Notes to Financial Statements

1. Description of the Plan

The following brief description of the Carter-Jones Companies 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan which was established in 1994 for providing retirement benefits to associates of the Carter-Jones Companies (the "Companies," "Employer," or "Plan Sponsor") who have completed six months of service (one year of service prior to April 1, 2017) and are age 21 or older (age 18 effective January 1, 2019). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan includes certain employees of merged plans as follows: Holmes Lumber & Building Center, Inc. 401(k) Profit Sharing Plan, effective January 1, 2005; Griggs Lumber & Produce Co., Inc., effective January 1, 2006; and Kight Employees' 401(k) Profit Sharing Plan, effective September 1, 2006.

Administration

The Plan is administered by the Companies or persons appointed by the Companies. Charles Schwab Bank, trustee of the Plan as of and for the year ended December 31, 2018 and from April 1, 2017 to December 31, 2017, and Wilmington Trust Company, trustee of the Plan from January 1, 2017 to March 31, 2017 (collectively, the trustees), receive and hold Plan assets and make distributions to participants in accordance with the Plan. Findley Davies, Inc. provided recordkeeping services to the Plan as of and for the years ended December 31, 2018 and 2017.

Contributions

The Plan provides the opportunity for participants to elect to have up to 60% of their pre-tax annual compensation contributed to the Plan under the guidelines provided by the Internal Revenue Service (IRS) regulations. In addition, employees may make rollover deposits to the Plan from other qualified plans or certain individual retirement accounts. Effective April 1, 2017, the Plan was amended to add a Roth deferral contribution option.

The Plan provides for discretionary matching contributions for all employees in the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, the Companies' contributions and an allocation of Plan earnings. Allocations are based on the provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Loans are permitted to be made to active participants. The notes receivable documenting the loans are secured by the participant's vested interest in the Plan and must be for a minimum of \$1,000, up to the lesser of one half of the participant's nonforfeitable account balance as of the time of the loan or \$50,000. Participants may only have one loan outstanding under the Plan at any time. The loans are repayable over one to five years, unless used to acquire a principal residence, and bear interest at the prime rate plus one percent as of the loan date (prior to April 1, 2017, interest was at 9.50%). Interest rates ranged from 4.75% to 9.50% on loans outstanding at December 31, 2018 and 2017. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon death, disability, retirement or termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump-sum distribution or in installments, in accordance with Plan provisions.

Forfeited accounts

Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions payable under the Plan. At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$105,353 and \$69,449, respectively. Forfeitures used to pay administrative expenses for the years ended December 31, 2018 and 2017 were \$28,526 and \$16,440, respectively.

Plan expenses

Plan expenses are paid by the Plan or the Companies, as determined by the Companies.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Carter-Jones Companies 401(k) Retirement Plan

Notes to Financial Statements

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Events occurring after the reporting date

The Plan has evaluated subsequent events through October 15, 2019, the date the financial statements were available to be issued, and has determined that there were no subsequent events that have occurred through that date that have not already been reflected in the financial statements and/or disclosed in the notes to the financial statements.

3. Fair value measurements

Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, (ASC 820) enables the reader of the financial statements to assess the inputs used to develop fair value measurements by establishing a hierarchy for ranking the quality and reliability of the information used to determine fair values. ASC 820 requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Carter-Jones Companies 401(k) Retirement Plan

Notes to Financial Statements

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Common/collective trust – Stable value fund: A stable value fund that is composed primarily of fully benefit responsive investment contracts is valued at the net asset value (NAV) of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. There are no redemption restrictions upon which the participant may redeem investments in the fund. However, the Plan is required to provide a one-year redemption notice to liquidate its entire investment in the fund.

Mutual funds: Valued at the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Fair Value Measurements at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds at fair value	\$46,388,028	\$ -	\$ -	\$ 46,388,028
Investments measured at NAV*				19,107,628
Balance at December 31, 2018	\$46,388,028	\$ -	\$ -	\$ 65,495,656

	Fair Value Measurements at December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds at fair value	\$ 45,408,516	\$ -	\$ -	\$ 45,408,516
Investments measured at NAV*				18,318,664
Balance at December 31, 2017	\$ 45,408,516	\$ -	\$ -	\$ 63,727,180

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4. Plan termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Tax status

The Plan is a volume-submitter plan provided by Findley Davies, Inc., which has received an opinion letter, dated March 31, 2014, from the IRS. The opinion letter states that the volume-submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan itself has not received a determination letter from the IRS and has since been amended. However, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Information certified by the trustees (unaudited)

All investment and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and the net (depreciation) appreciation in fair value of investments, interest, dividends, and other income, and interest on notes receivable from participants for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustees.

7. Transactions with parties-in-interest

The participants have been identified as a party-in-interest. Therefore, participant loans qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
