NOTE 1 – DESCRIPTION OF PLAN

The following description of the PanCare of Florida, Inc. ("Company") 403(b) Thrift Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established by the Company on January 1, 2006. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the requirements of Section 403(b) of the Internal Revenue Code ("IRC"). The Company is the sponsor and administrator of the Plan and the Custodian is Mutual of America Life Insurance Company. The Custodian manages the investments of the Plan as directed by the participants. The Plan has been amended on various occasions in order to comply with the provisions of various laws and regulations.

Effective July 20, 2017 the Plan was amended. The Company will distribute through a one-time distribution the entire vested account balance of any terminated participant whose total vested account balance does not exceed $5,000. Participants should refer to the Plan documents and Plan amendments for a more complete description of the Plan amendments.

Effective April 1, 2018 the Plan was amended. A participant shall be deemed to have directed the Company to make salary reduction contributions on the participant's behalf effective as of the first pay period beginning on or after the latest of (a) April 1, 2018, (b) the entry date that the participant begins (or resumes) participation in the Plan, or (c) the date that the participant satisfies the eligibility requirements, unless the participant elects otherwise on a form provided by the Plan administrator. Participants should refer to the Plan documents and Plan amendments for a more complete description of the Plan amendments.

Eligibility:

Employees are eligible to participate in the salary deferral portion of the Plan upon hire. To participate in the employer matching and base contribution portion of the Plan, employees must have completed at least one year of service with the Company, as defined in the Plan document, and be at least 21 years old. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options offered by the Plan.

Contributions:

Each year, participants may contribute up to 100 percent of pretax annual compensation (salary reduction contributions), as defined in the Plan up to the maximum percentage allowable under the provisions of the IRC. The limit for years 2018 and 2017 were $18,500 and $18,000, respectively. If the participant is at least age 50 before the end of the Plan year then the participant

NOTE 1 – DESCRIPTION OF PLAN (Continued)

may elect to defer additional amounts (catch-up contributions). The maximum catch-up contribution in 2018 and 2017 was $6,000. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3 percent of eligible compensation. Contributions are automatically invested in a designated balances fund until changed by the participant. The Plan provides a base contribution of 3 percent and an additional dollar for dollar match up to 6 percent of the employee's base annual salary.

Participant Accounts:

Each participant's account is credited with the participant's contribution, rollover contributions, an allocation of the Company's contribution, and Plan earnings (net of administrative expenses). Income is allocated based on the participant's selected investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. To earn a year of service, participants must be credited with at least 1,000 hours of service during a Plan year. Employees become 50 percent vested in the Company's contributions at the completion of two years of credited service and 100 percent vested in the Company's contributions at the end of three years of credited service. Participants become 100 percent vested upon normal retirement age of 65, death, or disability.

Forfeitures:

There was $4,973 in forfeitures of nonvested account balances during 2018. During the Plan year ended December 31, 2018, $11,124 in forfeitures were used to reduce the Company's contributions. The balance in the forfeiture account was $10,921 and $17,072 as of December 31, 2018 and 2017, respectively.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear reasonable interest rates, which commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

As of December 31, 2018, and 2017, outstanding notes totaled $35,435 and $24,061, respectively.

Payment of Benefits:

On termination of service, a participant will be paid their vested benefit at the earliest of their death, disability, or attainment of retirement date. However, a participant may elect to have their vested amount paid as soon as possible following termination of employment. The vested amount may be paid in a lump-sum or rolled over into another qualified plan.

In general, if the participant's account balance, as defined in the Plan agreement, is greater than $5,000 (the involuntary cash-out amount), the account may not be distributed without the participant's consent. A terminated participant whose vested account balance is greater than $1,000 but does not exceed $5,000 will be rolled over into an IRA.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties unless transferred to another qualified plan or individual retirement account.

Administrative Expenses:

Administrative expenses of the Plan are liabilities of the Plan but may be paid by the Company. These expenses include, but are not limited to, legal, accounting and recordkeeping fees, and investment expenses. Fees specific to the participant's investment selections and accounts are charged against that participant's account balance.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition:

The Plan's investments are reported at fair value, except for the insurance company general account (Mutual of America Interest Accumulation Account) which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits:

Benefits are recorded when paid by the Plan.

Recent Accounting Pronouncements:

In February 2017, the FASB issued ASU No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting* (ASU 2017-06), which changes the presentation and disclosures for plans that participate in a master trust. Additionally, ASU 2017-06 simplifies the disclosure of 401(h) accounts in health and welfare plans. ASU 2017-06 is effective for fiscal years beginning after December 15, 2018. Early adoption is permitted. The amendments should be applied retrospectively to each period for which financial statements are presented. The Plan has determined that ASU 2017-06 is not applicable to its financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

On March 4, 2014, the Board issued a proposed FASB Concepts Statement, *Conceptual Framework for Financial Reporting – Chapter 8, Notes to Financial Statements*, which the Board finalized on August 28, 2018. The amendments in this Update apply to all entities that are required, under existing GAAP, to make disclosures about recurring or nonrecurring fair value measurements. The amendments in the Update are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. Early adoption is permitted upon issuance of this Update. The Plan is evaluating the impact, if any, upon its financial position and results of operations upon adoption.

On March 4, 2014, the Board issued a proposed FASB Concepts Statement, *Conceptual Framework for Financial Reporting – Chapter 8, Notes to Financial Statements*, which the Board finalized on August 28, 2018. The amendments in this Update apply to all employers that sponsor defined benefit pension or other postretirement plans. The amendments in this Update modify the disclosure requirements for employers that sponsor defined benefit pension or their postretirement plans. The amendments in this Update are effective for fiscal years ending after December 15, 2020 for public business entities and for fiscal years ending after December 15, 2021 for all other entities. Early adoption is permitted for all entities. The Plan is evaluating the impact, if any, upon its financial position and results of operations upon adoption.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2018 and 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Mutual of America Life Insurance Company.

NOTE 4 – FAIR VALUE MEASUREMENTS (UNAUDITED)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets

NOTE 4 – FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

(Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements:

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements:

Other significant observable inputs are used to arrive at fair value (including yield, quality, coupon rate, maturity, issue type, quoted prices for similar securities, prepayment speeds, trading characteristics, etc.)

Level 3 Fair Value Measurements:

Significant unobservable inputs (including the Funds' own assumptions in determining the fair value of investments).

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

		Fair Value Measurements at the End of the Reporting Period Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2018:				
Registered investment companies	$ 2,237,199	$ 2,237,199	$ -	$ -
Total assets at fair value	$ 2,237,199	$ 2,237,199	$ -	$ -

NOTE 4 – FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

		Fair Value Measurements at the End of the Reporting Period Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2017:				
Registered investment companies	$ 1,662,456	$ 1,662,456	$ -	$ -
Total assets at fair value	$ 1,662,456	$ 1,662,456	$ -	$ -

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2018 and 2017, are reported in net appreciation (depreciation) in fair value of investments.

NOTE 5 – INCOME TAX STATUS

The Plan has been designated to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to confirm with the sample language provided by the IRS in Revenue Procedure 2007-71 [of the draft Listing of Required Modifications issued April 4, 2009]. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are units of participation in registered investment companies and an insurance company general account. The Plan held 1,020,465 and 734,837 units of Mutual of America Life Insurance Company funds at December 31, 2018 and 2017, valued at $2,393,802 and $1,757,389, respectively. As described in Note 1, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibited transaction rules of ERISA.

NOTE 7 – PROHIBITED TRANSACTIONS

The Plan failed to deposit participants contributions during the year for some employees. Upon discovery in 2019, the Plan made the corrections and the affected participants are in the positions as they would have been if the contributions were made to their accounts. The total amount of the other contributions receivables was $1,258 and $2,077 as of December 31, 2018 and 2017, respectively. The earnings on investments had not been determined at the time the financial statements were issued. All amounts including participant deferral, employer match, and lost earnings are considered immaterial to these financial statements.

NOTE 8 – RECONCILIATION TO FORM 5500

The financial information of the Plan, as reported on Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. A reconciliation of the amounts appearing on Form 5500 to the financial statements is as follows:

	2018	2017
Net assets available for benefits:		
Net assets, as reported on Form 5500	$ 2,624,422	$ 1,933,020
Contributions receivable	78,466	55,090
Other contributions receivable	1,258	2,077
Net assets, as reported in the accompanying financial statements	$ 2,704,146	$ 1,990,187
Changes in net assets available for benefits:		
Increase in net assets, as reported on Form 5500	$ 691,402	$ 739,709
Change in contributions receivable	22,557	21,217
Increase in net assets, as reported in the accompanying financial statements	$ 713,959	$ 760,926

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer accounts.

NOTE 10 – SUBSEQUENT EVENTS

The Company did not have sufficient insurance coverage over the Plan as of December 31, 2018. Upon discovery, the insurance coverage was increased and the Plan is fully covered through October 11, 2019 the date the financial statements were issued.
