To The Trustees and Participants
Storage Deluxe Management Company, LLC Retirement Plan

REPORT ON THE FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of Storage Deluxe Mgt LLC 401(k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. However, because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for expressing an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by Merrill Lynch, Pierce, Fenner & Smith Incorporated, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and the supplementary schedules. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian at and for the years ended December 31, 2018 and 2017, that the information provided to the Plan Administrator by the custodian is complete and accurate.

1. Description of plan

The following description of Storage Deluxe Management Company, LLC Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution retirement plan covering all employees of Storage Deluxe Management, LLC and Uovo Management LLC (the "Company") age 21 or older who have completed three consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants are able to contribute up to 92% of pretax annual compensation, as defined, up to the maximum amount permitted under the Internal Revenue Code ($18,500 for 2018). In addition, participants, aged 50 or older, were able to make a "catch-up" contribution not to exceed $6,000 for 2018. If a newly eligible employee does not specifically decline participation in the Plan, 5% of such employee's eligible compensation is automatically deferred. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers twenty mutual funds as investment options for participants. The Plan permits the Plan Sponsor to make discretionary matching contribution as well as a profit-sharing contribution if it chooses to do so. During 2018, there were no employer discretionary matching contribution made.

Participant accounts - Each participant's account is credited with the participant's contributions and Plan earnings and charged with an allocation of Plan earnings or losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants vest immediately in their contributions plus actual earnings thereon. The Plan Sponsor's contribution vesting is based on year of continuous service. A participant becomes 100% vested after six years of credited service (20% per year, beginning with the second year of credited service).

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of: (a) $50,000 (reduced by the excess of the highest outstanding balance of any loan made during the one year period on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the loan is made) or (b) 50% of the present value of the participant's vested account balance. The loans are to be repaid over a period not to exceed five years, except for loan proceeds used to acquire a home, in which event the term was to be determined by mutual agreement between the Plan and the participant, but in no case longer than 10 years. The loans are secured by the balance in the participant's account and incur interest at a rate determined by the Plan administrator to be reasonable. At December 31, 2018, the interest rates range from 5.25% to 6.25% Principal and interest are paid in level amounts through bi-weekly payroll deductions.

1. Description of plan (continued)

Payment of benefits - Participants who are employees of the Company are entitled to 100% of their vested account balance at age 65, or earlier in the event of death or disability. Benefit payments are to be made in the form of a single, lump-sum payment or installment or annuity contract payments based on the life expectancy of the participant, or the participant's beneficiary. In addition, in-service distributions of up to 100% of elective deferral balances may be made to participants who have reached 59½ years of age. Upon termination of employment, participants whose vested account balance is between $1,000, but less than $5,000 may have their vested account balance distributed to them in full. If the vested portion of the participant's account is greater than $5,000, no distribution or any part thereof may be paid without a written request from the participant.

2. Accounting policies

Basis of accounting - The accompanying financial statements is prepared on accrual basis of accounting and present net assets available for benefits and changes in those net assets.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition - The Plan's investments in mutual funds were stated at fair value as determined by the Plan's custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Purchases and sales of securities are recorded on the trade-date. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis of accounting. The net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as investments held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid balance plus any accrued or unpaid interest, if any. Participant loans which, under the provision of the plan, are deemed delinquent are reclassified as distributions.

Payment of benefits - Benefits are recorded when paid.

Subsequent events - The Plan has evaluated subsequent events through October 15, 2019, which is the date these financial statements were available to be issued. All subsequent events requiring recognition as of December 31, 2018 have been incorporated into these statements.

3. Investments (unaudited)

At December 31, 2018 and 2017, the Plan's investments were held by the custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	2018	***2017***
Mutual funds	$ 1,044,078	$ 773,208
Net (depreciation) appreciation in value	(126,871)	71,399
Dividend and interest income	50,556	24,991

For the year ended December 31, 2018, the net appreciation in the fair value of investments (including investments bought, sold and held during the year) is attributable solely to mutual fund investments.

4. Fair value measurements (unaudited)

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017.

December 31, 2018	***Fair Value***	***Level 1***
Mutual funds		
Fixed income	$ 257,757	$ 257,757
International equity	133,401	133,401
U.S. equity	648,005	648,005
Balanced	4,915	4,915
	$ 1,044,078	$ 1,044,078

December 31, 2017	***Fair Value***	***Level 1***
Mutual funds		
Fixed income	$ 171,545	$ 171,545
International equity	105,100	105,100
U.S. equity	492,687	492,687
Balanced	3,876	3,876
	$ 773,208	$ 773,208

4. Fair value measurements (unaudited) (continued)

Authoritative accounting guidance sets forth a framework for measuring fair value. That framework provides a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan measures fair value using Level 1 inputs whenever possible because they generally provide the most reliable evidence of fair value. To the extent practicable, Level 2 inputs are used by the Plan when the Plan cannot measure fair value using Level 1 inputs, and Level 3 are only used when Level 1 or Level 2 inputs are unavailable. The Plan measures the fair value of all of its investments using Level 1 inputs at December 31, 2018 and 2017.

Level 1 fair value measurements - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 fair value measurements - Inputs other than the quoted prices in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates, and similar data.

Level 3 fair value measurements - Inputs to valuation methodology are unobservable and significant to the fair value measurement. Unobservable inputs are those that reflect the plans own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available in the circumstances. An example could be real estate valuations, which require significant judgment.

The preceding method described may produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per financial statements to Schedule H of the Form 5500 at December 31, 2018 and 2017:

	2018	2017
Net assets available for benefits per the financial statements	$ 1,058,614	$ 797,360
Contribution receivable - current year	(11,487)	(14,361)
Contribution receivable - prior year	14,361	13,532
Contribution adjustment	(2,874)	829
Net appreciation in fair value of investments	526	169
Net assets available for benefits per Form 5500	$ 1,059,140	$ 797,529

The following reconciles the changes in net assets available for benefits per the 2018 financial statements to the Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 261,254
Net appreciation in fair value of investments	357
Net increase in net assets available for benefits per Form 5500	$ 261,611

6. Risks and uncertainties

Although the Plan permits participants to invest in a variety of mutual funds, such investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks will occur in the near term. Such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Financial instruments, which potentially subject the Plan to concentrations of credit risks, consist primarily of mutual funds which invest in debt instruments. The Plan has offered Plan participants options in a variety of bond funds with varying investment objectives as a means of reducing the effects of such risks.

The Plan has a money market mutual fund account which is an investment whose underlying assets consist of high-quality, short-term money market investments issued by U.S. government. Funds in this account, aggregating $64,384 at December 31, 2018, are not insured by the FDIC. The investment objective of the fund is to maintain a stable net asset value of $1 per share, liquidity, and earn income commensurate with yields on high-quality, short-term investments.

7. Related party transactions

For the 2018 plan year, some costs of administering the Plan, principally professional fees amounting to $13,150, were paid by the Plan Sponsor.

8. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. Tax status

The Plan is operating under an adoption agreement of a non-standardized prototype plan structured by its third-party administrator. The Internal Revenue Service (IRS) has reviewed the terms of the revised prototype plan and has indicated by a letter dated April 10, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to its terms and conditions; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's income tax filings for its initial year of operations ended December 31, 2017 and all future years, will be subject to examinations by the Internal Revenue Services for three years following its filing date.

REPORT ON THE FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of Storage Deluxe Mgt LLC 401(k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. However, because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for expressing an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by Merrill Lynch, Pierce, Fenner & Smith Incorporated, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and the supplementary schedules. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian at and for the years ended December 31, 2018 and 2017, that the information provided to the Plan Administrator by the custodian is complete and accurate.

1. Description of plan

The following description of Storage Deluxe Management Company, LLC Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution retirement plan covering all employees of Storage Deluxe Management, LLC and Uovo Management LLC (the "Company") age 21 or older who have completed three consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants are able to contribute up to 92% of pretax annual compensation, as defined, up to the maximum amount permitted under the Internal Revenue Code ($18,500 for 2018). In addition, participants, aged 50 or older, were able to make a "catch-up" contribution not to exceed $6,000 for 2018. If a newly eligible employee does not specifically decline participation in the Plan, 5% of such employee's eligible compensation is automatically deferred. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers twenty mutual funds as investment options for participants. The Plan permits the Plan Sponsor to make discretionary matching contribution as well as a profit-sharing contribution if it chooses to do so. During 2018, there were no employer discretionary matching contribution made.

Participant accounts - Each participant's account is credited with the participant's contributions and Plan earnings and charged with an allocation of Plan earnings or losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants vest immediately in their contributions plus actual earnings thereon. The Plan Sponsor's contribution vesting is based on year of continuous service. A participant becomes 100% vested after six years of credited service (20% per year, beginning with the second year of credited service).

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of: (a) $50,000 (reduced by the excess of the highest outstanding balance of any loan made during the one year period on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the loan is made) or (b) 50% of the present value of the participant's vested account balance. The loans are to be repaid over a period not to exceed five years, except for loan proceeds used to acquire a home, in which event the term was to be determined by mutual agreement between the Plan and the participant, but in no case longer than 10 years. The loans are secured by the balance in the participant's account and incur interest at a rate determined by the Plan administrator to be reasonable. At December 31, 2018, the interest rates range from 5.25% to 6.25% Principal and interest are paid in level amounts through bi-weekly payroll deductions.

1. Description of plan (continued)

Payment of benefits - Participants who are employees of the Company are entitled to 100% of their vested account balance at age 65, or earlier in the event of death or disability. Benefit payments are to be made in the form of a single, lump-sum payment or installment or annuity contract payments based on the life expectancy of the participant, or the participant's beneficiary. In addition, in-service distributions of up to 100% of elective deferral balances may be made to participants who have reached 59½ years of age. Upon termination of employment, participants whose vested account balance is between $1,000, but less than $5,000 may have their vested account balance distributed to them in full. If the vested portion of the participant's account is greater than $5,000, no distribution or any part thereof may be paid without a written request from the participant.

2. Accounting policies

Basis of accounting - The accompanying financial statements is prepared on accrual basis of accounting and present net assets available for benefits and changes in those net assets.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition - The Plan's investments in mutual funds were stated at fair value as determined by the Plan's custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Purchases and sales of securities are recorded on the trade-date. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis of accounting. The net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as investments held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid balance plus any accrued or unpaid interest, if any. Participant loans which, under the provision of the plan, are deemed delinquent are reclassified as distributions.

Payment of benefits - Benefits are recorded when paid.

Subsequent events - The Plan has evaluated subsequent events through October 15, 2019, which is the date these financial statements were available to be issued. All subsequent events requiring recognition as of December 31, 2018 have been incorporated into these statements.

3. Investments (unaudited)

At December 31, 2018 and 2017, the Plan's investments were held by the custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	2018	***2017***
Mutual funds	$ 1,044,078	$ 773,208
Net (depreciation) appreciation in value	(126,871)	71,399
Dividend and interest income	50,556	24,991

For the year ended December 31, 2018, the net appreciation in the fair value of investments (including investments bought, sold and held during the year) is attributable solely to mutual fund investments.

4. Fair value measurements (unaudited)

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017.

December 31, 2018	***Fair Value***	***Level 1***
Mutual funds		
Fixed income	$ 257,757	$ 257,757
International equity	133,401	133,401
U.S. equity	648,005	648,005
Balanced	4,915	4,915
	$ 1,044,078	$ 1,044,078

December 31, 2017	***Fair Value***	***Level 1***
Mutual funds		
Fixed income	$ 171,545	$ 171,545
International equity	105,100	105,100
U.S. equity	492,687	492,687
Balanced	3,876	3,876
	$ 773,208	$ 773,208

4. Fair value measurements (unaudited) (continued)

Authoritative accounting guidance sets forth a framework for measuring fair value. That framework provides a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan measures fair value using Level 1 inputs whenever possible because they generally provide the most reliable evidence of fair value. To the extent practicable, Level 2 inputs are used by the Plan when the Plan cannot measure fair value using Level 1 inputs, and Level 3 are only used when Level 1 or Level 2 inputs are unavailable. The Plan measures the fair value of all of its investments using Level 1 inputs at December 31, 2018 and 2017.

Level 1 fair value measurements - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 fair value measurements - Inputs other than the quoted prices in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates, and similar data.

Level 3 fair value measurements - Inputs to valuation methodology are unobservable and significant to the fair value measurement. Unobservable inputs are those that reflect the plans own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available in the circumstances. An example could be real estate valuations, which require significant judgment.

The preceding method described may produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per financial statements to Schedule H of the Form 5500 at December 31, 2018 and 2017:

	2018	2017
Net assets available for benefits per the financial statements	$ 1,058,614	$ 797,360
Contribution receivable - current year	(11,487)	(14,361)
Contribution receivable - prior year	14,361	13,532
Contribution adjustment	(2,874)	829
Net appreciation in fair value of investments	526	169
Net assets available for benefits per Form 5500	$ 1,059,140	$ 797,529

The following reconciles the changes in net assets available for benefits per the 2018 financial statements to the Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 261,254
Net appreciation in fair value of investments	357
Net increase in net assets available for benefits per Form 5500	$ 261,611

6. Risks and uncertainties

Although the Plan permits participants to invest in a variety of mutual funds, such investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks will occur in the near term. Such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Financial instruments, which potentially subject the Plan to concentrations of credit risks, consist primarily of mutual funds which invest in debt instruments. The Plan has offered Plan participants options in a variety of bond funds with varying investment objectives as a means of reducing the effects of such risks.

The Plan has a money market mutual fund account which is an investment whose underlying assets consist of high-quality, short-term money market investments issued by U.S. government. Funds in this account, aggregating $64,384 at December 31, 2018, are not insured by the FDIC. The investment objective of the fund is to maintain a stable net asset value of $1 per share, liquidity, and earn income commensurate with yields on high-quality, short-term investments.

7. Related party transactions

For the 2018 plan year, some costs of administering the Plan, principally professional fees amounting to $13,150, were paid by the Plan Sponsor.

8. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. Tax status

The Plan is operating under an adoption agreement of a non-standardized prototype plan structured by its third-party administrator. The Internal Revenue Service (IRS) has reviewed the terms of the revised prototype plan and has indicated by a letter dated April 10, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to its terms and conditions; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's income tax filings for its initial year of operations ended December 31, 2017 and all future years, will be subject to examinations by the Internal Revenue Services for three years following its filing date.
