NBCUNIVERSAL CAPITAL ACCUMULATION PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2018 AND 2017, AND FOR THE YEAR ENDED DECEMBER 31, 2018

1. PLAN DESCRIPTION

The following description of the NBCUniversal Capital Accumulation Plan (the “Plan”) provides only general information. Plan participants should refer to the Plan document and applicable amendments for a more complete description of the Plan’s provisions. Copies of these documents are available from the Plan Sponsor, NBCUniversal, LLC (“Plan Sponsor”).

The Plan is a defined contribution plan qualified under Internal Revenue Code (the “Code”) Sections 401(a), 401(k) and 401(m) covering U.S.-based eligible employees of NBCUniversal Media, LLC (“NBCUniversal”), temporary employees who have completed 1,000 hours of service in the 12-month period following commencement of employment or in any subsequent Plan year, and paid interns who have completed 180 days of employment. NBCUniversal is a wholly owned subsidiary of NBCUniversal, LLC and is the participating company in the Plan. These entities are referred to collectively as the “Company”. The Comcast Investment Committee, the Plan Administrator, controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan’s assets are invested in the Comcast Corporation Employee Savings Plans Master Trust (“Master Trust”) that was established by Comcast Corporation (“Comcast”). Fidelity Management Trust Company is the appointed Trustee of the Plan. The Master Trust allows Comcast to have a uniform investment line-up across the various defined contribution plans, while allowing varying provisions in plan design.

Eligibility is defined as follows: A regular, full-time or part-time employee and either (i) employed in a job classification that is designated by the Company as eligible to participate in the Plan or (ii) part of a collective bargaining unit that is eligible to participate in the Plan. Upon meeting eligibility, employees are automatically enrolled within 30 days of eligibility in the Plan at 3.5% of eligible compensation, with annual automatic increases of 1% of eligible compensation up to 6.5%. Their contributions are invested in one of the Plan’s age appropriate qualified default investment alternative options, unless they opt out of participation or select an investment election. Automatically-enrolled participants may thereafter increase or decrease their contribution. The Company matches 100% of the participant’s contribution up to 3.5% of the participant’s eligible compensation for such payroll period. The Plan also includes an annual true-up feature to help ensure that participants receive the maximum match. The maximum amount of eligible compensation that may be deferred is 50%, subject to certain limits imposed by the Code. Those participants who meet the eligibility requirements may contribute additional amounts, for example for age 50 catch-up, but these additional contributions are ineligible for a Company matching contribution. Rollover contributions represent participant assets transferred to the Plan from other qualified retirement plans.

Individual accounts are maintained for each participant of the Plan. Each eligible participant’s account is credited with the participant’s contribution, the Company’s matching contribution and Plan earnings, and charged with withdrawals, an allocation of Plan losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. A participant is entitled to the benefit that is available in his or her vested account.

Eligible participants are vested immediately in their contributions and the Company’s matching contributions, plus actual earnings thereon. Eligible participants are fully vested in Flexible Retirement Account contributions after six years of service, with partial vesting up to that time as follows: after 2 years 20% vested, after 3 years 40% vested, after 4 years 60% vested, and after 5 years 80% vested.

Each participant has the right, in accordance with the provisions of the Plan, to direct the investment by the Trustee of the Plan of all amounts allocated to the separate accounts of the participant under the Plan among any one or more of the investment fund options. The Trustee pays benefits and expenses upon the written direction of the Plan Sponsor. The participants in the Plan are assessed a \$27 per year administrative fee per account.

Forfeitures, consisting of amounts contributed by the Company that are not fully vested upon a participant’s separation from service and amounts related to unclaimed Required Minimum Distributions as defined by the Code, shall be used to reduce the Company’s required contributions. Pending application of the forfeitures, the Company may direct the Trustee to hold the forfeitures in cash or under investment in a suspense account. If the Plan should terminate with any forfeitures not applied against Company contributions, they will be allocated to then current participants in the proportion that each participant’s eligible compensation for that Plan year bears to the eligible compensation for all such participants for the Plan year. Forfeitures used for the year ended December 31, 2018 and 2017 amounted to \$124,042 and \$17,380, respectively. Outstanding forfeitures not yet applied against Company contributions at December 31, 2018 and 2017 were \$4,020 and \$19,265, respectively.

Any participant who has a separation from service for any reason shall be entitled to receive his/her vested account balance. Upon death, disability or attainment of age 65, a participant's account becomes fully vested in all Company contributions regardless of the participant's years of service. The distribution alternatives permitted are a lump sum payment, annual, quarterly or monthly installments, a rollover into another qualified plan, or any combination of the foregoing.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Presentation

The financial statements of the Plan are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for investment contracts, which are reported at contract value (see below). Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion on fair value measurements.

Investment contracts, such as those included in the Comcast Stable Value Fund, are required to be reported at contract value. Contract value is the relevant measure of fully benefit-responsive investment contracts since that is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 5). As required by GAAP, the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits are presented on a contract value basis.

The Statement of Changes in Net Assets Available for Benefits reflects the net investment gain (loss) from the Plan's interests in the Master Trust which consists of the realized gains or losses and the unrealized appreciation/(depreciation) in fair value, as well as interest and dividends earned. Purchases and sales of investments are reflected as of the trade date. Realized gains and losses on sales of investments are determined on the moving-average cost basis. Dividend income is recorded on the ex-dividend date. Interest earned on investments is recorded on the accrual basis. Net appreciation/(depreciation) includes gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and common collective trust funds are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the related disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. A participant loan is in default if loan repayments are delinquent beyond the end of the Plan's grace period. Defaulted loans are treated as an offset distribution or deemed distribution for tax purposes and become taxable income to the participant in the year in which the default occurs. In the case of an offset distribution, the participant loan balance is reduced and a distribution is recorded on the participant account.

Administrative Expenses

All fees and expenses incurred in connection with the operation and administration of the Plan, including, but not limited to Investment Committee, legal, accounting, actuarial, investment, Trustee, management, and administrative fees are paid out of the Plan, to the extent legally permissible, or by the Company.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no participants who have elected to withdraw from the Plan, but have not been paid as of December 31, 2018 or 2017.

Subsequent Events

The Company has evaluated subsequent events through October 15, 2019, the date the financial statements were issued.

New Accounting Standards

In February 2017, the Financial Accounting Standards Board (FASB) issued updated guidance to clarify presentation requirements for a plan's interest in a Master Trust and require detailed disclosures of the plan's interest in the master trust. The update is effective for fiscal years beginning after December 15, 2018. As permitted by the updated guidance, the Plan has early adopted the updated standard and, as required, has applied it retrospectively. The adoption did not have a material impact on the financial statements.

In August 2018, the FASB issued updated guidance to modify the disclosure requirements on fair value measurements. The update applies to all entities that are required to make disclosures about recurring or nonrecurring fair value measurements under existing GAAP and is effective for all fiscal years beginning after December 15, 2019. This update is not expected to have a material impact on the Plan's financial statements and Plan's management is evaluating the impact of the update on the notes to the financial statements.

3. INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule of assets held, including investments and notes receivable from participants held at December 31, 2018 and 2017 and for the year ended December 31, 2018 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

In addition, the unaudited information included in Notes 4 and 6 and the Supplemental Schedule of Assets (Held at End of Year) has been certified by the Trustee, except for the classification of investments by level of fair value measurement.

4. INVESTMENTS

On September 10, 2013, Comcast established the Master Trust to manage the assets of a number of Comcast and NBCUniversal defined contribution plans. The Trustee was appointed by Comcast to hold, administer, and invest the assets of the Master Trust. As of December 31, 2018, the Master Trust includes the investment assets of the Plan, Comcast Corporation Retirement-Investment Plan, Leisure Arts, Inc. 401(k) Savings Plan, Comcast Spectacor 401(k) Plan and Universal Orlando 401(k) Retirement Plan, and the DreamWorks Animation, SKG, Inc. 401(k) Plan. Each of the plans in the Master Trust maintains a segregated asset portfolio within the Master Trust. Realized gains (losses) on sales of investments, unrealized appreciation (depreciation) of investments, interest and dividend income, other receipts, other disbursements and administrative expenses are allocated to the segregated asset portfolios within the Master Trust. In accordance with GAAP, the net change in value from participation in the Master Trust is reported as one line item in the Statement of Changes in Net Assets Available for Benefits and the Plan's interest in the Master Trust is reported as a single line item in the Statements of Net Assets Available for Benefits.

Because the Plan's portfolio is segregated from the other plans that participate in the Master Trust, the Plan does not have an undivided interest in each investment in the Master Trust. Rather, the Plan has a specific percentage interest in each investment that differs from the overall percentage interest in the Master Trust.

The following is a summary of the Master Trust's Net Assets, and the Plan's divided interest in the Master Trust, as of December 31, 2018 (in thousands):

5. COMCAST STABLE VALUE FUND

As described in Note 2, included in the Comcast Stable Value Fund are fully benefit-responsive investment contracts, which are carried at contract value. The rate at which interest is credited to the Plan is that determined under the contract, consistent with reflecting participant balances at contract value as opposed to the market value of the underlying assets. Interest rates are reset quarterly by the issuers of the investment contracts.

There are certain events, such as the Plan's failure to qualify under Section 401(a) or 401(k) of the Code, which can limit the fund's ability to transact at contract value. At this time, the occurrence of any such limiting event is not probable.

A contract issuer may terminate a contract at any time. Settlement upon termination will be at contract value unless the terms of the contract were not met or the Trustee's authority over the Plan is limited or terminated.

6. FAIR VALUE MEASUREMENTS

Accounting Standard Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a hierarchy that prioritizes fair value measurements based on the types of inputs used for the various valuation techniques. The levels of the hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Consists of financial instruments whose values are based on quoted market prices for identical financial instruments in an active market. |
| Level 2 | <p>Consists of financial instruments that are valued using models or other valuation methodologies. These models use inputs that are observable either directly or indirectly and include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in markets that are not active;• Pricing models whose inputs are observable for substantially the full term of the financial instrument; and• Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means for substantially the full term of the financial instrument. |
| Level 3 | Consists of financial instruments whose values are determined using pricing models that use significant inputs that are primarily unobservable, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The valuation methodologies used for assets measured at fair value are as follows:

Mutual funds: Valued at the closing price of shares held by the Plan at year end. The mutual funds held by the Plan are classified as Level 1 investments as their investment values are based on quoted market prices for identical financial instruments in an active market.

Separate accounts and common collective trusts: Valued at the net asset value of shares held by the Plan at year end. The net asset value as provided by the Trustee is used as a practical expedient to estimate fair value and as a result all are included in the investments measured at net asset value. The redemption frequency of each of these investments is daily. There are no unfunded commitments. Certain withdrawals for other than normal benefit payments and participant-directed transfers may require up to 30 days' notice.

The methods described above may produce a calculated fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes these valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments

could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2018 and December 31, 2017, there were no transfers between levels.

The table below sets forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31, 2018 (in thousands):

	Level 1	Level 2	Level 3	Total
Registered Investment Companies - Mutual Funds:				
Mutual Funds.....	\$ 2,311,817	\$ -	\$ -	\$ 2,311,817
Total assets in the fair value hierarchy.....	<u>\$ 2,311,817</u>	<u>\$ -</u>	<u>\$ -</u>	<u>2,311,817</u>
Investments measured at net asset value (a).....				7,342,601
Total investments at fair value.....				<u>\$ 9,654,418</u>

The table below sets forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31, 2017 (in thousands):

	Level 1	Level 2	Level 3	Total
Registered Investment Companies - Mutual Funds:				
Mutual funds.....	\$ 2,370,863	\$ -	\$ -	\$ 2,370,863

Investments measured at net asset value (a).....				7,443,943
Total investments at fair value.....				<u>\$ 9,814,806</u>

- (a) In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are to permit reconciliation of the fair value hierarchy to the line items presented on the Statement of Net Assets Available for Benefits.

7. NOTES RECEIVABLE FROM PARTICIPANTS

A participant may borrow from his/her Plan account subject to the approval of the Plan Administrator in accordance with applicable regulations issued by the Internal Revenue Service ("IRS") and the Department of Labor. In general, a participant, with a vested plan balance greater than \$1,000 may borrow a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of the participant's non-forfeitable accrued benefit on the valuation date (as defined by the Plan) last preceding the date on which the loan request is processed by the Plan Administrator. Loans are secured by an assignment of the participant's vested interest in the Plan and bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed, as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. General-purpose loan terms shall not exceed five years. For a loan used to purchase a principal residence, the term may not be less than five years nor greater than thirty years.

Interest accrues at the rate of prime plus 1% as of the month the loan application is approved. Principal and interest are paid through payroll deductions or participant initiated payments. Interest rates ranged from 4.25% to 6.25% as of December 31, 2018. Maturities on outstanding loans ranged from 2019 to 2048 as of December 31, 2018. Loan transactions are treated as a transfer between the investment fund and notes receivable from participants.

Effective after a calendar quarter of non-repayment, a loan is considered to be in default. Defaulted loans are treated as distributions for tax purposes and become taxable income to the participant in the year in which the default occurs.

A participant may withdraw all or a portion of his/her benefits derived from salary reduction, rollovers or the vested portion of employer contributions, and earnings thereon, on account of hardship, as defined by the Plan and applicable IRS regulations. Under these rules, the participant must exhaust the possibilities of all other distributions, loans, etc. available under the Plan and meet certain other requirements. Upon receiving a hardship withdrawal, the participant's elective contributions are suspended for six calendar months.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements to the total net assets per the Form 5500 as of December 31, 2018 and 2017 and the increase in net assets available for benefits per the financial statements to the net income per the Form 5500 for the year ended December 31, 2018 is as follows (in thousands):

9. ADMINISTRATION OF THE PLAN

The Comcast Investment Committee, as Plan Administrator, has the authority to control and manage the operation and administration of the Plan and may delegate all or a portion of the responsibilities of controlling and managing the operation and administration of the Plan to one or more persons.

10. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain plan investments are shares of various mutual funds that are owned and managed by the Trustee, who has been designated investment manager.

11. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each affected participant's account balance will become fully vested.

12. FEDERAL TAX CONSIDERATIONS

Income Tax Status of the Plan— The IRS made a favorable determination on the Plan through a letter dated March 22, 2016 stating that the Plan adopted as of January 1, 2016, is qualified under Section 401(a) of the Code and that the trust established under the Plan is tax-exempt. The Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and no provision for income taxes has been included in the Plan's financial statements.

Impact on Plan Participants—Employer contributions and salary reduction contributions, as well as earnings on Plan assets are generally not subject to federal income tax until distributed from a qualified plan that meets the requirements of Sections 401(a), 401(k) and 401(m) of the Code.

Evaluation of Tax Positions— The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan sponsor believes the Plan is no longer subject to income tax examination for years prior to 2015.
