TOURNESOL SITEWORKS, LLC
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2018 AND DECEMER 31, 2017

Note 1. DESCRIPTION OF THE PLAN:

The following brief description of Tournesol Siteworks, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

Reliance Trust Company is the custodian and trustee of the Plan assets.

General:

The Plan is a defined contribution plan covering employees of Tournesol Siteworks, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(k) of the Internal Revenue Code.

Acquisition:

The Company acquired Leader Manufacturing, Inc. during the year ended December 31, 2017. On March 21, 2018, participant accounts from the old Leader Manufacturing, Inc. 401(k) plan were transferred into the Plan as a rollover contribution.

Eligibility:

All employees are eligible to participate in the Plan excluding employees covered by a collective bargaining agreement and nonresident aliens. Employees must be 21 years of age to participate. Eligibility for employee deferrals and employer matching contributions is attained when participants complete 12 months of service in which they work a minimum of 1,000 hours. Plan entry is the month following meeting the applicable eligibility requirements.

Employee contributions:

Participants may contribute up to 90% of their annual wages subject to annual limits as established by the Internal Revenue code. The maximum annual amount that can be contributed to a 401(k) arrangement as an elective deferral, that is, as a pre-tax contribution, is $18,500 for the year ended December 31, 2018. Individuals age 50 or over by the end of the plan year are allowed to make additional contributions to a 401(k) plan, in excess of the standard limits. Such additional contributions will be limited to the lesser of a specified dollar amount ($6,000 in 2018) or the participant's compensation for the year reduced by the participant's other elective deferrals.

Employer contributions:

Matching contributions:

For each plan year, the Company may make discretionary matching employer contributions to the Plan in the amount determined by the Company, not to exceed 4% of the eligible participant's compensation for the plan year.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocation of plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account value.

TOURNESOL SITEWORKS, LLC
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2018 AND DECEMER 31, 2017

Note 1. DESCRIPTION OF THE PLAN (Continued):

Notes receivable from participants:

The Plan allows participants to borrow up to 50% of their vested account balance with a maximum loan amount of $50,000. Loans must be repaid within five years unless used to purchase a primary residence. Loans used to purchase a primary residence must be repaid in 30 years. Participants are allowed up to two active loans at one time. Interest is charged at prime rate plus two percentage points and is credited to the specific participant's account. The interest rate is fixed as of the date of loan issuance.

The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans, which would be used under similar circumstances. Principal and interest are paid ratably through payroll deductions and the participant may make additional payments directly to Reliance.

Vesting:

Participants are immediately 100% vested in their contributions, employer contributions and earnings thereon.

Forfeited accounts:

At December 31, 2018 forfeited accounts totaled $446. These accounts may be used to pay plan administrative expenses and to reduce future employer contributions. For the year ended December 31, 2018, $1,104 from forfeited accounts was used to reduce employer contributions. Forfeitures are generated if employer matching contributions allocated to participant accounts are higher than employee elective deferrals for the Plan year.

Payment of benefits:

Participant contributions are available for withdrawal at the participant's death, retirement, total disability, age 59 ½, or termination of employment with the Company. Participants who qualify for benefits and withdrawals are entitled to a lump-sum distribution of his or her vested account balance.

Administrative expenses:

Administrative expenses of the Plan may be paid by the Company and any such expenses not paid by the Company shall be paid by the Plan.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Method of accounting:

The financial statements are prepared using the accrual basis of accounting and in accordance with ERISA.

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2018 AND DECEMER 31, 2017

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Investment valuation and income recognition:

Investments are generally included in the financial statements at fair value as reported to the Plan by Reliance Trust Company. Shares are stated at quoted market value. Gains and losses on investments are recognized in the period in which the appreciation or depreciation occurs. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in fair value of investments, which consists of the net realized gains or losses and unrealized appreciation or depreciation on those investments.

As described in professional accounting standards, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. However, under FASB ASU2015-12, the amount presented as contract value is now presented at fair value. Investments measured at the fair value using net asset value (NAV) as a practical expedient are no longer categorized within the fair value hierarchy. For the year ended December 31, 2018 the Plan held $0 in fully benefit-responsive investment contracts.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Purchases and sales:

Purchases and sales of securities are recorded on trade date basis.

Payment of benefits:

Benefit payments are recorded when paid.

Date of management's review:

Management has evaluated subsequent events through October 14, 2019, the date which the financial statements were available for issue. Management has concluded that there were no subsequent events to be disclosed or recognized in the financial statements.

Note 3. NATURE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2018 AND DECEMER 31, 2017

Note 4. SIGNIFICANT CONCENTRATION OF CREDIT RISK:

The Plan's investments are held in a trust fund administered by Reliance Trust Company.

The Plan provides for various investment options in any one of a combination of mutual funds that invest in stocks, bonds, fixed income securities and other investment securities. These investments are exposed to various risks, such as credit, interest rate and market. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 5. INFORMATION PREPARED AND CERTIFIED BY ASSET CUSTODIAN (UNAUDITED):

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the custodian certified information regarding the cost and fair value of all investments and notes receivable from participants held at December 31, 2018 and 2017 and investment and notes receivable from participants transactions entered into during 2018, which was used in preparation of the accompanying financial statements and supplemental schedules.

Note 6. FAIR VALUE MEASUREMENTS:

The professional accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 6. FAIR VALUE MEASUREMENTS (Continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018.

Mutual fund: *Valued at the net asset value (NAV) of shares held by the Plan at year end. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.*

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, the fair value hierarchy, the Plan's assets at fair value:

Investments at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,915,137	$ -	$ -	$ 1,915,137

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2018 AND DECEMER 31, 2017

Note 7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA.

Note 8. INCOME TAX STATUS:

The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor by letter March 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.
