PLATINUM PRESS, INC. 401(K) PLAN
Notes to Financial Statements
Years Ended December 31, 2018 and 2017

A. Description of Plan

General

The following description of the Platinum Press, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Platinum Press, Inc. (the "Company"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan, established January 1, 2015, is a defined contribution plan. The Plan was amended effective January 1, 2018, when the Company adopted the Automatic Data Processing ("ADP") Platinum Press Inc. 401(k) Plan Document. This amendment modified which portion of participant compensation was subject to deferrals. For 2017, all compensation as reflected on a participant's Form W-2 was subject to deferrals. For 2018, compensation as reflected on a participant's Form W-2 excluding bonuses, overtime pay, and commissions was subject to deferrals. In addition, the amendment modified eligibility requirements. For 2018, the Plan covered all employees except part time, seasonal, or temporary employees scheduled to work less than 1,000 hours in a year who have attained eighteen years of age and completed six months of service. For 2017, the Plan covered all employees who had attained eighteen years of age and completed either six consecutive months employment or the completion of a year of service (as defined by the Plan), whichever is earlier. For 2018, employees were eligible to become an active participant in the Plan on the first day of the month following the completion of the eligibility requirements. For 2017, employees were eligible to become an active participant in the Plan on January 1 or July 1, following attainment of the eligibility requirements.

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2018, the Company adopted the Automatic Data Processing Platinum Press Inc. 401(k) Plan Document. Approximately $1,640,000 of investments and $57,000 of participant loans were transferred to Reliance Trust Company as the custodian. Effective January 2, 2018, the Company elected to transition the record keeper of the Plan to ADP Retirement Services and the trustee and custodian of the Plan to Reliance Trust Company.

Plan Administration

The Plan is administered by the owners of the Company who also serve as trustees of the Plan. ADP is responsible for the recordkeeping and administration for the Plan effective January 1, 2018. America's 401(k), Inc. was responsible for the recordkeeping and administration for the Plan in 2017. Reliance Trust Company and Capital Bank and Trust Company (the "Custodians"), were responsible for the custody of the Plan's assets for 2018 and 2017, respectively.

Contributions

Under the provisions of the Plan, participants may elect to voluntarily defer up to 100% of their pre-tax annual compensation as defined by the Plan document. Participant contributions are subject to certain annual limitations as prescribed by the Internal Revenue Code (the "Code"), which was $18,500 and $18,000 for 2018 and 2017, respectively. Roth elective deferrals are permitted in the Plan. Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the end of the year are eligible to make catch-up contributions in accordance with, and subject to the limitations imposed by the Code ($6,000 for 2018 and 2017). Participants may make a rollover contribution to the Plan from another qualified plan.

A. Description of Plan *(continued)*

Contributions *(continued)*

The Plan is referred to as a safe harbor 401(k) plan. In order to maintain safe harbor status, the Company makes a safe harbor matching contribution equal to 100% of the first 3% of compensation, as defined by the Plan, and 50% of the next 2% of eligible compensation. The Company made safe harbor matching contributions of approximately $244,000 and $203,000 for 2018 and 2017, respectively. Additional discretionary amounts may be contributed at the option of the Company's owners. No discretionary contribution was provided in 2018 or 2017.

Participant Accounts

A separate account is maintained for each participant and is credited with the participant's voluntary contributions and an allocation of (a) the Company's contributions, and (b) Plan earnings, net of any administrative expenses applicable to the participant. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures of terminated participants' non-vested amounts may be used to pay Plan administrative expenses or to reduce Company matching contributions. There were no non-vested forfeitures as of December 31, 2018 or 2017. No forfeitures were used during 2018 or 2017.

Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company.

Vesting

Participants are immediately vested in their voluntary contributions as well as the qualified safe harbor matching contributions, plus or minus actual earnings or losses thereon. Vesting in discretionary contributions is based on years of service. Participants become 20% vested after two years of service, increasing 20% per year thereafter until they are fully vested after six years of service. Additionally, participants or their beneficiaries become immediately and fully vested in Company contributions and related earnings upon full and permanent disability, normal retirement age, or death.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions, qualified matching contributions, and discretionary contributions to any of the available investment options.

A. Description of Plan *(continued)*

Notes Receivable from Participant Loans

Participants are permitted to borrow from their accounts a minimum amount of $500 up to a maximum amount equal to the lesser of (a) 50% of the vested account balance, reduced by outstanding loan balance; or (b) $50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. A participant may have no more than one loan outstanding at any given time. The loans are secured by the remaining balance in a participant's account and bear an interest rate of prime plus two percent (2%), as of the date of the loan. The rate of interest will be constant throughout the term of the loan. Loan terms range up to five years for general purposes or 30 years for the purchase of a primary residence. As of December 31, 2018 and 2017, there were approximately $91,000 and $57,000 of outstanding loans, respectively.

Benefits Paid to Participants

Participants who withdraw from the Plan during the year for reasons of disability, retirement, death, or termination are entitled to their vested account balance. Payment of benefits to participants with balances less than $5,000 will be made in a lump-sum distribution. Payment of benefits to participants with balances greater than $5,000 will receive a distribution of his or her vested account balance in the manner requested by the participant.

A participant may receive a hardship distribution from participant contributions if the distribution is: (1) on account of medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) burial or funeral expenses for the participant's deceased parent, spouse, children or dependents; or, (6) expenses for the repair of damage to the participant's principal residence caused by fire, storm, or other casualty.

B. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value, except for the investments separately presented in the financial statements that are stated at contract value, as of the end of the year and are subject to market or credit risks customarily associated with debt and equity investments. Fair value measurements are determined in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 820, *Fair Value Measurements and Disclosures*, which defines fair value, establishes a framework for measuring fair value, and establishes disclosures about assets and liabilities measured at fair value.

B. Summary of Accounting Policies *(continued)*

Investment Valuation and Income Recognition *(continued)*

The net realized and unrealized gains and losses on investments includes realized gains and losses on sales of investments during the year, using the average cost basis of the securities sold, and unrealized increases or decreases in the market value of investments held at year end. Purchases and sales of investments are reflected on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Notes Receivable from Participant Loans

Notes receivable from participant loans are recorded and measured at the unpaid principal balance plus accrued interest which approximates fair value. If any payment of principal and interest remains unpaid by the end of the calendar quarter following the calendar quarter in which the missed payment was due, the loan shall be in default. Delinquent participant loans, if any, are reclassified as distributions based upon the terms of the Plan document. Notes receivable from participant loans are considered uncollectible in the period they are deemed and, accordingly, no allowance has been established.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2018 and 2017, there were no requested distributions that had not been paid.

Plan Expenses

Employees of the Company perform certain administrative functions for the Plan with no compensation from the Plan. In accordance with the provisions of the Plan, the Company pays a portion of the expenses incurred in the administration of the Plan, including costs relating to asset charges and recordkeeping and such expenses are not reimbursed by the Plan nor reflected in the accompanying financial statements.

Recent Accounting Pronouncement

On August 28, 2018, the Financial Accounting Standards Board issued Accounting Standards Update 2018-13, which changes the fair value measurement disclosure requirements of ASC 820. The update removed certain disclosure requirements regarding transfers between Level 1 and Level 2 of the fair value hierarchy and details regarding Level 3 measurements. The update added or modified disclosures regarding transfers of Level 3 items, certain details for entities that calculate net asset value, and measurement uncertainty details. This update is effective for fiscal years beginning after December 15, 2019. Management does not expect the new standard to have a significant impact to the Plan's statement of net assets available for benefits and related disclosures.

C. Investments (Unaudited for 2018, Audited for 2017)

The Plan's investments are held by the Custodians as of December 31, 2018 and 2017 under executed trust and service agreements with the Company. Investment information presented for 2018 in the accompanying financial statements, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company. Investments are reflected at fair value as of December 31, 2018 as reported by Reliance Trust Company, except for the investments separately presented in the financial statements that are stated at contract value.

According to the FASB, participant loans are to be classified on the statement of net assets available for benefits as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. According to the Department of Labor, participant loans are considered an investment and measured at their fair value and are required to be included as supplemental information in the schedule of assets held for investment purposes at the end of the year.

The following is a reconciliation of the schedule of assets held for investment purposes to the financial statements as of December 31:

	2018
Investments per schedule of assets held for investment purposes at the end of the year	$ 2,045,666
Less: Notes receivable from participant loans	(90,590)
Investments per financial statements	$ 1,955,076

D. Fair Value Measurements

FASB ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

The three levels defined in FASB ASC Topic No. 820 are as follows:

- Level 1: Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities as of the reporting date. On December 31, 2018 and 2017, the Plan had no Level 1 investments.

- Level 2: Observable market based on inputs or unobservable inputs that are corroborated by market data, including quoted prices for similar assets or liabilities in active markets or quoted prices for similar assets or liabilities in inactive markets. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Unobservable inputs that are not corroborated by market data. On December 31, 2018 and 2017, the Plan had no Level 3 investments.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

D. Fair Value Measurements *(continued)*

FASB ASC Topic No. 820 requires a description of the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets carried as of December 31, 2018 and 2017. The methodology used to measure each major category of assets is as follows:

- Mutual funds: Mutual funds are valued based on prices obtained from an independent pricing service. To determine the fair value of the Plan's Level 2 investments, the independent pricing service uses various pricing models for each asset class that are consistent with what other market participants would use, including the market approach. Inputs and assumptions to the pricing model of the independent pricing service are derived from market observable sources including: benchmark yields, reported trades, broker/dealer quotes, issuer spreads, benchmark securities, bids, offers and other market-related data. Since many fixed income securities do not trade on a daily basis, the independent pricing service applies available information, as applicable, through processes such as benchmark curves, benchmarking of like securities, sector groupings and matrix pricing to prepare valuations.

All investments at December 31, 2017 were in transit to the new custodian as disclosed above and are reported as cash and cash equivalents at December 31, 2017.

The Plan's assets measured at fair value on a recurring basis as of December 31 are as follows:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ -	$ 1,924,788	$ -	$ 1,924,788
Total assets at fair value	$ -	$ 1,924,788	$ -	$ 1,924,788

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ -	$ -	$ -	$ -
Total assets at fair value	$ -	$ -	$ -	$ -

E. Investments at Contract Value

The Invesco Stable Value fund (the "Fund") is a common/collective trust asset with a contract value of approximately $30,000 and $0 at December 31, 2018 and 2017, respectively. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus interest, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

E. Investments at Contract Value *(continued)*

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include 1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan sponsor that causes a significant withdrawal from the Plan, 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or 5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include 1) breach of the Plan's investment guidelines, 2) a material misrepresentation, and 3) material amendment to the agreement.

The Fund's returns are based on returns generated by an actively-managed, highly diversified portfolio of investment grade, fixed and floating rate securities. The Fund may invest in such securities directly or indirectly through commingled investment vehicle. At December 31, 2018, the Fund was allocated to approximately 92% bonds and 8% cash.

F. Information Certified by the Custodian

For 2018, the Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's administrator limited auditing procedures with respect to the investment information certified by Reliance Trust Company, which included total investments as of December 31, 2018. For 2017, the Plan administrator was not able to elect the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly auditing procedures related to investment information was not limited for 2017.

G. Income Tax Status

The Company adopted the America's 401(k), Inc. Volume Submitter Plan prior to 2017 which received a favorable opinion letter from the Internal Revenue Service (IRS) dated July 8, 2014. The Company adopted the Automatic Data Processing Platinum Press Inc. 401(k) Plan Document for 2018 which received a favorable opinion letter from the IRS dated July 8, 2014. The Company may rely on this letter with respect to the qualification of the Plan under Section 401(a) of the Code with certain limitations. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has not requested or received a determination from the IRS regarding qualifications under the appropriate section of the Code; however, the Plan's administrator believes that the Plan is designed to be in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified, and the related trust is tax-exempt. Further, the Plan's administrator believes that the Plan is being operated in material compliance with the applicable requirements of the Code.

G. Income Tax Status *(continued)*

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. At December 31, 2018, the Plan's federal tax returns for the years 2015 through 2017 remain open to possible examination by the tax authorities.

H. Party-In-Interest Transactions

Certain Plan investments in 2017 were held in investments offered by Capital Bank and Trust Company, which was also a record-keeper as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction provisions of ERISA and the Code.

In accordance with Plan provisions, the Company may at its option pay some of the costs associated with the Plan. The Company paid approximately $51,000 and $40,000 on behalf of the Plan during the years ended December 31, 2018 and 2017, respectively.

I. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions. Plan assets would be distributed to the participants at the discretion of the Company or continue to be held in a trust fund to be distributed to each participant upon retirement, death, permanent disability, or termination of employment.

J. Risk and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks customarily associated with debt and equity investments. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements. In addition, any cash deposited in a financial institution may at times be in excess of the Federal Deposit Insurance Corporation's insured limit.

K. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through October 14, 2019, the date the financial statements were available for issuance.

The following subsequent event has been identified:

K. Subsequent Events *(continued)*

During the 2015, 2016, and 2017 audits, certain errors were discovered in the administration of the Plan. These errors were reported to the Company's management and adjusted in the financial statements. As a result, the Company intends to take certain actions to correct these errors and submit such corrections to the IRS' Voluntary Compliance Program and the DOL's Voluntary Fiduciary Correction Program, as applicable, for the years ending December 31, 2015, 2016, and 2017.
