RADIOLOGY AND IMAGING SPECIALISTS OF LAKELAND, P.A.
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Radiology and Imaging Specialists of Lakeland, P.A. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Radiology and Imaging Specialists of Lakeland, P.A. (RIS), RIS and LRH Imaging, LLC (RIS & LRH), and Vascular Institute of Lakeland (VSL), collectively referred to as the "Employer" and "Plan Sponsor". The Plan was originally effective on June 1, 1969. RIS & LRH, an affiliate of RIS, adopted the Plan effective June 1, 2008. VSL adopted the Plan effective July 1, 2012. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee of the Plan determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

Eligibility - Employees of RIS, RIS & LRH, and VSL are eligible to participate in the deferral and match components of the Plan on the later of their date of employment or upon turning 18 years of age and completion of one consecutive year and 1,000 hours of service. Participants are eligible for the profit sharing contribution if they meet the eligibility requirements above and are employed on the last day of the plan year.

Contributions - Participants may contribute a specified percentage or dollar amount of their pre-tax annual compensation, as defined in the plan. The participants may also contribute amounts representing distributions from other qualified plans. The amount of the employee contributions may not exceed the limitation set forth in the Internal Revenue Code (IRC). The Plan provides for the Employer to make a safe harbor contribution which equals 3% of the eligible participant's eligible compensation regardless of whether the participant is making contributions. In addition, the Employer may make an additional discretionary contribution referred to as a non-matching contribution. The non-matching contribution is first allocated to job classification groups and then within each group based on the proportion the individual's compensation bears to the total compensation of all participants in that job classification.

Employer safe harbor contributions totaled $395,995 and $363,457 for the years ended December 31, 2018 and 2017, respectively. Employer non-matching contributions totaled $931,021 and $819,585 for the years ended December 31, 2018 and 2017, respectively.

Participant Accounts - Each participant's account is credited with the participant's contribution, the Employer's contribution, and Plan earnings and is charged with the participant's withdrawals, Plan losses, and an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant accounts are maintained by the Insurance Company.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Vesting - Participants are immediately vested in their salary reduction contributions, rollover contributions, and the Employer's safe harbor contributions and actual earnings thereon. Vesting in the Employer's non-matching contribution, plus earnings thereon, is based on each employee's length of service. A participant is 100% vested after four years of credited service. The Plan's vesting provision for non-matching contributions is as follows:

Years of Service	Vested Percentage
Less than 2 Years	0%
2 Years but Less than 3	25%
3 Years but Less than 4	75%
4 Years or More	100%

Non-matching contributions become 100% vested, regardless of years of credited service, upon termination of employment because of death or disability, satisfaction of conditions for retirement, or termination of the Plan.

Investment Options - Upon enrollment in the Plan, a participant may direct employee and Employer contributions into various investment options, which include mutual funds. Participants may change their investment options periodically as permitted by the Plan Sponsor.

Forfeited Accounts - Forfeitures are applied to reduce future Employer contributions. The Company had $4,536 and $19,759 of forfeitures as of December 31, 2018 and 2017, respectively. During 2018 and 2017, Company contributions were reduced by $39,213 and $0, respectively, from forfeited non-vested accounts.

Notes Receivable from Participants - Participants may borrow from their fund accounts an amount not less than $1,000 and not to exceed the lesser of $50,000 or one-half of the value of the vested portion of the participant's account balance. The term of the loan may not exceed five years, unless meeting certain criteria. The Plan allows participants to refinance existing Plan loans into a consolidated new loan balance. Also, the Plan limits the number of loans a participant can have outstanding at any time to two. The loans are secured by the balance in the participant's account and are charged interest rates comparable to rates charged for similar loans by other lenders. Principal and interest are paid ratably through payroll deductions.

Benefit payments - On termination of service, retirement, death, or disability, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to plan provisions. Participants with vested balances of $1,000 or less may receive a lump-sum distribution, under the mandatory cash-out provision, without their consent. Participants with vested balances greater than $1,000 and not exceeding $5,000 are subject to automatic rollover provisions, which results in a Participant's vested balance being rolled over into an IRA on their behalf if he or she doesn't respond with other specific distribution instructions to the Plan's notification that the automatic rollover provision will be implemented.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Hardship Withdrawals - Withdrawal of a portion of a participant's account will be permitted due to an immediate and heavy financial need, if it meets IRS requirements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Change in Accounting Principle - In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pensions Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Part I – Fully Benefit-Responsive Investment Contracts, Part II – Plan Investment Disclosures, and Part III – Measurement Date Practical Expedient*. Regarding Topic 965, Part I clarifies fully benefit-responsive contracts are limited to direct investments between the Plan and the issuer. Part I also eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair values of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and type. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan elected to early adopt Parts I and II.

Estimates - The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by Transamerica Life Insurance Company, "the Insurance Company". See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recoded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. Delinquent notes receivable from participants are recorded as distributions on the basis of the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events - The Plan evaluated subsequent events through October 10, 2019, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3 - CERTIFICATION OF INVESTMENT INFORMATION

Transamerica Life Insurance Company, the insurance company of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2018.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the asset or liability;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

Mutual funds: Investments in the mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Investments in pooled separate accounts are valued daily at the NAV of units as determined by the Insurance Company. NAV is a readily determinable fair value and is the basis for current transactions.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes the fair value of Plan assets within the fair value hierarchy as of December 31, 2018 and 2017:

	2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 16,530,543	$ -	$ -	$ 16,530,543
Pooled Separate Accounts	-	2,368,484	-	2,368,484
Total Investments at Fair Value	$ 16,530,543	$ 2,368,484	$ -	$ 18,899,027

	2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 15,541,454	$ -	$ -	$ 15,541,454
Pooled Separate Accounts	-	3,151,947	-	3,151,947
Total Investments at Fair Value	$ 15,541,454	$ 3,151,947	$ -	$ 18,693,401

NOTE 5 - GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

In 2015, the Plan entered into a traditionally fully benefit-responsive guaranteed investment contract with Transamerica Life Insurance Company (Transamerica). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. There are no minimum or maximum limitations on the interest rate. At December 31, 2018 and 2017, the crediting interest rate was 1.80% and 1.60%, respectively. Such interest rates are reviewed on a semi-annual basis for resetting.

NOTE 5 - GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include 1) amendments to the Plan document (including the complete or partial Plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with Plan participants are not probable.

The guaranteed investment contract does not permit Transamerica to terminate the agreement prior to the scheduled maturity date.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and in pooled separate accounts managed by Transamerica. Transamerica is the insurance company as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

NOTE 7 - TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2014 received from the Internal Revenue Service on the prototype plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code and is, therefore, not subject to income tax under current income tax law. The prototype Plan has been amended since receiving the opinion letter, however, the Plan administrator and the Plan's sponsor believe that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the Internal Revenue Code. Accordingly, the Plan administrator believes that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:
