Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unqualified (2) ☐ Qualified (3) ☒ Disclaimer (4) ☐ Adverse

b Did the accountant perform a limited scope audit pursuant to 29 CFR 2520.103-8 and/or 103-12(d)?

☒ Yes ☐ No

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **GEFFEN MESHER & COMPANY, P.C.**

(2) EIN: **93-1042710**

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

Stavig Industries, LLC 401(k) Plan
Portland, Oregon

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Stavig Industries, LLC 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Fidelity Management Trust Company holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Fidelity Management Trust Company as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the Plan administrator by Fidelity Management Trust Company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2018 and schedule of assets (held at end of year) as of December 31, 2018, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Fidelity Management Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Stavig Industries, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a 401(k) defined contribution plan covering all employees of Stavig Industries, LLC (the “Plan Sponsor”) and General Steel Drum, LLC (collectively, the “Company”), who have three months of service and are not part of a collective bargaining agreement or a leased employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan’s retirement committee is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Plan amendment

Effective January 1, 2019, the Plan was amended to remove General Steel Drum, LLC as a participating employer in the Plan, which included a related transfer out of approximately \$2,783,000 of Plan assets after year end. This amendment does not have a material effect on the presentation or disclosure in the 2018 or 2017 financial statements.

Contributions

Participants may elect to contribute up to 100% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute after-tax ROTH elective deferrals to the Plan, as allowed by the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan agreement. Participant salary deferral contributions are made voluntarily, subject to certain limits set by the IRC. Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision, whereby, all newly-eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set at 1% of eligible compensation, with an annual 1% increase until participants attain a 5% deferral rate. Their contributions are invested in a designated balanced fund until changed by the participant.

The Company makes safe harbor matching contributions. For the Plan year ended December 31, 2018, the Company made safe harbor matching contributions of 100% of the first 3% and 50% of the next 2% of participants’ eligible compensation contributed to the Plan.

Participant accounts

Each participant’s account is credited with the participant’s contribution and the Company’s contribution, as well as allocations of Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions and the Company’s safe harbor matching contributions plus actual earnings thereon. Certain Company contributions made in prior years, as described in the Plan agreement, are 100% vested after five years of credited service.

YEAR ENDED DECEMBER 31, 2018

1. Description of Plan (continued)

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding balance in the participants' accounts during the prior twelve months or 50% of their vested account balances. The loans are secured by the vested balances in the participants' accounts and bear interest at rates that range from 3.25% to 5.25%, which are commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest is paid ratably through regular payroll deductions.

Payment of benefits

Benefits equal to the vested value of participants' accounts are payable upon retirement, termination, permanent disability or death. Partial or full withdrawal of participants' account balances are also available under certain circumstances described in the Plan agreement. Dependent on the circumstances, participants may be able to elect lump sum or installment payments.

Forfeited accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled approximately \$12,000 and \$26,000. Forfeitures may be used to pay Plan administrative expenses or may be used to reduce future employer contributions. In 2018, approximately \$15,000 of forfeited nonvested accounts were used to pay qualified nonelective employer contributions.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are recorded as benefit payments based on the terms of the Plan agreement.

YEAR ENDED DECEMBER 31, 2018

2. Summary of significant accounting policies (continued)

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 10, 2019, which is the date these financial statements were available to be issued. Events, if any, are disclosed within the notes to these financial statements.

3. Certified Plan assets

The financial information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity").

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

STAVIG INDUSTRIES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2018

4. Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2018 and 2017:

Interest-bearing cash and registered investment companies: Valued at the daily closing price as reported by the fund. Interest-bearing cash and registered investment companies held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The interest-bearing cash and registered investment companies held by the Plan are deemed to be actively traded.

Common/collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at NAV of units of a bank collective trust. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. At December 31, 2018, there were no unfunded commitments nor were there any restrictions on payments or redemptions. Were the Plan to initiate a full redemption of the common/collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Investments at fair value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 980,384			\$ 980,384
Registered investment companies	7,988,059			7,988,059
	8,968,443			8,968,443
Investments measured at net asset value				206,549
Total investments at fair value	\$ 8,968,443	\$ -0-	\$ -0-	\$ 9,174,992

YEAR ENDED DECEMBER 31, 2018

4. Fair value measurements (continued)

	Investments at fair value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 895,032			\$ 895,032
Registered investment companies	8,188,954			8,188,954
	9,083,986			9,083,986
Investments measured at net asset value				171,879
Total investments at fair value	\$ 9,083,986	\$ -0-	\$ -0-	\$ 9,255,865

In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Party-in-interest transactions

Certain Plan investments are shares of registered investment companies and units of a common/collective trust managed by Fidelity. Purchases, sales and related fees incurred qualify as party-in-interest transactions. Fidelity provides certain administrative services to the Plan pursuant to a service agreement between the Company and Fidelity. Fidelity receives revenue from registered investment company service providers for services it provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing rather than a direct payment. Fees paid by the Plan for other administrative services that were not paid through revenue sharing amounted to approximately \$4,400 for the year ended December 31, 2018. The Plan Sponsor pays directly any other fees related to the Plan's operations.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in any non-safe harbor employer contributions.

YEAR ENDED DECEMBER 31, 2018

7. Tax status

The Plan operates under a volume submitter plan. The volume submitter plan is designed to be qualified and exempt from income taxes under Sections 401(a), 401(k) and 501(a) of the IRC. The volume submitter plan obtained its latest advisory letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Delinquent participant contributions

Certain employee contributions were not remitted to the Plan within the time frame specified by the Department of Labor, therefore constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2018. The Company expects corrective measures taken to be acceptable to the Department of Labor and does not believe the Plan is at risk for disqualification.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Stavig Industries, LLC 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Fidelity Management Trust Company holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Fidelity Management Trust Company as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the Plan administrator by Fidelity Management Trust Company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2018 and schedule of assets (held at end of year) as of December 31, 2018, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Fidelity Management Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Stavig Industries, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering all employees of Stavig Industries, LLC (the "Plan Sponsor") and General Steel Drum, LLC (collectively, the "Company"), who have three months of service and are not part of a collective bargaining agreement or a leased employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's retirement committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan amendment

Effective January 1, 2019, the Plan was amended to remove General Steel Drum, LLC as a participating employer in the Plan, which included a related transfer out of approximately \$2,783,000 of Plan assets after year end. This amendment does not have a material effect on the presentation or disclosure in the 2018 or 2017 financial statements.

Contributions

Participants may elect to contribute up to 100% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute after-tax ROTH elective deferrals to the Plan, as allowed by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan agreement. Participant salary deferral contributions are made voluntarily, subject to certain limits set by the IRC. Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision, whereby, all newly-eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set at 1% of eligible compensation, with an annual 1% increase until participants attain a 5% deferral rate. Their contributions are invested in a designated balanced fund until changed by the participant.

The Company makes safe harbor matching contributions. For the Plan year ended December 31, 2018, the Company made safe harbor matching contributions of 100% of the first 3% and 50% of the next 2% of participants' eligible compensation contributed to the Plan.

Participant accounts

Each participant's account is credited with the participant's contribution and the Company's contribution, as well as allocations of Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Certain Company contributions made in prior years, as described in the Plan agreement, are 100% vested after five years of credited service.

YEAR ENDED DECEMBER 31, 2018

1. Description of Plan (continued)

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding balance in the participants' accounts during the prior twelve months or 50% of their vested account balances. The loans are secured by the vested balances in the participants' accounts and bear interest at rates that range from 3.25% to 5.25%, which are commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest is paid ratably through regular payroll deductions.

Payment of benefits

Benefits equal to the vested value of participants' accounts are payable upon retirement, termination, permanent disability or death. Partial or full withdrawal of participants' account balances are also available under certain circumstances described in the Plan agreement. Dependent on the circumstances, participants may be able to elect lump sum or installment payments.

Forfeited accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled approximately \$12,000 and \$26,000. Forfeitures may be used to pay Plan administrative expenses or may be used to reduce future employer contributions. In 2018, approximately \$15,000 of forfeited nonvested accounts were used to pay qualified nonelective employer contributions.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are recorded as benefit payments based on the terms of the Plan agreement.

YEAR ENDED DECEMBER 31, 2018

2. Summary of significant accounting policies (continued)

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 10, 2019, which is the date these financial statements were available to be issued. Events, if any, are disclosed within the notes to these financial statements.

3. Certified Plan assets

The financial information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity").

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

STAVIG INDUSTRIES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2018

4. Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2018 and 2017:

Interest-bearing cash and registered investment companies: Valued at the daily closing price as reported by the fund. Interest-bearing cash and registered investment companies held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The interest-bearing cash and registered investment companies held by the Plan are deemed to be actively traded.

Common/collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at NAV of units of a bank collective trust. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. At December 31, 2018, there were no unfunded commitments nor were there any restrictions on payments or redemptions. Were the Plan to initiate a full redemption of the common/collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Investments at fair value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 980,384			\$ 980,384
Registered investment companies	7,988,059			7,988,059
	8,968,443			8,968,443
Investments measured at net asset value				206,549
Total investments at fair value	\$ 8,968,443	\$ -0-	\$ -0-	\$ 9,174,992

YEAR ENDED DECEMBER 31, 2018

4. Fair value measurements (continued)

	Investments at fair value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 895,032			\$ 895,032
Registered investment companies	8,188,954			8,188,954
	9,083,986			9,083,986
Investments measured at net asset value				171,879
Total investments at fair value	\$ 9,083,986	\$ -0-	\$ -0-	\$ 9,255,865

In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Party-in-interest transactions

Certain Plan investments are shares of registered investment companies and units of a common/collective trust managed by Fidelity. Purchases, sales and related fees incurred qualify as party-in-interest transactions. Fidelity provides certain administrative services to the Plan pursuant to a service agreement between the Company and Fidelity. Fidelity receives revenue from registered investment company service providers for services it provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing rather than a direct payment. Fees paid by the Plan for other administrative services that were not paid through revenue sharing amounted to approximately \$4,400 for the year ended December 31, 2018. The Plan Sponsor pays directly any other fees related to the Plan's operations.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in any non-safe harbor employer contributions.

YEAR ENDED DECEMBER 31, 2018

7. Tax status

The Plan operates under a volume submitter plan. The volume submitter plan is designed to be qualified and exempt from income taxes under Sections 401(a), 401(k) and 501(a) of the IRC. The volume submitter plan obtained its latest advisory letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Delinquent participant contributions

Certain employee contributions were not remitted to the Plan within the time frame specified by the Department of Labor, therefore constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2018. The Company expects corrective measures taken to be acceptable to the Department of Labor and does not believe the Plan is at risk for disqualification.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Stavig Industries, LLC 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Fidelity Management Trust Company holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Fidelity Management Trust Company as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the Plan administrator by Fidelity Management Trust Company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2018 and schedule of assets (held at end of year) as of December 31, 2018, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Fidelity Management Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Stavig Industries, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a 401(k) defined contribution plan covering all employees of Stavig Industries, LLC (the “Plan Sponsor”) and General Steel Drum, LLC (collectively, the “Company”), who have three months of service and are not part of a collective bargaining agreement or a leased employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan’s retirement committee is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Plan amendment

Effective January 1, 2019, the Plan was amended to remove General Steel Drum, LLC as a participating employer in the Plan, which included a related transfer out of approximately \$2,783,000 of Plan assets after year end. This amendment does not have a material effect on the presentation or disclosure in the 2018 or 2017 financial statements.

Contributions

Participants may elect to contribute up to 100% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute after-tax ROTH elective deferrals to the Plan, as allowed by the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan agreement. Participant salary deferral contributions are made voluntarily, subject to certain limits set by the IRC. Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision, whereby, all newly-eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set at 1% of eligible compensation, with an annual 1% increase until participants attain a 5% deferral rate. Their contributions are invested in a designated balanced fund until changed by the participant.

The Company makes safe harbor matching contributions. For the Plan year ended December 31, 2018, the Company made safe harbor matching contributions of 100% of the first 3% and 50% of the next 2% of participants’ eligible compensation contributed to the Plan.

Participant accounts

Each participant’s account is credited with the participant’s contribution and the Company’s contribution, as well as allocations of Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions and the Company’s safe harbor matching contributions plus actual earnings thereon. Certain Company contributions made in prior years, as described in the Plan agreement, are 100% vested after five years of credited service.

YEAR ENDED DECEMBER 31, 2018

1. Description of Plan (continued)

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding balance in the participants' accounts during the prior twelve months or 50% of their vested account balances. The loans are secured by the vested balances in the participants' accounts and bear interest at rates that range from 3.25% to 5.25%, which are commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest is paid ratably through regular payroll deductions.

Payment of benefits

Benefits equal to the vested value of participants' accounts are payable upon retirement, termination, permanent disability or death. Partial or full withdrawal of participants' account balances are also available under certain circumstances described in the Plan agreement. Dependent on the circumstances, participants may be able to elect lump sum or installment payments.

Forfeited accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled approximately \$12,000 and \$26,000. Forfeitures may be used to pay Plan administrative expenses or may be used to reduce future employer contributions. In 2018, approximately \$15,000 of forfeited nonvested accounts were used to pay qualified nonelective employer contributions.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are recorded as benefit payments based on the terms of the Plan agreement.

YEAR ENDED DECEMBER 31, 2018

2. Summary of significant accounting policies (continued)

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 10, 2019, which is the date these financial statements were available to be issued. Events, if any, are disclosed within the notes to these financial statements.

3. Certified Plan assets

The financial information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity").

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

YEAR ENDED DECEMBER 31, 2018

4. Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2018 and 2017:

Interest-bearing cash and registered investment companies: Valued at the daily closing price as reported by the fund. Interest-bearing cash and registered investment companies held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The interest-bearing cash and registered investment companies held by the Plan are deemed to be actively traded.

Common/collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at NAV of units of a bank collective trust. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. At December 31, 2018, there were no unfunded commitments nor were there any restrictions on payments or redemptions. Were the Plan to initiate a full redemption of the common/collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Investments at fair value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 980,384			\$ 980,384
Registered investment companies	7,988,059			7,988,059
	8,968,443			8,968,443
Investments measured at net asset value				206,549
Total investments at fair value	\$ 8,968,443	\$ -0-	\$ -0-	\$ 9,174,992

YEAR ENDED DECEMBER 31, 2018

4. Fair value measurements (continued)

	Investments at fair value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 895,032			\$ 895,032
Registered investment companies	8,188,954			8,188,954
	9,083,986			9,083,986
Investments measured at net asset value				171,879
Total investments at fair value	\$ 9,083,986	\$ -0-	\$ -0-	\$ 9,255,865

In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Party-in-interest transactions

Certain Plan investments are shares of registered investment companies and units of a common/collective trust managed by Fidelity. Purchases, sales and related fees incurred qualify as party-in-interest transactions. Fidelity provides certain administrative services to the Plan pursuant to a service agreement between the Company and Fidelity. Fidelity receives revenue from registered investment company service providers for services it provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing rather than a direct payment. Fees paid by the Plan for other administrative services that were not paid through revenue sharing amounted to approximately \$4,400 for the year ended December 31, 2018. The Plan Sponsor pays directly any other fees related to the Plan's operations.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in any non-safe harbor employer contributions.

YEAR ENDED DECEMBER 31, 2018

7. Tax status

The Plan operates under a volume submitter plan. The volume submitter plan is designed to be qualified and exempt from income taxes under Sections 401(a), 401(k) and 501(a) of the IRC. The volume submitter plan obtained its latest advisory letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Delinquent participant contributions

Certain employee contributions were not remitted to the Plan within the time frame specified by the Department of Labor, therefore constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2018. The Company expects corrective measures taken to be acceptable to the Department of Labor and does not believe the Plan is at risk for disqualification.
