1. Description of Plan

The following description of GrandVision USA Retail Holding Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan provides benefits to all eligible employees of GrandVision USA Retail Holding Corporation (the "Company"). The Plan, as amended, is a defined contribution plan and is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Although it has expressed no intention to do so, the Company retains the right to terminate the Plan. In the event of Plan termination, all amounts credited to participant accounts become fully vested subject to the requirements of ERISA. The Company also retains the right to amend the Plan.

Eligibility:

An employee is eligible to participate in the Plan after three months of service and after reaching age 21.

Contributions:

Participants may contribute up to 90% of their salary or wages through payroll deduction contributions. Each participant is permitted to defer up to the maximum amount allowed by the Internal Revenue Code ("IRC") limited to $18,500 during 2018. Participants over the age of 50 are allowed to contribute an additional $6,000 catch-up contribution. Participant contributions to the Plan are invested as directed by the participants. Brokerage fees incurred pursuant to participant-directed investments are paid solely with the funds from the individual account of the participant.

Each year, the Company may at the option of the Company's Board of Directors, contribute on behalf of each participant a contribution equal to a discretionary percentage of a participant's compensation In addition, the Company may, at its discretion, make a profit-sharing contribution with respect to each plan year. The Company's matching and profit-sharing contributions are invested in the various investment options of the Plan in the same manner as the participants' contributions.

1. Description of Plan (continued)

At the consent of the Company, the Plan allows employees to rollover amounts into the Plan from other qualified plans. The rollover contribution is permitted provided the trust from which the funds are to be transferred permits the transfer to be made and, in the opinion of the Company's legal counsel, such transfer will not jeopardize the tax-exempt status of the Plan or create adverse tax consequences for the Company.

Participants accounts:

Each participant's account is credited with the participant's elective deferral contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan.

Benefits and vesting:

Participants or their beneficiaries are eligible to receive benefits under the Plan upon normal retirement, termination of employment, death or permanent disability or attainment, while in service, of age 59 ½. Subject to vesting requirements, participants or their beneficiaries may elect to receive a lump sum payment, or a direct rollover, as defined.

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested in the Company's contributions plus actual earnings thereon, ratably based upon years of service. Generally, a participant is 100% vested after five years of service.

Notes receivable from participants:

Participants may borrow a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, subject to certain limitations. Notes are repayable through payroll deductions over periods ranging up to five years. The interest rate is determined by the Plan administrator based on prevailing market conditions and is fixed over the life of the loan. Interest rates on outstanding notes range from 4.25% to 6.25% as of December 31, 2018.

Forfeited accounts:

At December 31, 2018 and 2017, forfeited nonvested accounts totaled approximately $11,000 and $12,000, respectively.

2. Summary of Accounting Policies

The following are significant accounting policies followed by the Plan:

Basis of accounting:

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Risks and uncertainties:

The Plan provides for investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of net assets available for benefits.

2. Summary of Accounting Policies (continued)

Recent accounting pronouncements:

The Plan's management continuously monitors and reviews all current accounting pronouncements and standards from the Financial Accounting Standards Board and other authoritative sources of U.S. GAAP. As of December 31, 2018, there were no new pronouncements, interpretations or staff positions that had or were expected to have a significant impact on the financial statements of the Plan.

3. Fair Value Measurements

Investments are reported at fair value. In accordance with Accounting Standards Codification, "Fair Value Measurements," ("ASC 820"), fair value is defined as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of inputs used to measure fair value are as follows:

Level 1	Quoted prices in active markets for identical assets or liabilities.
Level 2	Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
Level 3	Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

3. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2018 and 2017:

Mutual Funds – Fair values for these investments are based on quoted prices in active markets and are therefore classified within Level 1 of the fair value hierarchy.

Collective Trust Funds – These investments are valued based on the information reported by the investment advisor using the audited financial statements of the common collective trust at year-end. The Plan's investments in collective interest trusts are valued based upon the net asset value of units owned by the Plan at year-end. The fair value of the Plan's investments is based on the net asset values of the underlying open-end mutual funds. The Plan's investments in collective trusts are classified as Level 2 investments.

The following tables summarize the Plan's financial assets measured at fair value on a recurring basis as of December 31, 2018 and 2017, segregated among the appropriate levels within the fair value hierarchy:

December 31, 2018	Fair Value	Fair Value Measurements		
		Level 1	Level 2	Level 3
Assets:				
Mutual Funds	$ 13,134,206	$ 13,134,206	$ -	$ -
Collective Trust Funds	209,684	-	209,684	-
Total Investments, at Fair Value	$ 13,343,890	$ 13,134,206	$209,684	$ -

December 31, 2017	Fair Value	Fair Value Measurements		
		Level 1	Level 2	Level 3
Assets:				
Mutual Funds	$ 14,349,312	$ 14,349,312	$ -	$ -
Collective Trust Funds	214,497	-	214,497	-
Total Investments, at Fair Value	$ 14,563,809	$ 14,349,312	$214,497	$ -

4. Financial Data Certified by Trustee

All financial information contained in the accompanying Statements of net assets available for benefits as of December 31, 2018 and 2017 and the Statement of changes in net assets available for benefits for the year ended December 31, 2018 regarding investments and investment income has been certified to the Plan administrator as accurate and complete by Reliance Trust Company in its capacity as Trustee.

5. Tax Status

The prototype plan received a favorable determination letter dated July 16, 2014 from the Internal Revenue Service ("IRS"). Although the Plan itself has not received a determination letter, the Company believes that the Plan was designed and is operated in compliance with the applicable requirements of the IRC.

Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Administrative Expenses

The Company performs certain services on behalf of the Plan for which no fee is charged. Additionally, the Company paid approximately $83,000 of other expenses related to the administration of the Plan for 2018.

7. Related Party Transactions

Certain Plan investments and related transactions as of December 31, 2018 and 2017, and for the year ended December 31, 2018, were in investment funds managed by the Plan's trustee; therefore, these investments and transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. The Plan's transactions with its third-party administrator and record-keeper also qualify as party-in-interest transactions. These transactions are not considered prohibited by statutory exemptions under ERISA.

8. Employer Corrective Receivable

During the years ended December 31, 2016, 2015, and 2014, the Company failed to execute certain employee elective deferral contributions (i.e. did not withhold such amounts from employee compensation and remit to the Plan), which required the Plan Sponsor to make corrective contributions to certain participants totaling $76,056 for 2016, $46,390 for 2015, and $28,719 for 2014. These deferral contributions were included in the schedule of delinquent participant contributions for the year ended December 31, 2017. These amounts were partially corrected during 2017, therefore, the balance was reflected in the accompanying Statements of net assets available for benefits at December 31, 2017 as an employer corrective contribution receivable of $124,481.

9. Subsequent Event

The Plan has evaluated subsequent events through October 15, 2019 the date the financial statements were available to be issued.

Effective January 1, 2019, the Plan changed Trustee from Reliance Trust Company to Wells Fargo Bank, N.A. At the time, all of the Plan assets and Plan obligations were transferred to Wells Fargo Bank, N.A. Effective January 1, 2019, with the change in Trustee, the Plan's fidelity bond with Reliance Trust Company expired. The Plan replaced its fidelity bond effective June 1, 2019. The Plan sponsor believes any claims related to the period from January 1, 2019 through May 31, 2019 would be covered under the new bond.
