NOTE 1 PLAN DESCRIPTION

The following description of the Pacific Bearing Company Associates' Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective January 1, 1993. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective November 8, 2017. The Plan covers employees 21 years of age and over of Pacific Bearing Company and Lee Linear, Inc. (the Company) who have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). To receive Company matching and profit sharing contributions, a participant must be 21 years of age or over and have completed six months of service.

Effective September 26, 2018, the Plan's recordkeeping responsibilities transferred from Aspire Financial Services, LLC to TD Ameritrade Trust Company.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan provides for the Company to make matching contributions based on a percentage of participant contributions, as determined by the Company from time to time. For the years ended December 31, 2018 and 2017, the Company contributed a matching contribution on behalf of each participant, equal to 0.5% of eligible compensation up to 5% of eligible compensation. The Company may also make a discretionary profit sharing contribution. No discretionary profit sharing contribution was made in 2018 and 2017.

Participant Accounts

Each participant's account is credited with the participant's voluntary salary deferral contribution, the Company's matching contributions, and an allocation of: (a) the Company's profit sharing contribution (if applicable) and (b) Plan earnings or losses, and is reduced for certain administrative expenses paid by the Plan. Plan earnings or losses are allocated based on participant account balances on a daily basis. The Company's profit sharing contributions are allocated based on the participant's eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 PLAN DESCRIPTION (CONTINUED)

Investment Options

Participant contributions must be allocated to selected investment options as made available and determined by the Plan administrator in 5% increments. Participants have the option to transfer monies between funds and change the allocation of their investment options daily.

Vesting

Participant contributions and earnings thereon vest immediately. Participants' vesting in Company contributions is based on years of service. A participant becomes vested in the Company contributions according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or More	100%

A participant must work at least 1,000 hours during a Plan year to increase the vested portion of Company contributions. A participant is also 100% vested if termination is a result of death, disability, or retirement at age 65.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Note terms may range from one to five years, or longer if for the purchase of a primary residence. Principal and interest is paid ratably through bi-weekly payroll deductions.

Benefit Payments

Upon termination of service, participants may elect to receive either a lump sum amount equal to the value of their account, or another method of payment selected by the Plan administrator providing for installments in approximately equal amounts over a period not exceeding the life expectancy of the participant. Upon reaching 59½ years of age, a participant with a fully vested account may receive an in-service distribution prior to separation from service. The Plan allows for hardship withdrawals.

NOTE 1 PLAN DESCRIPTION (CONTINUED)

Benefit Payments (Continued)

If the vested benefits are less than $5,000, the balance will be distributed as either a cash distribution to the participant or transferred to an eligible retirement plan, at the direction of the participant. If the participant does not elect a method of payment and the balance is greater than $1,000, it will automatically be rolled over into an individual retirement account (IRA). Balances of less than $1,000 will be distributed in cash to the participant. If the balance is more than $5,000, an election to receive the benefit must be made.

Forfeited Accounts

Forfeitures are used to reduce future Company contributions and pay Plan expenses, then any remaining forfeitures will be reallocated to participants as an additional discretionary contribution. In 2018 and 2017, forfeitures of $6,472 and $-0-, respectively, were used to reduce Company match contributions. In 2018 and 2017, forfeitures of $2,480 and $10,528, respectively, were used to pay for Plan expenses. In 2018 and 2017, forfeitures of $-0- and $16,471, respectively, were reallocated to eligible participants. The balance in the forfeiture account at December 31, 2018 and 2017 was $32,929 and $20,290, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the trustee, TD Ameritrade Trust Company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENTS INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, and interest and dividends for the years ended December 31, 2018 and 2017, with the exclusion of notes receivable from participants and related interest income for the time period of January 1, 2018 through September 26, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by TD Ameritrade Trust Company, trustee of the Plan.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds: Valued at one dollar per share, which approximates fair value.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,310,903	$ -	$ -	$ 4,310,903
Self-Directed Brokerage Account	2,797	-	-	2,797
Money Market Funds	-	54,547	-	54,547
Total Investments at Fair Value	$ 4,313,700	$ 54,547	$ -	$ 4,368,247

	2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,245,617	$ -	$ -	$ 4,245,617
Money Market Funds	-	81,010	-	81,010
Total Investments at Fair Value	$ 4,245,617	$ 81,010	$ -	$ 4,326,627

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated September 30, 2014 received from the Internal Revenue Service (IRS) on the volume submitter plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore, not subject to tax under current income tax law. The volume submitter Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE 7 PLAN TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are money market funds managed by TD Ameritrade Trust Company. TD Ameritrade Trust Company is the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments. These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

Certain administrative functions are performed by officers or employees of the Company for which they receive no compensation from the Plan.

NOTE 9 PROHIBITED TRANSACTIONS

During 2017, the Plan Sponsor inadvertently failed to deposit participant deferrals and loan repayments within the required time frame as stated by the United States DOL. The DOL considers late deposits to be prohibited transactions. For the 2017 late remittances, the Plan Sponsor filed Form 5330 and paid the applicable excise tax and lost earnings in 2018. The excise tax payments were made from the Plan Sponsor’s assets and not from the Plan’s assets.
