Contributions

Participants may elect to contribute up to 1-50% of their annual pretax compensation, as defined in the Plan, subject to maximum dollar limitations established by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain limitations under the IRC. Participants may also contribute amounts representing distributions from other qualified plans ("rollovers"). For the year ended December 31, 2018, the total maximum allowable tax deferred contribution to the Plan under the IRC from employee sources was $18,500, plus catch-up contributions of $6,000 for eligible employees. In addition, the Company can elect to match a percentage of each employee's contribution, as determined by the Company's Board of Directors.

Participant Accounts

Each participant account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) Plan earnings or losses and (c) forfeitures of terminated participants' non-vested accounts, used to reduce company contributions. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account and the participant's vested interest in employer contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions, plus actual earnings thereon, to be invested in any of the investment options offered by the Plan. Participants may change their investment options daily, changes take effect in the subsequent pay period.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participant's vest in the Company contributions as follows:

Years of service	Vested percentage
Less than 3 years	0%
3 years	100%

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled $316,376 and $232,926, respectively. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2018, employer contributions were reduced by $127,125 from forfeited non-vested accounts.

Benefits Paid to Participants

In general, participants may elect to receive a distribution upon hardship, termination, disability, retirement or after the age of 59 ½. Hardship distributions are allowed for purchasing a primary residence or financing the higher education of the participant, the participant's spouse or dependent, as well as paying unreimbursed medical bills or alleviating certain other financial hardships. Upon termination, disability or retirement participants may elect to start receiving benefits or rollover their account balances into other qualified plans.

Upon the death of a participant, the total account balance will be paid to the designated beneficiary or to his or her estate. Under certain circumstances, participants may also elect to take in-service distributions of any after-tax contributions, rollover contributions and vested matching contributions.

The participant's vested account balance shall be distributed in a lump sum. A participant may retire and receive normal retirement benefits upon reaching age 65. At retirement, the participant's vested account balance shall be distributed in a lump sum.

Notes Receivable from Participants

Participants may borrow from the Plan an aggregate amount not to exceed the lesser of: (a) $50,000; or (b) 50% of the participant's vested account balance. The minimum note amount is $1,000. Interest on participant notes is based on comparable market rates. At December 31, 2018 and 2017, loans to participants amounted to $1,090,310 and $957,172, respectively, and bear interest at a rate of approximately 4.25% to 10.00% per annum, maturing through January 16, 2048. The loans are secured by the participant's vested account balance in the Plan. Only one loan to a participant may be outstanding. Loan terms range from one to five years or up to thirty years for the purchase of a primary residence. For the year ended December 31, 2018, the participant loans earned interest of $49,654.

Reclassifications

Certain prior year amounts have been reclassified to conform with current year presentation.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments that include funds that are comprised of investment contracts and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received upon the sale an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account. Delinquent notes are reclassified as distributions ("deemed distributions") based upon the terms of the Plan document. For the year ended December 31, 2018, the Plan recorded $105,144 of deemed distributions. As of December 31, 2018, and 2017, no allowance for credit losses has been recorded.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Administrative Expenses

Certain administrative expenses were paid by the Plan, as permitted by the Plan document. All other administrative expenses were paid by the Company.

Payment of Benefits

Benefits are recorded when paid.

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fifth Third Institutional Services, the ("Trustee") of the Plan, has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2018 and 2017.
- Net investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2018.

NOTE D - PARTY-IN-INTEREST TRANSACTIONS

For the years ended December 31, 2018 and 2017, some of the Plan's funds were in investments managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. Notes receivable to participants also qualify as exempt party-in-interest transactions.

NOTE E - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") No. 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted process in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC No. 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds – Valued at the net asset value ("NAV") of shares held by the Plan at year-end. The mutual funds provide for early redemptions by the Plan at reported NAV's with no advance notice requirement.

Collective Trust – The Plan holds an interest in a collective investment trust ("Putnam Stable Value Fund"), valued at NAV of units held, to maintain a portion of the Plan contributions in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed-income securities. The NAV is used as a practical expedient to estimate fair value. The account is credited with contributions and earnings on the underlying investments and charges for participant withdrawals and administrative expenses charged by the Trustee of the collective investment trust. Redemption can occur daily.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$106,133,096	$ -	$ -	$106,133,096
Total investments in the fair value hierarchy	$106,133,096	$ -	$ -	106,133,096
Investments measured at NAV				11,138,466
Total investments, at fair value				$117,271,562

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$116,203,797	$ -	$ -	$116,203,797
Total investments in the fair value hierarchy	$116,203,797	$ -	$ -	116,203,797
Investments measured at NAV				11,162,787
Total investments, at fair value				$127,366,584

NOTE F - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated July 8, 2015, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
