RCCH HEALTHCARE PARTNERS 401(K) PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

(1) Description of plan

The following description of the RCCH Healthcare Partners 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on December 1, 2005, then amended and restated effective January 1, 2017, to provide retirement benefits for employees of RCHP, LLC (the "Plan Sponsor"). The Plan covers substantially all employees who are at least eighteen years old ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In August 2018, the Plan Sponsor acquired Trios Health. As a result of the acquisition, the Trios Health 401k Plan ("Trios 401k") was terminated and participants of the Trios 401k had the option to roll over their balances from the Trios 401k to the Plan. As a result, participant balances totaling approximately \$14,800,000 (which includes \$915,196 of loans) were rolled into the Plan and are included in participant rollovers on the statement changes in net assets available for benefits for the year ended December 31, 2018.

In November 2018, the Plan Sponsor announced a merger with LifePoint Health, Inc. It is expected that the Plan will continue to exist for ongoing employees of RCHP Billings - Missoula, LLC.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"), subject to certain IRC limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan permits automatic enrollment of eligible employees hired on or after January 1, 2017, with a contribution of 6% of eligible compensation unless the participant elects a different percentage. The participant's deferrals increase annually by 1% of compensation, up to a maximum of 12%. Participant contributions are permitted up to 95% of compensation not to exceed the maximum amount deductible for federal tax purposes.

The Plan Sponsor may contribute a discretionary matching contribution. The Plan Sponsor authorized an annual discretionary matching contribution; however, each subsidiary determines its own calculation. The matching contributions of \$2,700,761 and \$2,781,407 are included, net of forfeitures, as receivables in the statements of net assets available for benefits as of December 31, 2018 and 2017, respectively.

RCCH HEALTHCARE PARTNERS 401(K) PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

The Plan also provides that the Plan Sponsor may contribute each year a discretionary profit sharing amount, however, such discretionary contributions by the Plan Sponsor are not required. No discretionary profit sharing contributions were made by the Plan Sponsor during 2018 or 2017.

Plan Sponsor contributions may not exceed the maximum amount deductible for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participants' and Plan Sponsor contributions and allocations of investment earnings (losses) and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's matching and profit sharing contributions and related earnings (losses) is based on years of continuous service. Participants vest pro rata over five years of service.

(e) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balances in the participants' accounts and bear interest at fixed rates ranging from 3.50% to 6.25%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account balance. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution. If the value of a participant's account is less than \$1,000, the total balance is distributed as an automatic lump-sum payment in cash. For participant accounts greater than \$1,000 but less than \$5,000, the value of the participant's account is rolled into an individual retirement account on behalf of the participant, unless the participant elects to receive a lump-sum payment.

RCCH HEALTHCARE PARTNERS 401(K) PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures may be used to pay the administration expenses of the Plan, to restore benefits previously forfeited, and to reduce the Plan Sponsor's contributions to the Plan. At December 31, 2018 and 2017, there were \$148,613 and \$246,755 of forfeited nonvested amounts, respectively. Forfeited nonvested accounts used amounted to \$157,809 and \$342,128 in 2018 and 2017, respectively.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(i) Administrative expenses

Certain administrative expenses are paid by the Plan Sponsor; while certain administrative expenses, as well as investment expenses, are paid by the Plan.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Vanguard Fiduciary Trust Company ("Vanguard"). See Note 4 for discussion of fair value measurements.

RCCH HEALTHCARE PARTNERS 401(K) PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan agreement.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

Management of the Plan has evaluated events and transactions that occurred between December 31, 2018 and October 14, 2019, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements and supplemental schedules, including the fair value of investments and notes receivable from participants held at December 31, 2018 and 2017, net appreciation (depreciation) in fair value of investments, interest on notes receivable from participants, administrative expenses, and dividends for the years ended December 31, 2018 and 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Vanguard.

Notes to the Financial Statements

December 31, 2018 and 2017

(4) Fair value measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- (i) **Mutual funds:** Valued at the net asset value ("NAV") of shares held by the Plan at year end in an active market.
- (ii) **Self-directed investments:** The self-directed investments consist primarily of common stock, mutual funds, and money market funds which are valued at the closing price reported on the active market for common stock held and the NAV of the mutual fund shares held and money market funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- (a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

RCCH HEALTHCARE PARTNERS 401(K) PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

(5) Income tax status

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") on June 23, 2015, in which the IRS stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions withheld from payrolls during 2017, the funds were not remitted timely. Imputed lost earnings for certain late remittances were remitted to the Plan in 2018.

(7) Related party and party-in-interest transactions

Certain plan investments are shares of mutual funds, a collective trust fund, and self-directed investments managed by Vanguard and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions.

(8) Risks and uncertainties

The Plan invests in various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
