THE WESLEY COMMUNITIES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2018 AND 2017

1. Description of the Plan:

The following description of The Wesley Communities 403(b) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all full-time employees of The Wesley Communities and its wholly owned subsidiaries (Organization) who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions:

The Plan provides for employee salary deferrals subject to maximum tax-deferred and after tax Roth limitations established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer contributions are reported net of excess contributions to participants as required to satisfy the relevant nondiscrimination provisions of the Plan. Excess contributions totaled \$1,438 for 2018 and \$4,771 for 2017. These amounts are included in the Plan's statements of net assets available for benefits as excess contributions payable, participants at December 31, 2018 and 2017.

The Organization may make discretionary matching and/or nonelective contributions to eligible participants. The Organization elected to pay matching contributions of 50% of participant deferral contributions limited to 2% of compensation in 2018 and 2017. The Organization did not make any discretionary nonelective contributions in 2018 or 2017.

Employer discretionary matching contributions less excess contributions totaled \$125,687 (\$127,125 less excess contributions of \$1,438) in 2018. Employer discretionary matching contributions less excess contributions, net of forfeitures, totaled \$119,215 (\$125,419, net of \$1,433 forfeitures used, less excess contributions of \$4,771) in 2017.

Participant accounts:

Each participant's account is credited with the participant's contributions, the Organization's contributions, and Plan earnings. Allocation of earnings and expenses are based on participants' account balances. Each participant's account is decreased by allocations of Plan investment losses and depreciation, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2018 AND 2017

1. Description of Plan (continued):

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contributions plus earnings thereon is in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are included in the note balance. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance, and the repayment period shall not exceed five years, unless the note is taken for the purchase of a primary residence, in which case the note is to be repaid over a reasonable period of time that may exceed five years. The notes are secured by the balance in the participant's account. The note interest rate is set at one percent above the prime rate, as defined. Interest rates on the notes were 4.25% through 6.25% at December 31, 2018 and 4.25% through 5.25% at December 31, 2017. Principal and interest is paid ratably on a biweekly basis through payroll deductions.

Payment of benefits:

On termination of service, due to death, disability, or retirement, a participant may elect to receive a lump sum or direct rollover to another qualified plan equal to the value of the participant's vested interest in his or her account. Account balances less than \$5,000 are paid in a single lump sum upon termination. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death. Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs.

Investment options:

Participants direct the investment of their contribution and employer discretionary matching and nonelective retirement contributions into various investment options offered by the Plan. Participants may change their investment options daily.

THE WESLEY COMMUNITIES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2018 AND 2017

1. Description of Plan (continued):

Forfeitures:

Forfeitures of nonvested accounts are retained in the Plan and can be used to first pay administrative expenses and then to reduce future discretionary matching and nonelective contributions. Forfeited accounts not used to pay administrative expenses, reduce discretionary matching and nonelective contributions, and not allocated to participants' accounts amounted to \$14,676 (includes \$2,614 of benefit claims payable) at December 31, 2018 and \$21,004 (includes \$10,920 of benefit claims payable) at December 31, 2017. Benefit claims payable are amounts that were mandatory distributions upon participant termination and were uncashed at year end.

2. Summary of accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments are reported at fair value, except for the guaranteed investment contract which is reported at contract value, provided by Massachusetts Mutual Life Insurance Company (MassMutual) as of December 31, 2018 and 2017. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies, utilizing information provided by the investment advisers and trustee/custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments:

Benefits are recorded when paid.

THE WESLEY COMMUNITIES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2018 AND 2017

2. Summary of accounting policies (continued):

Administrative expenses:

Certain administrative expenses of maintaining the Plan are paid directly by the Organization. Certain third-party administrator fees and other professional fees are currently paid by the Organization and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the note balance. The Organization provides other accounting and administrative services at no cost to the Plan. No such employee, nor the Organization, receives compensation from the Plan.

Additionally, investment related expenses are included in net appreciation (depreciation) in fair value of investments on the statements of net assets available for benefits.

Subsequent events:

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through October 15, 2019, the date the Plan's financial statements were available to be issued.

3. Investments:

The following table presents the current value of investments at December 31, 2018 and 2017. All investments of the Plan are participant-directed at December 31, 2018 and 2017.

	<u>2018</u>	<u>2017</u>
Mutual funds at fair value	\$ 3,901,547	\$ 3,961,866
Guaranteed investment contract at contract value	<u>275,655</u>	<u>254,978</u>
Total investments	<u>\$ 4,177,202</u>	<u>\$ 4,216,844</u>

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

THE WESLEY COMMUNITIES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2018 AND 2017

4. Fair value measurements (continued):

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis at December 31, 2018 and 2017, were as follows:

	<u>2018</u>	<u>2017</u>
	<u>Level 1</u>	<u>Level 1</u>
Mutual funds	<u>\$ 3,901,547</u>	<u>\$ 3,961,866</u>

5. Investment contract with insurance company:

The Plan entered into a fully benefit-responsive investment contract with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

THE WESLEY COMMUNITIES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2018 AND 2017

5. Investment contract with insurance company (continued):

Because the guaranteed investment contract is a fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

Contract value, as reported to the Plan by MassMutual, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with MassMutual. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

The contract does not permit MassMutual to terminate the agreement prior to the scheduled maturity date.

The minimum guaranteed interest rate varies by participant and depends on the date the participant established his or her account.

6. Information certified by trustee/custodians:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, and interest and dividends for the year ended December 31, 2018 and 2017 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by MassMutual (January 1, 2017 through December 31, 2018), State Street Bank and Trust Company (State Street) (January 1, 2017 through June 10, 2018), and Reliance Trust Company (June 11, 2018 through December 31, 2018), as trustee/custodians of the Plan.

7. Plan termination:

While it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

THE WESLEY COMMUNITIES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2018 AND 2017

8. Tax status:

The Plan has been designated to qualify under Section 403(b) of the Internal Revenue Code. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party-in-interest transactions:

Certain Plan investments are managed by MassMutual. MassMutual is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments.

10. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rates, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.
