Description of the Plan

The following description of Ames Goldsmith Corp. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) Profit Sharing Plan covering substantially all the non-union employees of Ames Goldsmith Corp. (the "Company") who meet certain eligibility criteria. Employees are eligible to participate in the Plan upon attaining age 21, working a minimum of 1,000 hours, and completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors has responsibility for oversight of the Plan.

Contributions

The Plan permits employees to contribute pretax compensation into the Plan at their own discretion. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollovers from other qualified plans are also permitted. In addition, eligible participants are able to receive an employer safe harbor matching contribution (100% of the amount of employee's elective deferral contributions that do not exceed 3% of compensation and 50% of the amount of employee elective deferral contributions that exceed 3% of compensation but that do not exceed 5% of compensation). Annually, the Board of Directors may also authorize a discretionary profit sharing contribution. The profit sharing contribution is allocated based on each participant's total salary for the year as a percentage of total salaries. For the years ended December 31, 2018 and 2017, the Company made profit sharing contributions to the Plan of $115,500 and $120,000, respectively.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, employer safe harbor matching contribution, an allocation of the employer's discretionary profit sharing contribution, and plan earnings. Each participant chooses the fund or funds in which contributions are to be invested. A participant may change the fund or funds into which their contributions are invested or transfer all or a portion of their account balance between funds upon proper notification by initiating the change/transfer on their own using the service provider's website or by calling the service provider's voice response unit. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor matching contributions plus actual earnings thereon. Employer contributions not already fully vested when made are vested based on years of continuous service in accordance with the following schedule:

Years of Service	Percent Vested
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years	100%

Description of the Plan – Continued

Forfeited Accounts
At December 31, 2018 and 2017, the forfeited balance was $7,355 and $9,203, respectively. Any forfeited amounts of employer contributions will be used to reduce the employer's matching contributions, non-elective contributions or plan expenses.

Merger
On October 24, 2018, the Board of Directors of Ames Goldsmith Corp. approved the merger of the Colonial Metals Inc. 401(k) Profit Sharing Plan into the Ames Goldsmith Corp. 401(k) Profit Sharing Plan, effective December 31, 2018. As a result, all investments were transferred into the Plan as of the effective date.

Summary of Significant Accounting Policies

The following is a summary of significant accounting policies, which are in conformity with generally accepted accounting principles and the trust for the Plan:

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are recorded at fair value. The Plan provides participants the option to choose from a diversified portfolio of mutual fund investments included within a fixed general account and pooled separate account maintained by the insurance company. Participants can allocate various percentages or set dollar amounts of their salary deferral to any of these mutual funds. The fair values of the units held in this pooled separate account fluctuate daily. The mutual funds within this pooled separate account are diversified and are not concentrated in any industry or geographic location.

Participant Loans Receivable
Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans from participants are recorded as distributions based upon the terms of the Plan Document.

Benefits
Participants receive their benefits in a single lump sum amount and payments to participants are recorded when paid.

Plan Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of participant withdrawals and notes are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Information Certified by VOYA Service Provider, Broker/Dealer

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by VOYA Service Provider, Broker/Dealer at December 31, 2018 and 2017:

	2018	2017
Insurance Contract – General Account (approximate fair value) (contract value $4,151,737 and $2,010,605, respectively)	$ 4,188,399	$ 2,084,961
Insurance Contract – Pooled Separate Account	17,193,903	13,922,502
Participant Loans Receivable	405,333	467,138
Interest Income, Participant Loans Receivable	19,621	14,389
Net Appreciation (Depreciation) in Fair Value of Investments	(824,515)	2,074,385

Investments

The following mutual fund investments included within the general account and the pooled separate account exceeded five percent (5%) or more of net assets available for plan benefits at December 31, 2018 and 2017:

	2018 Market Value	2017 Market Value
VOYA Fixed Account Stable Value Fund	$ 4,188,399	$ 2,084,961
American Funds Balanced Fund Class R-3	-	943,118
American Funds EuroPacific Growth Fund Class R-3	-	1,004,481
American Funds Washington Mutual Investors Fund Class R-3	1,301,985	-
T. Rowe Price Blue Chip Growth Fund – Advisor Class	1,862,489	2,249,648
T. Rowe Price Retirement 2025 Fund – R Class	1,842,508	1,333,459
T. Rowe Price Retirement 2045 Fund – R Class	1,806,165	-

Insurance Contract

In 2009, the Plan entered into a pension and profit sharing plan contract with VOYA (formerly ING) Retirement Insurance & Annuity Company. This contract includes a fixed interest option with a 3% guaranteed interest rate. The fixed account is an obligation of the insurance companies' general account. This contract also provides access to a pooled separate account which invests in various registered open-end mutual funds. Investments within this separate account generally are not guaranteed and assets therein are held at market value. Investments held by this account are valued on a daily basis resulting in a daily unit value based upon the number of total units held in each investment option. The insurance company shall have the right to terminate or convert to another contract after five completed contract years. Plan management believes that this contract is not considered to be fully benefit responsive, therefore it has been recorded on the statements of net assets available for benefits at its approximate fair value.

Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present fair value measurement information for certain financial instruments. The carrying values of receivables and cash equivalents included in the accompanying statements of net assets available for benefits approximated fair value at December 31, 2018 and 2017 and are not included in the following table.

		Fair Value Measurements at Reporting Date Using:	
	Total	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2018			
Insurance Contract – General Account	$ 4,188,399	$ -	$ 4,188,399
Insurance Contract – Pooled Separate Account	17,193,903	17,193,903	-
Total	$ 21,382,302	$ 17,193,903	$ 4,188,399
December 31, 2017			
Insurance Contract – General Account	$ 2,084,961	$ -	$ 2,084,961
Insurance Contract – Pooled Separate Account	13,922,502	13,922,502	-
Total	$ 16,007,463	$ 13,922,502	$ 2,084,961

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 2 Fair Value Measurements
The fair value of units held within the pooled separate account is based upon the quoted net asset value of the underlying mutual funds included in the pooled separate account.

Fair Value Measurement – Continued

Level 3 Fair Value Measurements
The fair value of the general account reflects the approximate amount that would have been paid if the contract had been terminated as of the last day of the reporting period and potential surrender charges and market value adjustments were applied as of such date.

Unallocated General Account Funds	Level 3 Assets Year Ended December 31, 2018	Level 3 Assets Year Ended December 31, 2017
Balance, beginning of year	$ 2,084,961	$ 1,876,291
Total deposits - contributions	205,174	351,348
Funds transferred in from plan merger	627,158	-
Funds transferred in from separate account funds	1,223,443	-
Unrealized gains (losses) relating to funds still held at the reporting date	(37,694)	(7,367)
Interest credited	85,999	54,687
Other additions – loan repayments	37,186	33,962
Disbursements to pay benefits	(21,536)	(123,655)
Funds transferred to separate account funds	(307)	(83,289)
Administration charge	(539)	(388)
Other deductions – loans issued	(15,446)	(16,628)
Balance, end of year	$ 4,188,399	$ 2,084,961

Participant Loans Receivable

Under the terms of the Plan agreement, participants may be approved to borrow up to 50% of their account balances. The minimum loan amount is $1,000 and the maximum loan cannot exceed the lesser of 50% of the account balance or $50,000. The loans are secured by the participant's account (subject to the terms of the Plan and in accordance with applicable legal requirements). Participant loans, stated at cost, which approximates fair value, are payable over a period no longer than five years, together with interest at market rates. However, loans made for the purchase of a primary residence may not exceed 30 years. Participant loans were $405,333 and $467,138 at December 31, 2018 and 2017 respectively, with stated interest rates of 3.25 – 6.25%.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Ames Goldsmith Corp. has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their account balance.

Income Tax Status

The underlying master prototype plan has received an opinion from the Internal Revenue Service (IRS) stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2005-16, 2005-1 and Announcement 2008-23, the Plan Administrator has determined that it is eligible to, and has chosen to, rely on the current IRS prototype plan opinion letter.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The prototype plan has been amended to comply with recent legislation. The Plan has not filed for its own determination letter. However, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Parties-in-Interest

The Plan utilizes vendors to provide services to the Plan including, but not limited to its annual audit, participant record keeping, trustee and custodian of assets and insurance coverage. Such service providers are parties-in-interest under ERISA.

For the years ended December 31, 2018 and 2017, there were no prohibited transactions between the Plan and the parties-in-interest.

Plan Amendment

On November 1, 2013, the Plan Sponsor acquired a division of an existing company. This new division was incorporated under the name Ames Advanced Materials Corporation and became a subsidiary of Ames Goldsmith Corp. As a result of this acquisition, the Plan was amended effective November 1, 2013 to allow employees who were employed by Ames Advanced Materials Corporation on November 1, 2013 to participate in the Plan. This amendment waived the age and service requirement for eligibility purposes for these employees. These employees were also given the option of rolling over their existing 401(k) accounts with their predecessor employer into this Plan. For the years ended December 31, 2018 and 2017, the Plan had received $- and $531,600, respectively, in rollover contributions from these employees.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017 to Form 5500:

	2018	2017

Description of the Plan

The following description of Ames Goldsmith Corp. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) Profit Sharing Plan covering substantially all the non-union employees of Ames Goldsmith Corp. (the "Company") who meet certain eligibility criteria. Employees are eligible to participate in the Plan upon attaining age 21, working a minimum of 1,000 hours, and completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors has responsibility for oversight of the Plan.

Contributions

The Plan permits employees to contribute pretax compensation into the Plan at their own discretion. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollovers from other qualified plans are also permitted. In addition, eligible participants are able to receive an employer safe harbor matching contribution (100% of the amount of employee's elective deferral contributions that do not exceed 3% of compensation and 50% of the amount of employee elective deferral contributions that exceed 3% of compensation but that do not exceed 5% of compensation). Annually, the Board of Directors may also authorize a discretionary profit sharing contribution. The profit sharing contribution is allocated based on each participant's total salary for the year as a percentage of total salaries. For the years ended December 31, 2018 and 2017, the Company made profit sharing contributions to the Plan of $115,500 and $120,000, respectively.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, employer safe harbor matching contribution, an allocation of the employer's discretionary profit sharing contribution, and plan earnings. Each participant chooses the fund or funds in which contributions are to be invested. A participant may change the fund or funds into which their contributions are invested or transfer all or a portion of their account balance between funds upon proper notification by initiating the change/transfer on their own using the service provider's website or by calling the service provider's voice response unit. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor matching contributions plus actual earnings thereon. Employer contributions not already fully vested when made are vested based on years of continuous service in accordance with the following schedule:

Years of Service	Percent Vested
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years	100%

Description of the Plan – Continued

Forfeited Accounts
At December 31, 2018 and 2017, the forfeited balance was $7,355 and $9,203, respectively. Any forfeited amounts of employer contributions will be used to reduce the employer's matching contributions, non-elective contributions or plan expenses.

Merger
On October 24, 2018, the Board of Directors of Ames Goldsmith Corp. approved the merger of the Colonial Metals Inc. 401(k) Profit Sharing Plan into the Ames Goldsmith Corp. 401(k) Profit Sharing Plan, effective December 31, 2018. As a result, all investments were transferred into the Plan as of the effective date.

Summary of Significant Accounting Policies

The following is a summary of significant accounting policies, which are in conformity with generally accepted accounting principles and the trust for the Plan:

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are recorded at fair value. The Plan provides participants the option to choose from a diversified portfolio of mutual fund investments included within a fixed general account and pooled separate account maintained by the insurance company. Participants can allocate various percentages or set dollar amounts of their salary deferral to any of these mutual funds. The fair values of the units held in this pooled separate account fluctuate daily. The mutual funds within this pooled separate account are diversified and are not concentrated in any industry or geographic location.

Participant Loans Receivable
Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans from participants are recorded as distributions based upon the terms of the Plan Document.

Benefits
Participants receive their benefits in a single lump sum amount and payments to participants are recorded when paid.

Plan Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of participant withdrawals and notes are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Information Certified by VOYA Service Provider, Broker/Dealer

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by VOYA Service Provider, Broker/Dealer at December 31, 2018 and 2017:

	2018	2017

Net Appreciation (Depreciation) in Fair Value of Investments	(824,515)	2,074,385

Investments

The following mutual fund investments included within the general account and the pooled separate account exceeded five percent (5%) or more of net assets available for plan benefits at December 31, 2018 and 2017:

	2018 Market Value	2017 Market Value
VOYA Fixed Account Stable Value Fund	$ 4,188,399	$ 2,084,961

T. Rowe Price Retirement 2025 Fund – R Class	1,842,508	1,333,459
T. Rowe Price Retirement 2045 Fund – R Class	1,806,165	-

Insurance Contract

In 2009, the Plan entered into a pension and profit sharing plan contract with VOYA (formerly ING) Retirement Insurance & Annuity Company. This contract includes a fixed interest option with a 3% guaranteed interest rate. The fixed account is an obligation of the insurance companies' general account. This contract also provides access to a pooled separate account which invests in various registered open-end mutual funds. Investments within this separate account generally are not guaranteed and assets therein are held at market value. Investments held by this account are valued on a daily basis resulting in a daily unit value based upon the number of total units held in each investment option. The insurance company shall have the right to terminate or convert to another contract after five completed contract years. Plan management believes that this contract is not considered to be fully benefit responsive, therefore it has been recorded on the statements of net assets available for benefits at its approximate fair value.

Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present fair value measurement information for certain financial instruments. The carrying values of receivables and cash equivalents included in the accompanying statements of net assets available for benefits approximated fair value at December 31, 2018 and 2017 and are not included in the following table.

		Fair Value Measurements at Reporting Date Using:	
	Total	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2018			
Insurance Contract – General Account	$ 4,188,399	$ -	$ 4,188,399
Insurance Contract – Pooled Separate Account	17,193,903	17,193,903	-
Total	$ 21,382,302	$ 17,193,903	$ 4,188,399
December 31, 2017			
Insurance Contract – General Account	$ 2,084,961	$ -	$ 2,084,961
Insurance Contract – Pooled Separate Account	13,922,502	13,922,502	-
Total	$ 16,007,463	$ 13,922,502	$ 2,084,961

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 2 Fair Value Measurements
The fair value of units held within the pooled separate account is based upon the quoted net asset value of the underlying mutual funds included in the pooled separate account.

Fair Value Measurement – Continued

Level 3 Fair Value Measurements
The fair value of the general account reflects the approximate amount that would have been paid if the contract had been terminated as of the last day of the reporting period and potential surrender charges and market value adjustments were applied as of such date.

Unallocated General Account Funds	Level 3 Assets Year Ended December 31, 2018	Level 3 Assets Year Ended December 31, 2017
Balance, beginning of year	$ 2,084,961	$ 1,876,291

Funds transferred in from separate account funds	1,223,443	-
Unrealized gains (losses) relating to funds still held at the reporting date	(37,694)	(7,367)
Interest credited	85,999	54,687
Other additions – loan repayments	37,186	33,962
Disbursements to pay benefits	(21,536)	(123,655)
Funds transferred to separate account funds	(307)	(83,289)

Other deductions – loans issued	(15,446)	(16,628)
Balance, end of year	$ 4,188,399	$ 2,084,961

Participant Loans Receivable

Under the terms of the Plan agreement, participants may be approved to borrow up to 50% of their account balances. The minimum loan amount is $1,000 and the maximum loan cannot exceed the lesser of 50% of the account balance or $50,000. The loans are secured by the participant's account (subject to the terms of the Plan and in accordance with applicable legal requirements). Participant loans, stated at cost, which approximates fair value, are payable over a period no longer than five years, together with interest at market rates. However, loans made for the purchase of a primary residence may not exceed 30 years. Participant loans were $405,333 and $467,138 at December 31, 2018 and 2017 respectively, with stated interest rates of 3.25 – 6.25%.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Ames Goldsmith Corp. has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their account balance.

Income Tax Status

The underlying master prototype plan has received an opinion from the Internal Revenue Service (IRS) stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2005-16, 2005-1 and Announcement 2008-23, the Plan Administrator has determined that it is eligible to, and has chosen to, rely on the current IRS prototype plan opinion letter.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The prototype plan has been amended to comply with recent legislation. The Plan has not filed for its own determination letter. However, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Parties-in-Interest

The Plan utilizes vendors to provide services to the Plan including, but not limited to its annual audit, participant record keeping, trustee and custodian of assets and insurance coverage. Such service providers are parties-in-interest under ERISA.

For the years ended December 31, 2018 and 2017, there were no prohibited transactions between the Plan and the parties-in-interest.

Plan Amendment

On November 1, 2013, the Plan Sponsor acquired a division of an existing company. This new division was incorporated under the name Ames Advanced Materials Corporation and became a subsidiary of Ames Goldsmith Corp. As a result of this acquisition, the Plan was amended effective November 1, 2013 to allow employees who were employed by Ames Advanced Materials Corporation on November 1, 2013 to participate in the Plan. This amendment waived the age and service requirement for eligibility purposes for these employees. These employees were also given the option of rolling over their existing 401(k) accounts with their predecessor employer into this Plan. For the years ended December 31, 2018 and 2017, the Plan had received $- and $531,600, respectively, in rollover contributions from these employees.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Description of the Plan

The following description of Ames Goldsmith Corp. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) Profit Sharing Plan covering substantially all the non-union employees of Ames Goldsmith Corp. (the "Company") who meet certain eligibility criteria. Employees are eligible to participate in the Plan upon attaining age 21, working a minimum of 1,000 hours, and completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors has responsibility for oversight of the Plan.

Contributions

The Plan permits employees to contribute pretax compensation into the Plan at their own discretion. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollovers from other qualified plans are also permitted. In addition, eligible participants are able to receive an employer safe harbor matching contribution (100% of the amount of employee's elective deferral contributions that do not exceed 3% of compensation and 50% of the amount of employee elective deferral contributions that exceed 3% of compensation but that do not exceed 5% of compensation). Annually, the Board of Directors may also authorize a discretionary profit sharing contribution. The profit sharing contribution is allocated based on each participant's total salary for the year as a percentage of total salaries. For the years ended December 31, 2018 and 2017, the Company made profit sharing contributions to the Plan of $115,500 and $120,000, respectively.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, employer safe harbor matching contribution, an allocation of the employer's discretionary profit sharing contribution, and plan earnings. Each participant chooses the fund or funds in which contributions are to be invested. A participant may change the fund or funds into which their contributions are invested or transfer all or a portion of their account balance between funds upon proper notification by initiating the change/transfer on their own using the service provider's website or by calling the service provider's voice response unit. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor matching contributions plus actual earnings thereon. Employer contributions not already fully vested when made are vested based on years of continuous service in accordance with the following schedule:

Years of Service	Percent Vested
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years	100%

Description of the Plan – Continued

Forfeited Accounts
At December 31, 2018 and 2017, the forfeited balance was $7,355 and $9,203, respectively. Any forfeited amounts of employer contributions will be used to reduce the employer's matching contributions, non-elective contributions or plan expenses.

Merger
On October 24, 2018, the Board of Directors of Ames Goldsmith Corp. approved the merger of the Colonial Metals Inc. 401(k) Profit Sharing Plan into the Ames Goldsmith Corp. 401(k) Profit Sharing Plan, effective December 31, 2018. As a result, all investments were transferred into the Plan as of the effective date.

Summary of Significant Accounting Policies

The following is a summary of significant accounting policies, which are in conformity with generally accepted accounting principles and the trust for the Plan:

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are recorded at fair value. The Plan provides participants the option to choose from a diversified portfolio of mutual fund investments included within a fixed general account and pooled separate account maintained by the insurance company. Participants can allocate various percentages or set dollar amounts of their salary deferral to any of these mutual funds. The fair values of the units held in this pooled separate account fluctuate daily. The mutual funds within this pooled separate account are diversified and are not concentrated in any industry or geographic location.

Participant Loans Receivable
Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans from participants are recorded as distributions based upon the terms of the Plan Document.

Benefits
Participants receive their benefits in a single lump sum amount and payments to participants are recorded when paid.

Plan Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of participant withdrawals and notes are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Insurance Contract

In 2009, the Plan entered into a pension and profit sharing plan contract with VOYA (formerly ING) Retirement Insurance & Annuity Company. This contract includes a fixed interest option with a 3% guaranteed interest rate. The fixed account is an obligation of the insurance companies' general account. This contract also provides access to a pooled separate account which invests in various registered open-end mutual funds. Investments within this separate account generally are not guaranteed and assets therein are held at market value. Investments held by this account are valued on a daily basis resulting in a daily unit value based upon the number of total units held in each investment option. The insurance company shall have the right to terminate or convert to another contract after five completed contract years. Plan management believes that this contract is not considered to be fully benefit responsive, therefore it has been recorded on the statements of net assets available for benefits at its approximate fair value.

Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present fair value measurement information for certain financial instruments. The carrying values of receivables and cash equivalents included in the accompanying statements of net assets available for benefits approximated fair value at December 31, 2018 and 2017 and are not included in the following table.

		Fair Value Measurements at Reporting Date Using:	
	Total	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2018			
Insurance Contract – General Account	$ 4,188,399	$ -	$ 4,188,399
Insurance Contract – Pooled Separate Account	17,193,903	17,193,903	-
Total	$ 21,382,302	$ 17,193,903	$ 4,188,399
December 31, 2017			
Insurance Contract – General Account	$ 2,084,961	$ -	$ 2,084,961
Insurance Contract – Pooled Separate Account	13,922,502	13,922,502	-
Total	$ 16,007,463	$ 13,922,502	$ 2,084,961

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 2 Fair Value Measurements
The fair value of units held within the pooled separate account is based upon the quoted net asset value of the underlying mutual funds included in the pooled separate account.

Fair Value Measurement – Continued

Level 3 Fair Value Measurements
The fair value of the general account reflects the approximate amount that would have been paid if the contract had been terminated as of the last day of the reporting period and potential surrender charges and market value adjustments were applied as of such date.

Unallocated General Account Funds	Level 3 Assets Year Ended December 31, 2018	Level 3 Assets Year Ended December 31, 2017

Other deductions – loans issued	(15,446)	(16,628)
Balance, end of year	$ 4,188,399	$ 2,084,961

Participant Loans Receivable

Under the terms of the Plan agreement, participants may be approved to borrow up to 50% of their account balances. The minimum loan amount is $1,000 and the maximum loan cannot exceed the lesser of 50% of the account balance or $50,000. The loans are secured by the participant's account (subject to the terms of the Plan and in accordance with applicable legal requirements). Participant loans, stated at cost, which approximates fair value, are payable over a period no longer than five years, together with interest at market rates. However, loans made for the purchase of a primary residence may not exceed 30 years. Participant loans were $405,333 and $467,138 at December 31, 2018 and 2017 respectively, with stated interest rates of 3.25 – 6.25%.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Ames Goldsmith Corp. has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their account balance.

Income Tax Status

The underlying master prototype plan has received an opinion from the Internal Revenue Service (IRS) stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2005-16, 2005-1 and Announcement 2008-23, the Plan Administrator has determined that it is eligible to, and has chosen to, rely on the current IRS prototype plan opinion letter.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The prototype plan has been amended to comply with recent legislation. The Plan has not filed for its own determination letter. However, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Parties-in-Interest

The Plan utilizes vendors to provide services to the Plan including, but not limited to its annual audit, participant record keeping, trustee and custodian of assets and insurance coverage. Such service providers are parties-in-interest under ERISA.

For the years ended December 31, 2018 and 2017, there were no prohibited transactions between the Plan and the parties-in-interest.

Plan Amendment

On November 1, 2013, the Plan Sponsor acquired a division of an existing company. This new division was incorporated under the name Ames Advanced Materials Corporation and became a subsidiary of Ames Goldsmith Corp. As a result of this acquisition, the Plan was amended effective November 1, 2013 to allow employees who were employed by Ames Advanced Materials Corporation on November 1, 2013 to participate in the Plan. This amendment waived the age and service requirement for eligibility purposes for these employees. These employees were also given the option of rolling over their existing 401(k) accounts with their predecessor employer into this Plan. For the years ended December 31, 2018 and 2017, the Plan had received $- and $531,600, respectively, in rollover contributions from these employees.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
