INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the Scientific Components 401(k) Plan III

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Scientific Components 401(k) Plan III (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2018 and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these 2018 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion on the 2018 Financial Statements* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2018 Financial Statements

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note 5, which was certified by Voya Retirement Insurance and Annuity Company, the trustee of the Plan as of December 31, 2017 and for the period from January 1, 2018 through August 9, 2018, and Reliance Trust, the trustee of the Plan as of December 31, 2018 and for the period August 9, 2018 through December 31, 2018, except for comparing such information with the related information included in the 2018 financial statements. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustees as of December 31, 2018, and for the year ended December 31, 2018, that the information provided to the Plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion on the 2018 Financial Statements

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2018 Financial Statements* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these 2018 financial statements.

EISNERAMPER

Other Matters

The supplemental schedule of assets (held at end of year) as of December 31, 2018, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2018 Financial Statements* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

The financial statements of the Plan as of December 31, 2017, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 11, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the 2017 financial statements taken as a whole, and (b) the form and content of the information included in the 2017 financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2018 financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan Information

The Scientific Components 401(k) Plan III (the "Plan") is a defined contribution plan covering eligible employees of Scientific Components Corporation, Advanced Systems Research, Inc. and Mini-Circuits Missouri, Inc. (collectively, the "Employer"). Advanced Systems Research, Inc. ceased operations in 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following comments provide only general information about the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Eligibility - Employees are eligible after completing one hour of service and having attained the age of twenty- one years.

Contributions - Participants may contribute 100% of pre-tax annual compensation, subject to statutory limitations under the Internal Revenue Code, as defined in the Plan. Additionally, participants may make catch-up contributions in amounts pursuant to the Internal Revenue Code ("IRC"). A participant's total contribution in any plan year may not exceed the maximum amounts for that plan year as specified in Sections 401(k) and 415 of the Internal Revenue Code and regulations thereunder. The Employer may elect to make a matching contribution on behalf of participants who are eligible, to be determined each year by the Employer. Forfeitures of terminated participants' nonvested accounts are used to reduce the Employer's matching contribution or pay Plan expenses. At December 31, 2018 and 2017, forfeited non-vested accounts totaled $48,928 and $9,370, respectively. During 2018, the Employer used $9,917 to reduce its contribution.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) plan earnings, and charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting of participants' accounts - Participants are immediately vested in their contributions plus actual earnings thereon. The provisions of the Plan provide for the normal vesting of the participants' portion of the Employer's matching contribution plus actual earnings thereon based on the following:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3 - 6	Annual increments of 20% until fully vested

Investment options - Participants in the Plan direct the investment of their account.

Payment of benefits - On termination of service due to death, disability or retirement, a participant becomes 100% vested in their employer contribution account. For termination of service prior to retirement, participants with a vested interest in their account balance of $5,000 or greater will receive the value of the vested interest in their account upon giving a written consent to the Plan Trustee. Participants with a vested interest in their account balance of less than $5,000 will receive the value of the vested interest in their account in a lump-sum payment as soon as feasible following the date of termination.

Notes receivable from participants - Participants may borrow from their accounts any amount up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. For the purpose of this limitation, all loans from all plans of the Employer are aggregated. Loan repayments must be made monthly, in level payments of principal and interest, and repaid within five years, except for loans made in connection with the purchase of a primary residence. All loans are required to bear a reasonable rate of interest and are secured by the balance of the participant's account. There is no allowance for losses at December 31, 2018 and 2017.

2. Summary of Significant Accounting Policies

Basis of accounting - The Plan prepares its financial statements on the accrual basis of accounting.

Investment valuation and income recognition - Investments in all funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. All income earned on the Plan's mutual fund investments is included in the unit value and, accordingly, is recorded as net appreciation (depreciation) in fair value of mutual funds, which includes the Plan's gains and losses on mutual fund investments bought and sold as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with accounting principals generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Notes receivable from participants - Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document, which for 2018 amounted to $29,191.

Subsequent events - The Plan has evaluated events and transactions for potential recognition or disclosure through October 15, 2019, the date the financial statements were available to be issued.

Recent Accounting Pronouncement - In August 2018, the FASB issued Accounting Standard Update ("ASU") 2018-13 which changes the fair value measurement disclosure requirements of ASC 820. The amendments in this update modify the disclosure requirements on fair value measurements in ASC 820, Fair Value Measurement, based on the concepts in the concepts statement, including the consideration of costs and benefits. The ASU is effective for all entities for fiscal years beginning after December15, 2019, including interim periods therein. Early adoption is permitted for any eliminated or modified disclosures upon issuance of this ASU. Management has decided to early adopt this standard and as a result has updated the ASC 820 disclosure accordingly.

3. Termination of the Plan

The Plan is intended to be permanent, but may be terminated by the Board of Directors of the Employer. In the event that the Employer terminates the Plan, all participants' account balances at the time of the Plan's termination become fully vested.

4. Fair Value Measurements

FASB ASC 820, Fair Value Measurement, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable, either directly or indirectly, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts and that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Investments at Fair Value at December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 25,470,851	$ -	$ -	$ 25,470,851
Stable Value Fund (A)	-	-	-	3,791,165
Total investments, at fair value	$ 25,470,851	$ -	$ -	$ 29,262,016

	Investments at Fair Value at December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 19,158,769	$ -	$ -	$ 19,158,769
Stable Value Fund (A)	-	-	-	12,711,010
Total investments, at fair value	$ 19,158,769	$ -	$ -	$ 31,869,779

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Investments Certification

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Voya Retirement Insurance and Annuity Company, the trustee of the Plan as of December 31, 2017 and for the period from January 1, 2018 through August 9, 2018 and Reliance Trust, the trustee of the Plan as of December 31, 2018 and for the period August 9, 2018 through December 31, 2018 have certified to the completeness and accuracy for the respective periods of all investments, related investment activity, and notes receivable in the accompanying statements of net assets available for benefits, the statement of changes in net assets available for benefits and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2018.

6. Tax Status

The Internal Revenue Service has determined in its letter dated March 31, 2014 that the Plan as designed was in compliance with the applicable sections of the IRC. The plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of ERISA and the Internal Revenue Code and therefore, fulfills the criteria for exemption from federal and state income tax. The Plan was amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken by the Plan that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. During the year ended December 31, 2017 the Plan was under audit by the Internal Revenue Service for the years ended December 31, 2016 and 2015. The audits were concluded and the returns were accepted as filed. There are currently no audits for any tax periods in progress.

7. Related Party and Party-in-Interest Transactions

Certain administrative functions are performed by the officers and employees of the Employer (who may also be participants in the plan) at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory or administrative exemptions from the Internal Revenue Code and ERISA's rules on prohibited transactions.

Certain investments are managed by affiliates of the trustees of the Plan; therefore transactions related to these investments qualify as party-in-interest transactions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Prohibited Transaction

During 2017, the Employer failed to withhold 401(k) deferrals on certain compensation (i.e. payouts on PTO and sick pay adjustments) as required by the Plan document. The Plan sponsor utilized the IRS Self- Correction Program. The Plan sponsor engaged an ERISA specialist and made a contribution, totaling $562, of the amounts that were not withheld plus the earnings on that amount through the date the correction is deposited based on the performance of such participant's account along with the related matching contribution.

10. Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940 are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.
