(1) Description of Plan

The following description of the LCM Investments Holdings II, LLC 401(K) Plan (the "Plan"), (previously "MK Automotive Management, LLC 401(K) Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a multiemployer defined contribution plan covering a controlled group of approximately thirty- two employers. All employees are covered, except for union employees whose employment is governed by a collective bargaining agreement. Employee must complete 60 days of employment and are at least 18 years of age are covered by the Plan. The plan was adopted with an effective date of January 1, 2006 and is sponsored by LCM Investments Holdings II, LLC (the "Sponsor"). The plan is subject to the provisions of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was subsequently amended on various dates with the last amendment on April 1, 2018. This amended stated that the plan would no longer issue loans. The administrative and custodial duties are provided by Empower from November 1, 2018 through December 31, 2018 and Transamerica Financial Life Insurance Company, Inc. from January 1, 2018 through October 31, 2018 and for 2017.

(b) Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to a maximum of $18,500 in 2018 ($24,500 including catch-up contributions for participants who attain age 50 by the end of the year). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of pooled separate accounts and a fixed income account as investment options for participants.

The Plan includes an automatic deferral provision of 3%. Participants may complete a salary deferral agreement to select an alternative deferral amount or to elect not to defer under the Plan in accordance with the deferral procedures of the Plan. Participants may only elect to contribute to the Plan or change their elected contributions at the beginning of each month. If the Company automatically enrolled a participant that did not want to participate in the Plan, the Company can refund the deferrals to the Participant within 90 days of the first payroll in which money was deferred, provided the participant notifies company management within a reasonable period of time prior to the end of the 90 day period.

(1) Description of Plan - Continued

The Plan also provides for the Company to make discretionary contributions in an amount equal to a matching percentage of a participant's eligible contributions for the Plan year or a profit sharing contribution at the option of the Company. For 2018, the Company matched 25% of participant contributions up to $1,200. The Company made their employee match contribution for 2018 at the beginning of April 2019. Employer receivable as of December 31, 2018 and 2017 was approximately $741,000 and $576,000 respectively.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their contributions plus earnings, if any, thereon. Vesting in the Company's profit sharing contribution portion of their accounts and matching contributions plus actual earnings thereon is based on continuous years of service. A participant vests at the rate of 20%, 40%, 60%, 80% and 100% after two, three, four, five and six years of service earned, respectively. The Plan provides for 100% vesting of participant balances upon normal retirement, death or permanent disability in accordance with Plan provisions.

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of 50% of the present value of their vested account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period. The loans are secured by 50% of the balance in the participant's account and bear interest at various rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions over a maximum period of 5 years except in the case of a loan for the purchase of a principal residence. Participants may have a total of two loans outstanding from the Plan at any given time. Interest rates for loans as of December 31, 2018 were 4.25% to 6.25% and the maturity dates ranged from 2019 to 2028. Interest income from loans is presented as a separate line item on the Statement of Changes of Net Assets Available for Benefits.

(1) Description of Plan – Continued

(f) Payment of Benefits

Upon separation of service due to death, disability, retirement or termination, a participant may elect to receive a lump-sum equal to the value of the participant's vested interest in his or her account. Involuntary payouts of Plan assets can occur for accounts with a balance of $5,000 or less. A participant may request in-service withdrawals upon reaching the age of 59 ½. The Plan provides for hardship distributions in accordance with the Plan agreement. At December 31, 2018 and 2017, there were no distribution payments that were processed and approved for payment by the Plan, but not yet paid to participants.

(g) Forfeitures

Non-vested Company contributions that are forfeited are retained in the Plan and may be used by the employer to pay Plan expenses or reduce amounts otherwise required to be contributed to the Plan. Any remaining forfeitures shall be credited to a suspense account to be used for future restorations. The forfeitures that were maintained in the suspense account at December 31, 2018 and 2017, were approximately $133,000 and $59,000, respectively. During the plan year end December 31, 2018, approximately $31,200 was used to pay employer contributions and $10,400 was used to pay plan expenses.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on an accrual basis of accounting.

(b) Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

(2) Summary of Significant Accounting Policies - Continued

(d) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive contract which is recorded at contract value. As of December 31, 2018, the Plan's investments are held in mutual funds and common collective trusts. The Plan's investments in mutual funds are stated at fair value, which is based on quoted market prices. The common collective trusts are valued using the net asset value calculated by the fund manager based on the underlying investments. In 2017, the plan held mostly pooled separate account investments. The pooled separate accounts held by the plan were valued daily using publicly available quoted market prices, and participants bear the investment risk. The Plan also held pooled separate accounts that directly invest in fixed maturity securities that are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities. The fully benefit–responsive investment contract is valued based upon the participant contributions made, plus participant transfers into the fund and credited interest, less participant withdrawals, participant transfers out of the fund and administrative expenses. The fully benefit-responsive investment contract is explained in detail in Note 4 of these financial statements.

Realized and unrealized gains and losses represent the change in market value of the investment contracts during the year.

(e) Valuation of Notes Receivable from Participants

Notes receivable from participants represent participant loans and are valued at the unpaid principal balance plus any accrued and unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(f) Contributions

Employee contributions are recorded when eligible compensation is paid. Employer contributions are recorded when authorized.

(g) Payment of Benefits

Benefits are recorded when paid.

(h) Administrative Expenses

Administrative expenses of the Plan are paid by the Sponsor, the Plan and/or unallocated Plan forfeitures.

(3) Fair Value Measurements

Accounting Standards Codification Topic 820, Fair Value Measurements and Disclosures ("ASC 820"), establishes the fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of quoted prices in active markets of similar assets, quoted prices in inactive markets of identical assets, inputs other than quoted prices that are observable, or inputs that are derived principally from or corroborated by observable market data by correlation or other means; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No investments with Level 3 inputs were held by the Plan during the years ended December 31, 2018 and 2017.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Fair Value Measurements at December 31, 2018			
Description of Investment	**Total**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**

(4) Investment Contracts With Insurance Company

As of December 31, 2018 and 2017, the Plan has investment contracts with Transamerica for the purpose of investing Plan assets. These investment contracts were determined to be fully-benefit responsive. The effective annual rate of interest is established for a six month period prior to January 1st and July 1st. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. There is no stated minimum or maximum interest rate for this investment choice. The contracts are included in the financial statements at contract value which approximates fair value, as reported to the Plan by Transamerica at December 31, 2018 and 2017.

The contributions to the fixed income accounts with Transamerica are backed by their general account. Fair market value of the account is the value paid when funds are withdrawn prior to their maturity. At December 31, 2018 and 2017, the declared average yield earned by the plan and the crediting interest rate for the fixed income fund was 0.80% and 0.70%, respectively.

(5) Information Certified by Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Retirement as custodian from November 1, 2018 through December 31, 2018 and Transamerica, the custodian as of the period January 1, 2018 through October 31, 2018 and 2017, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, 2018 and 2017:

- Investments as of December 31, 2018 and 2017, as shown in the Statements of Net Assets Available for Benefits.
- Investment income for the year ended December 31, 2018, as shown in the Statement of Changes in Net Assets Available for Benefits.
- The Schedule of Assets (Held at End of Year) as of December 31, 2018 included in the supplemental schedules.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule.

(6) Party-in-Interest Transactions

Certain Plan investments are managed by the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transaction.

(7) Nonexempt Party-in-Interest Transactions

During 2018 and 2017, the Sponsor failed to remit to the Custodian employee contributions totaling approximately $ 614,300 and $ 182,800 respectively, within the period prescribed by the Department of Labor's (DOL) Regulation 29 CFR 2510.102. The Sponsor remitted these participant contributions at various times throughout 2018 and 2017. The Sponsor has also calculated the amount to remit for the income that would have been earned had the contributions been remitted on a timely basis which totals approximately $ 3,000 and $ 5,100 for 2018 and 2017, respectively and plans to pay these amounts in 2019.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(9) Income Tax Status

The Plan is a non-standardized prototype plan developed by Transamerica. The Company adopted the prototype plan effective January 1, 2006. The Internal Revenue Service has determined and informed Transamerica by a letter dated March 31, 2008, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The prototype plan has been amended since receiving this determination letter. However, the Plan Administrator believes that the prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan accounts for uncertain tax positions, if any, in accordance with FASB Accounting Standards Codification 740. In accordance with these professional standards, the Company recognizes tax positions only to be the extent management believes it is "more likely than not" that its tax positions will be sustained upon IRS examination. The Plan Administrator believes it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements for the year ended December 31, 2018.

The Plan Administrator believes that its income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Plans Statements of Net Assets Available for Benefits or Statement of Changes in Net Assets Available for Benefits. Accordingly, the Plan has not recorded any accruals for interest and penalties for uncertain income tax positions at December 31, 2018.

The Plan's income tax returns are subject to examination by taxing authorities for a period of three years from the date they are filed. The Sponsor believes it is no longer subject to income tax examinations for years prior to 2015.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(10) Subsequent Events

Management has evaluated subsequent events October 15, 2019, the date on which the financial statements were available to be issued. Management did not identify any items for financial disclosure purposes.
