(3) Expected plan disbursements for the plan year	1d(3)	5541908

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule MB (Form 5500) 2018
v. 171027

2 Operational information as of beginning of this plan year:

a Current value of assets (see instructions)	2a	49725903
b "RPA '94" current liability/participant count breakdown:	(1) Number of participants	(2) Current liability
(1) For retired participants and beneficiaries receiving payment	1496	47756909
(2) For terminated vested participants	2064	34185031
(3) For active participants:		
(a) Non-vested benefits.....		426281
(b) Vested benefits.....		16616423
(c) Total active	1479	17042704
(4) Total	5039	98984644
c If the percentage resulting from dividing line 2a by line 2b(4), column (2), is less than 70%, enter such percentage	2c	50.24%

3 Contributions made to the plan for the plan year by employer(s) and employees:

(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees	(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees
07/02/2018	3438749				
Totals ▶			3(b)	3438749	3(c)

4 Information on plan status:

a Funded percentage for monitoring plan's status (line 1b(2) divided by line 1c(3))	4a	87.1%
b Enter code to indicate plan's status (see instructions for attachment of supporting evidence of plan's status). If code is "N," go to line 5	4b	N
c Is the plan making the scheduled progress under any applicable funding improvement or rehabilitation plan? ☐ Yes ☐ No		
d If the plan is in critical status or critical and declining status, were any benefits reduced (see instructions)? ☐ Yes ☐ No		
e If line d is "Yes," enter the reduction in liability resulting from the reduction in benefits (see instructions), measured as of the valuation date	4e	
f If the rehabilitation plan projects emergence from critical status or critical and declining status, enter the plan year in which it is projected to emerge. If the rehabilitation plan is based on forestalling possible insolvency, enter the plan year in which insolvency is expected and check here	4f	

5 Actuarial cost method used as the basis for this plan year's funding standard account computations (check all that apply):

- a** ☐ Attained age normal
b ☒ Entry age normal
c ☐ Accrued benefit (unit credit)
d ☐ Aggregate
e ☐ Frozen initial liability
f ☐ Individual level premium
g ☐ Individual aggregate
h ☐ Shortfall
i ☐ Other (specify):

j If box h is checked, enter period of use of shortfall method	5j	
k Has a change been made in funding method for this plan year?	☐ Yes ☒ No	
l If line k is "Yes," was the change made pursuant to Revenue Procedure 2000-40 or other automatic approval?	☐ Yes ☐ No	
m If line k is "Yes," and line l is "No," enter the date (MM-DD-YYYY) of the ruling letter (individual or class) approving the change in funding method	5m	

6 Checklist of certain actuarial assumptions:

a Interest rate for "RPA '94" current liability	6a		2.98%
	Pre-retirement		Post-retirement
b Rates specified in insurance or annuity contracts	☐ Yes ☐ No ☒ N/A		☐ Yes ☐ No ☒ N/A
c Mortality table code for valuation purposes:			
(1) Males	6c(1)	A	A
(2) Females	6c(2)	A	A
d Valuation liability interest rate	6d	7.00%	7.00%
e Expense loading	6e	259.7% ☐ N/A	% ☒ N/A
f Salary scale	6f	% ☒ N/A	
g Estimated investment return on actuarial value of assets for year ending on the valuation date	6g	3.1%	
h Estimated investment return on current value of assets for year ending on the valuation date	6h	14.1%	

7 New amortization bases established in the current plan year:

(1) Type of base	(2) Initial balance	(3) Amortization Charge/Credit
1	2520312	258614
4	987556	10335

8 Miscellaneous information:

a If a waiver of a funding deficiency has been approved for this plan year, enter the date (MM-DD-YYYY) of the ruling letter granting the approval	8a	
b(1) Is the plan required to provide a projection of expected benefit payments? (See the instructions.) If "Yes," attach a schedule	☒ Yes ☐ No	
b(2) Is the plan required to provide a Schedule of Active Participant Data? (See the instructions.) If "Yes," attach a schedule	☒ Yes ☐ No	
c Are any of the plan's amortization bases operating under an extension of time under section 412(e) (as in effect prior to 2008) or section 431(d) of the Code?	☐ Yes ☒ No	
d If line c is "Yes," provide the following additional information:		
(1) Was an extension granted automatic approval under section 431(d)(1) of the Code?	☐ Yes ☐ No	
(2) If line 8d(1) is "Yes," enter the number of years by which the amortization period was extended	8d(2)	
(3) Was an extension approved by the Internal Revenue Service under section 412(e) (as in effect prior to 2008) or 431(d)(2) of the Code?	☐ Yes ☐ No	
(4) If line 8d(3) is "Yes," enter number of years by which the amortization period was extended (not including the number of years in line (2))	8d(4)	
(5) If line 8d(3) is "Yes," enter the date of the ruling letter approving the extension	8d(5)	
(6) If line 8d(3) is "Yes," is the amortization base eligible for amortization using interest rates applicable under section 6621(b) of the Code for years beginning after 2007?	☐ Yes ☐ No	
e If box 5h is checked or line 8c is "Yes," enter the difference between the minimum required contribution for the year and the minimum that would have been required without using the shortfall method or extending the amortization base(s)	8e	

9 Funding standard account statement for this plan year:**Charges to funding standard account:**

a Prior year funding deficiency, if any	9a	
b Employer's normal cost for plan year as of valuation date	9b	1011218
c Amortization charges as of valuation date:	Outstanding balance	
(1) All bases except funding waivers and certain bases for which the amortization period has been extended	9c(1)	35345270 4742608
(2) Funding waivers	9c(2)	
(3) Certain bases for which the amortization period has been extended	9c(3)	
d Interest as applicable on lines 9a, 9b, and 9c	9d	402768
e Total charges. Add lines 9a through 9d	9e	6156594

Credits to funding standard account:

f Prior year credit balance, if any.....	9f	14908745
g Employer contributions. Total from column (b) of line 3.....	9g	3438749
	Outstanding balance	
h Amortization credits as of valuation date.....	9h	12216747
i Interest as applicable to end of plan year on lines 9f, 9g, and 9h	9i	1291837
j Full funding limitation (FFL) and credits:		
(1) ERISA FFL (accrued liability FFL)	9j(1)	25829523
(2) "RPA '94" override (90% current liability FFL)	9j(2)	42536041
(3) FFL credit.....	9j(3)	
k (1) Waived funding deficiency.....	9k(1)	
(2) Other credits	9k(2)	
l Total credits. Add lines 9f through 9i, 9j(3), 9k(1), and 9k(2).....	9l	21495103
m Credit balance: If line 9l is greater than line 9e, enter the difference.....	9m	15338509
n Funding deficiency: If line 9e is greater than line 9l, enter the difference	9n	

9o Current year's accumulated reconciliation account:

(1) Due to waived funding deficiency accumulated prior to the 2018 plan year	9o(1)	
(2) Due to amortization bases extended and amortized using the interest rate under section 6621(b) of the Code:		
(a) Reconciliation outstanding balance as of valuation date	9o(2)(a)	
(b) Reconciliation amount (line 9c(3) balance minus line 9o(2)(a))	9o(2)(b)	
(3) Total as of valuation date	9o(3)	

10 Contribution necessary to avoid an accumulated funding deficiency. (See instructions.)	10	
11 Has a change been made in the actuarial assumptions for the current plan year? If "Yes," see instructions.	☒ Yes ☐ No

			Yes ☐ No ☐	Yes ☐ No ☐		Yes ☐ No ☐

Part I Service Provider Information (continued)

3. If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received \$1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

(a) Enter service provider name as it appears on line 2	(b) Service Codes (see instructions)	(c) Enter amount of indirect compensation
(d) Enter name and EIN (address) of source of indirect compensation	(e) Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.	
(a) Enter service provider name as it appears on line 2	(b) Service Codes (see instructions)	(c) Enter amount of indirect compensation
(d) Enter name and EIN (address) of source of indirect compensation	(e) Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.	
(a) Enter service provider name as it appears on line 2	(b) Service Codes (see instructions)	(c) Enter amount of indirect compensation
(d) Enter name and EIN (address) of source of indirect compensation	(e) Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.	

Part II Service Providers Who Fail or Refuse to Provide Information

4 Provide, to the extent possible, the following information for each service provider who failed or refused to provide the information necessary to complete this Schedule.

(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide
(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide
(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide
(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide
(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide
(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide

Part III Termination Information on Accountants and Enrolled Actuaries (see instructions)

SCHEDULE H (Form 5500) <small>Department of the Treasury Internal Revenue Service</small> <small>Department of Labor Employee Benefits Security Administration</small> <small>Pension Benefit Guaranty Corporation</small>	Financial Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2018 This Form is Open to Public Inspection
--	--	---

For calendar plan year 2018 or fiscal plan year beginning 01/01/2018 and ending 12/31/2018		
A Name of plan CENTRAL OHIO UFCW UNIONS AND RETAIL EMPLOYERS PENSION PLAN	B Three-digit plan number (PN) ►	001
C Plan sponsor's name as shown on line 2a of Form 5500 BOARD OF TRUSTEES OF THE CENTRAL OHIO UFCW UNIONS AND EMPLOYERS PENSIO	D Employer Identification Number (EIN) 31-6089169	

Part I Asset and Liability Statement			
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.			
Assets		(a) Beginning of Year	(b) End of Year
a Total noninterest-bearing cash	1a	566544	271466
b Receivables (less allowance for doubtful accounts):			
(1) Employer contributions.....	1b(1)	311764	585220

j	Other liabilities	1j	
k	Total liabilities (add all amounts in lines 1g through 1j)	1k	124953 34534
Net Assets			
l	Net assets (subtract line 1k from line 1f)	1l	49725903 45197777

Part II Income and Expense Statement

2 Plan income, expenses, and changes in net assets for the year. Include all income and expenses of the plan, including any trust(s) or separately maintained fund(s) and any payments/receipts to/from insurance carriers. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 2a, 2b(1)(E), 2e, 2f, and 2g.

		(a) Amount	(b) Total
a	Contributions:		
(1)	Received or receivable in cash from: (A) Employers	2a(1)(A)	3438545
	(B) Participants	2a(1)(B)	
	(C) Others (including rollovers)	2a(1)(C)	
(2)	Noncash contributions	2a(2)	
(3)	Total contributions. Add lines 2a(1)(A) , (B) , (C) , and line 2a(2)	2a(3)	3438545
b	Earnings on investments:		
(1)	Interest:		
	(A) Interest-bearing cash (including money market accounts and certificates of deposit)	2b(1)(A)	7883
	(B) U.S. Government securities	2b(1)(B)	
	(C) Corporate debt instruments	2b(1)(C)	
	(D) Loans (other than to participants)	2b(1)(D)	
	(E) Participant loans	2b(1)(E)	
	(F) Other	2b(1)(F)	123872
	(G) Total interest. Add lines 2b(1)(A) through (F)	2b(1)(G)	131755
(2)	Dividends: (A) Preferred stock	2b(2)(A)	
	(B) Common stock	2b(2)(B)	
	(C) Registered investment company shares (e.g. mutual funds)	2b(2)(C)	896296
	(D) Total dividends. Add lines 2b(2)(A) , (B) , and (C)	2b(2)(D)	896296
(3)	Rents	2b(3)	
(4)	Net gain (loss) on sale of assets: (A) Aggregate proceeds	2b(4)(A)	706410
	(B) Aggregate carrying amount (see instructions)	2b(4)(B)	706410
	(C) Subtract line 2b(4)(B) from line 2b(4)(A) and enter result	2b(4)(C)	0
(5)	Unrealized appreciation (depreciation) of assets: (A) Real estate	2b(5)(A)	
	(B) Other	2b(5)(B)	218706
	(C) Total unrealized appreciation of assets. Add lines 2b(5)(A) and (B)	2b(5)(C)	218706

		(a) Amount	(b) Total
(6) Net investment gain (loss) from common/collective trusts	2b(6)		246293
(7) Net investment gain (loss) from pooled separate accounts	2b(7)		
(8) Net investment gain (loss) from master trust investment accounts	2b(8)		
(9) Net investment gain (loss) from 103-12 investment entities	2b(9)		-723200
(10) Net investment gain (loss) from registered investment companies (e.g., mutual funds).....	2b(10)		-3558701
c Other income.....	2c		413
d Total income. Add all income amounts in column (b) and enter total	2d		650107

Expenses

e Benefit payment and payments to provide benefits:			
(1) Directly to participants or beneficiaries, including direct rollovers	2e(1)	4568288	
(2) To insurance carriers for the provision of benefits	2e(2)		
(3) Other	2e(3)		
(4) Total benefit payments. Add lines 2e(1) through (3).....	2e(4)		4568288
f Corrective distributions (see instructions)	2f		
g Certain deemed distributions of participant loans (see instructions)	2g		
h Interest expense	2h		
i Administrative expenses: (1) Professional fees.....	2i(1)	180758	
(2) Contract administrator fees.....	2i(2)		
(3) Investment advisory and management fees.....	2i(3)	62586	
(4) Other	2i(4)	366601	
(5) Total administrative expenses. Add lines 2i(1) through (4).....	2i(5)		609945
j Total expenses. Add all expense amounts in column (b) and enter total	2j		5178233

Net Income and Reconciliation

k Net income (loss). Subtract line 2j from line 2d	2k		-4528126
l Transfers of assets:			
(1) To this plan.....	2l(1)		
(2) From this plan.....	2l(2)		

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unqualified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Did the accountant perform a limited scope audit pursuant to 29 CFR 2520.103-8 and/or 103-12(d)? ☐ Yes ☒ No

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: FREYBERG HINKLE ET AL

(2) EIN: 39-1531945

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.).....

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

	Yes	No	Amount
4a		X	
4b		X	

		Yes	No	Amount
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	4d		X	
e Was this plan covered by a fidelity bond?	4e	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked, and see instructions for format requirements.)	4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	4k		X	
l Has the plan failed to provide any benefit when due under the plan?	4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	4n		X	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
 If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c If the plan is a defined benefit plan, is it covered under the PBGC insurance program (See ERISA section 4021.)? ☒ Yes ☐ No ☐ Not determined
 If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 4175305. (See instructions.)

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500.	OMB No. 1210-0110 2018 This Form is Open to Public Inspection.
---	---	--

For calendar plan year 2018 or fiscal plan year beginning 01/01/2018 and ending 12/31/2018

A Name of plan <u>CENTRAL OHIO UFCW UNIONS AND RETAIL EMPLOYERS PENSION PLAN</u>	B Three-digit plan number (PN) ▶ <u>001</u>
C Plan sponsor's name as shown on line 2a of Form 5500 <u>BOARD OF TRUSTEES OF THE CENTRAL OHIO UFCW UNIONS AND EMPLOYERS PENSIO</u>	D Employer Identification Number (EIN) <u>31-6089169</u>

Part I	Distributions
---------------	----------------------

All references to distributions relate only to payments of benefits during the plan year.

1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions	1	
2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits): EIN(s): _____ Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.		
3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year	3	<u>0</u>

Part II	Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part.)
----------------	---

4 Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)?	☐ Yes	☒ No	☐ N/A
If the plan is a defined benefit plan, go to line 8.			
5 If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. Date: Month _____ Day _____ Year _____ If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule.			
6 a Enter the minimum required contribution for this plan year (include any prior year accumulated funding deficiency not waived)	6a		
b Enter the amount contributed by the employer to the plan for this plan year	6b		
c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount)	6c		
If you completed line 6c, skip lines 8 and 9.			
7 Will the minimum funding amount reported on line 6c be met by the funding deadline?	☐ Yes	☐ No	☐ N/A
8 If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure or other authority providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change?	☐ Yes	☐ No	☒ N/A

Part III	Amendments
-----------------	-------------------

9 If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box. If no, check the "No" box.....	☐ Increase	☐ Decrease	☐ Both	☒ No
--	-----------------------------------	-----------------------------------	-------------------------------	--

Part IV	ESOPs (see instructions). If this is not a plan described under section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part.
----------------	---

10 Were unallocated employer securities or proceeds from the sale of unallocated securities used to repay any exempt loan?	☐ Yes	☐ No
11 a Does the ESOP hold any preferred stock?	☐ Yes	☐ No
b If the ESOP has an outstanding exempt loan with the employer as lender, is such loan part of a "back-to-back" loan? (See instructions for definition of "back-to-back" loan.)	☐ Yes	☐ No
12 Does the ESOP hold any stock that is not readily tradable on an established securities market?	☐ Yes	☐ No

For Paperwork Reduction Act Notice, see the Instructions for Form 5500.

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
Central Ohio UFCW Unions and
Retail Employers Pension Plan
Columbus, Ohio

We have audited the accompanying financial statements of the Central Ohio UFCW Unions and Retail Employers Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the Central Ohio UFCW Unions and Retail Employers Pension Plan's net assets available for benefits as of December 31, 2018, and changes therein for the year then ended and its financial status as of December 31, 2017, and changes therein for the year then ended in accordance with U.S. generally accepted accounting principles.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules as detailed in the table of contents are presented for the purpose of additional analysis and are not a required part of the financial statements, but some of which are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The accompanying notes are an integral part of these financial statements.

CENTRAL OHIO UFCW UNIONS AND RETAIL EMPLOYERS PENSION PLAN

Notes to Financial Statements December 31, 2018 and 2017

1. Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit multiemployer pension plan providing retirement benefits for those employees who are covered under collective bargaining agreements between the unions and employers participating in the Plan. The Plan is subject to the provisions of ERISA, as amended.

The Board of Trustees, comprised of a union group and an employer group of representatives, each having equal voting power, has overall responsibility for the operation and administration of the Plan.

The Plan has an Administrative Services Agreement with Heartland Benefit Plan Administration, LLC to handle daily administration duties of the Plan.

Contributions

The Plan is funded by employer contributions in accordance with the terms of the participating employers' collective bargaining agreements. No contributions are permitted by employees. According to the Plan's actuary, the contributions for the years ended December 31, 2018 and 2017 exceeded the minimum funding requirements of ERISA.

Pension benefits

The pension benefits provided by the Plan are established by the Board of Trustees administering the Plan. Participants may receive their benefits upon application at or after attaining normal retirement age, or early retirement age if applicable, as specified in the plan document and the applicable participation agreement. Survivor benefits are provided for the surviving spouses of participants who die before beginning to receive their vested benefits.

Vesting

Employees become vested after five years of service.

2. Significant accounting policies

Basis of accounting

The accompanying financial statements of the Plan have been prepared, and the books of record are maintained on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

CENTRAL OHIO UFCW UNIONS AND RETAIL EMPLOYERS PENSION PLAN

Notes to Financial Statements December 31, 2018 and 2017

2. Significant accounting policies (continued)

Date of management's review

Management has evaluated subsequent events for the Plan through September 17, 2019, which is the date the financial statements were approved and available to be issued.

Concentrations

Credit risk

At times during the year, the Plan's deposits may exceed federally insured limits. U.S. generally accepted accounting principles identifies these items as a concentration of credit risk requiring disclosure, regardless of the degree of risk.

Employer contributions

One employer accounted for approximately 99% of the Plan's contributions during the years ended December 31, 2018 and 2017.

Investment valuation and income recognition

Mutual funds, common collective funds, the partnership, other investments, and cash equivalents are stated on the books of account at cost. All investments are adjusted to fair value and reported as such as of the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Administrative fees

The Plan transferred administrative services to the Heartland Benefit Plan Administrators, LLC (the LLC) effective January 1, 2017. The LLC also provides administrative services to the UFCW Heartland Health & Wellness Fund and UFCW Heartland Pension Fund. The shared administrative expenses approximated \$137,482 and \$152,170 for the years ended December 31, 2018 and 2017.

Actuarial present value of accumulated plan benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions, to the services employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on hours of credit service.

CENTRAL OHIO UFCW UNIONS AND RETAIL EMPLOYERS PENSION PLAN

Notes to Financial Statements December 31, 2018 and 2017

2. Significant accounting policies (continued)

Actuarial present value of accumulated plan benefits (continued)

The actuarial present value of accumulated plan benefits is determined by the actuary of the Plan, Milliman, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation were:

(a) Mortality Rates:

- Pre-retirement (actives and vested terminations): For January 1, 2018 the RP-2014 Blue Collar mortality tables (male and female rates) with three year set forward adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year and projected forward using MP-2018 on a generational basis with employee rates before commencement and annuitant rates after commencement. For January 1, 2017 the RP-2000 Combined Blue Collar Mortality projected to 2017 with Scale BB, separate tables for males and females.
- Post-retirement (including beneficiaries): For January 1, 2018 the RP-2014 Blue Collar mortality tables (male and female rates) with three year set forward adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year and projected forward using MP-2018 on a generational basis with employee rates before commencement and annuitant rates after commencement. For January 1, 2017 the RP-2000 Healthy Annuitant Blue Collar Mortality projected to 2017 with Scale BB with ages set forward 3 years, separate tables for males and females.
- Disabled Participants: For January 1, 2018 the RP-2014 Disabled mortality tables (male and female rates) adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year and projected forward using MP-2018 on a generational basis. For January 1, 2017 the RP-2000 Disabled Mortality projected to 2017 with Scale BB, separate tables for males and females.
- Current Liability Mortality Table (all Participants): For January 1, 2018 the Internal Revenue Service (IRS) 2018 annuitant and non-annuitant mortality tables (male and female rates) with projection for mortality improvement, updated annually, as mandated by the IRS. For January 1, 2017 the IRS 2017 annuitant and non-annuitant mortality tables (male and female rates) with projection for mortality improvement, updated annually, as mandated by the IRS.

(b) Retirement age assumptions.

(c) Investment return.

The valuations included an assumed average rate of return of 7.00% for January 1, 2018 and 2017 (net of investment-related expenses). The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

CENTRAL OHIO UFCW UNIONS AND RETAIL EMPLOYERS PENSION PLAN

Notes to Financial Statements December 31, 2018 and 2017

2. Significant accounting policies (continued)

New accounting pronouncements

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-02, *Leases* (Topic 842), which amends the existing accounting standards for lessees. The new standard requires all lessees to record a right-of-use asset and a corresponding lease liability on the statement of net assets available for benefits (with the exception of short term leases) and requires expanded disclosures regarding the leasing arrangements. ASU 2016-02 is effective for employee benefit plans for reporting periods beginning after December 15, 2019 and early adoption is permitted. Management is currently assessing the effect ASU 2016-02 will have on its financial statements and related disclosures.

In August 2018, the FASB issued ASU 2018-13, *Disclosure Framework* (Topic 820): *Changes to the Disclosure Requirements for Fair Value Measurement*, (ASU 2018-13). The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The Plan is currently assessing the timing and impact of adopting the update provisions.

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The following describes the three levels of the fair value hierarchy:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CENTRAL OHIO UFCW UNIONS AND RETAIL EMPLOYERS PENSION PLAN

Notes to Financial Statements December 31, 2018 and 2017

3. Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: The fair values of mutual funds are determined by obtaining quoted prices on nationally recognized securities exchanges.

Common collective funds and 103-12 investment entities: Valued at the net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Partnership:

GCM Grosvenor Secondary Opportunities Feeder Fund II, L.P.: The GCM Grosvenor Secondary Opportunities Feeder Fund II, L.P. is a Cayman Islands exempted limited partnership formed to achieve capital appreciation through the discount at which investments are acquired and the appreciation of the underlying portfolio companies. All of the assets are invested in the GCM Grosvenor Secondary Opportunities Fund II, L.P. The value of the partnership in the accompanying financial statements is at NAV per unit outstanding.

Other:

RREEF America REIT II Fund: RREEF America REIT II Fund (REIT) is a corporation classified as a real estate investment trust and is organized to serve as a collective investment vehicle through which eligible investors may invest in a professionally managed real estate portfolio consisting of multi-family, industrial, retail and office properties in targeted metropolitan areas within the continental United States. The principal investment objective of REIT is to generate attractive, predictable investment returns from a target portfolio of low-risk equity investments in income-producing real estate while maximizing the total return to shareholders through cash dividends and appreciation in the value of REIT shares. RREEF America LLC (RREEF) serves as investment advisor to REIT.

RREEF values REIT's real estate investments based on external valuations performed annually by independent real estate appraisers. Additionally, RREEF will perform annual internal valuations on each of the real estate investments in REIT, with the exception of recently acquired real estate investments. Cost plus capital additions are used to approximate estimated fair value until the real estate investments are first appraised. Quarterly, RREEF presents the results of both the internal and external valuations to REIT's Board of Directors for final approval. The periodic valuation of REIT's total portfolio including the related loans and bonds payable serves as the basis for determining REIT's net asset value. Determination of estimated fair value involves subjective assumptions and estimates.

The value of RREEF America REIT II, Inc. in the accompanying financial statements is at NAV per outstanding unit.

CENTRAL OHIO UFCW UNIONS AND RETAIL EMPLOYERS PENSION PLAN

Notes to Financial Statements December 31, 2018 and 2017

3. Fair value measurements (continued)

Cash and cash equivalents: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values and are not necessarily an indication of the risk associated with investing in those securities. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 27,620,002	\$	\$	\$ 27,620,002
Cash equivalents		872,739		872,739
Uninvested cash	2			2
Total assets in the fair value hierarchy	\$ 27,620,004	\$ 872,739	\$	\$ 28,492,743
Investments measured at NAV (a)				15,870,806
Total investments at fair value				\$ 44,363,549

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,841,500	\$	\$	\$ 32,841,500
Cash equivalents		343,905		343,905
Uninvested cash	4			4
Total assets in the fair value hierarchy	\$ 32,841,504	\$ 343,905	\$	\$ 33,185,409
Investments measured at NAV (a)				15,774,644
Total investments at fair value				\$ 48,960,053

- (a) Certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

CENTRAL OHIO UFCW UNIONS AND RETAIL EMPLOYERS PENSION PLAN

Notes to Financial Statements December 31, 2018 and 2017

3. Fair value measurements (continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018 and 2017:

Investments reported at NAV as of December 31, 2018				
	Fair Value	Unfunded Commitments	Redemption	
			Frequency	Notice Period
Common collective funds				
Multi-Employer Property Trust	\$ 3,961,068	\$	Quarterly	1 year written notice
NIS Preferred Stock Fund II, LLC	1,164,114		Quarterly	30 days written notice

CENTRAL OHIO UFCW UNIONS AND RETAIL EMPLOYERS PENSION PLAN

Notes to Financial Statements December 31, 2018 and 2017

3. Fair value measurements (continued)

Change in fair value levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management has evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no significant transfers in or out of levels 1, 2, or 3.

4. Actuarial present value of accumulated plan benefits and funding policy

Actuarial present value of accumulated plan benefits as of January 1, 2018, using an investment return assumption of 7.00% for January 1, 2018 (net of investment-related expenses) per annum compounded annually is as follows:

Vested benefits	
Retired participants and beneficiaries	\$ 31,085,931
Other participants	23,730,756
	<u>\$ 54,816,687</u>
Nonvested benefits	<u>336,918</u>
Total actuarial present value of accumulated plan benefits	<u><u>\$ 55,153,605</u></u>

The changes in the actuarial present value of accumulated plan benefits during the year ending December 31, 2017 are as follows:

Value at the beginning of plan year	\$ 54,761,059
Increase (decrease) attributable to:	
Benefits paid	(4,239,534)
Reduction in average discount period	3,687,400
Actuarial experience and accumulation of benefits	27,606
Change in assumptions	<u>917,074</u>
Value at the end of plan year	<u><u>\$ 55,153,605</u></u>

CENTRAL OHIO UFCW UNIONS AND RETAIL EMPLOYERS PENSION PLAN

Notes to Financial Statements December 31, 2018 and 2017

4. Actuarial present value of accumulated plan benefits and funding policy (continued)

The above calculations were determined by the actuary for the Plan, Milliman, using the entry age normal actuarial cost method. The actuary is responsible for the computation of the necessary funding provisions of ERISA as they apply to the Plan.

5. Employer's withdrawal liability

When a withdrawal from the Plan occurs, ERISA, as amended, provides for the assessment of withdrawal liability. An employer's withdrawal liability to the Plan is determined as the sum of the employer's proportional share of the unamortized balances as of the end of the Plan year proceeding the Plan year in which the withdrawal occurred.

The allocation method used in the determination of an employer's withdrawal liability is the "rolling five" method, as prescribed under the law.

It is the Plan's policy to recognize collections of withdrawal liability as employer contributions income when received. During the year ended December 31, 2017, the Plan received the final payment of \$93,517 in withdrawal liabilities from Rite Aid Corporation.

6. Plan termination

The Trustees may terminate the Plan in whole or in part, to the extent the termination is permitted by law. If the Plan is partially or completely terminated, all affected Plan participants will become fully vested in the benefits, to the extent funded, they have earned as of the termination date.

Upon termination, and after any necessary approval of the Pension Benefit Guaranty Corporation (PBGC), the Trustees shall apply the Trust to pay or to provide for the payment of any and all obligations of the Plan and shall distribute and allocate all assets of the Trust in accordance with the provisions of the Plan; provided, however, that no part of the corpus or income of the Trust shall be used for or diverted to purposes other than for the exclusive benefit of the participants, former participants or their beneficiaries or dependents, or the administrative expenses of the Plan or for other payments in accordance with the provisions of the Trust agreement. If the assets held under the terminated Plan are insufficient to discharge the obligations of the Plan, the degree of insurance coverage, the priority of claims and the distribution of assets and insurance proceeds to all claimants shall be in accordance with PBGC regulations.

7. Related-party transactions

The Plan invests in a cash equivalent fund managed by Fifth Third Bank, the Plan's investment custodian. These transactions are not considered prohibited transactions by statutory exemptions under ERISA regulations.

CENTRAL OHIO UFCW UNIONS AND RETAIL EMPLOYERS PENSION PLAN

Notes to Financial Statements December 31, 2018 and 2017

8. Tax status

The IRS issued its latest determination letter dated August 11, 2015 applicable to amendments adopted through January 20, 2010 which states that the Plan continues to qualify under the appropriate sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Board of Trustees and tax counsel believe that the Plan is designed and is currently operated in compliance with applicable requirements of the IRC.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

10. Transfer of net assets

Effective December 31, 2014, the Plan transferred all participants from the Kroger Company to the UFCW Consolidated Pension Fund. The assets and liabilities associated with these participants were transferred. \$5,570,000 was transferred on December 31, 2014. \$1,014,184 was transferred in November 2017 as a true-up and interest after the final calculations were completed.

Appendix C – Summary of Principal Plan Provisions

This summary of plan provisions is intended to only describe the essential features of the Plan. All eligibility requirements and benefit amounts shall be determined in strict accordance with the plan document itself.

Definitions – Class 1059 Participants

Plan Year and Effective Date: The plan year is the calendar year. The plan was originally established effective as of September 1, 1967. The plan was amended and restated effective January 1, 2015.

Union: Union Local 1059 chartered by the United Food and Commercial Workers International Union, AFL-CIO-CLC, or any other local union chartered by the United Food and Commercial Workers International Union which adopts the Plan.

Employers Included: Any employer who is not primarily engaged in the sale of food products and who enters into a collective bargaining agreement with the union requiring contributions to be made to the Plan. The term "employer" also includes the union, the Plan, and any jointly administered health and welfare, vacation, or other type of employee benefit plan to which any union or employer participating in the Plan is a party, which adopts the Plan in accordance with its provisions.

Employees Included: Any person will commence participation on the January 1 or July 1 following the last to occur of (a) the date the first contribution on his behalf is made to the Plan, (b) his attainment of age 21, and (c) the first anniversary of the date his employment commenced if he has then had at least 455 hours of service. Anyone included under the prior provisions of the Plan as of October 31, 1986 will continue as a participant.

Vesting Service: "Vesting service" determines a participant's eligibility for benefits and consists of the following periods of employment, unless provided otherwise in the employer's participation agreement:

- (a) For the period before an employer's participation date, an employee will receive one year of vesting service for each calendar year in which he had three months of employment. Vesting service for that period may also be given for excused years and employment by nonparticipating employers.
- (b) For the period after an employer's participation date, an employee covered by a collective bargaining agreement will receive a full year of vesting service if he earns 455 or more hours of service in a calendar year.
- (c) However, if an employee is not covered by a collective bargaining agreement, his vesting service will be determined on an elapsed time basis and then only if such noncovered employment immediately precedes or follows employment with the same employer that is covered by a collective bargaining agreement and there is no intervening quit, retirement or discharge.

Benefit Service: "Benefit service" determines the amount of a participant's benefit and is based on calendar years as follows:

- (a) For the period during which no contributions were made on behalf of the employee because contributions were not required per the Collective Bargaining Agreement, he will receive one year of benefit service for 12 months of employment after the employee's participation date, provided he received vesting service as provided in the Vesting Service definition above. If he

had less than 12 months of employment, he will receive a partial year of benefit service based on quarters, and no benefit service for less than 3 months of employment.

- (b) For the period before 1976 during which contributions were made on behalf of the employee, he will receive one full year of benefit service if he earned 1,820 or more hours of service; a partial year based on quarters if he earned less than 1,820 hours, but at least 455 hours; and no benefit service for less than 455 hours of service. For the period after 1975 during which contributions were made on behalf of the employee, he will receive benefit service in accordance with the following schedule:

Hours of Service Earned	Years of Benefit Service before January 1, 2010	Years of Benefit Service after December 31, 2009
1,800+	1.00	1.00
1,700 – 1,799	0.88	0.88
1,600 – 1,699	0.83	0.83
1,500 – 1,599	0.78	0.78
1,400 – 1,499	0.73	0.73
1,300 – 1,399	0.68	0.68
1,200 – 1,299	0.63	0.63
1,100 – 1,199	0.58	0.58
1,000 – 1,099	0.53	0.53
900 - 999	0.48	0.48
800 - 899	0.43	0.43
750 - 799	0.38	0.38
455 - 749	0.25	0.00
< 455	0.00	0.00

An employee whose participation or re-participation in the Plan commences after 1975 on some day other than January 1 will receive benefit service for such year equal to his hours of service divided by 2,080 even though he earned less than 455 hours of service provided he earned a full year of vesting service for such calendar year.

Normal Pension – Class 1059 Participants

With respect to service earned before January 1, 2010, Normal Retirement Age is on or after attainment of age 62 and the completion of either 5 years of vesting service or five years of Plan participation after January 1, 1988.

With respect to service earned after December 31, 2009, Normal Retirement Age is on or after attainment of age 65 and the completion of either 5 years of vesting service or 5 years of Plan participation after January 1, 1988.

For those participants hired or rehired after December 31, 2005 subject to the special benefit rates described in the paragraph 5 below, Normal Retirement Age is on or after attainment of age 65 and completion of 5 years of vesting service.

If the participant earns at least 455 hours of service after September 30, 1997, the monthly pension on a single-life basis is equal to the sum of (a), (b), (c), (d) and (e) below:

- (a) \$29.50 multiplied by participant's years of Benefit Service for Benefit Service earned prior to January 1, 2000, plus:
- (b) \$36.50 multiplied by participant's years of Benefit Service earned after January 1, 2000 and prior to January 1, 2004 (excluding active participants who were transferred to the Southwestern Ohio Plan effective July 1, 2000), plus:
- (c) \$29.50 multiplied by a participant's years of Benefit Service earned between January 1, 2004 and December 31, 2005, plus:
- (d) \$17.50 multiplied by a participant's years of Benefit Service earned between January 1, 2006 and December 31, 2009, plus;
- (e) \$13.50 multiplied by a participant's years of Benefit Service earned after December 31, 2009.

For those participants who are hired by participating employers after December 31, 2005, their benefit rate for Benefit Service earned under the Plan shall be \$14 for Benefit Service earned before January 1, 2010 and \$10 for Benefit Service earned after December 31, 2009. These benefit rates shall also be applied to participants who had earned Benefit Service in the Plan prior to January 1, 2006, and who terminated their employment with a participating employer and who were then rehired by an employer participating in the Plan after December 31, 2005 with regard to any Benefit Service earned by such individual after their rehire.

The Plan contains special conditions regarding the following current (or former) employers: Gamble's Soft-Line Distribution Center, Ohio Lamp and Fixture Company, Dolly Madison - Columbus and Huntington, Goldman's Inc., Concord City Clothing, Inc., Seaway Distributing, Inc., and Cook United.

The monthly amount of any pension benefit payable to a former participant who is ineligible to have the amount of his benefit computed at the \$29.50 pension benefit rate will be increased by 15.56% effective January 1, 1998. (Not including deferred vested retirees whether or not in pay status and not including certain participants with special limitations as described in the previous paragraph.)

Early Pension – Class 1059 Participants

Early retirement on or after the participant's 55th birthday and completion of 5 or more years of vesting service or 10 or more years of vesting service if participant is subject to benefit rates described in the fifth paragraph of the Normal Pension Benefit plan provision above.

Monthly pension on a single-life basis payable at a participant's Normal Retirement Age is computed in the same manner as a Normal Pension described above.

If payment commences prior to the participant's Normal Retirement Age, the amount is reduced by 1/12 of 3% for each month that the pension commencement date precedes age 62, except for Benefit Service earned after December 31, 2009, that amount is reduced by 1/12 of 6% for each month the pension commencement date precedes age 65.

If the participant is subject to the benefit rates described in the fifth paragraph of the Normal Pension Benefit plan provision above, the amount is reduced by 1/12 of 6% for each month that the pension commencement date precedes age 65.

Vested Pension – Class 1059 Participants

Termination of employment after any age and completion of 5 or more years of vesting service.

Monthly pension on a single-life basis payable at Normal Retirement Age is computed in the same manner as a Normal Pension described above. If payments commence prior thereto, the amount is as

described in the Early Pension plan provision above if the participant meets the requirements for an Early Pension.

Surviving Spouse Benefit – Class 1059 Participants

Upon death of a vested terminated employee or an active vested employee, the spouse will be entitled to a life annuity equal to one-half of the benefit the participant would have been entitled to receive in the form of a Fifty Percent Participant and Spouse Annuity as of the first day of the month in which the participant would have attained age 55 if the participant met the service requirements for an Early Pension before his death or termination of employment. Otherwise the benefit will commence as of the first day of the month in which the participant would have attained age 65.

Forms of Payment – Class 1059 Participants

Automatic Fifty Percent Participant and Spouse Annuity: If a participant is married on the date his pension payment commences, payment will be made in the form of a Fifty Percent Participant and Spouse Annuity unless he elects otherwise in writing. Under this form of payment, a reduced amount will be paid to the participant for his lifetime, and his surviving spouse will receive thereafter a lifetime survivorship pension equal to 50% of the participant's reduced pension. The reduced pension payable to the participant is calculated in accordance with a schedule set forth in Appendix B of the Plan document.

Optional Benefits: If payment of an Early Pension commences before the participant is eligible to receive a Social Security benefit, he may elect the level income option, the level income 50% participant and spouse annuity, or the level income 75% participant and spouse annuity. The 75% participant and spouse annuity and 50% participant and spouse annuity with pop-up feature are also available. The Plan also provides the quarterly, semi-annual or lump sum payments of a pension of less than \$25, and small pensions with an actuarial value of \$1,000 or less.

Definitions – Class 75 Participants

Plan Year and Effective Date: The plan year is the calendar year. The plan was originally established effective as of September 1, 1967. The plan was amended and restated effective January 1, 2015.

Union: Local No. 75 chartered by the United Food and Commercial Workers International Union, AFL-CIO-CLC.

Employers Included: Any employer that signs a collective bargaining agreement with the Union or an agreement with the trustees requiring contributions to the Plan, and makes the required contributions. Also, the Union, the Plan and any other related jointly administered plan accepted for participation by the trustees, and which makes the required contributions.

Employees Included: An employee of an included employer will become a participant on the January 1 or July 1 after the last to occur of (a) the date for which the first contribution is due to the Plan on his behalf, (b) his 21st birthday, and (c) the last day of a 12-month period, measured by anniversaries of his date of hire, during which he has completed at least 520 hours of service (which may include the crediting of 190 hours in any month of employment by an employer when a Plan contribution was not required).

Vesting Service: A participant's Vesting Service determines eligibility for a vested benefit, and is principally based on calendar years in which an employee has at least 520 Hours of Service while covered by a collective bargaining agreement with the Union.

Benefit Service: The amount of benefit payable under the Plan is determined by a participant's Benefit service, principally based on calendar years in which an employee had contributions made to the Plan on his behalf, with credit for the calendar year determined by the following schedule:

Hours of Service Earned	Years of Benefit Service before January 1, 2010	Years of Benefit Service after December 31, 2009
1,800+	1.00	1.00
1,700 – 1,799	0.88	0.88
1,600 – 1,699	0.83	0.83
1,500 – 1,599	0.78	0.78
1,400 – 1,499	0.73	0.73
1,300 – 1,399	0.68	0.68
1,200 – 1,299	0.63	0.63
1,100 – 1,199	0.58	0.58
1,000 – 1,099	0.53	0.53
900 - 999	0.48	0.48
800 - 899	0.43	0.43
750 - 799	0.38	0.38
520 - 749	0.25	0.00
< 520	0.00	0.00

For pension computation purposes, past service credits are reduced by 20% with respect to employment periods prior to 1971 with Greenhill's Consumer Service, Inc. and by 20% for employment prior to May 1, 1974 with Dolly Madison Bakeries. Employees of Super-X Drug Store No. 123 shall receive no past service credit for employment prior to April 5, 1978.

Normal Retirement Benefit – Class 75 Participants

With respect to service earned before January 1, 2010, Normal Retirement Age is on or after attainment of age 62 and the completion of either 5 years of vesting service or five years of Plan participation after January 1, 1988.

With respect to service earned after December 31, 2009, Normal Retirement Age is on or after attainment of age 65 and the completion of either 5 years of vesting service or 5 years of Plan participation after January 1, 1988

For those participants hired or rehired after December 31, 2007, Normal Retirement Age is on or after attainment of age 65 and completion of 5 years of vesting service.

The amount of the normal pension in the form of a monthly income for life is equal to the sum of (a), (b), (c) (d), and (e) below:

- (a) \$29.50 multiplied by the participant's years of benefit service for benefit service earned through December 31, 2004, and
- (b) For benefit service earned after December 31, 2004
 - \$25.40 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.76 or more per Hour of Service;
 - \$16.90 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.57 or more but less than \$.76 per Hour of Service;

- \$8.50 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.38 or more but less than \$.57 per Hour of Service, plus

(c) For benefit service earned after December 31, 2007

- \$14.00 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.76 or more per Hour of Service;
- \$10.00 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.57 or more but less than \$.76 per Hour of Service;
- \$7.00 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.38 per Hour of Service but less than \$.57 per Hour of Service; plus

(d) For benefit service earned after December 31, 2009

- \$10.00 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.86 or more per Hour of Service;
- \$7.40 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.67 or more but less than \$.86 per Hour of Service;
- \$4.80 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.48 or more but less than \$.67 per Hour of Service.

(e) For benefit service earned after December 31, 2011

- \$10.00 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$1.06 or more per Hour of Service*;
- \$7.40 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.87 or more but less than \$1.06 per Hour of Service;
- \$4.80 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.68 or more but less than \$.87 per Hour of Service.

*Participants of the CVS Toledo group that transferred into the fund effective January 1, 2017 earn benefits at the \$10.00 level. Their contribution rate is scheduled to increase to at least \$1.06 per hour.

Early Pension – Class 75 Participants

"Early pension" is payable upon employee's retirement after attainment of age 55 and completion of 5 or more years of vesting service or 10 or more years of vesting service if participant was hired or rehired after December 31, 2007.

Monthly pension on a single-life basis payable at a participant's Normal Retirement Age is computed in the same manner as a normal pension above.

If payment commences prior to the participant's Normal Retirement Age, the amount is reduced by 1/12 of 3% for each month that the pension commencement date precedes age 62, except for Benefit Service earned after December 31, 2009, that amount is reduced by 1/12 of 6% for each month the pension commencement date precedes age 65.

If the participant was hired or rehired after December 31, 2007, the amount of benefit related to service earned after that date is reduced by 1/12 of 6% for each month that the pension commencement date precedes age 65.

Vested Pension – Class 75 Participants

The right to a vested benefit is attained upon completion of 5 or more years of vesting service.

Monthly amount of vested pension commencing at Normal Retirement Age is determined as for normal retirement, considering benefit service to actual termination.

For participants who terminated before July 1, 2000, if payments begin before Normal Retirement Age, the amount is reduced by 1/12 of 6% for each month of early payment prior to age 65 (or age 62 if 520 hours of service were earned after April 1, 1985). If 520 hours of service earned after December 31, 1999 and termination after July 1, 2000, the amount is reduced by 1/12 of 3% for each month of early payment prior to age 62.

For participants who terminate after December 31, 2009, if payments commence prior Normal Retirement Age, the amount is as described in the Early Retirement Benefit plan provision above if the participant meets the requirements for an Early Pension.

Surviving Spouse Benefit – Class 75 Participants

Upon death of a vested terminated employee or an active vested employee, the spouse will be entitled to a life annuity equal to one-half of the benefit the participant would have been entitled to receive in the form of a Fifty Participant and Spouse Annuity as of the first day of the month in which the participant would have attained age 55 if the participant met the service requirements for an Early Pension before his death or termination of employment. Otherwise the benefit will commence as of the first day of the month in which the participant would have attained age 65.

Forms of Payment – Class 75 Participants

Automatic Fifty Percent Participant and Spouse Annuity: The benefit of a participant who is married when his pension payments commence will be paid in the form of a Fifty Percent Participant and Spouse Annuity, unless he elects a monthly income for life. Under this form of payment, a reduced income is payable to the participant for life, and an amount equal to 50% of the benefit is paid to the surviving spouse after the participant's death. The reduced amount is determined by a table in the Plan which varies the reduction according to relative ages of the participant and the spouse. A separate table applies only to disabled retirees.

Optional Benefits: The following optional forms of payments are available for non-disability retirements after July 1, 2000:

- (a) 50% Participant and Spouse Annuity with Pop Up Feature
- (b) Level Income Option
- (c) Level Income Option with 50% Participant and Spouse Annuity
- (d) Level Income Option with 75% Participant and Spouse Annuity

(e) 75% Participant and Spouse Annuity

If the actuarial equivalent of a participant's pension is less than \$5,000, a lump sum payment shall be made in lieu of such pension subject to the participant's consent.

Plan Merger

Effective October 1, 1991, the UFCW Union Local 1099 - Meat Division Pension Plan was merged into this Plan. Former participants in the Local 1099 Meat Plan receive, at retirement, a benefit equal to:

- (a) The benefit accrued under the Local 1099 - Meat Division Pension Plan for service through September 30, 1991, plus
- (b) The benefit computed under the provisions of this plan based on service, if any, on or after October 1, 1991.

Changes in Principal Plan Provisions Since Prior Valuation

None.

Attachment to 2018 Form 5500
Schedule MB, line 11 - Justification for Change in Actuarial Assumptions

Plan Name Central Ohio UFCW Unions and Retail Employers Pension Plan **EIN:** 31-6089169
Plan Sponsor's Name Board of Trustees of the Central Ohio UFCW Unions and Retail Employers **PN:** 001

Justify any change in actuarial assumptions for the current plan year.

The mortality assumption was changed as follows:

- o Non-annuitants (pre-commencement): Changed from RP-2000 Combined Healthy Blue Collar (sex-distinct) mortality tables projected to 2017 with Scale BB to RP-2014 Blue Collar Employee (sex-distinct) mortality tables adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year and projected forward using MP-2018 on a generational basis with ages set forward three years.
- o For non-disabled annuitants: Changed from RP-2000 Combined Healthy Blue Collar (sex-distinct) mortality tables projected to 2017 with Scale BB with ages set forward three years to RP-2014 Blue Collar Annuitant (sex-distinct) mortality tables adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year and projected forward using MP-2018 on a generational basis with ages set forward three years.
- o For disabled annuitants: Changed from RP-2000 Disabled Retiree (sex-distinct) mortality tables projected to 2017 with Scale BB to RP-2014 Disabled Retiree (sex-distinct) mortality tables adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year and projected forward using MP-2018 on a generational basis.

Rationale: The plan is not large enough to develop a credible mortality table based exclusively on plan experience. We have relied on the above-mentioned published mortality tables in which credible mortality experience was analyzed and made adjustments to reflect actual and projected plan experience. The assumption selected is reasonable for the contingency being measured and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Appendix A – Summary of Actuarial Methods

The ultimate cost of a pension plan is the excess of actual benefits and administrative expenses paid over actual net investment return on plan assets during the plan's existence until the last payment has been made to the last participant. A plan's "actuarial cost method" determines the expected incidence of actuarial costs by allocating portions of the ultimate cost to each plan year. The cost method is thus a budgeting tool to help ensure that a plan will be adequately and systematically funded and accounted for. There are several commonly-used cost methods which differ in how much of the ultimate cost is assigned to each prior and future year.

Actuarial Cost Method

The actuarial cost method used for determining the plan's ERISA funding requirements is the entry age normal actuarial cost method. Normal cost is determined based on projected benefits for current active participants using each individual participant's date of hire to determine entry age.

The actuarial cost method used for determining the plan sponsor's FASB ASC Topic 960 accounting requirements and for current liability purposes (RPA '94) is the unit credit method. Under this method, an accrued benefit is determined to be paid at each active participant's assumed retirement age. The plan's normal cost is the sum of the present value of the portion of each active participant's benefit attributable to the current year of service. The plan's accrued liability is the sum of (a) the present value of the portion of each active participant's accrued benefit attributable to all prior years of service plus (b) the present value of each inactive participant's future benefits.

Asset Valuation Method

Four-year smoothing method. The actuarial value of assets is equal to the market value of assets adjusted to recognize differences between the expected value of assets and the actual market value of assets over 4 years at a rate of 25% per year, except that in accordance with the adoption of the PRA 2010 special asset valuation rule the 2008 difference between expected and actual return is recognized over 10 years at a rate of 10% per year. The expected value of assets for the year is the market value of assets at the valuation date for the prior year brought forward with interest at the valuation rate to the current year plus contributions minus benefit payments, all adjusted with interest at the valuation rate to the valuation date for the current year. The actuarial value of assets cannot be less than 80% or more than 120% of the market value of assets.

Special Amortization Rule

The Plan's investment loss for the plan year ended December 31, 2008 is treated separately from other investment gains/losses to be amortized in equal installments over the period beginning from January 1, 2009 through December 31, 2037.

The portion of the net experience loss is based on the prospective method as described in Notice 2010-83. The total loss of \$17,667,545 equals the investment loss for the year ended December 31, 2008.

The schedule of amortization bases is as follows:

Year	Initial Amount (Gain)/Loss	Years in Amortization Base	Years in Offset Base
1/1/2009	\$10,612,985	29	15
1/1/2010	1,415,986	28	15
1/1/2011	1,250,221	27	15
1/1/2012	1,469,826	26	15
1/1/2013	1,591,717	25	15
1/1/2014	<u>1,326,810</u>	24	15
Total	\$17,667,545		

Changes in Actuarial Methods Since Prior Valuation

None.

Appendix B – Summary of Actuarial Assumptions

Interest Rates

ERISA minimum funding: 7.00% per year (net of investment-related expenses).

FASB ASC Topic 960 plan accounting: Discount rate of 7.00% per year (net of investment-related expenses).

Rationale: In setting the above interest rate, the plan's historical investment performance along with expected returns for each asset class is considered based on forward-looking data, including projections of inflation and total return growth.

Withdrawal liability: January, 2018 PBGC annuity basis interest rates of 2.39% for the first 20 years and 2.60% thereafter.

Current liability (RPA '94): 2.98% per year.

Expenses

Administrative expenses: Assumed equal to the prior year administrative expenses (net of investment-related expenses) plus 3%.

Rationale: The expenses assumption is based on past and projected experience and is reasonable for the contingency it is measuring, and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Mortality

ERISA minimum funding, FASB ASC Topic 960 plan accounting, and withdrawal liability: For non-disabled participants, RP-2014 Blue Collar mortality tables (male and female rates) with three year set forward adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year and projected forward using MP-2018 on a generational basis with employee rates before commencement and annuitant rates after commencement. For disabled participants, RP-2014 Disabled mortality tables (male and female rates) adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year and projected forward using MP-2018 on a generational basis.

Rationale: The plan is not large enough to develop a credible mortality table based exclusively on plan experience. We have relied on the above-mentioned published mortality tables in which credible mortality experience was analyzed and made adjustments to reflect actual and projected plan experience. The assumption selected is reasonable for the contingency being measured and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Current liability (RPA '94): IRS 2018 annuitant and non-annuitant mortality tables (male and female rates) with projection for mortality improvement, updated annually, as mandated by the IRS.

Appendix A – Summary of Actuarial Methods

The ultimate cost of a pension plan is the excess of actual benefits and administrative expenses paid over actual net investment return on plan assets during the plan's existence until the last payment has been made to the last participant. A plan's "actuarial cost method" determines the expected incidence of actuarial costs by allocating portions of the ultimate cost to each plan year. The cost method is thus a budgeting tool to help ensure that a plan will be adequately and systematically funded and accounted for. There are several commonly-used cost methods which differ in how much of the ultimate cost is assigned to each prior and future year.

Actuarial Cost Method

The actuarial cost method used for determining the plan's ERISA funding requirements is the entry age normal actuarial cost method. Normal cost is determined based on projected benefits for current active participants using each individual participant's date of hire to determine entry age.

The actuarial cost method used for determining the plan sponsor's FASB ASC Topic 960 accounting requirements and for current liability purposes (RPA '94) is the unit credit method. Under this method, an accrued benefit is determined to be paid at each active participant's assumed retirement age. The plan's normal cost is the sum of the present value of the portion of each active participant's benefit attributable to the current year of service. The plan's accrued liability is the sum of (a) the present value of the portion of each active participant's accrued benefit attributable to all prior years of service plus (b) the present value of each inactive participant's future benefits.

Asset Valuation Method

Four-year smoothing method. The actuarial value of assets is equal to the market value of assets adjusted to recognize differences between the expected value of assets and the actual market value of assets over 4 years at a rate of 25% per year, except that in accordance with the adoption of the PRA 2010 special asset valuation rule the 2008 difference between expected and actual return is recognized over 10 years at a rate of 10% per year. The expected value of assets for the year is the market value of assets at the valuation date for the prior year brought forward with interest at the valuation rate to the current year plus contributions minus benefit payments, all adjusted with interest at the valuation rate to the valuation date for the current year. The actuarial value of assets cannot be less than 80% or more than 120% of the market value of assets.

Special Amortization Rule

The Plan's investment loss for the plan year ended December 31, 2008 is treated separately from other investment gains/losses to be amortized in equal installments over the period beginning from January 1, 2009 through December 31, 2037.

The portion of the net experience loss is based on the prospective method as described in Notice 2010-83. The total loss of \$17,667,545 equals the investment loss for the year ended December 31, 2008.

The schedule of amortization bases is as follows:

Year	Initial Amount (Gain)/Loss	Years in Amortization Base	Years in Offset Base
1/1/2009	\$10,612,985	29	15
1/1/2010	1,415,986	28	15
1/1/2011	1,250,221	27	15
1/1/2012	1,469,826	26	15
1/1/2013	1,591,717	25	15
1/1/2014	<u>1,326,810</u>	24	15
Total	\$17,667,545		

Changes in Actuarial Methods Since Prior Valuation

None.

Appendix B – Summary of Actuarial Assumptions

Interest Rates

ERISA minimum funding: 7.00% per year (net of investment-related expenses).

FASB ASC Topic 960 plan accounting: Discount rate of 7.00% per year (net of investment-related expenses).

Rationale: In setting the above interest rate, the plan's historical investment performance along with expected returns for each asset class is considered based on forward-looking data, including projections of inflation and total return growth.

Withdrawal liability: January, 2018 PBGC annuity basis interest rates of 2.39% for the first 20 years and 2.60% thereafter.

Current liability (RPA '94): 2.98% per year.

Expenses

Administrative expenses: Assumed equal to the prior year administrative expenses (net of investment-related expenses) plus 3%.

Rationale: The expenses assumption is based on past and projected experience and is reasonable for the contingency it is measuring, and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Mortality

ERISA minimum funding, FASB ASC Topic 960 plan accounting, and withdrawal liability: For non-disabled participants, RP-2014 Blue Collar mortality tables (male and female rates) with three year set forward adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year and projected forward using MP-2018 on a generational basis with employee rates before commencement and annuitant rates after commencement. For disabled participants, RP-2014 Disabled mortality tables (male and female rates) adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year and projected forward using MP-2018 on a generational basis.

Rationale: The plan is not large enough to develop a credible mortality table based exclusively on plan experience. We have relied on the above-mentioned published mortality tables in which credible mortality experience was analyzed and made adjustments to reflect actual and projected plan experience. The assumption selected is reasonable for the contingency being measured and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Current liability (RPA '94): IRS 2018 annuitant and non-annuitant mortality tables (male and female rates) with projection for mortality improvement, updated annually, as mandated by the IRS.

Retirement

Active participants: Annual rates of retirement are shown in the following table for active participants who are eligible to retire.

Age	Rate
55-57	3%
58-60	2
61-64	12
65	20
66-69	15
70+	100

Based on the above rates, the Plan's weighted average retirement age from active service is 65.

Terminated vested participants: The assumed age of commencement of deferred benefits is age 62 for Tier 1 participants (except those noted below) and age 65 for Tier 2 participants, Tier 1 participants terminated before 10/1/1985 for Local 1059 and before 4/1/1985 for Local 75, and Meat Division participants.

Participants over the Plan's Normal Retirement Age who have not yet attained age 71 are assumed to receive an actuarially increased benefit at their deferred retirement date. For participants age 71 and older, it is assumed that not all will receive their actuarially increased benefit from the Plan.

Rationale: The retirement assumption is based on past and projected experience and is reasonable for the contingency it is measuring, and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Termination

Annual rates of termination are based on age and years of Service. Sample select and ultimate termination rates used are shown in the following table.

Attained Age	Years of Service less than 3	3 & 4 Years of Service	Years of Service 5 or more
<25	47%	33%	16%
25	34	24	13
30	43	28	11
35	20	15	7
40	32	14	6
45	35	10	8
50	33	15	6
55	18	10	4
60	17	13	5
65+	15	18	0

Rationale: The termination assumption is based on past and projected experience and is reasonable for the contingency it is measuring, and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Disability

None assumed.

Decrement Timing

Decrements are assumed to occur at the middle of the year, except that 100% retirement (see above) is assumed to occur at the beginning of the year.

Form of Payment

Life annuity.

Rationale: The form of payment assumption is based on past and projected experience and is reasonable for the contingency it is measuring, and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Marital Characteristics

For participants not in pay status: Percentage of participants married are based on March, 2010 U.S. Census Bureau Table. Males are assumed to be three years older than spouses.

For participants in pay status: Actual birth dates of beneficiaries are included in the census data, where relevant.

For beneficiaries: Actual birth dates are included in the census data, where relevant.

Rationale: The marital characteristics assumption is based on past and projected experience and is reasonable for the contingency it is measuring, and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Future Hours Worked

Assumed to equal hours worked in prior year.

Rationale: The future hours worked assumption is based on past and projected experience and is reasonable for the contingency it is measuring, and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Changes In Actuarial Assumptions Since Prior Valuation

- For minimum funding, ASC Topic 960 and withdrawal liability purposes, the mortality assumption was changed:
 - Non-annuitants (pre-commencement): Changed from RP-2000 Combined Healthy Blue Collar (sex-distinct) mortality tables projected to 2017 with Scale BB to RP-2014 Blue Collar Employee (sex-distinct) mortality tables adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year and projected forward using MP-2018 on a generational basis with ages set forward three years.
 - For non-disabled annuitants: Changed from RP-2000 Combined Healthy Blue Collar (sex-distinct) mortality tables projected to 2017 with Scale BB with ages set forward three years

to RP-2014 Blue Collar Annuitant (sex-distinct) mortality tables adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year and projected forward using MP-2018 on a generational basis with ages set forward three years.

- For disabled annuitants: Changed from RP-2000 Disabled Retiree (sex-distinct) mortality tables projected to 2017 with Scale BB to RP-2014 Disabled Retiree (sex-distinct) mortality tables adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year and projected forward using MP-2018 on a generational basis.
- For withdrawal liability purposes, the interest rate for calculating the present value of vested benefits was changed from the January, 2017 PBGC annuity basis interest rates of 1.87% for the first 20 years and 2.37% thereafter to the January, 2018 PBGC annuity basis interest rates of 2.39% for the first 20 years and 2.60% thereafter.
- For Current Liability purposes, the interest rate was changed from 3.05% to 2.98% in accordance with IRS guidance. (The statutory mortality tables also have been updated as required by law).

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule MB (Form 5500) 2018
v. 171027

2 Operational information as of beginning of this plan year:

a Current value of assets (see instructions)	2a	49,725,903
b "RPA '94" current liability/participant count breakdown:	(1) Number of participants	(2) Current liability
(1) For retired participants and beneficiaries receiving payment	1,496	47,756,909
(2) For terminated vested participants	2,064	34,185,031
(3) For active participants:		
(a) Non-vested benefits.....		426,281
(b) Vested benefits.....		16,616,423
(c) Total active	1,479	17,042,704
(4) Total	5,039	98,984,644
c If the percentage resulting from dividing line 2a by line 2b(4), column (2), is less than 70%, enter such percentage	2c	50.24 %

3 Contributions made to the plan for the plan year by employer(s) and employees:

(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees	(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees
07/02/2018	3,438,749				
Totals ▶			3(b)	3,438,749	3(c) 0

4 Information on plan status:

a Funded percentage for monitoring plan's status (line 1b(2) divided by line 1c(3))	4a	87.1 %
b Enter code to indicate plan's status (see instructions for attachment of supporting evidence of plan's status). If code is "N," go to line 5	4b	N
c Is the plan making the scheduled progress under any applicable funding improvement or rehabilitation plan? ☐ Yes ☐ No		
d If the plan is in critical status or critical and declining status, were any benefits reduced (see instructions)? ☐ Yes ☐ No		
e If line d is "Yes," enter the reduction in liability resulting from the reduction in benefits (see instructions), measured as of the valuation date	4e	
f If the rehabilitation plan projects emergence from critical status or critical and declining status, enter the plan year in which it is projected to emerge. If the rehabilitation plan is based on forestalling possible insolvency, enter the plan year in which insolvency is expected and check here ☐	4f	

5 Actuarial cost method used as the basis for this plan year's funding standard account computations (check all that apply):

- a** ☐ Attained age normal
b ☒ Entry age normal
c ☐ Accrued benefit (unit credit)
d ☐ Aggregate
e ☐ Frozen initial liability
f ☐ Individual level premium
g ☐ Individual aggregate
h ☐ Shortfall
i ☐ Other (specify):

j If box h is checked, enter period of use of shortfall method	5j	
k Has a change been made in funding method for this plan year?		☐ Yes ☒ No
l If line k is "Yes," was the change made pursuant to Revenue Procedure 2000-40 or other automatic approval?		☐ Yes ☐ No
m If line k is "Yes," and line l is "No," enter the date (MM-DD-YYYY) of the ruling letter (individual or class) approving the change in funding method	5m	

6 Checklist of certain actuarial assumptions:

a Interest rate for "RPA '94" current liability.....	6a	2.98 %
	Pre-retirement	Post-retirement
b Rates specified in insurance or annuity contracts.....	☐ Yes ☐ No ☒ N/A	☐ Yes ☐ No ☒ N/A
c Mortality table code for valuation purposes:		
(1) Males	6c(1)	A
(2) Females	6c(2)	A
d Valuation liability interest rate	6d	7.00 %
e Expense loading	6e	259.7 % ☐ N/A ☒ N/A
f Salary scale	6f	% ☒ N/A
g Estimated investment return on actuarial value of assets for year ending on the valuation date	6g	3.1 %
h Estimated investment return on current value of assets for year ending on the valuation date	6h	14.1 %

7 New amortization bases established in the current plan year:

(1) Type of base	(2) Initial balance	(3) Amortization Charge/Credit
1	2,520,312	258,614
4	987,556	101,335

8 Miscellaneous information:

a If a waiver of a funding deficiency has been approved for this plan year, enter the date (MM-DD-YYYY) of the ruling letter granting the approval.....	8a	
b(1) Is the plan required to provide a projection of expected benefit payments? (See the instructions.) If "Yes," attach a schedule.....		☒ Yes ☐ No
b(2) Is the plan required to provide a Schedule of Active Participant Data? (See the instructions.) If "Yes," attach a schedule.....		☒ Yes ☐ No
c Are any of the plan's amortization bases operating under an extension of time under section 412(e) (as in effect prior to 2008) or section 431(d) of the Code?		☐ Yes ☒ No
d If line c is "Yes," provide the following additional information:		
(1) Was an extension granted automatic approval under section 431(d)(1) of the Code?		☐ Yes ☐ No
(2) If line 8d(1) is "Yes," enter the number of years by which the amortization period was extended	8d(2)	
(3) Was an extension approved by the Internal Revenue Service under section 412(e) (as in effect prior to 2008) or 431(d)(2) of the Code?		☐ Yes ☐ No
(4) If line 8d(3) is "Yes," enter number of years by which the amortization period was extended (not including the number of years in line (2))	8d(4)	
(5) If line 8d(3) is "Yes," enter the date of the ruling letter approving the extension	8d(5)	
(6) If line 8d(3) is "Yes," is the amortization base eligible for amortization using interest rates applicable under section 6621(b) of the Code for years beginning after 2007?		☐ Yes ☐ No
e If box 5h is checked or line 8c is "Yes," enter the difference between the minimum required contribution for the year and the minimum that would have been required without using the shortfall method or extending the amortization base(s)	8e	

9 Funding standard account statement for this plan year:**Charges to funding standard account:**

a Prior year funding deficiency, if any	9a	
b Employer's normal cost for plan year as of valuation date.....	9b	1,011,218
c Amortization charges as of valuation date:		
(1) All bases except funding waivers and certain bases for which the amortization period has been extended	9c(1)	35,345,270
(2) Funding waivers	9c(2)	
(3) Certain bases for which the amortization period has been extended	9c(3)	
d Interest as applicable on lines 9a, 9b, and 9c.....	9d	402,768
e Total charges. Add lines 9a through 9d.....	9e	6,156,594

Credits to funding standard account:

f Prior year credit balance, if any.....	9f	14,908,745
g Employer contributions. Total from column (b) of line 3.....	9g	3,438,749
	Outstanding balance	
h Amortization credits as of valuation date.....	9h	12,216,747
i Interest as applicable to end of plan year on lines 9f, 9g, and 9h	9i	1,291,837

j Full funding limitation (FFL) and credits:

(1) ERISA FFL (accrued liability FFL)	9j(1)	25,829,523
(2) "RPA '94" override (90% current liability FFL)	9j(2)	42,536,041
(3) FFL credit.....	9j(3)	

k (1) Waived funding deficiency.....	9k(1)	
(2) Other credits	9k(2)	
l Total credits. Add lines 9f through 9i, 9j(3), 9k(1), and 9k(2).....	9l	21,495,103
m Credit balance: If line 9l is greater than line 9e, enter the difference.....	9m	15,338,509
n Funding deficiency: If line 9e is greater than line 9l, enter the difference	9n	

9o Current year's accumulated reconciliation account:

(1) Due to waived funding deficiency accumulated prior to the 2018 plan year	9o(1)	
(2) Due to amortization bases extended and amortized using the interest rate under section 6621(b) of the Code:		
(a) Reconciliation outstanding balance as of valuation date	9o(2)(a)	
(b) Reconciliation amount (line 9c(3) balance minus line 9o(2)(a))	9o(2)(b)	0
(3) Total as of valuation date	9o(3)	0

10 Contribution necessary to avoid an accumulated funding deficiency. (See instructions.) **10**

11 Has a change been made in the actuarial assumptions for the current plan year? If "Yes," see instructions. ☒ Yes ☐ No
