DENTAL ONE INC. RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2018 AND 2017

NOTE 1 – DESCRIPTION OF THE PLAN

On February 1, 2016, plan management executed an adoption agreement for the Automatic Data Processing Defined Contribution Plan Non-standardized 401(k) Profit Sharing Plan. The Volume Submitter Defined Contribution Plan was amended and restated to comply with the Pension Protection Act (PPA) of 2006 and conform to the way the plan has been operated, by incorporating the changes made by the PPA in operation according to the effective date of each provision. The basic plan provisions included in the previous plan document were substantially retained.

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution multiple employer plan covering substantially all employees of Dental One Inc. (the Company) and participating employers to the plan, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – All employees who have attained age 18 and completed sixty (60) days of elapsed time service become eligible to participate immediately following or coincident with the date the employee completes the eligibility conditions. Participants may make contributions as a percentage of annual compensation (minimum 1% to maximum 90%), not to exceed Internal Revenue Service (IRS) limitations. The Plan has an automatic deferral provision whereby enrollment is automatically granted to employees meeting such eligibility requirements unless the employee makes an affirmative statement waiving such participation. Any such automatically enrolled employee is subject to a deferral rate of 3% of eligible compensation. On or after each succeeding anniversary date following the date that an employee's automatic deferral was first implemented, a scheduled increase of 1% will be added to the automatic deferral rate, up to a maximum of 10%. Prior to the auto escalation date, participants may opt out of this feature as well.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may contribute to the Plan an amount of matching contributions determined by the Company at its discretion. No matching contribution was made during 2018 or 2017. Discretionary employer profit sharing contributions are also permitted.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged administrative expenses, as appropriate. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of investment management fees and expenses are based on participant's account balances, as defined. Allocation of participant account maintenance fees are charged per participant account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 - 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is repaid through payroll deductions.

NOTES TO THE FINANCIAL STATEMENTS (Con't.)
YEARS ENDED DECEMBER 31, 2018 AND 2017

NOTE 1 – DESCRIPTION OF PLAN (Con't)

Vesting – Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of service or at their normal retirement date. A service year is defined as 1,000 or more hours worked in a calendar year. The amount of non-vested forfeitures during the years ended December 31, 2018 and 2017 was \$-0- and \$11,768, respectively. Forfeited amounts may be used to reduce non-elective or safe harbor non-elective contributions, matching contributions, or pay plan expenses. Plan expenses totaling \$97,785 were paid from available funds during 2018. The total available for future occurrences is \$22,822 as of December 31, 2018.

Investment Options – Upon enrollment in the Plan, a participant may direct employee and employer contributions in whole increments to any of the investment fund options offered by the Plan. In addition to participant-directed programs, the plan allows participants to self-direct their investments. The self-directed program, established through agreement with TD Ameritrade, Inc. as custodian in the name of the trust, allows participants to invest up to 50% of their account balance in eligible investments, as defined. The underlying investments are valued daily. Participants may change their investment options and transfer funds between investment options daily. There is no limit to the number of transfers a participant can make provided the required minimum investment in core funds is maintained.

Administrative Fees – The Plan sponsor pays certain administrative fees on behalf of the Plan. The plan implemented an ERISA Budgets Account (EBA), commonly referred to as a revenue sharing account. Under the EBA, the plan's recordkeeper returns to the plan a portion of the revenue earned in excess of its specified price for providing administrative services, from which non-settlor fees incurred by the plan are paid. The revenue returned is included as Other income with corresponding fees paid included in Administrative expenses.

Payments of Benefits – On termination of service, death, disability, or retirement, a participant will receive a lump-sum amount equal to the vested value of their account. Certain participants who participated in a predecessor plan may elect to receive a distribution in a lump-sum payment or to receive installment payments not to exceed the life expectancy of the participant or their beneficiary.

Participants who prove financial hardship may withdraw a portion of their account balance, as determined by the plan administrator in accordance with current regulations.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, the Trust fund shall be distributed to participants within one year after the date of termination or the participant's account will be transferred as provided by the Plan agreement.

YEARS ENDED DECEMBER 31, 2018 AND 2017

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of Investments – The Plan's investments in registered investment companies as well as securities held in participant directed brokerage accounts are stated at fair value based on the quoted market price at year end. Investment in a fully benefit-responsive contract in the accompanying financial statements is reported at contract value (Note 3). All investments in the Plan are fully participant directed.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

New Accounting Pronouncements – In August 2018, the FASB issued ASU 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirement for Fair Value Measurement," which is part of the FASB disclosure framework project to improve the effectiveness of disclosures in the notes to the financial statements. The amendments in the new guidance remove, modify and add certain disclosure requirements related to fair value measurements covered in Topic 820, "Fair Value Measurement." The new standard is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for either the entire standard or only the requirements that modify or eliminate the disclosure requirements, with certain requirements applied prospectively, and all other requirements applied retrospectively to all periods presented. Management is currently evaluating the impact of adopting this guidance.

NOTE 3 – INVESTMENTS

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2018 and 2017, and net appreciation in fair value of common collection trust, dividends, and interest for the year ended December 31, 2018, was obtained from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820-10-05, *Fair Value Measurements* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

DENTAL ONE INC. RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS (Con't.)
YEARS ENDED DECEMBER 31, 2018 AND 2017

NOTE 4 – FAIR VALUE MEASUREMENTS (Con't)

The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Observable inputs (other than level 1) including:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the year ended December 31, 2018.

Registered Investment Companies: Valued at the quoted market price of the mutual funds held by the plan at year end. These holdings are categorized in Level 1 of the fair value hierarchy.

Participant-directed Brokerage Accounts: Account holdings are valued daily at quoted market prices of the underlying investments and updated to each participant account daily. These holdings are categorized in Level 1 of the fair value hierarchy.

As referenced in Note 3, contract value is the only required measurement for fully benefit-responsive investment contracts. A common/collective trust involves the pooling of assets of two or more unrelated plans at financial institution for investment purposes. Each participating plan owns units of participation in the fair value of the assets underlying the trust. Thus, the *Common/Collective Trust* is stated at contract value at the end of the Plan year.

The Plan's investments in the Federated Capital Preservation Fund (Federated) at December 31, 2018 and 2017 and Large Cap Growth Fund at December 31, 2018 are common collective trusts. Federated provides for the preservation of principal while maintaining a stable value per unit and liquidity at contract value for participant withdrawals and transfers. The Large Cap Growth Fund is a portfolio with a diverse collection of growth stocks intended to invest in high-quality, under-appreciated, growth companies.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DENTAL ONE INC. RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS (Con't.)
YEARS ENDED DECEMBER 31, 2018 AND 2017

NOTE 5 – INCOME TAX STATUS

The non-standardized prototype plan adopted received an opinion letter from the IRS dated July 16, 2014 stating that the form of the plan is qualified under Section 401 (a) of the Internal Revenue Code (Code), and therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2006-1 and Announcement 2001-77, the plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Except as described below, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt. The Plan administrator believes the Plan is no longer subject to income tax examinations for plan years prior to 2014.

Management identified a document defect and potential operational defect in the Plan when it was determined that certain non-controlled group employers were allowed to be participating employers in the Plan. The Plan, however, did not have multiple employer provisions at the time to allow non-controlled group participating employers. Management is in the process of taking appropriate steps to correct the issues (including corrective contributions or distributions) under the Voluntary Compliance Program (VCP) of the Employee Plans Compliance Resolution Systems (Revenue Procedure 2016-15).

At December 31, 2018, the plan has recorded an employer contribution of \$137,435 representing a top-heavy minimum contribution in accordance with IRC section 416. In addition, the compliance testing performed for the 2016 plan year revealed that qualified non-elective contributions totaling \$84,707 were required along with an additional \$104,652 representing top-heavy minimum contributions. The corrective contributions are combined and included in employer contributions receivable as of December 31, 2018 and 2017. Refunds of excess contributions for the plan year ending December 31, 2018 were made in 2019 and are recorded as excess employee contributions payable as of December 31, 2018. Similar refunds for the 2017 plan year, totaling \$135,317, were paid in December 2018. Accordingly, the plan sponsor filed Form 5330 as a result of the delayed refunds. The corrective action for plan years 2015 and 2014 has yet to be concluded but is expected to be resolved through the VCP referenced above.

NOTE 6 – TRANSACTIONS WITH PARTIES IN INTEREST

In addition to transactions involving the plan sponsor, transactions with parties in interest includes purchases and sales of Deutsche Asset Management. Fees paid during the year for services rendered by parties in interest were based on customary and reasonable rates for such services.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
