SABER HEALTHCARE 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2018 AND 2017

1. Description of the Plan:

The following description of the Saber Healthcare 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Saber Healthcare 401(k) Profit Sharing Plan (the "Plan") is a defined contribution profit sharing plan covering all eligible employees of Saber Healthcare Holdings, LLC and affiliated entities (the "Company"). The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA). All employees, age 18 and older and who have six months of service are eligible to participate in the Plan, except for University Manor employees subject to the facility's collective bargaining agreement. After eligibility is obtained, 500 hours of service is required to be maintained to avoid a break in eligibility. The Board of Trustees of the Plan are responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions:

Participants may elect to contribute a portion of their annual compensation up to the maximum amount allowed by the Internal Revenue Service on a pre-tax or after-tax (Roth) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employees of certain affiliates, Ambler Healthcare Group, LLC, Bryn Mawr Healthcare Group, LLC, Dunmore Healthcare Group, Inc. and Julia Ribauda Healthcare Group, LLC are eligible to receive an employer contribution for each straight time hour worked due to collective bargaining agreements entered into by those facilities. The Company made contributions of \$17,942 in 2018 and \$9,497 in 2017 to participants at these eligible facilities.

Contributions from participants for 2018 and 2017 are net of a payment of \$163,877 and \$157,543 made in March 2019 and June 2018, respectively, to active participants to return excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2018 and 2017.

The Company may make additional discretionary matching contributions and nonelective profit sharing contributions to the Plan. The amount of any discretionary contribution is determined annually by the Company. No discretionary matching and nonelective profit sharing contributions were made for 2018 or 2017.

The Plan has a revenue sharing conduit account totaling \$38,673 at December 31, 2018 and \$43,041 at December 31, 2017. Plan expenses totaling \$177,034 in 2018 and \$143,952 in 2017 were paid from this account. Amounts remaining in this account will be available to pay future plan expenses and/or be used as a discretionary contribution.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2018 AND 2017

1. Description of the Plan (continued):

Notes receivable, participants (continued):

Active employees who have at least \$2,000 in their fund accounts could borrow up to 50% of their vested balance. The maximum borrowing is limited to \$50,000. Repayment of the note is required to be made over a period not to exceed five years. The notes are secured by the balance in the participant's account and bear interest at the rate of 1% plus prime at the time the note was requested. Interest rates on the notes were 4.25% to 6.25% at December 31, 2018 and 4.25% to 5.50% at December 31, 2017. Principal and interest are paid ratably through payroll deductions. The balance of notes receivable was \$1,028,173 at December 31, 2018 and \$1,266,636 at December 31, 2017.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements for the Plan are prepared using the accrual method of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Investment valuation:

The Plan's investments are stated at fair value at December 31, 2018 and 2017, as provided by TD Ameritrade Trust Company, the custodian of the Plan. The Plan's investments are held by TD Ameritrade Trust Company at December 31, 2018 and 2017.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

3. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2018 AND 2017

3. Fair value (continued):

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies utilized at December 31, 2018 and 2017.

- The fair value of mutual funds is valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- The fair value of the stable value collective trust fund is valued at the NAV of units of the bank collective trust. The stable value fund is comprised primarily of fully benefit responsive investment contracts and the NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement of the reporting date.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Investments measured at net asset value (a)				4,048,613

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table presents the fair value, unfunded commitments, redemption frequency, and redemption notice period for plan investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017:

Investment*	Fair Value		Redemption Frequency	Redemption Notice Period
	2018	2017		
Stable Value Collective trust fund:				
Invesco Stable Value II Fund	\$ 4,225,661	\$ 4,048,613	Daily	None

* For the years presented, the Plan did not have unfunded commitments with any of its investments.

4. Party-in-interest transactions:

TD Bank USA MMDA (cash equivalent) is managed by TD Ameritrade Trust Company. TD Ameritrade Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

5. Income tax status:

On March 31, 2014, the IRS stated that the volume-submitter plan adopted by the Plan, as then designed, qualifies under the appropriate section of the Internal Revenue Code (the Code). The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since receiving the opinion on the volume-submitter plan; however, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

6. Expenses:

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

Certain administrative functions are performed by employees of the Company. No such employee or the Company receives compensation from the Plan.

7. Information certified by custodian:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including cash, investments held and participant notes at December 31, 2018 and 2017, and net change in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by TD Ameritrade Trust Company (the custodian of the Plan).

8. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

During 2019, the Plan changed custodians and transferred all investments from TD Ameritrade Trust Company to Fidelity Management Trust Company.
