pooled separate accounts **				4,659,090
Total investments				$ 4,692,434

**In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statement of net assets available for benefits.

Participant-directed investments are reported at fair value as determined by quoted market prices. During the year ended December 31, 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $(227,519), certified by American United Life Insurance Company (see Note 2).

Note 3 - Investments (continued)

Investments Representing 5% or More of Net Assets

The following investments represent 5% or more of net assets available for benefits as of December 31, 2018 and 2017:

	2018	2017
Participant-directed investments:		
2020 Target Date Retirement	$ -	$ 634,062
2025 Target Date Retirement	487,587	429,205
2030 Target Date Retirement	416,711	350,002
2035 Target Date Retirement	962,620	835,817
2040 Target Date Retirement	714,814	586,205
2045 Target Date Retirement	597,050	557,800
2050 Target Date Retirement	260,400	272,409
MFS Growth Fund	419,866	317,704

Note 4 -Fully Benefit Responsive Investment Contract

The Plan includes an option for investing in a group fixed annuity contract backed by the assets of American United Life Insurance Company's general account. This investment is considered a fully benefit-responsive investment contract and is measured, presented and disclosed at contract value in the Statement of Net Assets Available for Benefits. There are no segregated or identifiable assets of American United Life Insurance Company ascribed to this investment option. The investment earns interest at the higher of the rate guaranteed under the contract or the current rates established and declared in advance by AUL.

Contract value is calculated as contributions, plus earnings, less withdrawals and administrative expenses. Participant transactions are executed at contract value less surrender charges, if applicable, which is the relevant measure for fully benefit-responsive investment contracts. The Plan's ability to meet its contractual obligations to settle amounts due is dependent on the issuer, which could be impacted by economic and regulatory changes. Currently, there is no probability of the issuer not being able to fulfill its contractual obligations at contract value and there are no reserves against contract value for credit risk of the contract issuer or otherwise.

Interest rates for new contributions are declared prior to the beginning of a calendar quarter and are applicable to all contributions received in that quarter until the end of the calendar year following the current year at which time, they are converted to an annual interest rate. The guaranteed crediting rate as of December 31, 2018 was 1.10% with a contract value of $33,344.

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. The investments are not insured by the Federal Deposit Insurance Corporation (FDIC) or any other government agency and are not bank guaranteed. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 6 - Related Party Transactions

Investments of the Plan include units of pooled accounts and a group annuity contract managed by American United Life Insurance Company. AUL is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management and recordkeeping services amounted to $9,208 for the year ended December 31, 2018. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7 - Tax Status

The Plan adopted the CCH Incorporated Volume Submitter Profit Sharing Plan with CODA effective January 1, 2013. The Internal Revenue Service has determined and informed CCH Incorporated Inc. by a letter dated March 31, 2014, that the Plan, related trust, and adoption agreement are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. Management of the Plan believes that the Plan has taken no uncertain tax positions that require adjustment to the financial statements in order to comply with the provisions of this guidance. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's open tax years for the prior three years are subject to examination by the Internal Revenue Service.
