NOTE 1--DESCRIPTION OF PLAN

The following description of the Ace Parking Management, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General	:	The Plan, which was originally adopted on June 1, 1996 and restated on October 16, 2017, is a defined contribution plan covering substantially all employees of Ace Parking Management, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrative Committee is responsible for oversight of the Plan and determines the appropriateness and monitors performance of the Plan's investment offerings.
Contributions	:	Participant salary reduction contributions: Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Such contributions are 100% vested and non-forfeitable. Participant contributions are subject to certain Internal Revenue Service (IRS) limitations. Participant rollover contributions: Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover).
Eligibility to participate	:	Employees who have reached age eighteen and have completed three months of service are eligible to participate in the Plan as of the next succeeding entry date, which is the first day of the plan quarter. All new employees are automatically enrolled in the Plan upon meeting the eligibility requirements.
Forfeitures	:	At December 31, 2018 and 2017, forfeited nonvested accounts held by the Plan totaled $67,969 and $67,635. These accounts will be allocated to pay administrative expenses of the Plan. During 2018, forfeited nonvested accounts totaling $150 were used to pay administrative expenses of the Plan.
Notes receivable from participants	:	Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, is set at 1% above the prime rate, as defined.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Participant accounts	:	Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant has not elected investment options, contributions will be directed to the default investments as determined by the plan administrator. Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's salary reduction and rollover contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
Payment of benefits	:	On termination of service due to death, disability, or retirement, a participant may elect to receive installment payments or a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The distribution shall be made to the participant or beneficiary in accordance with the election of the participant. Participants may defer receiving these benefits until their normal retirement age if their vested account balance exceeds $5,000. Participants may also elect to withdraw in cash certain vested amounts within the his or her contribution account to the extent necessary to meet a financial hardship, in accordance with the regulations and rulings of the Internal Revenue Code. After the withdrawal, a stipulated period of time must lapse, as defined by the Plan, before a participant can make additional contributions.
Vesting	:	Participants are vested immediately in their participant salary reduction and rollover contributions plus actual earnings thereon.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting	:	The financial statements of the Plan are presented on the accrual basis of accounting.
Administrative expenses	:	Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of the Plan, administration of notes receivable from participants and distributions from participant accounts are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.
Investment valuation and income recognition	:	Investments are reported at fair value except for the fully benefit responsive investment account with an insurance company which is valued at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition (continued)		Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.
Notes receivable from participants	:	Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses have been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.
Payment of benefits	:	Benefits are recorded when paid.
Subsequent events	:	The Plan has evaluated subsequent events through October 11, 2019, the date the financial statements were available to be issued.
Use of estimates	:	The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 3--CERTIFIED INFORMATION

The following is a summary of the certified information regarding the Plan, included in the Plan's financial statements and supplemental schedules that was prepared by or derived from information prepared by Ameritas Mutual Holding Company, the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that the information is complete and accurate as of December 31, 2018 and 2017. Certified information is summarized as follows:

	2018	2017
Investments at fair value		
Pooled separate accounts	$ 2,748,586	$ 2,383,748
Common/collective trusts	7,678,079	8,121,054

Guaranteed investment contract, at contract value	886,696	783,875
Notes receivable from participants	462,451	338,422
Total investments and assets certified by the custodians	$ 11,775,812	$ 11,627,099

NOTE 3--CERTIFIED INFORMATION (Continued)

Changes in net assets certified by the custodians and not audited for the year ended December 31, 2018, include the following:

Net depreciation in fair value of investments	$	(795,471)
Interest income on investments		18,580
Interest income on notes receivable from participants		136
Administrative expenses		(99,657)

NOTE 4--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 and a description of the valuation methodologies used for assets measured at fair value are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The Plan held no level 1 assets as of December 31, 2018 and 2017.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The Plan held no level 2 assets as of December 31, 2018 and 2017.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan held no level 3 assets as of December 31, 2018 and 2017.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4--FAIR VALUE MEASUREMENTS (Continued)

Pooled separate accounts are valued at NAV. As of December 31, 2018 and 2017, the pooled separate accounts total value was $2,748,586 and $2,383,748, respectively. Pooled separate accounts are valued at the quoted net asset value of the shares held by the Plan at year-end.

Common/collective trusts are valued daily and have a daily redemption period. There are no unfunded commitments for the common/collective trusts held by the Plan as of December 31, 2018 and 2017. The total value of the common/collective trusts were $7,678,079 and $8,121,054 at December 31, 2018 and 2017, respectively.

NOTE 5--INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive guaranteed investment contract with Ameritas Mutual Holding Company. Ameritas Mutual Holding Company maintains the contributions in a general account. The account is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment account. Contract value, as reported to the Plan by Ameritas Mutual Holding Company, the custodian of the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts at December 31, 2018 and 2017, were $886,696 and $783,875, respectively. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on the formula established by the contract issuer but may not be less than zero percent. The crediting interest rate is reviewed and determined by the contract issuer semiannually. The contract cannot be terminated before the schedule maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer, such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deleting of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestiture or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemptions under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 7--TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 8--PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of pooled accounts, common/collective trusts and a guaranteed investment contract managed by Ameritas Mutual Holding Company. Ameritas Mutual Holding Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 9--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Schedule C, Line 2(h) Formula Description

Description of Unit Value Calculations

Separate account investments are record kept using unit values.

The pooled separate accounts are invested in mutual funds at NAV. The allocation of these funds is based on the units and unit value for each product and plan invested in the pooled separate account.

Both the number of units, and unit value is available for any plan's funds and can be produced from the system. When multiplied, these will balance to the fair value disclosed on trust reports.

The unit value can and does vary by contract depending on the product invested in. The unit value is determined under the following formula, and is the same calculation for all contracts invested in the pooled separate accounts.

It is through this calculation of the unit value that both earnings and expenses are applied.

Industry Standard Method – Unit Value Calculation

t = current business date
t-1 = prior business date
NAV = Net asset value provided by mutual fund company
MTD daily dividend factor(t) = dividends month to date as provided by the mutual fund company
Declared dividend rate(t) = as provided by the mutual fund company
Short and long term capital gains (t) = S&LT(t) = as provided by the mutual fund company
Gross Investment Factor (GIF) = daily rate change in the NAV including dividends and capital gains
Daily Expense Factor = the expense rate specific to a contract
Net Investment Factor = the daily rate change in the gross investment factor after application of contract specific expenses
Unit Price = the contract specific price in which units are purchased and redeemed for a specific fund

$$\text{Gross Investment Factor(GIF)} = \frac{\text{NAV(t) + MTD daily div factor (t) + declared dividend rate (t) + S\&LT (t)}}{\text{NAV(t-1) + MTD daily dividend factors(t-1)}}$$

Net Investment Factor(t) = Gross Investment Factor - Daily Expense Factor

Unit Price (t) = Unit Price (t-1) times Net Investment Factor (t)

In order to ensure that each contract has a correct proportionate value of the underlying pooled separate account, each contract's units are multiplied by their contract's unit value and summed across all contracts invested in a particular mutual fund. This is then balanced to the pooled separate account and to the mutual fund company on a daily basis.

The Daily Expense Factor is based on the provisions of the contract, with all investments held by Ameritas Life Insurance Corp being charged the same annualized rate.
