NOTES TO FINANCIAL STATEMENTS

December 31, 2018

NOTE A – DESCRIPTION OF PLAN

The following description of the Marker 32 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

   The Plan was established on January 1, 2017 by Marker 32, Inc. (the "Company"), and was amended and restated on March 1, 2019. The Plan is a participant directed defined contribution plan covering substantially all of Company's employees. An employee is eligible to participate in the Plan on the first day of the month following the completion of 60 days of service and having attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

   Each year, participants may contribute pretax and after-tax annual compensation, as defined in the Plan, subject to the limitations of the Internal Revenue Code (IRC) for the plan year which was $18,500 for 2018. Participants who are age 50 or older may make catch-up contributions up to $6,000 in 2018. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make matching contribution and discretionary non-elective contributions to the Plan solely at the discretion of the Company's Board of Directors. The Company matched 25%, up to the first 4% of the participant's compensation in 2018. There were no profit sharing contributions authorized for 2018.

3. Participant Accounts

   Each participant's account is credited with the participant's contributions, the Company's matching contributions and discretionary non-elective contributions, and earnings thereon, and is charged with an allocation of administrative expenses. Discretionary non-elective contributions are allocated to the participants employed any time during the Plan year based on the participant's proportionate share of total compensation of the Company for the year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

   Participants are fully vested at all times with respect to their elective contributions, qualified non-elective contributions, rollover contributions, and earnings thereon. The Company's contributions are subject to a vesting schedule with the participant being fully vested after four years of credited service.

5. Payment of Benefits

   Upon termination of service, participants may choose to have all or any part of their vested account balances distributed at any time. If a participant's account is less than $5,000 and greater than $1,000, the plan administrator will make a direct rollover to an individual retirement plan designated by the administrator equal to his or her vested account balance. Participants terminated for reasons other that death, disability, or retirement are entitled to receive their benefits as soon as administratively feasible. In-service withdrawals are available for participants over the age of 59 ½. Withdrawals, while an employee of the Company, are also permitted in certain hardship circumstances, as defined by the Plan.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

6. Forfeited Accounts

   If, at the time of termination of employment, the participant is not 100% vested, the non-vested portion of the participant's account will become a forfeiture. Forfeitures may first be used to pay for plan expenses. Any forfeitures left after paying plan expenses may be used to offset the Company's contributions. Any forfeitures remaining will be allocated to the participants. At December 31, 2018 and 2017, forfeited non-vested accounts totaled $0 and $17, respectively. Forfeitures of $441 were used to pay for plan expenses and reduce the Company's contributions in 2018.

7. Notes Receivable from Participants

   Participants may borrow from their fund accounts a minimum of $500 up to the lesser of 50% of their vested balance or $50,000. All notes are repaid within a period of five years, except notes for the participant's primary residence, which must be repaid in a reasonable period of time. The notes are collateralized by a portion of the balance in the participant's account and bear a rate of interest based on similar loans from commercial lending institutions. Principal and interest are repaid ratably through bi-weekly payroll deductions. There were no notes outstanding at December 31, 2018.

8. Investments

   The Plan is participant directed and participants may invest their contributions in any of the investment funds offered by the Plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

   The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting.

2. Use of Accounting Estimates

   The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could vary from the estimates that were used.

3. Payment of Benefits

   Plan benefits are recorded when paid.

4. Plan Expenses

   Expenses of the Plan are paid either by the Plan or the Company, as provided by the Plan document.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

5. Valuation of Investments and Income Recognition

   The Plan follows the fair value measurement requirements of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, which defines fair value as the exchange price that would be received for the asset paid to transfer a liability in an orderly transaction between market participants. See Note C for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the gains and losses on investments bought and sold during the year as well as the change in the unrealized appreciation or depreciation on those investments during the year.

6. Notes Receivable

   In accordance with FASB ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Pension* Plans, the Plan has classified loans to participants as notes receivable. The loans are recorded at principal plus any accrued and unpaid interest. Interest income is recorded when earned.

7. Subsequent Events

   The Plan has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

FASB ASC 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: The investments are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund (CCT): Valued based on the underlying investments (i.e., common stock, mutual funds, short-term securities). While the majority of the underlying assets values are based on quoted prices, the NAV of the CCT's is not publicly traded. The NAV is reported by the trustee of the Plan as of the financial statement date based on recent transaction prices. The CCT's held by the Plan provide for daily redemptions at NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments. The investments in CCT totaling $0 and $647 as of December 31, 2018 and 2017, respectively, are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and, therefore, have not been categorized in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses, by level, the fair value hierarchy, of the Plan's assets at fair value:

Fair Value Measurements as of December 31, 2018

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 120,869	$ -	$ -	$ 120,869

Fair Value Measurements as of December 31, 2017

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 34,962	$ -	$ -	$ 34,962

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2018 , are reported in net increases (decreases) in fair value of investments.

NOTE D – INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Reliance Trust Company and Principal Trust Company, the trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate as of December 31 and for the years then ended:

	2018	2017
Mutual funds, at fair value	$ 120,869	$ 34,962
Common collective trust funds, at fair value	-	647
Net depreciation in fair value of investments	(7,341)	n/a
Dividend Income	1,616	n/a

NOTE E – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Principal Trust Company is the trustee of the Plan as of December 31, 2018, and Reliance Trust Company was the trustee of the Plan as of December 31, 2017. Plan investments at December 31, 2018 and 2017, included units of mutual funds and common collective trust funds, managed by the trustees. Total fees paid by the Plan for administration services were $93 for the year ended December 31, 2018. Certain plan investments included shares of mutual funds and common collective trust funds managed by the trustees and therefore those transactions qualify as party-in-interest transactions.

NOTE F – TAX STATUS

The Plan obtained its initial determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
