Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Capitol Home Health Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP). This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investments and investment income of the Plan, which were certified by Voya Retirement Insurance and Annuity Company (the Custodian), except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the Custodian held the Plan's investment assets and executed investment transactions from October 15, 2018 through December 31, 2018. The Plan administrator has obtained a certification from the Custodian as of December 31, 2018, and for the period from October 15, 2018 through December 31, 2018, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on the 2018 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

The supplemental schedule of assets (held at end of year) and the schedule of delinquent participant contributions, as of December 31, 2018, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Other Matter – 2017 Financial Statements and Adjustment to Prior Period

The financial statements of the Plan as of December 31, 2017 were audited by predecessor auditors. Their report dated May 7, 2019 expressed an opinion that such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America. As discussed in the notes to the financial statements, the Company has adjusted its 2017 financial statements retrospectively. We believe such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the Plan's 2017 financial statements other than with respect to the retroactive adjustment, and accordingly, do not express an opinion or any other form of assurance on the 2017 financial statements as a whole.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodian, have been audited by us in accordance with GAAS and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CAPITOL HOME HEALTH INC.
401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

DESCRIPTION OF PLAN

The following description of the Capitol Home Health Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Capitol Health Management, LLC (the "Plan Sponsor" or "Company") and is a single employer defined contribution plan covering substantially all employees of the Company excluding union employees, leased employees, non-resident aliens, and part-time employees who work less than 1,000 hours of service in an eligibility computation period. Employees are eligible to participate in the Plan immediately following attainment of age 21 and completion of three months of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan originally began January 1, 2011.

Plan Amendment

Effective October 15, 2018, the Plan was amended and restated and a new custodian, administrator, and recordkeeper was appointed. Plan assets were transferred to the new custodian into comparable funds. The conversion initiated a blackout period which began September 24, 2018 and ended October 26, 2018. During this time period, contributions could not be applied to the employee selected funds with the custodian or withdrawn from the Plan until the custodian could accurately complete the conversion. Employee contributions were remitted to the Plan at the end of the blackout period and funds were transferred to the investment options requested by each participant.

As part of the restatement, the Plan was amended to reflect the following plan design changes. Employee elective deferral limits of 92% of compensation were removed allowing employees to defer up to 100% of compensation. Notes receivable from participants are no longer permitted. Hardship withdrawals are allowed for immediate and heavy financial needs.

Contributions

Participants may elect to contribute a percentage or dollar amount of their eligible compensation as defined by the Plan. Participants who have attained age 50 by the end of the Plan year are also eligible to make catch up contributions. Participants may select from pre-tax or Roth deferrals. These contributions are elective contributions and are subject to annual limitations established by the Internal Revenue Service (IRS). All eligible employees may make a rollover contribution even if not a participant in the Plan.

DESCRIPTION OF PLAN (Continued)

Contributions (continued)

The Plan Sponsor makes safe harbor matching contributions equal to 100% of the first 3% of total eligible compensation contributed and 50% of the next 2% of total eligible compensation contributed. The safe harbor matching contribution is 100% vested. The Company may also make profit-sharing contributions, at its discretion, based on the employees' taxable wage base for employees age 21 or older who have met one year of eligibility service are either employed on the last day of the Plan year or complete at least 500 hours of service during the Plan year. The Company elected not to make a profit-sharing contribution during 2018.

Investments

Plan participants have the opportunity to direct the investment decisions relating to the assets in their individual account balance. Currently, the Plan offers several investment choices. Participants may change their investment options for future contributions at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, if any, (b) the Company's profit sharing contribution, if any, (c) Plan earnings or losses, and (d) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account balance.

Vesting

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Participants are also 100% immediately vested in the employer matching and profit sharing contributions and related investment earnings.

Notes Receivable from Participants

Participants may borrow from their pretax accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Participants can have one active loan at one time. Loan principal and interest is generally repaid through payroll deductions. Loan terms may not exceed 54 months unless for the purchase of a primary residence. The loans are secured by the balance in the participant's accounts and bear interest at a rate of prime plus 1%. Any loan origination fees will be described in the loan application form, and will be paid from the participant's vested account balance in the Plan. Participants are limited to one loan at a time. Loan prepayments are allowed without penalty. Effective October 15, 2018, new loans are no longer permitted.

DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Distributions generally will be made in the event of retirement, death, disability, resignation, or dismissal. Vested account balances can be distributed by transferring the balance to a different trustee (i.e., rollover) or lump-sum distribution. Vested account balances that do not exceed $5,000 are subject to automatic distribution without participants' consent. Rollover contributions are excluded in determining the $5,000 threshold. All other accounts must receive participant consent before a distribution to the participant can occur.

Hardship Withdrawals

Hardship withdrawals are allowed only for immediate and heavy financial needs.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may vary from those estimates.

Investment Valuation and Income Recognition

The Plan's investments and investment gains (losses) are reflected at fair value, except for fully benefit-responsive guaranteed investment contracts, which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding reduction to contributions. At December 31, 2018, the Plan had excess contributions payable of $456 as reported on the statement of net assets available for plan benefit. There were no excess contributions payable as of December 31, 2017.

Payment of Benefits and Receipt of Contributions

Benefits paid to participants are recorded when paid. Contributions are recorded when deemed a receivable by the Plan.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. These participant fees amounted to $650 for the year ended December 31, 2018, and are included in administrative expenses reported on the statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

PRIOR PERIOD ADJUSTMENT

During the Plan year ended December 31, 2018, the Sponsor became aware of $39,096 in Plan assets that were held under a separate contract which had not been properly transferred into the Plan. These amounts were discovered during the transition to the new custodian. As a result, a prior period adjustment has been reported to properly restate net assets available for benefits at the beginning of the year in the statement of changes in net assets available for benefits.

INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIAN (UNAUDITED)

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, the Custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

a. Investments and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2018.
b. Dividend income and net appreciation (depreciation) in fair value of investments, for the period October 15, 2018 through December 31, 2018 as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2018.
c. The schedule of assets held for investment purposes as of December 31, 2018, as shown in the supplemental schedule.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplement schedule.

FAIR VALUE MEASUREMENTS

Valuation techniques used to measure fair value use a hierarchy, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Valuations based on inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly, such as quoted prices in markets that are not active; other inputs that are observable or can be corroborated by observable market data for substantially the full term of the asset or liabilities.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

FAIR VALUE MEASUREMENTS (Continued)

Our assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of assets and liabilities within the fair value hierarchy. Because of the long-term nature of certain assets and liabilities measured at fair value as well as differences in the availability of market prices and market liquidity over their terms, inputs for some assets and liabilities may fall into any one of the three levels in the fair value hierarchy. GAAP requires us to classify these assets and liabilities in the lowest level in the hierarchy for which inputs are significant to the fair value measurement; a portion of that measurement may be determined using inputs from a higher level in the hierarchy.

The availability of valuation techniques and observable inputs can vary from investment to investment and is affected by a wide array of factors. The estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined.

To the extent that a specific valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. As such, the degree of judgment exercised by the Plan in determining fair value is greatest for investments in Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- *Mutual funds of registered investment companies* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- *Pooled separate accounts* – Valued at the net asset value of shares held by Plan at year end, as determined by Voya Retirement Insurance and Annuity Company. The net asset value is based on the value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily.

FAIR VALUE MEASUREMENTS (Continued)

The following table represents the fair value measurements of assets recognized in the accompanying statement of net assets available for benefits and presents the level that the fair value measurements fall on a recurring basis at December 31, 2018 and 2017 as follows:

	December 31, 2018 Fair Value Measurements Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Registered investment companies	$ 406,834			$ 406,834
Pooled separate accounts	533,512	$ -	$ -	533,512
Total assets categorized in the fair value hierarchy	$ 940,346	$ -	$ -	$ 940,346

	December 31, 2017 Fair Value Measurements Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Registered investment companies	$ 717,011	$ -	$ -	$ 717,011
Total assets categorized in the fair value hierarchy	$ 717,011	$ -	$ -	$ 717,011

The Plan has no financial instruments which were categorized using Level 3 inputs as of December 31, 2018 and 2017.

The Plan recognizes transfers between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the years ended December 31, 2018 and 2017.

FAIR VALUE MEASUREMENTS (Continued)

Fully Benefit-Responsive Investment Contract

The Plan holds an investment contract that comprises a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investments contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the contract value in the investment contract held by the Plan.

	2018	2017
Traditional Investment Contract	$ 104,668	$ -
Total	$ 104,668	$ -

With traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate of no less than 1.0% that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. For the 2018 Plan year, the effective annual rate was 1.00%. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events might be different under each contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

NON-PARTICIPANT DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2018 and 2017.

PARTY-IN-INTEREST TRANSACTIONS

The Plans assets were held and managed by the custodians who invest cash received, interest, and dividend income as directed by participants of the Plan. Fees paid by the Plan for investment management services are included on the statement of changes in net assets available for benefits as shown in the administrative fees noted herein.

The Plan also permits loans to participants through October 15, 2018.

Certain administrative functions are performed by officers and employees of the Company for which the officers or employees receive no compensation from the Plan nor is the Plan charged by the Company for these services.

These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

PLAN TERMINATION

Although no intent to do so has been expressed, the Sponsor has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Plan assets will be distributed in accordance with the Plan document.

DELINQUENT TRANSMITTALS

During the Plan years ended December 31, 2017 and 2018, the Plan Sponsor failed to remit certain participant contributions to the Plan in a timely manner, as defined by ERISA. These late contributions totaling $30,489 during 2017 and $74,277 during 2018 were funded to the Plan during the respective years. The Plan Sponsor intends to compensate participants for lost earnings resulting from the delay in contributions.

VOLUNTARY CORRECTION PROGRAM

Certain computation and coding errors were identified relating to participant deferrals and contribution calculations. The Company intends to make a Voluntary Correction Program under the Employee Plans Compliance Resolution System (EPCRS) outlining the proposed resolution and corrective action. The estimate for corrective contributions are based upon the proposed corrective action in the EPCRS and the Plan provisions. As of December 31, 2018, a corrective contribution is recorded as employer contributions - other, in the accompanying statement of net assets available for benefits. These amounts will be remitted by the Company and credited to participants' accounts as soon as administratively possible.

TAX STATUS

Effective October 15, 2018, the Plan is based on a prototype plan developed by Alliance Benefit group of Houston, Inc. which received a favorable opinion letter dated September 30, 2014 from the IRS stating the prototype plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Prior to that, the Plan was based on a prototype plan developed by Ascensus, Inc. which received a determination letter dated April 2014. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

RISKS AND UNCERTAINTIES

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the financial statements and supplemental schedule.

SUBSEQUENT EVENTS

The Company evaluated events that occurred after the statement of net assets available for benefits date through October 15, 2019, which is the date these financial statements were issued.

The Plan was amended effective January 1, 2019. Significant changes to the Plan include the following:

- Profit share eligibility requirement updated from one year of service with 1,000 hours to six months of service.
- Profit share allocation requirement updated from 500 hours of service or employed on the last day of Plan year to 1,000 hours of service and be employed on the last day of Plan year.
- Match allocation updated from annual to per pay period.
