Note 1 – Description of the Plan

The following description of the iFly 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

SkyVenture Management, LLC (the "Plan Sponsor") adopted the Plan effective September 1, 2016. The Plan Sponsor is a member of an affiliated service group and a controlled group. Employees of iFly Orlando, LLC, SkyGroup Investments, LLC and International Bodyflight Association, LLC are also eligible to participate in the Plan.

The Plan is a defined contribution plan covering all eligible employees of the Plan Sponsor age 21 years or older with 1,000 hours of service, as defined by the Plan Document, with exception of certain classes of employees identified in the Plan Document. Participation in the Plan is at the election of the employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration

The Plan is administered by the Plan Sponsor (the "Plan Administrator"). Plan assets are held by Principal Life Insurance Company (the "Trustee").

Employee Contributions

Participants are automatically enrolled at 3% of eligible compensation, unless elected otherwise, and the percentage increases 1% after one year, effective January 1st, up to a maximum of 5% of eligible compensation. Contributions are made to the Plan by the Plan Sponsor on behalf of each eligible participant based upon the participant's elected compensation deferral through payroll deductions. The Plan Sponsor funds the contributions at the end of each payroll period. Eligible participants may make pre-tax and Roth 401(k) contributes to the Plan up to the statutory limit, as permitted by the Internal Revenue Code of 1986, as amended ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants age 50 and older as of December 31 of the Plan year are permitted to make elective catch-up deferrals in accordance with Section 414(v) of the IRC.

Employer Contributions

The Plan provides for Plan Sponsor discretionary matching contributions. The Plan Sponsor is permitted to change the amount or percentage of matching contributions when needed. Participants must be employed on the last day of the Plan year to receive the employer discretionary matching contribution. For the year ended December 31, 2018, the Plan Sponsor did not elect to make a discretionary matching contributions.

The Plan Sponsor may also elect to make a discretionary profit sharing contribution in an amount to be determined by the Plan Sponsor for each plan year. For the year ended December 31, 2018, the Plan Sponsor did not make a discretionary profit sharing contribution to the Plan.

Note 1 – Description of the Plan (continued)

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollovers and Transfers
Participants who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the Internal Revenue Code, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the Internal Revenue Code.

Forfeited Accounts
Forfeited non-vested accounts totaled $0 as of December 31, 2018 and 2017. Forfeited accounts may be used to reduce future Plan administrative expenses and employer contributions. The non-vested portion of terminated participants' account balances become forfeitures on the earlier of a requested distribution or five consecutive years without credit service at the Plan Sponsor, not on the date of termination. In 2018, there were no forfeited non-vested accounts utilized to reduce employer contributions and administrative expenses.

Vesting
Participants are immediately and fully vested in their contributions plus actual earnings thereon. The participants are vested in the Plan Sponsor discretionary matching and profit share contributions and earnings in accordance with the following schedule:

Years of Service	Vesting Percentage
less than 1	0%
1	25%
2	50%
3	75%
4	100%

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Participants are only permitted to have one note outstanding at a time. Notes receivable are secured by the balance in the participant's account and bear interest at a rate which is commensurate with prevailing rates as determined by the Plan administrator. All notes must be repaid in equal installments of principal and interest over a period to be determined by the Plan Administrator, but such period shall not exceed five years unless the purpose of the loan is for the purchase of the principal residence of the Participant in which case the repayment period shall be determined by the Plan Administrator. In all cases, repayment of the note will be made through after-tax payroll deductions.

Note 1 – Description of the Plan (continued)

Payment of Benefits
Benefits become available to participants on the earliest of four event: (1) termination of employment, (2) death of the participant (benefits are payable to the participants' spouse or beneficiary), (3) disability of the participant, or (4) the participant's retirement.

If the vested account balance is $5,000 or less, the Plan Administrator may direct the Trustee to distribute the amount to another qualified plan benefitting the participant or are paid out through lump-sum distribution. Participants are permitted to remain in the Plan if their account balance exceeds $5,000.

Active participants can withdraw benefits once they reach 59 ½ years of age. In-service distributions are permitted due to hardship, as defined in the Plan and subject to the satisfaction of the Plan Administrator.

Plan Termination
Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts and distributions would be made as soon as administratively practical after the Plan terminates.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 – Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Risks and Uncertainties
Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events
The Plan has evaluated subsequent events through October 15, 2019, the date the financial statements were available to be issued.

Note 3 – Information certified by the Trustee

All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investment assets and notes receivable from participants at December 31, 2018 and 2017, and the related net investment income and interest income on notes receivable from participants for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

Note 4 – Tax Status

The Plan Sponsor has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document is based upon a volume submitter profit sharing plan from Alliance Benefit Group of Houston, Inc., which received an IRS advisory letter dated September 30, 2014. The volume submitter profit sharing plan has been updated for legislative and regulatory changes. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

- Level one — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level two — Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level three — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: The units of pooled separate accounts are stated at fair value as determined by the issuer of the account based on the fair value of the underlying investments. Individual participant accounts invested in the pooled separate accounts are maintained on a unit value basis.

Common Collective Trust: Valued at the net asset value ("NAV") of units for each fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 388,096	$ -	$ 388,096
Total assets in the fair value hierarchy	$ -	$ 388,096	$ -	388,096
Investments measured at NAV				1,525,589
Total Plan investments				$ 1,913,685

Note 5 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 259,758	$ -	$ 259,758
Total assets in the fair value hierarchy	$ -	$ 259,758	$ -	259,758
Investments measured at NAV				986,320
Total Plan investments				$ 1,246,078

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

Investments measured at net asset value	Fair Value at December 31, 2018	Fair Value at December 31, 2017	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Noticed Period
Common collective trusts	$ 1,525,589	$ 986,320	Not applicable	Daily	None

Note 6 – Related-Party and Parties in Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee or its affiliates. Fees incurred by the Plan for related investment management services are included in administrative expenses and net appreciation in fair value of investments. Certain fees incurred by the Plan for recordkeeping and audit fees are included in administrative expenses. Transactions such as these qualify as party-in-interest transactions. The Plan Sponsor pays directly certain other fees related to the Plan's operations.

Note 7 – Excess Contributions Payable

During the year ended December 31, 2018, the Plan received contributions of $5,589 in excess of certain IRC code sections. The excess contributions were related to ineligible employees that made contributions to the Plan and were forfeited from the accounts and returned to the employees in 2019.
