EARTHLITE 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Earthlite 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Effective January 1, 2005 Earthlite Massage Tables, Inc. (the "Company" or "Employer") established and adopted the Plan for its employees. The Plan is a defined contribution 401(k) savings plan covering substantially all employees who are 18 years old or older and have completed three consecutive months of service and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was amended and restated effective January 1, 2015 to incorporate changes enacted by the Pension Protection Act of 2006 and subsequent legislation. The Plan is administered by an Administrative Committee consisting of one or more persons appointed by the Board of Directors of the Company.

Contributions

Under the terms of the Plan, participants may elect to defer a percentage, a minimum of 1% of their regular earnings from the Company into the Plan. Such salary reduction contributions on a pre-tax basis shall not exceed the maximum Internal Revenue Service ("IRS") dollar limit of $18,500 in 2018 and $18,00 in 2017. Additionally, participants who will be at least age 50 by the end of the tax year may make an additional "catch up" contribution of $6,000 in 2018 and 2017. Participants may also contribute rollover distributions from other qualified plans.

The Company may make matching and nonelective contributions to the Plan. For the years ended December 31, 2018 and 2017 the Company made $36,871 and $33,075 of matching contributions to the Plan. Contributions are subject to certain limitations under IRS regulations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) the Plan earnings or losses. Allocations are based on participant earnings or losses or account balances, as defined. Forfeited balances of terminated participants' non-vested accounts are used first to pay administrative expenses of the Plan, then to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (Cont.)

Vesting

Participants are immediately 100% vested in their elective contributions plus actual earnings thereon.

For participants who entered the Plan prior to April 2, 2015 the non-elective employer contribution and matching contribution accounts of a participant are immediately 100% vested.

For participants who entered the Plan after April 2, 2015 the non-elective employer contribution shall vest subject to the following schedule:

Vesting Years Of Service	Vested Percentage
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment Options

Upon enrollment into the Plan, a participant may direct their employee contributions in various percentage increments or dollar amounts among any of the investment options. Participants may change their investment options quarterly.

Payment of Benefits

Upon termination of service for any reason a participant is entitled to the vested value of their accounts. If the vested is value is below $5,000 the participant may receive either a lump sum or have the funds transferred to an IRA or other plan. If the vested value is more than the $5,000 the participant in addition to the options above may also defer benefits to Normal Retirement Age or age 62.

Administrative Expenses

The employer is authorized to reimburse the Plan for all expenses and fees incurred in the administration of the Plan and paid out of the assets of the fund. During 2018 and 2017 the plan expenses were $2,915 and $4,197, respectively.

See independent auditors report.

NOTE 1 - DESCRIPTION OF PLAN (Cont.)

Termination or Modification of the Plan

The Company has the right under the Plan to suspend, modify or discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, all participants will become 100% vested in their accounts.

Date of Management Evaluation

Management has evaluated subsequent events for recognition and disclosure through October 14, 2019, the date on which the financial statements were available to be issued.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual method of accounting and present the net assets available for Plan benefits at December 31, 2018 and 2017 and changes in net assets available for Plan benefits for the years ended December 31, 2018 and 2017.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans are not allowed per the Plan document. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Cont.)

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans are not allowed per the Plan document. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Forfeitures

Upon termination of service, a participant forfeits any non-vested Company contributions. Forfeitures of non-vested participant account balances can be used to pay administrative expenses of the Plan or to reduce the Company's contributions. For the years ended December 31, 2018 and 2017 the Plan reported forfeitures of $63 and $3,989 respectively.

Benefit Withdrawals Paid

Benefits are recorded when paid. For the years ended December 31, 2018 and 2017 the Plan reported distributions of $285,046 and $423,437, respectively, of which $3,170 and $3,205 were corrective distributions, respectively.

NOTE 3 - INCOME TAX STATUS

The Internal Revenue Service has determined the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code. Although the plan has been amended since receiving the determination letter, the plan administrator believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability or asset if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 4 - ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by the trustees of the Plan consisting of one or more persons appointed by the Board of Directors of the Company. At December 31, 2018 and 2017, the assets of the Plan were administered under a custodian agreement with Transamerica Life Insurance Company. The custodian agreement require that the trustees hold, administer and distribute the funds of the Plan in accordance with the text of the Plan and instructions of the trustees.

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 5 – FAIR VALUE MEASUREMENTS (Cont.)

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth a summary of the Plan's investments with a reported NAV:

2018 Investment category	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 1,464,288	0	daily	daily

2017 Investment category	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 1,519,787	0	daily	daily

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

NOTE 6 – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT (STABLE VALUE FUND)

The Plan invests in the Principal Stable Value Fund (the Fund). The Fund is a fully benefit-responsive investment contract with the Transamerica Life Insurance Company (the Contract). The Contract is presented on the face of the statement of net assets available for benefits at contract value which approximated fair value.

NOTE 6 – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT (STABLE VALUE FUND) (Continued)

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Contract does not specify any events which would limit the ability of the Plan to transact at contract value with the issuer or any events that would allow the issuer to terminate the Contract and settle for an amount different from contract value. The Contract provides payment options of the contract value for surrendering the Contract; however, the Company does not intend to surrender the Contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Prior to January 1st and July 1st the effective annual rate of interest is established for the corresponding six month period. Interest is credited based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the sixth month period. There is no stated minimum or maximum interest rate for the Stable Value Option investment. The twelve-month moving average crediting rate for the periods ending December 31, 2018 and 2017 were 0.75% and 0.70%, respectively.

NOTE 7 - PENDING DISTRIBUTIONS

At December 31, 2018 and 2017 there were pending corrective distributions of $3,170 and $3,205, respectively.

NOTE 8- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could affect participants' account balances and the amounts reported in the statements of net assets available for benefits
