TRICORBRAUN 401(k) PLAN

Notes to Financial Statements

December 31, 2018 and 2017

NOTE A – DESCRIPTION OF PLAN

The following description of the TricorBraun 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

TricorBraun Inc. is the adopting employer and the Plan administrator. The Plan is a 401(k) defined contribution plan covering substantially all eligible employees of TricorBraun Inc. and its U.S. subsidiaries (Company). All non-union and non-temporary employees who have completed two months of service and are 21 years of age or older are eligible to participate.

Until July 31, 2018, Vanguard Fiduciary Trust Company ("Vanguard") was the trustee of the Plan assets and executed investment transactions for the Plan. Effective August 1, 2018 BMO Harris Bank N.A. ("BMO Harris Bank") became the trustee of the Plan assets and OneAmerica Retirement Services LLC became the Plan's third party administrator. The Plan's assets were transferred to BMO Harris Bank on August 1, 2018.

The Plan was first established on January 1, 1986. It was most recently amended and restated effective August 1, 2018 with the adoption of the OneAmerica Volume Submitter 401(k) Profit Sharing Plan and included the following changes:

- Vesting computation periods are based on the Plan year instead of anniversary date.
- Maximum deferral was increased to 90% of annual compensation.
- Transfers of participant loans to and from other qualified retirement plans are permitted.

The Plan administrator has appointed an Administrative Committee to control and manage the operations and administration of the Plan. The Plan administrator also established an Investment Committee to review and monitor the Plan's investments. The Investment Committee engages an advisor to provide investment advisory services as a fiduciary, and consulting services.

2. Contributions

Participants may elect to make tax deferred or after-tax Roth contributions of up to 90 percent of their annual compensation (subject to an annual maximum) under a salary deferral agreement into participant directed investment accounts. Participants who have attained age 50 before the end of the plan year are eligible to make additional tax deferred or Roth "catch-up" contributions (subject to an annual maximum).

Newly eligible employees are automatically enrolled into the Plan at a deferral rate of 3%, with 1% annual increases up to 15%, if they do not make a salary reduction election or formally decline enrollment. The Plan also allows eligible employee rollovers.

The Company made matching contributions in 2018 and 2017 equal to 50 percent of participants' tax deferred and Roth contributions up to 6 percent of their eligible compensation. Contributions are subject to certain IRS limitations.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

3. Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and Plan earnings (losses).

Participants direct the investment of their accounts among a variety of investment options provided by the Plan. Participant accounts are credited with the net investment income (loss) of the investments they select, including appreciation and depreciation in fair value of the investments. Participants should refer to available detailed information regarding each of the investment options, including the investment strategies and costs.

Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan (see Note B6).

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions and actual earnings (losses) thereon. Participants become vested in the value of employer matching contributions made subsequent to August 15, 2014 (and actual earnings (losses) thereon) at the rate of 33 ⅓% per year. Participants become vested in the value of employer matching contributions made prior to August 15, 2014 (and actual earnings (losses) thereon) at the rate of 20% per year. Effective August 1, 2018, vesting is calculated based on the Plan year instead of anniversary date (see Note A1). Participants become fully vested in the employer contributions upon death or permanent disability.

5. Notes Receivable from Participants

Participants may borrow from the Plan up to 50 percent of their vested account balance. In no event can the participant borrow less than \$1,000 or more than \$50,000. Loans are secured by the balance in the participant's account.

Loans are for a period not exceeding five years and bear interest at an agreed-upon percentage based on prevailing market rates (4.25% to 6.25% at December 31, 2018). Principal and interest are paid through payroll deductions.

6. Payment of Benefits

In the case of normal retirement, retirement due to permanent disability, or termination of employment, participants may elect to receive the value of their vested plan benefits, in accordance with the provisions of the Plan, in a lump-sum, in non-recurring partial payments or in installment payments. In the event that a participant dies, the beneficiary will receive the value of the participant's vested plan benefits in a lump-sum distribution or in an alternative manner mutually agreed upon by the beneficiary and the Plan administrator.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

7. Participant Hardship Withdrawals and In-Service Distributions

Participants may withdraw any part of their account resulting from deferral contributions in the event of a hardship, as defined in the Plan. The Plan allows for in-service distributions to participants who have attained age 59½.

8. Forfeitures

Forfeitures of nonvested Company contributions are used periodically to reduce future Company contributions or to pay administrative expenses of the Plan. In 2018, employer contributions were reduced by \$47,278 from forfeited non-vested accounts.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows.

1. Basis of Accounting - Modified Cash Basis

The financial statements are prepared on a modified cash basis. Contributions (including corrective contributions) are recorded in the period received by the Plan. Payments of benefits (including corrective distributions), administrative expenses and transfers are recognized when they are paid rather than in the period to which they relate. See Note B3 regarding the recognition of investment income.

2. Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract (see Note H), which is reported at contract value, and the life insurance policies, which are reported at cash value).

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

TRICORBRAUN 401(k) PLAN

Notes to Financial Statements

December 31, 2018 and 2017

NOTE B – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

3. Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments sold during the year as well as held at year end.

The investment gains and losses are net of related costs, including fund management expenses.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

5. Excess Contributions

Excess contributions, if any, are netted against contributions received in the statement of changes in net assets available for benefits. There were no excess contributions for the year ended December 31, 2018. There were \$179 of excess contributions for the year ended December 31, 2017; they were distributed to the applicable participants prior to March 15, 2018.

6. Administrative Expenses

Certain expenses of maintaining the Plan, such as auditing fees, are paid directly by the Company and are excluded from these financial statements. Fees related to benefit payments and the administration of notes receivable from participants, amounting to \$6,300 in 2018, are charged directly to the participants' accounts and are included in administrative expenses. Loan origination fees are deducted from the loan proceeds paid to the participants.

Fees related to the investment advisor, amounting to \$50,000 in 2018, and record keeping (beginning August 1, 2018), amounting to \$14,921 in 2018, were paid out of plan assets with pro rata deductions from participants accounts based on account balances. Investment advisor and record keeping fees are included in administrative expenses.

7. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued.

NOTE D – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Company has accepted the certifications of the Plan's trustees as to the accuracy and completeness of the investment information included in the accompanying financial statements and supplemental schedules, and instructed the Plan's independent accountants not to perform any auditing procedures with respect to such information. Accordingly, the following information was certified by BMO Harris Bank as of December 31, 2018 and for the period August 1, 2018 through December 31, 2018, and Vanguard as of December 31, 2017 and for the period January 1, 2018 through July 31, 2018, and was not subject to any auditing procedures, except for comparing such information with the related information contained in the accompanying financial statements and schedule:

- Investments at fair value and contract value as of December 31, 2018 and 2017 which are included in the statement of net assets available for benefits.
- Dividends, interest and net depreciation in fair value of investments for the year ended December 31, 2018, which are included in the statement of changes in net assets available for benefits.

NOTE D – INFORMATION CERTIFIED BY THE PLAN’S TRUSTEE (CONTINUED)

- Party-in-interest transactions for the year ended December 31, 2018, which are described in Note F.
- All information regarding assets held by the Plan at December 31, 2018, included in the Schedule of Assets Held at End of Year.

NOTE E – TAX STATUS

Effective October 12, 2017, the Plan was restated with a Vanguard volume submitter plan document whose basic design was approved by the IRS on March 31, 2014 as satisfying the basic requirements of ERISA. The Plan was restated with a OneAmerica volume submitter plan document effective August 1, 2018 (see Note A1) whose basic design was approved by the Internal Revenue Service (IRS) on March 31, 2014 as satisfying the requirements of ERISA.

The approval of the general form of the volume submitter plans by the IRS can be relied upon to the same extent as a determination letter or ruling as to whether an individually designed plan qualified under the Internal Revenue Code (IRC) Section 401(a). The Plan administrator believes that the Plan is designed and operates in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management’s evaluation is that there are no such liabilities.

The Plan is currently not under audit by any taxing jurisdiction for any tax period. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE F – PARTY-IN-INTEREST TRANSACTIONS

Effective August 1, 2018, BMO Harris Bank is custodian of the Plan’s investment assets and the directed trustee, and therefore is considered a party-in-interest as defined by ERISA. As of December 31, 2018, Plan investments held by BMO Harris Bank totaled \$81,144,093.

Effective August 1, 2018, the Plan entered into an investment contract with American United Life Insurance Company (AUL), the AUL Stable Value Account (see Note H). AUL is an affiliated company of the Plan’s third party administrator, OneAmerica Retirement Services LLC. At December 31, 2018, this investment had a total contract value of \$8,331,156.

Certain plan investments are shares of mutual funds managed by Vanguard affiliates. Through July 31, 2018 Vanguard was the custodian as defined by the Plan and the directed trustee, and, therefore, these transactions qualify as party-in-interest transactions. At December 31, 2017, these investments had a total aggregate fair market value of \$82,837,065. As of December 31, 2017, the total Plan investments held by Vanguard totaled \$86,495,755.

As described in Note B6, certain expenses of maintaining the Plan are paid directly by the Plan Sponsor.

These transactions are allowable party-in-interest transactions under Section 408(b)(8) of the ERISA regulations.

NOTE G – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Mutual funds, with fair values of \$72,665,757 and \$86,495,755, at December 31, 2018 and 2017 respectively, are valued within Level 1 of the fair value hierarchy.

Life insurance policies, with cash values of \$147,180 and \$140,494, at December 31, 2018 and 2017, respectively, are reported at their cash values and are not subject to fair value measurements.

See Note H regarding investments valued at contract value.

NOTE H – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

On August 1, 2018, the Plan entered into an investment contract with American United Life Insurance Company (AUL), the AUL Stable Value Account. The AUL Stable Value Account is an interest-earning investment option, backed by AUL's general account assets. AUL is contractually obligated to repay the principal and interest. Interest is credited at a rate declared prior to the beginning of a calendar year and is guaranteed for that year until the new rate is set for the next year. No guaranteed rate may be less than an annual effective interest rate of zero percent. This investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the investment contract at December 31, 2018 was \$8,331,156.

The Plan's ability to receive amounts due in accordance with the fully-benefit responsive investment contract is dependent on AUL's ability to meet its financial obligations. AUL's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Withdrawals from the contract for other than the payment of benefits may be subject to a market value adjustment. Certain restrictions may apply with respect to transfers from the account. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
