Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

AMBERCARE CORPORATION, INC. 401(K) PROFIT SHARING PLAN
Notes to Financial Statements
December 31, 2018 and 2017

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Ambercare Corporation, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Ambercare Corporation, Inc. (the Company or Employer), and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as plan administrator.

On February 27, 2018, Addus Healthcare, Inc. entered into a Stock Purchase Agreement to acquire 100% interest in the Company. As a result of this transaction, a Plan amendment was approved on December 13, 2018 to merge the Plan into the Addus Healthcare, Inc. 401(k) Plan effective December 26, 2018.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching age 21 and after completing one year of service in which at least 1,000 hours are worked. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive any employer paid profit sharing contributions.

Contributions

Participant contributions – Each year, participants may contribute between 1-100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

Employer match and profit sharing contributions - The Company may elect to make discretionary matching and profit sharing contributions to the Plan. The Company matches an amount equal to a uniform percentage of the participant salary deferrals. Each year the Company will determine the amount of the discretionary percentage. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no profit sharing contributions for the year ended December 31, 2018.

Employer safe harbor – The Company also makes safe harbor contributions equal to 100% of salary deferrals that do not exceed 3% of the participant eligible compensation plus 50% of the next 2% of participant salary deferrals. The company may elect to make additional discretionary safe harbor contributions, percentage of salary deferrals that do not exceed 6% of compensation, and in total does not exceed 4% of the compensation. For the purposes of calculating the safe harbor matching contributions, participant compensation and deferrals are determined on an annual basis.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations Company matching contribution as well as allocations of the Company's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of the administrative expense that are paid by the plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined.

Notes to Financial Statements
December 31, 2018 and 2017

NOTE 1 – DESCRIPTION OF PLAN (continued)

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the plan.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's regular match, safe harbor and profit sharing contributions is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

Years of Service	Vesting Percentage
0-1	0%
2	25%
3	50%
4	75%
5 or more	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed fifteen years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest, prime rate plus 1%. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant must receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay plan administrative expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2018 and 2017, forfeited non-vested accounts totaled \$0 and \$150, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes to Financial Statements
December 31, 2018 and 2017

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment and Securities Transactions – Investments are stated at fair value. All plan assets were transferred to the Addus Healthcare Inc. 401(k) Plan before close of business on December 26, 2018.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest, and are classified as notes receivable. Delinquent notes receivables from participants are recorded as distributions based on the terms of the Plan document.

Payment of benefits – Benefits are recorded when paid.

Expenses – All expenses of maintaining the Plan are paid by the Company. Certain transaction fees are paid by the Plan.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan’s financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued.

The Plan has evaluated subsequent events through October 15, 2019, which is the date the financial statements were available to be issued.

NOTE 3– FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that priorities the inputs to valuation technique used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3):

Basis of Fair Value Measurement –

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

AMBERCARE CORPORATION, INC. 401(K) PROFIT SHARING PLAN
Notes to Financial Statements
December 31, 2018 and 2017

NOTE 3— FAIR VALUE MEASUREMENTS (continued)

- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets liabilities in active markets; inputs other than quoted prices that are observable for the asset or liabilities; and inputs that are derived principally from has a specified (contractual) term, the Level 2 input.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017.

Registered investment companies (mutual funds):

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. Three mutual funds held by the plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The registered investment companies are classified within Level I of the valuation hierarchy.

Money market account: Money Market accounts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The following table discloses by level, the fair value hierarchy, of the Plan's assets at fair value as of December 31, 2017:

Investment Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 6,263,186	-	-	\$ 6,263,186
Money market account	375,796	-	-	375,796
Investment at fair value	\$ 6,638,982	-	-	6,638,982

Notes to Financial Statements
December 31, 2018 and 2017

NOTE 3– FAIR VALUE MEASUREMENTS (continued)

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statements of the changes in net assets available for benefits.

NOTE 4 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes that it is no longer subject to income tax examinations for years prior to 2015.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of registered investment company funds managed by American Funds Service Company. American Funds Service Company is the custodian of the Plan and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.
