Expera Specialty Solutions LLC 401(k) Plan

Notes to Financial Statements

Note 1: Plan Description

The following description of the Expera Specialty Solutions LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Expera Specialty Solutions, LLC (the "Company") and its divisions who have reached the age of 18. However, seasonal employees, interns, and part-time employees not subject to a collective bargaining agreement will become eligible upon completion of 1,000 hours of service in the plan year and reaching the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The 401(k) Plan Committee is responsible for the oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Eligible employees may elect to contribute up to 85% of pretax and aftertax eligible compensation, up to the maximum contribution allowable by the Internal Revenue Service (IRS). The Plan allows participants to roll over distributions from other qualified retirement plans. Rollovers are not matched. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan also includes an auto-enrollment provision whereby all newly eligible full-time employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants, as defined by the Plan, have their pretax deferral rate set at 5% of eligible compensation, subject to an increase of 1% each year thereafter to a maximum of 10% if the participant does not opt out of the automatic enrollment.

The Company makes matching contributions to the Plan based on a participant's location, union status, and if the participant is hourly or salary. For 2018, the matching contribution was as follows:

- Kaukauna union hourly participants receive a match of 100% of participant contributions up to 3% of eligible compensation.
- Mosinee and Rhinelander union hourly participants receive a match of 100% of the first 3% of eligible compensation deferred, plus 50% of the next 2% of eligible compensation deferred.
- Nonunion participants receive a safe harbor match of 100% of the first 6% of eligible compensation deferred.

The Company makes nonelective contributions to the Plan based on a participant's location, union status, and if the participant is hourly or salary. For 2018, the nonelective contribution was as follows:

- Kaukauna union hourly employees receive a nonelective Company contribution of 2.75% - 6.50% of eligible compensation based on years of service
- Mosinee union employees hired on or before June 26, 2013, receive a nonelective Company contribution of 2.50% - 6.50% of eligible compensation based on age and years of service.

Expera Specialty Solutions LLC 401(k) Plan

Notes to Financial Statements

Note 1: Plan Description (Continued)

Contributions (Continued)

- Mosinee union employees hired after June 26, 2013, receive a nonelective Company contribution of 2.75% - 6.50% of eligible compensation based on years of service.
- Rhinelander union hourly employees hired on or before June 26, 2013, receive a nonelective Company contribution of 2.50% - 6.50% of eligible compensation based on age and years of service.
- Rhinelander union hourly employees hired after June 26, 2013 (nonformer employees of Wausau Paper), receive a nonelective Company contribution of 2.75% - 6.50% of eligible compensation based on years of service.

Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of plan earnings (losses) and is reduced for withdrawals and charged with an allocation of administrative expenses. Allocations are based on account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions and Company safe harbor matching contributions plus actual earnings thereon. Vesting for certain participants, as defined by the Plan, in Company matching and nonelective contributions, vest after the completion of three years of service, with no vesting prior to that time. Participants in the Plan prior to January 1, 2015, should refer to the plan document for the specific vesting provisions.

Notes Receivable From Participants

Participants may borrow from their fund accounts a maximum of one note at a time with a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Note terms range from one to five years unless the loan qualifies as a loan for the purchase of a participant's primary residence, which shall not exceed 10 years. The notes are secured by the balance in the participant's account and bear interest at a fixed rate to approximate market rates at the loan inception date. Interest rates ranged from 4.25% to 6.25% at December 31, 2018. Principal and interest are paid ratably through payroll deductions.

Expera Specialty Solutions LLC 401(k) Plan

Notes to Financial Statements

Note 1: Plan Description (Continued)

Payment of Benefits

Upon termination of services for any reason (normal retirement age (59 1/2), disability retirement, death, or termination of employment), a participant will receive a mandatory distribution as a lump-sum amount equal to the value of the participant's vested interest in their account if the balance is less than or equal to \$1,000. If the participant's vested account balance exceeds \$1,000, but less than \$5,000, the mandatory distribution will be made to an individual retirement account or annuity for the participant's benefit. If the account balance is greater than \$5,000, a participant can elect to receive a lump-sum or installments equal to the value of the participant's vested interest in their account. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria were met. The Plan also allows for in-service distributions upon attaining age 59½.

Forfeitures and Unallocated Assets

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's contributions. At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$8,524 and \$55,917, respectively. These accounts will be used to reduce future Company contributions or to pay administrative expenses of the Plan, as directed by the Company. During the year ended December 31, 2018, Company contributions were reduced by \$214,812 from forfeited nonvested accounts.

The Plan, by agreement with Fidelity Management Trust Company ("Fidelity"), receives revenue credits from Fidelity's revenue sharing amounts received from management fees charged by certain funds in excess of an agreed upon level. These revenue credits are placed in an expense reimbursement account which is an asset of the Plan. The funds in this account are available to be used to pay plan expenses or for allocation to participants. At December 31, 2018 and 2017, \$49,354 and \$24,509, respectively, of unallocated assets were available to offset future plan expenses. During 2018 the Plan did not use amounts from this account to pay plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Expera Specialty Solutions LLC 401(k) Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by Fidelity.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the note balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Included in administrative expenses are administrative fees paid by the Plan, fees related to in-service distributions to participants, and loan origination and maintenance fees associated with notes receivable from participants. All other expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment-related expenses are paid through revenue sharing and included in net investment loss.

Subsequent Events

Subsequent events have been evaluated through October 14, 2019, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would be used only if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market fund and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The money market fund and mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 9,352,816	\$ -	\$ -	\$ 9,352,816

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments, notes receivable from participants, and non-interest-bearing cash held at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity, the Trustee of the Plan.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Fidelity, the Trustee. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. The Plan paid administrative fees and investment management service fees to Fidelity of \$269,704 and \$798,795, respectively, for the year ended December 31, 2018.

Strategic Advisors, Inc. is the investment advisor for the Plan. The Plan paid fees of \$61,691 to Strategic Advisors, Inc. for the year ended December 31, 2018.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Expera Specialty Solutions LLC 401(k) Plan

Notes to Financial Statements

Note 7: Tax Status

The Plan adopted a nonstandard volume submitter plan document with an IRS notification letter, which states the volume submitter plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017, to Form 5500:

	2017
Net assets available for benefits per the financial statements	\$ 185,487,787
Deemed distributions on defaulted loans	(1,687)
Net assets available for benefits per the Form 5500	\$ 185,486,100

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements for the year ended December 31, 2018, to Form 5500:

Net decrease in net assets available for benefits per the financial statements	\$ (4,857,107)
