1. Description of the Plan

The following is a brief description of the Leviton Manufacturing Co., Inc. Retirement Savings Plan (the "Plan"), which is provided for general information purposes only. The Plan document, related adoption agreement and individual statements provided to each Plan participant should be referred to for more complete information.

General

The Plan is a qualified defined contribution plan covering eligible employees who are members of a controlled group which includes Leviton Manufacturing Co., Inc. and certain affiliates (the "Company"). The Plan provides deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Bank of America, N.A. is the trustee and custodian of the Plan (the "Trustee"). Merrill Lynch, Pierce, Fenner, & Smith, Inc. ("Merrill Lynch"), an affiliate of the Trustee, is the record-keeper of the Plan. The Plan administrator is responsible for overseeing and ensuring compliance with the Plan document. The Plan's trustee, custodian, record-keeper and administrator are appointed by the Company.

During 2018, approximately $3,800,000 of net assets of the Retirement Savings Plan of Leviton Affiliated Employers (formerly the Intense Lighting 401(k) Plan) ("Intense") and other various plans were transferred into the Plan.

Eligibility

The Plan covers all eligible employees as of the first day of the month following the date of hire. Eligibility for all purposes of the Plan has no age limit requirement. The Plan excludes those employees who are: employed in the capacity or designated as an intern or temporary employee, leased employees, collectively bargained and for the affiliates of the Company, its Non-Highly Compensated Employees and Key Employees, as defined.

Participant Contributions

The employees may make rollover contributions and voluntary contributions, to be placed into a trust fund for their benefit. Each participant may elect to defer up to 60% of his or her eligible compensation, as defined, up to the maximum contributions allowed under the Internal Service Code ("IRC") as discussed below. Participants who do not affirmatively elect to have a specified amount contributed automatically have 4% of their eligible compensation, as defined, deferred unless they opt-out of the Plan. If a participant does not make an election as to how the Plan should invest their directed account they will have a Merrill Lynch fiduciary apply generally accepted investment theories to allocate the assets of that participant's individual account.

1. Description of the Plan

Participant Contributions

For 2018, the maximum amount of compensation that may be considered for deferral purposes by participants and employer contributions is $275,000. For 2018, total participant contributions are limited to a maximum of $18,500. Additionally for 2018, individuals who are at least 50 years of age can make a "catch-up" contribution not to exceed $6,000. The maximum annual addition for 2018 that may be contributed or allocated to a participant's account under the Plan shall not exceed the lesser of 100% of a participant's compensation, as defined, or $55,000.

Eligible compensation in relation to contributions means wages, tips and other compensation on Form W-2. Compensation is also adjusted to exclude reimbursements or other expense allowances, fringe benefits (cash or non-cash), moving expenses, deferred compensation (other than deferrals specified as being included in compensation) and welfare benefits.

Employer Matching Contributions

The Company provides for matching contributions of elective deferrals, after the participant has completed one year of service, of 100% of the first 3% of compensation and 50% of the next 2% of compensation for a maximum of 4% of total compensation, limited to the maximum covered compensation level mentioned previously. This matching contribution vests 100% to a participant immediately. Highly compensated employees at one subsidiary are not eligible for the matching contributions.

Employer Profit Sharing Contributions

The Company provides at its sole discretion a profit sharing contribution. The profit sharing contribution, if any, will be allocated based on a point system, in which points are allocated based on an eligible employee's years of service with the Company and level of compensation. To share in the profit sharing contribution, an eligible employee must have completed one year of service, be employed for the entire Plan year and was not eligible to receive a distribution from the Company's Long-Term Incentive Plan, as defined. Certain subsidiaries of the Company are not eligible for the profit-sharing contribution. The profit sharing contribution, if any, is 100% vested immediately. The Company elected to make a profit-sharing contribution of $4,500,000, for the 2018 Plan year was recorded as a receivable at December 31, 2018.

1. Description of the Plan

Rollover Contributions

A Plan participant may make a transfer to the Plan of benefit from a qualified retirement plan of another employer, referred to as a rollover even if they are not a Plan participant.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their voluntary and rollover contributions, Company matching and profit-sharing contributions and Plan earnings thereon.

Participant Accounts

The Plan's record-keeper establishes and maintains a separate account for each participant, which is credited for rollover and voluntary contributions the participants make, Company matching and profit sharing contributions and Plan earnings. Income earned and net appreciation or depreciation on Plan investments, for a given investment, are allocated in proportion to the participant's account balances in that investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Each participant may borrow up to the lesser of: 50% of the participant's vested interest in the account or $50,000. The notes are secured by the vested balance in the participant's account. No note shall be less than $1,000 and only one note at a time is allowed. The notes shall bear a reasonable rate of interest as determined by the Plan administrator. The interest rate on notes outstanding at December 31, 2018, was ranged from 4.25% to 9.25% per annum.

An outstanding note is repayable, with interest, in full at any time or in monthly installments by means of a payroll deduction from the participant's salary over a term not to exceed five years. However, if the note is for the purchase of a principal residence, the Plan administrator may permit a longer repayment term not to exceed 10 years. A note becomes immediately due and payable upon a participant's termination of employment, death or disability.

1. Description of the Plan

ERISA Budget Account

The Trustee through its revenue sharing arrangements ("Shared Revenue") with investment companies, shares a portion of the Shared Revenue with retirement plans which it services. During the year ended December 31, 2018, the Plan received $281,013 of Shared Revenue from the Trustee. Such revenues have been recorded within interest and other income on the Statement of Changes in Net Assets Available for Benefits. For 2018, the ERISA Budgeted Account was used to either reduce Plan expenses or reallocate it to participant accounts. At December 31, 2018, and 2017 the remaining portion of the Shared Revenue, referred to as the ERISA Budget Account, was $0 and $132, respectively, and is included in the investment balance on the Statements of Net Assets Available for Benefits.

Retirement

The normal retirement age is defined as when the participant reaches the age of 65. At the normal retirement date, the participant is entitled to 100% of their account balance. The participant can elect late retirement after the age of 65. A participant, who becomes disabled, as defined in the Plan document, is eligible for a disability retirement. There are no early retirement provisions.

Distribution of Benefits

An active participant, or a designated beneficiary, is entitled to withdraw the entire vested amount (or in some cases, a portion thereof) within 60 days of the close of the Plan year in the event of normal retirement, death, disability, termination of employment, termination of the Plan, attainment of age 59 ½, or under hardship circumstances, as defined in the Plan document. Distributions are made only in the form of a lump sum distribution.

Terminated employees whose vested balance exceeds $5,000 at termination may elect to leave their account balances in the Plan. Participants must begin receiving Required Minimum Distributions, under Internal Revenue Service ("IRS") guidelines, upon reaching the age of 70 ½. Terminated employees whose vested balances are under $5,000 will be subject to an involuntary distribution.

Administrative Expenses

Administrative expenses may be paid out of the Plan or by the Company. Administrative expenses that are to be paid from the Plan are paid from the Plan's trust funds and allocated to all participants on a pro rata basis. The Company incurred certain administrative expenses relating to the Plan without charge to the Plan during 2018.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Recent Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued an Accounting Standards Update ("ASU") No. 2018-13 ("ASU 2018-13"), "*Fair Value Measurement (Topic 820) —Disclosure Framework —Changes to the Disclosure Requirements for Fair Value Measurement",* to modify the disclosure requirements on fair value measurements in Topic 820. Some of the changes to the disclosure includes the removal of the following: (a) the amount and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy; (b) the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. In addition, the following modification were made to the disclosure requirements: in lieu of a rollforward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. ASU 2018-13 is effective for annual reporting periods beginning after December 15, 2019. Early adoption is permitted. The Company is currently evaluating the impact that the adoption of this guidance will have on the Plan's financial statements and related disclosures of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements. Purchases and sales of securities are reflected on a trade date basis. Interest and dividend income are reflected when received. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) of the fair value of its investments, which includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan documents. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Payment of Benefits

Benefit payments to participants or beneficiaries are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks including but not limited to, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Income Tax Status

The Plan is an adoption of a standardized prototype plan that received an IRS opinion letter on July 14, 2017, stating that the prototype plan, as then designed, was then in compliance with the applicable requirements of the IRC. An employer adopting this prototype plan is considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the trust established under the Plan is tax-exempt. No provision for income taxes has been included in the financial statements since the Plan has no unrelated business income tax.

2. Summary of Significant Accounting Policies

Income Tax Status

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or Department of Labor ("DOL"). The Plan administrator has analyzed the tax positions taken by the Plan and had concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the IRS and the DOL, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

4. Investments

For the year ended December 31, 2018, the Plan's investments depreciated (including gains and losses on investments bought and sold, as well as held during the year) in value by $30,814,543.

5. Fair Value Measurements

FASB's Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

5. Fair Value Measurements

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Quoted market prices in active markets for identical assets or liabilities.

Level 2: Quoted prices for similar assets and liabilities; quoted prices for identically similar assets or liabilities in markets that are not active and models for which all significant inputs are observable either directly or indirectly.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

Interest-bearing cash and mutual funds: Valued at the daily closing price as reported by the fund. Interest-bearing cash and mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of the trust company's collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

5. Fair Value Measurements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 9,585,416	$ -	$ -	$ 9,585,416
Mutual funds	216,697,226			216,697,226
Total investment in the fair value heirarchy	$ 226,282,642	$ -	$ -	226,282,642
Common collective trust (a)				45,216,318
Investments, at fair value				$271,498,960

	2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 9,060,154	$ -	$ -	$ 9,060,154
Mutual funds	231,738,078			231,738,078
Total investment in the fair value heirarchy	$ 240,798,232	$ -	$ -	240,798,232
Common collective trust (a)				40,193,289
Investments, at fair value				$280,991,521

(a) In accordance with ASC subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. Fair Value Measurements

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2018, there were no significant transfers into or out of Levels 1, 2 or 3.

Fair Value of Investments in Entities that use Net Asset Value

The following table summarizes investments and associated information for which fair value based is measured using the NAV per share practical expedient as of December 31, 2018 and 2017, respectively:

Fund	2018 Fair Value	2017 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Putnam Stable Value Fund	$45,216,318	$40,193,289	N/A	Daily	30-90 days

6. Related Party and Party-in-Interest Transactions

Certain of the Plan's investments are managed by the Trustee or its affiliates. Also administrative expenses are paid to the Trustee or Merrill Lynch. The transactions with the Trustee and its affiliates qualify as parties-in-interest transactions. Also notes receivable from Plan participants qualify as party-in-interest transactions. The above transactions are not, however, considered prohibited transactions under CFR 408 (b) of the ERISA regulations.

7. Unaudited Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedules.

As of December 31:	**2018**	**2017**
Investments, at fair value	$ 271,498,960	$ 280,991,521
Notes receivable from participants	$ 4,927,055	$ 4,795,383

For the Year Ended December 31, 2018:	
Investment income (loss):	
Net depreciation of the fair value on the investments	$ (30,814,543)
Dividend income from mutual funds	16,384,645
Interest and other income	329,972
Total investment loss	$ (14,099,926)
Interest income on notes receivable from participants	$ 226,440

In addition, the information in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2018, has been certified by the Trustee to be complete and accurate.

8. Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 15, 2019, which is the date the financial statements were available to be issued.
