Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certification from the custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter – Plan Termination

As discussed in Note 8 to the financial statements, the Board of Trustees of Curae Health 401(k) Savings Plan, the Plan's sponsor, voted on October 18, 2018, to terminate the Plan, and management determined liquidation was imminent as of this date. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2017 financial statements to the liquidation basis used in presenting the 2018 financial statements. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter - 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated October 25, 2018, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplemental Schedule

The supplemental schedule of assets held at year end as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CURAE HEALTH 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Curae Health, LLC ("Company") 401(k) Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan available to all employees of Curae Health, Inc. (Company) who have completed one month of service and are not PRN (as needed) employees, leased employees or the Chief Executive Officer of Strategic Healthcare Resources, LLC. Effective September 15, 2017, employees of Strategic Healthcare Resources, LLC who meet the eligibility requirements are allowed to enter the Plan. PRN employees hired prior to August 1, 2016, are also allowed to participate in the Plan. Participation in the Plan is strictly voluntary, and employees can elect to participate on the first day of the month following satisfaction of the service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is responsible for the administration of the Plan and has entrusted the maintenance of records and the day-to-day administration to Milliman, Inc. who processes transactions through Charles Schwab Bank (the custodian). The Board of Directors of Curae Health, LLC voted to terminate the Plan effective November 30, 2018. See Note 8.

Contributions - Each year, participants may contribute up to 50% of their pre-tax or Roth after-tax annual compensation, as defined in the Plan, up to the IRS Code Section 402(g) limit. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan includes an auto-enroll provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation until changed by the participant. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants can change the investment options previously elected at any time.

The Company makes a matching contribution equal to 25% of the participant's contributions up to 6% of the participant's compensation. Participants are eligible to begin receiving matching contributions at the same time they are eligible for participation in the Plan. The Company may also make discretionary profit sharing contributions. The Plan was amended effective as of May 1, 2017 to contribute a one-time \$40 nonelective contribution to nonhighly compensated employee participants who rolled amounts into the Plan from a previous plan prior to July 31, 2018. The total amount of these contributions for the 2018 year was \$9,200. The Plan was amended effective October 26, 2018 to cease Employer Matching. See Note 8.

Participant Accounts - Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings on the contributions. Vesting in the Company's contribution portion of their accounts is based on years of continuous service in which participants complete 1,000 hours of service. A participant is 100% vested after 2 years of credited service. As a result of the decision to terminate the Plan during 2018, all participants became fully vested in their account balances effective November 30, 2018. See Note 8.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The Plan Administrator has determined that the loan interest rate is to be the prime rate (as quoted in the Wall Street Journal on the day the loan is requested) plus 1%. This interest rate will be reexamined periodically by the Plan Administrator. The interest rate must be comparable to the current interest rates charged by financial institutions for similar loans. The loans are required to bear interest and to be repaid over a period not exceeding five years, except a loan for the purchase of a participant's residence may be repaid over a period not exceeding ten years. Principal and interest are paid regularly through payroll deductions.

Payment of Benefits - If the participant's vested benefit in the Plan does not exceed \$5,000 at the time of termination of employment, the participant's benefit is distributed in a single lump-sum payment as soon as administratively feasible. If the participant's vested benefit in the Plan exceeds \$5,000 at the time of termination of employment, the participant may elect to either maintain their account in the Plan, receive a lump-sum distribution or rollover their account balance into another individual retirement account. Participants may also withdraw their vested account balances at any time on or after the age of 59½, or upon retirement, death or disability.

As a result of the amendment to terminate the Plan, effective November 30, 2018, total vested benefit amounts in excess of \$200 (without limit) may be distributed without the participant's written consent pursuant to the Plan's mandatory distribution provisions. Also, as a result of the termination, the Pension Benefit Guaranty Corporation (PBGC) Missing Participant Program may be used to transfer mandatory distributions in lieu of direct rollover to an Individual Retirement Account or Individual Retirement Annuity. See Note 8.

Distributions pursuant to the Plan termination will be paid at the participants' election by (a) lump sum cash distribution; (b) rollover distribution to an eligible retirement plan; or (c) rollover into a personal IRA account. Distributions of the participant's accrued benefits were made as facilities were sold throughout 2018. The remaining assets of the Plan were all distributed to participants in the Plan by the end of June 30, 2019. See Note 8.

Forfeited Accounts - At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$1,515 and \$11,632, respectively. In 2018, employer contributions were reduced by \$17,258 from forfeited nonvested accounts. Also, in 2018, \$125 and \$414 was allocated from forfeited nonvested accounts to pay administrative expenses and restore participant accounts, respectively.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - Due to the decision to terminate the Plan during 2018, management determined that liquidation of the Plan is imminent and the financial statements for 2018 have been prepared using the liquidation basis of accounting. The 2017 financial statements were prepared by the predecessor auditor as a going concern on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - All investments in the 2018 Statement of Net Assets Available for Benefits are reported at liquidation value. For all investments, except the benefit-responsive investment, fair value approximates the amount the Plan expects to collect at liquidation. For the benefit-responsive investment, contract value approximates the amount the Plan expects to collect at liquidation.

All investments on the 2017 Statement of Net Assets Available for Benefits are reported at fair value except for its benefit-responsive investment contract, which is at contract value (See Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2018 or 2017. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through October 15, 2019, the date the financial statements were available to be issued. See Note 8.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017, respectively.

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
As of December 31, 2018				
Mutual Funds	\$ 13,814,415	\$ 0	\$ 0	\$ 13,814,415
As of December 31, 2017				
Mutual Funds	\$ 14,943,201	\$ 0	\$ 0	\$ 14,943,201

NOTE 4 - STABLE GOVERNMENT FUND

The Plan invests in a collective investment trust of fully benefit-responsive investment contracts held in the Columbia Trust Stable Government Fund (Stable Government Fund). The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the Trustee. Such events include amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract. Upon termination of the Plan in 2018, the Put fee related to the Columbia Trust Stable Government Fund was waived.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation or a material amendment to the agreement without consent of the issuer.

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the Plan Administrator has obtained certification from Charles Schwab Bank, the custodian, that the information in the accompanying financial statements and supplemental schedule, with respect to investments and investment activity is complete and accurate as of December 31, 2018 and 2017 and for the year ended December 31, 2018. The information certified by Charles Schwab Bank is presented based on their certifications.

	2018	2017
Investments at Fair Value	\$ 13,814,415	\$ 14,943,201
Investments at Contract Value	1,067,308	1,379,936
Investment Income (Loss)	(787,855)	N/A

See Independent Auditor's Report.

NOTE 6 - ROLLOVER CONTRIBUTIONS

During 2017, the Company acquired three facilities. An aggregate of \$4,455,091 was rolled into the Plan during the year ended December 31, 2018, and is included in rollovers on the statement of changes in net assets available for benefits.

NOTE 7 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Charles Schwab Bank provides services to the Plan as the custodian, therefore, these investments and transactions qualify as party-in-interest transactions. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

NOTE 8 - PLAN TERMINATION AND SUBSEQUENT EVENTS

In March and May 2018, the Plan Sponsor sold two of their facilities. In August 2018, the Company filed for bankruptcy. On October 18, 2018, the Board of Directors of Curae Health, LLC voted to terminate the Plan effective November 30, 2018. As a result, management determined liquidation was imminent as of this date. Final corrective contributions were deposited on December 11, 2018. As a result, all of the participants of the Plan became fully vested in their accounts. The participants were given the right to withdraw their account balances or roll them over to another plan. In November and December 2018, the Plan Sponsor sold three more of its facilities.

In March 2019, the Plan Sponsor sold the final facility. The final distributions from the plan were made on June 27, 2019.

NOTE 9 - TAX STATUS

The Plan Sponsor adopted a volume-submitter plan sponsored by Sungard Business Systems LLC. The Plan received its latest opinion letter on March 31, 2014. Although the Plan has not applied for its own opinion letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement dates.

GAAP requires Plan Management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The reconciliation of net assets available for benefits per the financial statements to Schedule H of the Form 5500 as of December 31, 2018 and 2017 is as follows:
