GOOD NITE INN RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of Good Nite Inn Retirement Savings Plan (the Plan) are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation

Plan investments are participant-directed. As required under U.S. GAAP, investments are reported at fair value. Fair value is the dollar amount that would be received in a sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest based on the interest rate and repayment terms specified in the loan documents. If a participant does not make loan repayments and the plan administrator considers the loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is reclassified as benefit payment based upon the terms of the plan document.

Income Recognition and Payment of Benefits

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Income from participant contributions is recognized in the period coinciding with the associated payroll deductions. Employer contributions are recognized in the accounting period from which the contribution is determined. Benefit payments are recorded when paid to the participants or in the period when deemed a distribution by the plan administrator.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of plan income and expenses during the reporting period. Actual results could differ from those estimates.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Date of Management's Review
For purposes of measurement and disclosure in these financial statements, management has considered subsequent events occurring through October 14, 2019, the date that the financial statements were available to be issued.

NOTE B - DESCRIPTION OF THE PLAN:

The Plan was adopted as of January 1, 1995 to provide benefits to employees of Good Nite Inn, Inc., its affiliates and successor companies under Internal Revenue Code Section 401(k). The Plan is a voluntary salary-deferral plan designed to enable employees to maintain tax deferred savings account. Since the initial adoption of the Plan, it has been amended and restated to comply with various regulatory, legal and organizational changes.

Effective January 1, 2016, the Plan was amended to adopt Actuarial Consultants, Inc. Defined Contribution Volume Submitter Plan along with a new custodial trustee declaration. The Plan entered into agreements with Actuarial Consultants, Inc. (CBIZ ACI) to serve as the third-party administrator, and Principal Trust Company (Principal) to serve as the custodial trustee.

The following brief description of the Plan is provided for general information only. Participants should refer to the plan agreement for more complete information.

1. Eligibility. Each employee is eligible to participate after completing one year of service with minimum of 1,000 service hours and attaining age 21.

2. Employee Contributions. Employees may contribute up to 87% of their pre-tax annual compensation pursuant to salary deferral agreements subject to maximum amounts allowable by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

3. Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of (a) employer's matching contributions, and (b) Plan earnings (losses), and is charged with allocation of any administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE B - DESCRIPTION OF THE PLAN (Continued):

4. Employer Contributions. The employer may make discretionary contributions to the Plan as defined in the Plan and subject to limitations imposed by the Internal Revenue Code. For the plan years ended December 31, 2018 and 2017, the employer made discretionary matching contributions equal to 50% of each participant's elective deferrals up to a maximum of 6% of the participant's eligible compensation totaling $66,163 and $60,279, respectively. The employer made no other discretionary contributions to the Plan in 2018 and 2017.

5. Vesting. Participants are immediately vested in their contributions, rollovers from other plans and earnings thereon. Employer contributions become 20% vested after 2 years of service as defined by the Plan, plus an additional 20% for each additional year of service.

6. Notes Receivable from Participants. Participants may borrow from their vested fund accounts a minimum of $1,000 and a maximum of the lesser of $50,000 or 50% of their account balance. The notes receivable are secured by the balance in the participants' account. Such notes bear interest at a rate commensurate with the local prevailing rate as determined by the plan administrator and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be longer. Principal and interest are paid ratably through payroll deductions. As of December 31, 2018 and 2017, there were 7 and 8 outstanding participant loans totaling $15,652 and $19,293, respectively. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

7. Forfeited Accounts. Forfeitures shall first be used to pay administrative expenses under the Plan, if so directed by the employer. To the extent that forfeitures are not used to pay Plan administrative expenses, as directed by the employer, forfeitures shall be applied to reduce the employer contributions. During 2018 and 2017, $207 and $106, respectively, of the forfeited non-vested accounts were used to reduce the employer matching contributions. At December 31, 2018 and 2017, forfeited non-vested accounts totaled $5,132 and $5,347, respectively.

8. Expenses of Plan. The Plan absorbs all significant costs of administering the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE B - DESCRIPTION OF THE PLAN (Continued):

9. Payments of Benefits. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, when one of the following events occurs:

    a. The participant reaches normal retirement age as defined by the plan agreement.
    b. The participant terminates employment.
    c. The participant reaches age 59 1/2 and elects to withdraw part or all of his or her account.

    In any case, benefits shall be paid at age 70 1/2. The Plan allows for automatic distribution of terminated participant account balance that does not exceed $5,000. Special provisions apply in the case of death, disability or severe financial hardships.

NOTE C - FAIR VALUE MEASUREMENTS:

The fair value measurements accounting literature establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable input and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE C - FAIR VALUE MEASUREMENTS (Continued):

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Target Date and Stable Value Collective Investment Trust Funds: The fair value of target date and stable value collective investment trust funds is measured at the net asset value (NAV) of units of the collective investment trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Target date collective investment trust funds managed by Principal Global Investors Trust Company invest in various types of investments including underlying Principal funds using an asset allocation strategy designed for investors planning to retire and leave the workforce in or within a few years of the specified target year for each fund. Investments in the trusts are redeemable daily.

Stable value collective investment trust fund managed by Principal Global Investors Trust Company is comprised primarily of fully benefit-responsive investment contracts. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for this fund. Withdrawals directed by the plan sponsor must be preceded by twelve month written notice to Principal Global Investors Trust Company; provided, however, that Principal Global Investors Trust Company may, in its discretion complete any such plan-level withdrawals before the expiration of such twelve-month period.

Mutual Funds: The fair value of mutual funds is measured at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission (SEC), which are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE C - FAIR VALUE MEASUREMENTS (Continued):

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2018:			
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 9,291	$ 9,291	$ -	$ -
Total assets in the fair value hierarchy	9,291	$ 9,291	$ -	$ -
Target date and stable value collective investment trust funds measured at NAV practical expedient *	1,878,811			
Investments at fair value	$ 1,888,102			

	Assets at Fair Value as of December 31, 2017:			
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 2,920	$ 2,920	$ -	$ -
Total assets in the fair value hierarchy	2,920	$ 2,920		
Target date and stable value collective investment trust funds measured at NAV practical expedient *	2,187,139			
Investments at fair value	$ 2,190,059			

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D - INCOME TAXES:

The Plan has been amended and restated to adopt Actuarial Consultants, Inc. Defined Contribution Volume Submitter Plan and Trust effective January 1, 2016, which received an opinion letter dated March 31, 2014 from the Internal Revenue Service. The opinion letter states that the prototype plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Department of Labor. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

NOTE E - TRANSACTIONS WITH PARTIES-IN-INTEREST:

Certain plan investments are managed or sponsored by related affiliates of Principal Trust Company, the trustee of the Plan. These transactions qualify as exempt parties-in-interest transactions under ERISA regulations.

NOTE F - TERMINATION OF THE PLAN:

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - ACCUMULATED BENEFITS DUE TO TERMINATED EMPLOYEES:

Net assets available for Plan benefits included approximately $157,000 and $425,000 of accumulated benefits for terminated employees as of December 31, 2018 and 2017, respectively.

NOTE H - FINANCIAL INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED):

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Principal Trust Company, the trustee of the Plan:

- Investments at fair value as of December 31, 2018 and 2017.
- Investment (loss) income for the years ended December 31, 2018 and 2017.
- Notes receivable from participants as of December 31, 2018 and 2017.
- Interest income on notes receivable from participants for the years ended December 31, 2018 and 2017.
- Information contained in the supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income & Security Act of 1974, auditing procedures were not performed with respect to these assets, the related investment income, gains and losses, and the information contained in the suplemental schedule.

NOTE I - PROHIBITED TRANSACTIONS:

Based on Department of Labor rules, contributions withheld from an employee's wages or paid to the employer by a participant must be remitted to the Plan on the earliest date that such amounts can reasonably be segregated from the employer's general assets but in no event later than the 15th business day of the following month of withholding. The plan administrator has determined that the plan sponsor made late remittance of employee loan repayment withholdings in 2016.

The plan sponsor has corrected this error and the lost earnings have been restored, and any additional costs including taxes or penalties will be borne by the plan administrator or the plan sponsor, should they be incurred.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31,	
	2018	2017
Net assets available for benefits per the financial statements	$ 1,903,754	$ 2,209,451
Contributions receivable at year end	-	(99)
Net assets available for benefits per Schedule H of Form 5500	$ 1,903,754	$ 2,209,352

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2018 to Schedule H of Form 5500:

	2018
Changes in net assets available for benefits per the financial statements	$ (305,697)
Contributions receivable at December 31, 2017	99
Contributions receivable at December 31, 2018	-
Changes in net assets available for benefits per Schedule H of Form 5500	$ (305,598)

NOTE K - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
