NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the IRG Realty Advisors 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of IRG Realty Advisors, LLC (the Company), who have attained 21 years of age and completed 90 days of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Each year, participants may make voluntary pre-tax contributions and/or Roth contributions to the Plan, up to 100% of their eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company is required to make safe harbor matching contributions equal to 3% of eligible compensation for all eligible participants. The Company may also authorize discretionary matching and/or profit sharing contributions. In addition, qualified non-elective contributions (QNECs) and qualified matching contributions (QMACs) may also be authorized by the Company for the related Plan years. No such contributions were authorized for 2018. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the Company's contributions, and Plan earnings or losses as defined by the Plan agreement. Allocations of the Company's safe harbor matching contributions are given to participants who were eligible participants during the Plan year, and are based on participants' compensation for the Plan year relating to the contribution. Allocations of the Company's QMAC, QNEC, and discretionary matching contributions are given to participants who were active participants during the Plan year, and are also based on participants' compensation for the Plan year relating to the contribution. Participants must complete at least 1,000 hours of service and be employed on the last day of the Plan year in order to receive an allocation of any discretionary profit sharing contributions authorized by the Company. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions and the Company's safe harbor matching, QNEC, and QMAC contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary profit sharing contribution portions of their accounts are based on years of credited service, as defined. A participant is 100% vested after 6 years of credited service.

Payment of Benefits

Upon termination of service for any reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's account balance is between \$1,000 and \$5,000, the plan administrator makes an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the plan administrator directs the trustee to make a lump-sum distribution. Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator under certain hardship conditions or upon attainment of age 59 ½.

Forfeited Accounts

Forfeited nonvested accounts may be used to reduce administrative expenses or to reduce future employer contributions. There have been no contributions made to the Plan which are subject to the Plan's vesting schedule as of December 31, 2018.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value by Ascensus, Inc. (formerly Ascensus, LLC at December 31, 2017 - Ascensus) as agent of Ascensus Trust Company (Ascensus Trust), the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by Ascensus as of December 31, 2018 and 2017, representing investments in mutual funds and a stable value collective trust fund.

Investment of participant's contributions and the Company's contributions into these investments are at the direction of each participant.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

Income Taxes

In accordance with GAAP, the plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2018 and 2017, and for the year ended December 31, 2018, the Plan did not have a liability for unrecognized tax benefits.

Subsequent Events

Plan management has evaluated subsequent events through October 11, 2019, the date the financial statements were available to be issued.

NOTES TO THE FINANCIAL STATEMENTS

3. INFORMATION CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Ascensus as agent of Ascensus Trust, the trustee.

Ascensus has certified as to the completeness and accuracy of the investments Ascensus Trust holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2018 and 2017, and for the year ended December 31, 2018.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value are comprised of Level 1 mutual funds at December 31, 2018, totaling \$5,773,638 and a stable value collective trust fund, measured using NAV as a practical expedient, which totaled \$33,100 at December 31, 2018.

Assets measured at fair value are comprised of Level 1 mutual funds at December 31, 2017, totaling \$5,188,100 and a stable value collective trust fund, measured using NAV as a practical expedient, which totaled \$111 at December 31, 2017.

The Plan did not hold any Level 3 assets during the year.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Plan has adopted a prototype plan provided by Ascensus. Ascensus has received an opinion letter dated January 1, 2018, from the IRS stating that the prototype plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTES TO THE FINANCIAL STATEMENTS

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. OPERATIONAL ERRORS

The Company is in the process of self-correcting certain operational errors. These errors do not have a material impact on the Plan's net assets available for benefits, and the Company does not expect those errors to affect the Plan's tax status.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
